

Chapter 981

Tom was taken to a back alley by the gangsters.

Tom pretended to be confused and asked, "Aren't you going to take me to the bank? Why are we here?"

One of the gangsters had a malicious smile on his face and he said, "Haha, why don't you directly give us your money?"

The other gangsters burst into laughter. They were provocative since they had shown their true colors.

In this back alley, not only were there no passers-by but also no surveillance cameras. It was a good place to commit

crimes.

Tom pretended to be afraid and said in surprise, "What do you mean? Didn't you say that you would take me to the bank?"

Tom was good at acting. He now looked like a panicked ordinary man. Even masters of Innate Realm could tell he was pretending to be afraid, not to mention these gangsters.

He didn't mind having fun with them, since he had nothing to do now.

"Hahaha..."

After hearing Tom's words, their laughter became louder, as if they had heard the funniest joke in the world. They showed a greedy and fierce look,

staring at Tom and saying, "You, the coward from H Country, give us all your money. Otherwise, you're doomed!"

They were all over 1.8 meters tall. And one of them was 1.9 meters tall. In comparison, Tom was indeed much weaker.

Tom narrowed his eyes and said, "So you were lying to me. You led me here because you want my money?"

"That's right!" One of the gangsters said ferociously, and he took out a small woodpecker-like knife and made a gesture of stabbing him. "You're not stupid. If you're sensible, give us your money now, or I'll stab you!"

you dare to rob me, aren't you afraid that my countrymen will revenge me?"

However, they laughed even louder after hearing him. "Hahaha..."

And even their tears were about to burst out. They thought Tom was a fool!

"Did I hear you right? Your countrymen will revenge you? Hahaha..."

"Not only is he stupid, but he was also naive! He's the most naive man from H Country I've ever met. I almost feel sorry to rob him."

"Idiot! Doesn't he know that his countrymen could do nothing here? Anyone can bully them, haha!"

It had to be said that he looked fierce and frightening. Ordinary people must have been trembling with fear when facing such a situation. They would not dare to resist but just gave all the money to them to save their life.

Tom, of course, was not intimidated, and there was no need for him to pretend to be scared. He also felt it was a perfect place for crimes.

However, Tom saw something in their eyes that he hated.

There were extreme contempt and disdain in their eyes. In their opinion, the people of H Country were born to be bullied by them.

Tom said, "I'm from the H Country. If

"I bet this he must have just immigrated. And he really believed that Country M welcomes them! In fact, they're tricked into being coolies here. Haha!"

The gangsters treated Tom as a joke, mocking him.

But they did not see the coldness and murderous intent in Tom's eyes.

They had never expected that the man in front of them was much more powerful than his countrymen.

He was an absolute demon!

He was here to challenge Country M's most powerful martial artist.

"Is it funny?" Tom stared at them coldly,

figuring out how to torture these gangsters.

"Funny, very funny, hahaha..."

Then they showed a ferocious look again and said, "Hurry up! Give us your money. We're not patient. See! We will stab you with this knife!!"

Tom shook his head and was about to make a move. But suddenly, he sensed something and frowned slightly.

Outside the alley, there were hurried footsteps. Obviously someone was coming towards them.

Did they have accomplices?

Seeing that Tom was indifferent and did not cooperate, the gangsters were

furious and were about to attack Tom.

But at this moment, a shout came from the alley, "Stop it! Let him go!!"

It was a woman's voice.

Tom was stunned. Then, he looked back and saw a young woman in a neat outfit. She seemed to be in her early twenties, an easterner too. She then strode over.

What was going on?

Tom recognized her. She had just eaten in the same restaurant with him.

Was she trying to be a heroine?

However, she was not even a martial artist. She was just an ordinary person.

Or was she a policewoman?

Tom chose to stand still and see what was going on.

When these gangsters saw this woman, they all frowned with an impatient expression. "Damn it, you're doomed!"

The young woman had already walked over with an electric baton, ready to fight. However, she looked like just an ordinary person.

Tom now believed that this young woman came to save him, which really surprised him.

"Damn bitch, how dare you meddle in our affairs!! You're doomed!"

One of the gangsters shouted.

Chapter 982

Tom didn't say anything. He wanted to see what this young woman would say.

"You bastards! I've been watching you for a long time. You've been targeting the people from H Country when they are alone, you robbed them. Last week, a woman from H Country committed suicide because you raped her. You're animals! Today I'm going to do justice for heaven and take you to jail."

The young woman's face was filled with anger and hatred.

After hearing this, Tom felt even more murderous. He knew that these hooligans were bad people who did a lot of bad things, but he didn't expect

that they attacked the people from H Country specifically.

He wouldn't do anything if he hadn't met them. Now that he met them, he would not let them escape.

However, hearing this, these hooligans did not panic or feel guilty at all. Instead, they laughed wildly, "So you are from H Country. Good. You two are both from H Country. We like to attack people from H Country the most."

"That's right. You people from H Country are all trash, the most cowardly people in the world work. You don't want to leave even working like cattle and horses in our country. You don't dare to resist even you were bullied by us." They laughed.

"Speaking of which, women from H Country taste good." They laughed.

Hearing these words, Tom immediately became angry, and he wanted to kill them more than before.

"Bastard!" The young woman could not hear it any longer, and she looked angry, "You bastards! You have done so many bad things, you will definitely go to hell. Now I will take all of you into jail for life!"

After that, she was ready to make a move.

She seemed to have practiced mixed martial arts and looked imposing. But Tom could tell at a glance that she was not powerful at all, not even Jack of all

traded, and she was nothing.

So these gangsters didn't take her seriously at all.

The young woman struck first. She threw the electric baton hard at a gangster in front of her.

However, whether the movement or strength was weak and posed no danger to the opponent who dodged easily and grabbed her wrist and teased, "That's what you got. How dare you meddle? I think you're a woman from H Country. We can play with you today." He laughed.

After saying that, he wanted to kiss the young woman's face with his big mouth full of yellow teeth.

The young woman's face changed, and she felt disgusted. Fortunately, her reaction was not slow. Soon, she made a reaction, lifted her right foot hard, and kicked hard into the crotch of the man. With a bang, she kicked him, who screamed.

"Ah! D*mn it! F*ck you! it! I'm going to kill you!"

The man screamed wildly.

The other gangsters turned ferocious and surrounded the young woman together. They were ready to attack.

At this time, the young woman tried to resist, but she had nothing but justice and blood. But her strength was really weak, not a match for these gangsters

at all. She was thrown to the ground after some resistance.

Tom shook his head. At this moment, he walked out and said, "Your strength is weak. The next time you encounter something like this, you should call the police first. Don't risk yourself."

When they heard Tom's words, they remembered that Tom was here.

After hearing this, the young woman widened her eyes and said to him, "Hurry up and run! These guys are ferocious beasts. You will be miserable if you are caught."

Tom said, "If I run away, what will you do?"

Hearing this, the young woman's face

showed some fear and sadness. Soon, she shook her head and said, "Don't worry. I can get away."

You definitely couldn't get away.

However, Tom was moved by her spirit of self-sacrifice. To be honest, he had seen a lot of people, but he rarely met such people who were self-sacrifice.

Although this practice was not worth promoting, the spirit was admirable.

In the present society, there are fewer and fewer people with this kind of spirit. More and more people become selfish and competitive. People would laugh at the poor, not the prostitutes, and so on.

Tom smiled brightly and said, "Don't

worry, I won't let anything happen to you. In fact, I deliberately brought them here. I think the same as you do, getting rid of evil for the people."

After that, he turned around to face the gangsters. He smiled and said, "You are very lucky to meet me, a Strong of the Half-step God Becoming Level. It will be the greatest blessing of your life to die in my hands because I am here to challenge the most powerful man in Country M."

Tom said this with a smile, but there was some seriousness in his tone.

But to these gangsters, they did not understand at all. Seeing that Tom, who was close to death, could smile and said that he wanted to kill them,

which greatly angered them.

"D*mn it! You act recklessly and blindly! D*mn people from H Country! We planned to get some money and beat you up. Now you look for trouble, go to hell!"

The gangster in front of him had a ferocious face. After saying this, he directly attacked Tom. The dagger in his hand stabbed Tom in the belly fiercely and quickly. Obviously, he had done this kind of thing often.

It was really difficult for ordinary people to dodge this knife, but for Tom, it was not even a threat. Even if Tom did not dodge and was stabbed by him, and he could not pierce through Tom's skin.

Of course, Tom wouldn't waste time with such ants.

He waited for the knife to come in front of him, then he easily reached out, grabbed his wrist, turned, let his knife in his hand turn around, and stabbed himself hard in the belly.

Moreover, Tom turned the blade.

"Ah!"

Suddenly, he screamed.

Tom then stretched out a foot and kicked him out. He, more than 200 kilograms, was kicked out heavily, thrown away, and directly cracked the wall behind him.

The hooligan fell directly, with no movement, and he was dead.

It was silent.

The rest of them were stunned and dumbfounded. Obviously, they did not expect such a thing to happen. The man of H Country moved fast and ruthlessly.

Even for that young woman, it was incredible.

Chapter 983

Indeed, this scene was too shocking for them.

That gangster was tall and powerful. He weighed more than 200 kilograms and was half a head taller than Tom. How could he be kicked away by Tom?

And it wasn't exaggerated. He was really sent flying. It was not something that ordinary people could do. The man just flew away like being hit by a speeding car!

In particular, the rest of the gangsters' blood froze in an instant. They were in a state of shock.

Even the young woman was now

bullied by you."

He said this sentence with rare seriousness.

After hearing this, those gangsters felt cold and numb all over. They suddenly realized that the man from H Country in front of them were different from those they had met before.

With a gulp of saliva, they could not help but feel a little scared. They looked at each other, not knowing whether to fight or retreat.

Tom gave a half-smile. He did not act immediately. He wouldn't just beat these gangsters to death, or it would be easy for them to get away with this.

"Why? You were so arrogant just now,

stunned, unbelievable, and even suspected that it was an illusion.

Tom just clapped his hands. In his current state, dealing with these ordinary people was no different from killing a few ants.

Originally, with his state and status, he should not attack such ordinary people, but these gangsters were obviously not ordinary people, but heinous criminals. Moreover, they did bad things to people of the H Country. Of course Tom would not let them go.

Seeing that they were stunned, Tom took a step forward and said, "You dare to commit crimes on my compatriots in H Country. Today, let me avenge those people of H Country who have been

and now you're scared. You're nothing more than this. The people of the Country M are just a bunch of cowards." Tom laughed disdainfully.

All of a sudden, the gangsters were furious. "How dare you!"

"Dombey, let's fight together! We must kill this damn man of the H Country!!"

They had just had a drink in the restaurant, and they had violent characters. Now that they were provoked by Tom, they immediately began to be fierce again, trying to kill him.

They all took out knives on their bodies, smiled grimly, surrounded Tom,

and then attacked together.

It could be seen that although they didn't have much cultivation, they often fought, and they were more powerful than ordinary people.

However, for Tom, that was really not enough.

Tom just smiled coldly. He did not dodge, nor did he make a move. He just let these gangsters' knives stab him.

The young woman behind him suddenly widened her eyes and screamed in horror when she saw this scene!

She only had one thought in her mind right now. It was over. This man had lost his mind and was going to be

stabbed to death by these gangsters!!!

Although she had a strong sense of justice, it was still unbearable for her to see her compatriots stabbed to death with her own eyes.

The grim smiles on the faces of the gangsters deepened.

But then, they realized something was wrong.

Because their knives did not pierce Tom's body. Instead, they heard a few clangs. It felt as if they had pierced the iron plate, not the human body.

However, how could this be possible?

What kind of body did Tom have? His body had gained an inhuman strength.

Even if he stood still and was stabbed by these guys, they could not pierce his skin. This was true.

"That's all you have. In that case, you'll die." Tom smiled calmly and then slapped a gangster standing in front of him before he could react. The shock on his face was still lingering, and Tom's slap just sent him flying out. He didn't even scream and died on the spot. When his body fell, his neck was crooked.

The expression on his face was also full of pain and shock.

Until he died, he didn't know how he was slapped to death.

There were three gangsters left.

Seeing this, their pupils were constricting rapidly. An unprecedented fear swept through their hearts. They screamed out, "Devil! He is a devil!!!"

After they shouted, they threw down the dagger and turned to run.

They had been scared out of their wits by Tom, hadn't they? They had been in the underworld for so long, but they had never seen such a terrifying person.

In their eyes, the man of H Country in front of them were no longer human, but a demon, he is Satan!

"Want to run? It's too late."

Tom just smiled lightly. Then he took a step and caught up with a gangster

who was running the fastest. Tom directly kicked him on the waist. With a crack, his waist was simply broken by Tom, and he appeared in a strange position!

His body also slammed into the pillar next to him. Tom's huge strength actually knocked the pillar to the side.

And when he fell down, he did not die immediately, but suffered endless pain and fear.

Now, there were only two gangsters left. Even though they had already used all their strength to escape, how could they outrun Tom?

Not to mention them, even a master in the Major Perfection Realm of the

Innate Realm had absolutely no possibility of escape in front of Tom.

Tom flashed and he appeared in front of them, staring at them. "You can't run away."

Then he reached out and grabbed the neck of a gangster on the right. He raised him with one hand and threw him aside easily. With a bang and a huge impact, the gangster's internal organs were broken, and the bones of his body were scattered, bleeding heavily.

Even on the wall, there was a pool of blood.

This scene brought great impact to the only left gangster. He could not

describe his feelings now. It was an extreme fear, regret, and despair!!!

He regretted it immensely now. If he had known that this man of H Country was so abnormal, he definitely wouldn't have dared to get himself into trouble!

He realized that he could never escape, so he knelt down and pleaded bitterly, "Respected man from the H Country, please let me go, please..."

Chapter 984

This scene brought unprecedented shock and subversion to the young woman who was in the corner!

She was completely stunned and her mind was blank.

She could not figure out why there was such a powerful man in the world, which had completely overturned her worldview!

She even wondered if she was hallucinating...

Moreover, even after she had regained her senses, she still felt that it was incredible. Subconsciously, she thought he was not a human, but as the

hooligans said, a devil and Satan.

Because only Satan could have such terrifying power!

Tom stared at the begging gangster, towering over, and there was no trace of pity in his heart.

He wished he could kill all these bastards.

However, he didn't do this time because he wanted to make a big deal of it until Adam came to him personally.

Thus he just took a step forward and stepped on the gangster's shoulder, which made him prostrate on the ground. He stepped firmly on his shoulder and broke it directly,

accompanied by the sound of a crack fracture.

"Isn't it great to bully my fellows?" Tom said with a fake smile.

The pain made the gangster tremble violently. Facing Tom, he dreaded to bear grudges, and he was constantly begging with snot and tears.

Tom cursed and stopped making things difficult for him. Instead, he said, "Get lost."

The gangster thought he had misheard, unable to believe his words.

Even the young woman was stunned. She could figure out why Tom let the last one go after killing several gangsters in a row.

Tom had his own plans to do so.

He kicked the gangster a few meters away and said in a flat tone, "Listen, I'm Tang Ming."

With that, he took a deep look at the young woman and left without saying goodbye to her.

The young woman was stunned for a moment. After a few seconds, she came to her senses, gritted her teeth, and trotted after Tom.

The gangster was left there, looking at all his companions who had died on the ground. He felt a chill all over his body and cried out.

What happened just now was a

nightmare for him, which made him doubt life.

But when he came back to his senses, he immediately made a call. "Hello, boss, this is Siti. Something happened... We met the devil, the real devil..."

On Tom's side, after he came out of the alley, he did not disappear immediately. Instead, he walked leisurely on the street with a faint smile on his face. He looked very relaxed, devoid of the nervousness of killing someone just now.

The young woman quickly caught up. She looked at Tom's back in a state of shock. However, she overcame her fear, gritted her teeth, and caught up with Tom.

She had a strong premonition that this guy was very unusual, not just super strong. He came to Country M for something big!

Though far less likely, after all, Country M was known as the world's most powerful country, and its strength was extremely strong. It was hard for Tom who was alone to do change something.

However, she still had this feeling.

Soon, she stood in front of Tom and stared at him. Taking a deep breath, she said, "You just killed someone."

Tom said calmly, "Yes."

The young woman was frightened by

his calmness and indifference to human life, but the sense of justice in her heart encouraged her and she said, "It's not right. You shouldn't kill people."

Tom smiled and said, "Then what's right?"

The young woman said, "You should hand them over to the police and they'll be punished by law."

Tom shook his head. He was not in the mood to talk to her about her naive thoughts, so he walked past her and left.

Tom's disregard discomfited the young woman. She stopped Tom again and said, "You're a murderer."

"So you're sending me to jail?" Tom asked.

She fell silent. She did have this idea, but soon she realized that Tom was so powerful and she was no match for him.

"Why did you do that?" She finally asked this question.

Tom said, "Because they deserve to die."

There was a long silence. In fact, she also knew that those gangsters were criminals. They were heinous and committed many crimes. "But, but..."

Tom interrupted her. "Are you from H Country or Country M?"

The young woman was stunned for a moment and then said in Chinese, "My parents are from H Country, but I came to Country M very early."

Tom knew she was an immigrant in Country M.

"It must be so hard on you all these years in Country M, right?" Tom said.

The young woman's eyes flashed with sadness. Her eyes told Tom the answer.

Tom said bluntly, "Don't think the law here is perfect. In fact, you know well that they won't get the punishment they deserved if I send these hooligans to jail and they might end up being acquitted. Sometimes, justice is in the hands of the people."

After saying this, Tom ignored her and left.

The young woman stood motionless and fell into deep thought.

In fact, she agreed with Tom, but all the education she had received over the years told her that Tom's thoughts and practices were too extreme.

In a sense, Tom was also a criminal.

Everyone had no right to deprive others of their lives.

But soon, she saw the scene that a person from H Country was bullied.

The other party, who was arrested at the police station a few days ago for breaking the law and been, had been

released and continued to stir up trouble. Suddenly, she began to understand the meaning of Tom's words...

Two days later, in an inconspicuous in Country M, something big happened. Suddenly, a man from H Country appeared, targeting the local underground organization. Two days later, many forces were removed in an extremely cruel and way.

All of a sudden, it attracted the attention of higher authorities and officials...

Chapter 985

"What the hell!!!"

In a luxurious villa, there were more than a dozen strong men, all of them were Country M people, with big stature.

They were all smoking, with many tattoos on their bodies, and it was obvious that they were not easy to provoke.

In particular, the man sitting in the main seat was two meters tall and almost as strong as a bear.

There was a long scar on his face, and there was an extremely fierce look on his face. One could tell at a glance that

he was the one in charge.

If ordinary people saw him, they would definitely be frightened.

In fact, he was the leader of the gang in this area, named Tony. He had hundreds of men, and had made a fortune by involving the gray industry. Especially the weak people from H Country were his main target.

According to statistics, in the past ten years, he had bullied more than a thousand people from H Country, and many of them died in his hands. He was a ruthless man.

He was the enemy and nightmare of the people from H Country in this area.

Now that he heard the news from his

men, he winced at anger.

Everyone who knew him well would know that his anger was about to explode, like a volcano. No one dared to speak anymore, because they all knew that their leader was not easy to provoke!

Recently, a mysterious person from H Country suddenly appeared, fighting against his gang. In the past few days, he had destroyed many of his territories and injured many of his subordinates. It could be said that not only did this man not take him seriously, but he also declared war on him directly!

He had forgotten how long it had been since anyone declared war on him, and

the man was from H Country he had always looked down on, which made him even more unbearable!

"Where is this damn man now!?"

His tone was very low, revealing extreme anger and murderous intent.

All the men present knew that Tony was very angry.

But no one answered him, which made him angrier. He slammed the table and said angrily, "I'm asking you a question. Are you all mute?"

They were all shocked. At this time, a subordinate who was in charge of following up on this matter suddenly received a message. When he read it, his eyes lit up immediately, and then he

said with surprise. "Boss, I know where he is!"

"Very good!" A ferocious smile appeared on Tony's face.

...

At the same time, Tom had just ruined one of Tony's territories and saved a lot of people from H Country.

He had now become a hero in the hearts of the people from H Country in this area. Many young people wanted to learn martial arts from him. Tom did not refuse and gave them some simple instructions.

In the past few days, he had also learned that the people from H Country were indeed living a difficult

life in Country M and had been oppressed every day.

They were all desperate before. Until now, Tom appeared like a savior, saving them, which made them extremely respect and worship him.

After Tom stayed for dinner, he trained some young people on basic skills and then went back to his house to rest.

However, not long after he left, lots of men intruded in this place.

With a bang, the door of the warehouse was violently smashed open by an armored car!

This sudden huge noise startled all the people in the warehouse. Then, they found that there were more than a

dozen cars driving in!

This scene scared them instantly.

"Well, what's going on?"

"What happened? Who are these people?"

Regardless of the shock and horror of all the people from H Country here, dozens of burly men quickly got out of these cars!

They were all strong Country M people, and they were all armed weapons.

And they looked ferocious.

In particular, there were several of them pointing guns at those people

from H Country who were immediately scared!

"Oh my god! They are Tony's men!!!"

"It's over. Why are they here? They're demons..."

"They must come to trouble us..."

For a moment, all the person lived in the warehouse began to panic. They were all startled and their faces turned pale.

For them, there was no way to escape or fight back.

Over the years, the fear of being bullied by these gangsters has been deeply engraved in their minds!

Then, Tony, nearly two meters tall, came out of an armored car in front of him, holding a large shotgun in his hand. This scene immediately scared these people from H Country to the point that trembling. Many people began to cry.

"We are done, it's Tony! Tony's here!!"

"He wants to kill us this time!"

"It's over! We're screwed."

"Who's going to save us? We don't want to die!"

They all began to wail.

But soon, Tony shouted at them, "Shut up!!"

Tony's voice was very loud, as if thunder had fallen from the sky to the ground, and it was full of deterrence. All these people from H Country were immediately too frightened to speak. Their faces were pale, and they were scared to their very cores, and they did not dare to make a sound again.

Tony was very satisfied with their reactions, and did not hide his disdain for them.

This was the people from H Country in their eyes. They were weak and incompetent. They were trash. They were born to be bullied.

Soon, Tony's men surrounded these people.

"I heard that there was a very powerful man among you, ruined a lot of my territories. How domineering! And he threatened to punish me?"

Tony tilted his head with a cruel and disdainful expression on his face. He stared at these people in front of him and said, "Now I'm here. Come out and let me see how powerful you people from H Country are."

However, no one answered him. These people were so scared that their minds were not clear. Fear occupied their heads.

Tony grew a little impatient. He took the shotgun and fired at the roof. With a bang, a huge hole appeared in the ceiling.

This shot scared more than half of them to tear. Many children and women were hugging each other and crying. Even many men were now trembling with fear, they could hardly stand firmly.

"I don't have much patience. I'll count to three. If you don't tell me where that man is, the next shot will be at you!"

Chapter 986

Then, he started counting down.

"One, two..."

There was a cruel sneer on his face as if the H Country citizens in front of him were not people, but a flock of poultry.

Even if he killed all of them, he would not feel ashamed.

These citizens were even more scared when hearing his countdown. Almost everyone began to cry, and some even knelt down to beg for mercy.

"Three..."

He finished counting and was about to shoot. At this moment, someone finally

couldn't help but break down and cry for mercy. "I know where he is! I know where he is. Please don't kill us!!"

With the lead of the first person, a second person immediately said, "His name is Tom. He just came from H Country. He's not here now. He just left..."

"Yes, yes, what he did has nothing to do with us..."

They finally couldn't help but cry out.

Tony finally smiled and said, "Very well. You are enlightened. You are willing to betray your own countrymen. Hahaha... You H Country citizens are so greedy and afraid of death. You betrayed your friends for glory.

Hahaha..."

He laughed so wildly, completely despising these people.

After hearing this, these citizens were very angry and guilty, but they had no choice. They were ordinary people and wanted to survive.

"Now, call that guy immediately and ask him to come over. Otherwise, you will die!" Tony said coldly, full of threats.

"Yes, yes, yes..."

They did not dare to resist and quickly answered. Then, trembling slightly, they took out the phone and began to call Tom.

In fact, they were still very guilty. After all, Tom had helped them a lot during this time.

But they had no choice but to betray Tom for their own lives.

In fact, Tom, who was in the corner, did not blame them. On the contrary, he understood what they did. Strictly speaking, it was just people's instinct instead of betraying.

Any living being in the world had the instinct to survive, and the desire to live was even stronger in humans.

Besides, this was the right way.

So, after they called Tom for a short while, a cell phone rang in the corner of the warehouse. Tony and the others

were stunned at the moment but they then looked at the corner immediately!

They saw a slender young man from H Country appeared. He walked out slowly, holding a ringing cell phone in his hand.

As for the H Country citizens, when they turned around and saw Tom, their faces were filled with surprise. Then they were too ashamed to raise their heads and make eye contact with Tom.

Tony tilted his head but he quickly figured it out. A teasing smile appeared on his face and he said to Tom, "It seems that you are the so-called hero of these people?"

Tom did not answer him immediately.

Instead, he glanced at the crowd and counted the number. There were 76 people in total. Each of them exuded a strong aura, which obviously showed that they had done a lot of bad things.

Half of them even had a strong smell of blood, which meant that they had killed people before. Especially Tony, the most muscular man in front of him. The smell of blood on him was even more intense. He had killed at least ten people.

And most of them should be H Country citizens.

Tom only glanced at him and have the desire to kill him.

He walked straight to Tony, fearless of

these gangsters, stared at Tony and asked, "How many H Country citizens did you kill?"

Tony kept staring at Tom and was surprised to find that Tom was not afraid of the situation.

Hearing Tom's words, he immediately sneered. "You're the next."

Tom smiled. "Really? Why do you have the confidence to kill me?"

"You're very arrogant. Did you ask for help? Let me guess, is it the so-called Chinese gang or the Asian gang?" Tony tilted his head and looked at Tom with a fake smile. He didn't care about Tom at all.

Tom said, "I came alone."

"Hahaha." Tony laughed when he heard this. "You are very humorous. It seems that you have practiced H Country Kungfu in your movie and can beat hundreds of us alone."

Tom smiled and said, "Yes, I can kill you trash in less than a minute."

His words obviously angered Tony. Not only was he, but the remaining 70 gangsters were also furious. They thought Tom was too presumptuous and clearly didn't take them seriously!

The H Country citizen in front of him looked just a little taller than the ordinary ones. He was so thin and seemed to have no sense of power. Any one of them could beat him down!

But this H Country citizen dared to be so arrogant. How dare he!

They were furious at once.

Not only them, but even the people from H Country behind were now staring at Tom with their eyes wide open, worried and speechless, thinking that Tom was too presumptuous and arrogant.

Even if they knew that Tom was good at fighting but he had the limit. They would understand Tom could fight seven or eight of them.

However, there were more than 70 people here, and they were all strong men with weapons and guns!

How could Tom fight against him? Was

this different from getting killed!

Even the main characters in the movie couldn't be so strong!

So they thought that Tom was absolutely arrogant and inflated, and he had offended the wrong person this time.

Tony raged but laughed out loud. "Well, well, well!! You are the most confident H Country citizen I have ever seen! It seems that you are Bruce Lee's reincarnation. I would like to see if you really have such ability!"

After saying that, he waved his hand and more than a dozen of his fellows came out at the same time. They surrounded Tom and looked at him

covetously, ready to attack at any time.

And they all had weapons in their hands, big knives, electric rods, iron bars, very fierce. Even if super special forces could only be killed under this situation!

However, Tom just shook his head and said, "You're too weak. Let's fight together."

Chapter 987

Tony and the others thought they had heard Tom's words wrong at first.

How dare Tom let them fight against him together?

After a short astonishment, they didn't feel angry, but felt that the man of the H Country must be crazy.

Only crazy people would do such a thing.

Not to mention them, even other people of the H Country thought that Tom was trying to get himself killed with no reason.

Tony shook his head and said, "Since you want to die so badly, I'll do it for

you."

Then he made another snap of his fingers, and with a sound, more than a dozen men came out and surrounded Tom.

Then, under Tony's orders, they attacked Tom together.

They didn't take Tom seriously at all, thinking that Tom was at most a martial artist who had practiced some low-end skills.

What they were even more wary of was that Tom might have found a helper, so they ambushed around. When Tom asked them to fight together, they didn't show up.

Although they belonged to the

underworld, their brains were also very good, or else they wouldn't be able to get to their current position.

Unfortunately, they really underestimated Tom this time. They didn't know who they were facing.

Tom shook his head. He was not surprised by this situation.

He was ready to make a big scene of this battle.

Otherwise, it would be too difficult to attract Adam's attention. Besides, he was already a little homesick.

So when they all rushed up, Tom also started to attack.

With a bang, he punched the man who

rushed to the first place in his chest. At the same time, the man's huge body flew out high.

He flew 20 meters away and then fell heavily.

When he fell, there was no breathing and Tom punched him to death.

Then, Tom continued to strike. He looked as if he was strolling in a leisurely courtyard. He was very relaxed and kept punching. In just over ten seconds, all these gangsters were killed by Tom.

Yes, they were killed, and the way they died was extremely tragic!

Tom did not attack their acupoints at all. He used his own strength to beat

these gangsters to death.

This scene was extremely shocking to the rest of the people present, making them all widen their eyes and unable to react for a moment.

Tony was going to take out his cigar and smoke it, but now, the scene in front of him had completely stunned him. The cigar was hanging from his mouth and then dropped with a thud.

Grunt!!

He swallowed heavily. Now when he looked at Tom, there was no more contempt and disdain.

Especially he saw that Tom was unharmed, as if what he had just done killing dozens of people was something

insignificant. His blood froze.

Now when he met Tom's eyes, his pupils constricted and he felt an unprecedented fear!

He took two steps back.

Not only him, but also the others.

Tom patted his sleeves and smiled brightly at them. "Next, it's your turn."

After saying this, Tom disappeared from where he was. With a bang, when Tom appeared again, he was in front of a tall gangster. Then, ignoring his frightened expression, Tom kicked him out. With another bang, Tom kicked the man away and broke his waist.

The body also crooked an angle of 90

degrees, looking extremely strange and terrifying.

Tom did not stop. Next, he attacked continuously for only twenty seconds. All the gangsters except Tony died under his fist.

And the way these people died was extremely tragic and cruel. In this warehouse, it was filled with a strong smell of blood.

Then Tom stopped. He closed his eyes and felt the change in his mind at this moment.

In the dark, he seemed to feel that many of the H Country compatriots buried in this land made a grateful voice.

Tony was dumbfounded. He had lived for so long and had never experienced anything like this before!

He was now looking at Tom walking towards him. His mind was blank and he didn't know what to do. It was too shocking for him.

Then, when he came to his senses, he immediately screamed, calling out, "Monster, he is a monster!"

Then he picked up the shotgun as fast as he could and aimed it at Tom to shoot him to death!

But how could he be faster than Tom?

He could only feel a flash in his eyes. When he came back to his senses, he found that Tom was already in front of

him, and his fingers could not press the trigger because Tom's fingers blocked him.

"You still want to kill me?" Tom asked with a smile.

This smile was the scariest one in the world in Tony's eyes, which made him extremely scared. He was about to cry out, and his body trembled violently!

He then reacted even faster, let go of the shotgun, turned around and ran.

Tom did not chase after him immediately, but smiled disdainfully. When Tony rushed to the door, Tom held the shotgun in one hand, threw it casually. The shotgun flew at Tony at an extremely fast speed, and stabbed

Tony in the back heavily.

Tony let out a shrill scream and died.

After all this was done, Tom simply patted his sleeve, as if he had done something insignificant, just as killing a fly.

It wasn't that he was indifferent to life, but that his mentality had already undergone earth-shaking changes. His Taoist Heart was now very determined.

Besides, these people were not to be pitied for their deaths, so Tom naturally did not feel any guilt.

If he didn't kill these people, it was unknown how many people would suffer because of these scum. Actually,

he was enforcing justice on behalf of the God.

When he turned around, he saw these people of H Country, whose eyes looking at him were full of fear and strangeness.

He just shook his head and said, "You don't have to be afraid of me. I'm from the H Country, your compatriot. As your compatriot, I advise you that if you don't want to be bullied by these men from Country M, the most important thing is that your hearts should be strong and united. So these people don't dare to bully you. Dignity is earned by yourselves."

After saying this, he didn't say anything more and turned around to leave.

Chapter 988

After hearing his words, these people of H Country mused.

What happened today shocked them. All of them had lived an ordinary life and were the most insignificant in society.

They all believed that they would continue to be so for the rest of their lives. And they all believed the fate that they would be bullied by Country M's people in the future.

But Tom completely influenced them. Both his words and behaviors in the past few days had deeply influenced them.

Finally, two minutes later, someone spoke first with bright eyes, "Mr. Howard is right. If we don't want to be bullied by Country M, we have to be strong and get united. We would never be respected if we take no action to make us stronger!"

Others nodded in agreement and expressed their opinions.

No matter what, they began to realize their dignity.

Tom did not expect that his unintentional actions would have a huge impact on the population of H Country in the future.

In the near future, these people in H Country really slowly grew stronger in

their hearts and began to form their own organization to unite against the Country M and strive for the welfare of their compatriots.

Sometimes, faith was the most important. Tom's actions were the seeds of faith, which took root.

After Tom came out of the warehouse, he didn't leave immediately. Instead, he said faintly in one direction, "You've been following me for so long. It's time to get out."

If there were anyone else, he would notice that Tom was talking to a tree a few meters away. The scene was looked strange.

Moreover, the tree did not shake and

no one came out from behind.

Tom narrowed his eyes slightly and didn't move much. Instead, he seemed to be relaxed and just kicked up a small stone on the ground.

In an instant, this small stone was kicked. With a bang, it was like a bullet coming out of the chamber and flying heavily towards the big tree!

It shot through the big tree!

It was rather powerful.

Finally, a woman behind this big tree came out.

She was graceful and beautiful.

This woman was dressed in an ancient

than once.

However, Tom had be in this state for a second. A second later, he immediately reacted and narrowed his eyes slightly. He almost knew what was going on.

She should be the Overlord of the Nüwa Sect.

Indeed, she was a beautiful woman, and her Charm Magic was much more powerful than Whitney's.

If he hadn't been firm enough, he would have been tempted when seeing her just now.

With a faint smile on her face, the woman walked towards Tom step by step. A charming fragrance wafted out from her body, making others

costume with her black hair wrapped around her head. She looked extremely elegant, like an ancient empress.

And in terms of temperament, she was elegant and noble.

Her every move and expression showed her extraordinary temperament

After Tom saw her, he was a little dazed. And in an instant, he even felt that others could only see her distantly for close observation would stain her beauty.

In particular, in front of this woman, he actually had a sense of inferiority. He felt it was a crime to look at her more

especially comfortable when smelling this scent. Others could not help but feel a sense of respect and intimacy towards her.

Tom narrowed his eyes and looked at her whole body in a second and quickly came to a conclusion after analyzing her movements and breath.

This woman was very powerful. She was a half-step God Becoming Level expert like him and she was almost able to reach the God Becoming Level.

And most importantly, she was also very young, definitely not more than 40 years old.

That was interesting.

He thought the Nüwa Sect's Overlord

should be someone as old as Her Majesty. Unexpectedly, she was so young and should be a genius.

After a while, the Nüwa Sect's Overlord had already walked up to Tom and bowed slightly to greet him. "Tom, glad to meet you. I'm Cyrus."

As soon as she spoke, Tom suddenly understood the ancient poems that described a woman's beautiful voice.

The voice of the Nüwa Sect's Overlord in front of him was indeed the most melodious of any woman he had ever met.

Sensing her kindness, Tom nodded slightly and smilingly said, "You're welcome."

Cyrus looked at him and said, "I have long admired you and always want to meet you. A few days ago, I had some things to deal with and couldn't invite you personally. So I asked Qingcheng to invite you. But I didn't expect that she was so discourteous. Please forgive her."

Her words, coupled with her pleasant voice, seemed especially decent, making it difficult for Tom to refuse her

Of course, Tom was not so easy to be fooled. He just smiled and said, "Why do you want to see me?"

Cyrus seemed to be a little unaccustomed to his direct question. She had always been very confident in her charm to which very few people

were impervious.

Tom was one who had no interest in her.

However, she became more interested in him.

She smiled lightly and said, "You are so straightforward, and I would not beat around the bush."

Tom looked at her and wanted to hear more.

Cyrus paused and continued. But her words shocked Tom.

"I want you to spend a night with me."

"What?!"

When hearing her words, he was directly stunned.

What?

Was Cyrus teasing him?

Damn!

He was at least a master of Half-step God Becoming Level. Wasn't Cyrus afraid that he would get angry if she dared to tease him like this?

What did the night with her mean? How could Tom not understand what she was longing for?

"Overlord, are you teasing me?"

Tom looked at her coldly without any expression on his face.

However, Cyrus was not joking. Instead, she said seriously, "No, I'm not joking with you. I know that this request is disrespectful for you, but I'm serious."

Tom really frowned. He could tell that she was not joking and looked a little sad and embarrassed...

Chapter 989

Tom was a little embarrassed, let alone her.

A woman suddenly came out and invited him to have sex. What the hell was that?

Moreover, if people got to Tom's position, they would no longer remain ordinary, but become absolute masters with higher status.

Tom couldn't figure out why an overload of Nüwa Sect should have invited him to do that. Did she have a crush on him and want to invite him to be a live-in son-in-law of the Nüwa Sect?

If that was the case, Tom would really find it both funny and annoying.

He asked, "Overlord, I don't quite understand what you mean."

Cyrus, the overlord of the Nüwa Sect explained, "While practicing a few days ago, I got accidentally injured by Asura, the Bishop of the Saint Abbey. And I also got burnt by the karma fire. So, only the Strong of the same level as me practicing with me can I remove the karma fire. Otherwise, the consequences would be horrible."

Speaking of this, Cyrus blushed even more, too shy to look at Tom.

But her words indeed shocked Tom as she was the overlord of the Nüwa Sect

but acted like an enchanting girl.

Tom's heartbeat quickened involuntarily.

He knew that the Nüwa Sect wasn't using Charm Magic but just acting naturally. But the more naturally she acted, the more tempting she was.

Tom swallowed secretly and struggled to resist the urge to say yes. Soon, he regained his rational mind.

"Overlord, as far as I know, there must be many strong fighters of Half-step God Becoming Level in the Clan World. Why did you choose me?" Tom asked.

He didn't believe that Cyrus, as the overlord of the Nüwa Sect and a top beauty in the world, would fail to invite

someone in the Clan Word to have sex and practice with her.

Cyrus bit her lip and said, "Tom, I know your doubts and concerns. But I also have unspeakable difficulties, alas..."

She sighed and continued, "We Nüwa Sect is not very powerful in the Clan World, just second-rated. Many Clans are encroaching on us. Once people from those Clans know that I was burnt by the karma fire, some malicious people will definitely invade the Nüwa Sect. Then, many female disciples of my sect will come to a miserable end. So I can only look for the Strong outside the Clan, and I've heard about you, Tom. I really admire your character and morality. You're the best choice for me to practice

together."

Tom fell into silence. What she said did make sense.

Moreover, Tom could indeed feel something unnatural in her body and her slightly disordered breath. She might have been burnt by the karma fire.

However, it was truly hard for him to practice together with a unfamiliar woman.

Speaking of this, he couldn't help but think of Sunny, with whom he practiced together back then under special circumstances...

Noticing Tom' silence, Cyrus thought he would refuse and immediately said,

"Don't worry, Tom. I will certainly appreciate you, if you help me out this time! I will pay you a corresponding reward. And from then on, Nüwa Sect, will befriend you. I owe you a big favor. I'll obey your order once in the future!"

Tom smiled bitterly and said, "Overlord, it's not that I'm reluctant, but that I'm already married. It's immoral for my wife."

Hearing this, Cyrus got stunned for a moment. She did not expect that Tom would say so.

"Tom, are you kidding? I just want you to practice with me, not to abandon your wife. What's wrong with that?" Cyrus asked doubtfully.

Tom was speechless.

If Cyrus hadn't been that serious, he would have thought that she was joking.

But soon, Tom realized that the thoughts of people in the Clan World differed from those of people in the Secular World.

He had heard from Pence that the concept of monogamy didn't exist in the Clan World. The strong could marry more than one woman at will, and it was normal for some of them to have more than a dozen wives.

The reason why the Clan World and the Secular World were so different was that in addition to concepts,

people's thoughts and ways of living also greatly differed.

Tom shook his head and refused, "I'm sorry. I can't practice with you. You'd better find another way."

Hearing this, Cyrus's expression immediately dimmed.

She looked quite pitiful.

Looking at her, Tom had a feeling that he couldn't bear it and was about to agree.

He immediately held it back and sighed in his heart that the Charm Magic of Cyrus did work well. He almost got captured in the slightest carelessness.

Letting out a sigh, Cyrus stopped to

insist. Instead, she said, "Since you have refused, I won't force you anymore. I've ordered someone to hold a banquet in our Clan for you as a guest. Would you like to come?"

Tom did not immediately agree but hesitated for a moment. Then he said, "Where is your Clan?"

With a thin smile, Cyrus replied, "In Country M, not far from here."

Now that Cyrus had said so and she even came for him personally, if he still refused the invitation, he would be grudging her an out. Tom nodded, "Okay, I agree."

Tom was not very interested in the Nüwa Sect because he knew that the

Nüwa Sect was not so powerful. And most of them were female disciples, uninteresting at all.

However, after Tom had arrived there, he could get a deeper understanding of the entire Clan World from the Nüwa Sect.

As for whether it would be treacherous, Tom was not afraid at all. With his current strength, even if a God Becoming Level expert came, as long as it was not more than the First Rank of God Becoming Level, it would not be able to harm him.

Not long after he and Cyrus left, a large group of people rushed to the scene. They found out that the entire warehouse was full of corpses, and

they all died so miserably!

The people who came there were no longer members of the black organization but the officials of the Country M. But they had never seen such a scene, neither.

At first glance, they would even think that there had been a monster that killed so many strong men!

A fat officer looked serious and frightened. He took out his cell phone and dialed a number. "Boss... Something is wrong. Something bad happened!"

Chapter 990

After a while, another group of people came to the scene. Seeing this, every one of them looked surly.

This was a malicious murder. Although all the victims were criminals, they were human lives after all.

The chief officer said in a deep voice, "Find out the killer! I'd like to see who's so reckless to make troubles in the Country M!"

"Yes, sir!"

This incident was quickly in the news and became a sensation.

After two days of investigation, the authorities of the Country M soon

found out that the massacre was committed by a man from the H Country.

This made them even angrier!

At the same time, at a grand and solemn meeting, a man with a high position slammed the table and scolded angrily, "How dare he! A man from the H Country should dare to slaughter in our country! We must arrest this damn criminal!"

And the public was also informed.

However, Tom did not care at all. Now he had followed Cyrus to the branch of the Nüwa Sect in the Country M.

The branch was in a remote place. It was a quaint and luxurious manor built

in a forest.

After coming in, Tom instantly felt that there were a lot of the Stronggs here, and most of them were young beauties.

After he came, many female disciples of the Nüwa Sect came out to welcome him.

The disciples of the Nüwa Sect were good-looking, and a few of them were even of unrivalled beauty, equal to the top ones in the entertainment industry.

If they had chosen to be stars, they could easily go viral across the world.

Beautiful beings always made one pleasant.

"Tom, here's my branch of Nüwa Sect in the Country M. It's a little crude. Excuse me." Cyrus said with a smile.

Tom shook his head and said, "You're being modest. Your branch is luxurious, even comparable to the royal palace. It seems that the Nüwa Sect is powerful. It is also admirable that you've become the overlord of the Nüwa Sect at such a young age."

Cyrus smiled. "Thank you for your praise. Unfortunately, the Nüwa Sect is still too weak, that's why we always get bullied in the Clan World. The Sun & Moon God Sect was determined to annex the Nüwa Sect. Alas..."

There was a melancholy expression on her face, which easily stirred up men's

protectiveness.

Tom gently moved his eyes away, pretending not to see.

Next, he followed Cyrus into the Nüwa Sect at ease, and became a celebrity under the attention of many female disciples.

However, due to his plain look, the scene was somewhat awkward as he stood in a group of beauties.

"Wow, is this the Strong newly on the List of Immortals? He looks so young, even younger than Lord Ross."

"Yes, I heard that he's only in his early thirties. He's an absolute genius! You can't judge a person by his appearance."

"According to his ranking on the List, isn't he better than Lord Ross?"

"I think so. He ranks tenth now, while Lord Ross only twelfth. There should be a gap."

"I don't know... But Lord Ross is much more handsome than him."

"Well, what's the use of looking good? This is a world where the Strong is respected. Only strength is the most important thing."

"I heard that Lord Ross is coming back. I wonder what would happen if Lord Ross met this Strong man?"

"I don't know, but I'm looking forward to it."

After seeing Tom, the female disciples discussed in a low hum, and thought that he could not hear their conversation. In fact, Tom heard every word clearly.

Tom just smiled faintly and did not say anything. But he was a little curious about Lord Ross they mentioned. It sounded that he's powerful.

After a while, Whitney came too. When she saw Tom, some resentment and fear flashed in her eyes and she bowed slightly. Now she didn't dare to have any disrespect to him.

Next, Cyrus hosted the banquet, where specially-prepared food and wine were served for Tom. She

thanked him for avenging the Nüwa Sect by killing the members of the Sun & Moon God Sect.

Tom took a brief look at the food and wine, determined that they were not poisoned, and then ate and drank with ease.

In the middle of dinner, Tom also took the opportunity to learn about the Clan World.

Cyrus knew what Tom meant and shared what she knew without reservation.

"In the Clan World, the Four Major Sects are the most powerful, and among the Four, the East Sect is the strongest..."

"Apart from the Four, the rest sects are the second rate, such as the Sun & Moon God Sect and the Nüwa Sect. But the gap between them is also large. Our Nüwa Sect is the last of the second-rate sects."

Cyrus said with a bitter smile.

Tom casually said, "It's because the Nüwa Sect doesn't have a master of the God Becoming Level?"

"Exactly..." Cyrus sighed, "It's too difficult to reach the God Becoming Level. But only by this can you barely qualify as the Strong."

Tom agreed. Cyrus was right. It was a transcendence to reach the God Becoming Level.

Then, Cyrus told him more about the old grudge between the Sun & Moon God Sect and Nüwa Sect. They had been bullied a lot over the years.

Because the Nüwa Sect did not have the Strong of the God Becoming Level, but plenty of charming female disciples, so it naturally turned to be the victim.

Especially when the Sun & Moon God Sect ordered that the Nüwa Sect had to send ten female disciples to serve them every year!

The girl sent was more a slave than a maid. After descending to the plaything of the Sun & Moon God Sect, they always ended up in misery.

However, if the Nüwa Sect refused, then it would be destroyed!

Now, it was only a few days before she sent new girls.

The whole Nüwa Sect was buried in sorrow and anxiety. But there was nothing to do. They were too weak, and no one was willing to help them even if they asked.
