The Return of the God of War [The Protector] Chapter 3866 - 3870

After sending Xiao Feng away, Gong Qianqiu began to plan how to use Xiao Feng to provoke the anger of the Town Demon Division.

However, before the plan was fully mature, he suddenly received a message from Xue Pengzhan: The Three Holy Sons are coming.

Gong Qianqiu was immediately excited and quickly rushed back to the Qianqiu Education Base Camp.

This is an opportunity to make one step to the sky, and there is absolutely no room for sloppy.

As soon as he arrived at the Thousand Corpse Pit, Gong Qianqiu saw Xue Pengzhan and others waiting in front of the door.

“Junior Sister Qianqiu, the Three Holy Sons will be here soon, you must be careful at that time. This is the absolute high-level core of the Taixu Shenzong.”

Xue Pengzhan reminded in a low voice that there was absolutely no arrogance in the past, and all emotions had converged to the extreme.

“Brother Xue, don’t worry, I know what to do.”

Gong Qianqiu is also very much looking forward to the arrival of the Three Saints. Of course, he also wants to see how powerful the Three Saints are.

Time passed, and about fifteen minutes passed, and the temperature of the whole area seemed to drop suddenly.

A vast force of coercion poured down from the void, and everyone felt that a majestic mountain was suddenly descending above their heads.

“The Three Holy Sons are here!”

Xue Pengzhan’s face became particularly solemn, especially his eyes were full of awe.

Gong Qianqiu is also holding his breath. Although he has not seen the main lord, he can have such a terrifying power and coercion at such a distance.

One can imagine how terrifying the strength of the three holy sons will be?

After a while, the pressure became stronger, and most people felt very difficult to even breathe.

Except for Xuan Ming, Gong Qianqiu, Xue Pengzhan and other Tianjiao who could barely support them, the others didn’t even realize the urge to kneel on the ground.

“What a strong energy coercion.”

The corners of Duguxiao’s mouth twitched, which was no different than the time when Gong Qianqiu had swallowed the two super spiritual veins of the two alien races, and it was even worse.

Duguxiao tried his best to control the urge to kneel. At this moment, he felt an invisible breath dragging his body.

Turning his head to look, it was the power exerted by his biological father Xuan Ming.

“coming!”

With a low voice from Xue Pengzhan.

Gong Qianqiu looked up and saw a figure walking slowly from the void.

Deng Deng Deng!

It was clearly walking in the air, but it was like stepping on the substantial ground, making a slight touch sound.

Every time he took a step, the aftermath of energy spread out at the foot of the person who came, forming a very obvious energy ripple in the void.

“Void crossing, transforming power into shape!”

Gong Qianqiu was shocked.

In all fairness, Gong Qianqiu asked himself to be able to do a similar volley crossing, but it may not be able to reach the level of coming.

This person seems to have integrated the energy in his body with this world, otherwise he would never have stepped into the air to make a substantial sound.

After a long time, the three saints finally came to the crowd, and the coercion of the Taishan-like power also increased.

Pfft!

Pfft!

Pfft!

Immediately afterwards, the sound of kneeling on the ground came one after another, and in the end, only Gong Qianqiu and others were left standing there.

Gong Qianqiu and Xue Pengzhan were the most relaxed people.

As for the others, including Xuan Ming and several other Heavenly Chosen of the Taixu Shenzong, their bodies were shaking slightly.

If it wasn't for Xuan Ming doing his best to release his strength to support, Duguxiao would have fallen to the ground long ago, but at this moment, his knees were slightly bent, almost half-kneeling.

“There are still such powerful monks in the secular world, not bad!”

The three saints said softly.

Although the Three Holy Sons seemed to have nothing to say, these words exploded in everyone’s ears like a bolt from the blue.

The elites of Qianqiu Sect, whose cultivation base was a little weak, were directly dizzy and almost fell to the ground.

“Who is the leader of Qianqiu Sect? Stand up!”

The three saints said slowly.

Gong Qianqiu walked out slowly.

In fact, she is also carefully observing the Three Holy Sons.

The Return of the God of War [The Protector] Chapter 3867

I saw the three saints who were about twenty-seven or eighteen years old, wearing a black retro tight-fitting robe.

The waist is tied with a jade belt, and a primitive dragon-shaped jade pendant hangs on the edge, holding an ancient bronze sword.

In particular, the face of the three saints is exceptionally handsome, as handsome as a god.

The whole person exuded an unparalleled strong aura.

It’s just that the eyes of the three saints are arrogant, as if they don’t care about anyone.

“The younger generation pays respects to the Three Holy Sons!”

Gong Qianqiu's voice was soft and sweet, and she gave a deep salute.

The three saints nodded and said lightly: "Put away your thoughts, otherwise this saint will be rude."

Gong Qianqiu was stunned for a moment, and saw that the eyes of the three saints were like torches, with a cold expression, as if they were refusing to be thousands of miles away.

"Mei Gong doesn't work?"

Gong Qianqiu's heart froze, she did deliberately use the Mei Gong just now, and she also wanted to see the reaction of the three saints.

It never occurred to me that the tried-and-true magic of charm would not work at all in front of the Three Holy Sons.

"Three Holy Sons, Master Qianqiu... The Palace Sect Master doesn't mean to disrespect you, she just worships you too much."

Xue Pengzhan was busy saying good things for Gong Qianqiu.

"Oh? Adore me too much, don't you?"

The three saints smiled contemptuously, and then turned their attention to Gong Qianqiu.

"You attack with all your strength, and this Holy Son will test your cultivation. If it makes sense, this Holy Son can make an exception to accept you as a disciple."

Xue Pengzhan hurriedly reminded Gong Qianqiu in a low voice: "Hurry up and do what the three saints say, this is a once-in-a-lifetime opportunity."

"That junior will be offended!"

Gong Qianqiu said respectfully.

In fact, Gong Qianqiu also wanted to take the opportunity to test the depth of the three saints, but he also knew that he could never do his best, and he had to leave some trump cards.

“Just let the horses come!”

The three saints said proudly.

As he spoke, Sanshengzi carried his hands on his back, as if he had an arrogant expression of ‘you will never hide from me if you hit me at random’.

But if you observe carefully, you will find that a thick energy shield has quickly condensed around the body of the three saints.

“watch out!”

Gong Qianqiu no longer hesitated, his feet suddenly touched the ground, his body shot out like an arrow from the string, and he was a palm to the chest of the three saints.

Whoohoo!

Before the palm arrives, the wind arrives first.

The violent energy swept in, as if to tear the area to shreds.

“Oh? How could it provoke such an attack?”

There was a hint of surprise in the eyes of the three saints, but they were quickly replaced by indifference.

He still has no intention of avoiding, let Gong Qianqiu’s palm continue to approach rapidly.

Bang!

The palm firmly slapped on the energy shield in front of the three holy sons, making a deafening terrifying sound.

Swish!

Gong Qianqiu was shocked by the terrifying defensive power, and he stepped back two or three feet before he could stop his body.

On the other hand, the figure of the three saints did not move at all, as if Gong Qianqiu's terrorist attack just now had nothing to do with him.

"The strength is barely enough."

The three saints commented.

"It's so strong?"

Gong Qianqiu was shocked beyond measure.

Although she only had six successes just now, she didn't even break the opponent's energy shield.

In particular, the Three Holy Sons stood on the spot and did not move at all. With such calculations, even if they exerted all their strength, they would not be able to defeat him.

This made her yearn for Kunlun Ruins even more.

"As expected of the three holy sons of the Taixu Shenzong, the strength is so terrifying!"

Gong Qianqiu sighed infinitely in his heart, but he was extremely confident in destroying Levi Garrison and Tiansi.

"The three saints are unparalleled in the world, how can the light of the firefly of the younger generation compete with Haoyue?"

"If it wasn't for your mercy, I'm afraid this junior would have been seriously injured or even killed on the spot."

Gong Qianqiu complimented.

The eyes of the three saints eased a little, and the mood was quite happy.

Everyone loves to hear compliments, and the Three Holy Sons are no exception.

The Return of the God of War [The Protector] Chapter 3868

“To be able to have such strength in the mundane world where there is a lack of spiritual energy, the talent is very good!”

The three saints rarely praised the sentence Gong Qianqiu.

In fact, the shock in the hearts of the Three Holy Sons was far more than that.

Although he didn't move at all just now, he was secretly using his skills to counter the impact of Gong Qianqiu's palm.

Especially in the confrontation, he has a tendency to surging.

You must know that even in the Taixu Shenzong Seven Great Talents Contest, if you don't put your best effort into it, it's hard to see a similar situation.

How could it not shock the Three Holy Sons that a mere master of a secular sect could reach such a level?

“If I used all my defensive skills just now, you'd probably be shocked by your internal organs.”

The three saints said proudly.

This wave is purely commercial boasting, and the defense of the three saints just now has almost reached its strongest state.

In order to completely shock the so-called powerhouses in the secular world.

Gong Qianqiu took advantage of the situation and patted the rainbow fart: "Thank you Sanshengzi for your mercy, the younger generation is grateful."

"Um!"

The three saints nodded slightly, he felt that Gong Qianqiu was very good, and the flattery was just right, which was very in line with his own rhythm.

Delighted, he raised his hand slightly.

"You don't have to kneel, you all get up!"

The Qianqiu Sect elite, who was originally kneeling on the ground, only felt an invisible force coming from under him, and his knees stretched uncontrollably.

The breathless coercion from before also disappeared in an instant.

"Three Holy Sons, this place is not a place to speak, please come inside."

Gong Qianqiu said respectfully.

The three saints walked in with their heads held high, and after entering the hall, they were not polite, and sat directly on the main seat in the center.

Of course, no one here dared to object, but it was inevitable that they were a little unhappy.

Gong Qianqiu's politeness to sit up is very different from sitting up on his own initiative.

"Junior Sister Qianqiu, the three saints practice ruthless swordsmanship, hurry up and take out the treasures of heaven and earth that were prepared earlier!"

Xue Pengzhan reminded through voice transmission.

Gong Qianqiu suddenly realized that she had also understood the situation of Taixu Shenzong before.

The disciples of Taixu Shenzong majored in kendo, and a large branch of it was ruthless kendo.

Practitioners must cut off the body when cultivating, so that if the true heart is stagnant and ruthless, only then can they touch the deepest meaning of ruthless kendo.

With such a high status, the Three Holy Sons must have a deep understanding of the ruthless swordsmanship.

“It’s no wonder that this sect master’s charm work just now didn’t work.”

Gong Qianqiu suddenly realized that she thought her charm skills were invalid at that time!

“It seems that after entering the Kunlun Ruins in the future, if you want to control some high-level officials, you will not be able to rely on seduction alone.”

Gong Qianqiu knew what he knew, and said with a smile: “Three Holy Sons, the younger generation has prepared many gifts, please appreciate it.”

“Well, present it!”

An imperceptible smile finally appeared on the icy face of the Three Saints.

He is obviously more interested in natural treasures than in beautiful women.

Gong Qianqiu winked, and his subordinates presented the prepared treasures one by one.

There are medicinal herbs that have been warmed and nourished by the super spiritual veins for hundreds of years, and there are also treasures collected from various places.

Dazzling array, countless.

Especially the ones placed in the front are full of extremely strong spiritual energy.

The eyes of the three holy sons were instantly attracted to him. At first, he thought that there was nothing good in the secular world!

It seems to be a big mistake now, especially the first few spirit herbs are no worse than the spirit medicine in Kunlun Ruins!

It's not for nothing this time!

The three saints were in a happy mood, and the smile on their face was even more so.

"Qianqiu, I heard from Pengzhan that you have a good talent. Come and show it to this room."

The three saints said with a smile.

In addition to coming here to inspect the treasures of heaven and earth this time, he also took the task of grabbing cultivation geniuses for the sect.

The Return of the God of War [The Protector] Chapter 3869

Hearing the change in the name of the three saints, Gong Qianqiu was slightly relieved.

It seems that these treasures of heaven and earth have fallen into the eyes of the Three Holy Sons, and she had planned for the worst.

If the Three Holy Sons don't look down on these things, they will sacrifice it to the gods.

Gong Qianqiu was very excited.

"The younger generation will be ugly."

Gong Qianqiu clenched his fists and then ran the extreme devouring technique.

Since the Three Holy Sons are 'not close to women', they need to conquer him in another way. Cultivating talent is obviously a good path.

"It turned out to be a devouring technique?"

Seeing the huge energy vortex formed with Gong Qianqiu as the center, the Three Saints' hearts flashed with surprise.

After a while, the spiritual energy in the entire hall area was extremely deficient, and it directly turned into a "reiki vacuum" state.

When the three saints recognized that Gong Qianqiu was practicing the devouring technique, they released energy to protect these heavenly and earthly treasures.

Otherwise, the spiritual energy contained in these treasures of heaven and earth will inevitably be swallowed up.

"Okay!"

The three saints waved their hands.

Gong Qianqiu received the power and set the situation, made a sincere appearance, and asked: "Three saints, how is the talent of the younger generation?"

"Devouring exercises have extremely high requirements on the root bone, and there will be a limit of swallowing. If you are not careful, you will explode and die."

"But even so, if you use elixir to warm your body, you can also raise a certain upper limit of devouring."

"It's just that you don't seem to be proficient in mastering the power of swallowing, Qianqiu. It will be much better when I have time to give some pointers."

"Generally speaking, Qianqiu, your cultivation talent is good. After solving the affairs of the mundane world, this seat will take you to officially worship the Taixu Shenzong."

Gong Qianqiu said gratefully: "Thank you for the support of the three saints!"

It didn't show it on the surface, but Gong Qianqiu was quite shocked in her heart. She just deliberately showed that she didn't master the swallowing technique well.

This is also a worry that the three saints' jealousy and virtuousness can be deliberately suppressed.

Never thought that such subtleties were seen, and the "restrictions" of the exercises were also pointed out by the Three Holy Sons.

"As expected of the Three Holy Sons, his eyesight and insight are far beyond those of Xue Pengzhan and Xie Huanyu."

Gong Qianqiu sneered in his heart, but unfortunately this leader has already figured out a solution to swallowing the upper limit.

Using the Sky Thunder Tempering Body, you can cycle to increase the upper limit, but now you just don't have enough spiritual power for yourself to swallow it.

When entering the Kunlun Ruins in the future, there are so many divine veins and even holy veins waiting for him, why can't he stand on the top of the strong?

"This seat intends to support and support, but it is mainly your own ambition."

The three saints paused for a while, and continued: "With this seat's personal guidance, if you think about it, over time, your cultivation will improve by leaps and bounds."

"The junior will never forget the great kindness of the senior."

Gong Qianqiu said directly.

The smile on the face of the three saints is even more, and it is really commendable that Gong Qianqiu can understand his own meaning as quickly as possible.

What he said just now was to warn Gong Qianqiu that he will rise to prominence in the future, but don't forget his three holy sons, Bole.

Even in the Kunlun Ruins, only by helping each other can it last for a long time.

This involves many aspects.

If the apprentice you accept is extremely talented and has a great impact on the development of the sect, then as a master, you will also receive a lot of cultivation resources accordingly.

A person who attained the Tao and ascended to heaven in Kunlun Ruins is more vividly reflected.

“Ruzi can be taught!”

The three saints nodded in satisfaction.

Then he changed the conversation and said, “I heard that you have encountered some trouble. Now that you have this seat, you can let go and do it without any scruples.”

“With the backing of a superpower like Senior, we can definitely clear Levi Garrison’s base camp at the fastest speed.”

Including the Tian Si and the sky sect, several Tianjiao are not within the scope of their fears.

After all, the Three Holy Sons had a detached status in the Taixu Shenzong, and they were especially the proud disciples of the Deputy Sect Master.

If there is something wrong with him, the entire Taixu Shenzong will not give up.

“Master Bone, you lead a group of dead soldiers to ambush at the outermost edge of the base camp, and kill all those fish that slip through the net.”

“Duguxiao, you led the elites of Qianqiu to choose the core high-level leaders of the base camp to kill them. You don’t have to keep your hands this time.”

“This time I can let go of my hands and feet to take revenge.”

Gong Qianqiu issued a series of instructions.

Duguxiao was very excited. When the two major aliens were wiped out, Levi Garrison and others were the main force.

Especially in the final stage, in order to let Azure Dragon (Qinglong)’s people sweep away the demons, Levi Garrison personally tortured him extremely terribly.

“I will kill those ants with my own hands, and no one can rob me.”

Duguxiao licked his lips, like a bloodthirsty demon.

“Remember to keep Xiao Feng, he may still be useful.”

“Don’t worry, Master, I understand what to do.” Duguxiao said respectfully.

Gong Qianqiu nodded with satisfaction, and said to the other cores: “You are all scattered around the outermost periphery of the base camp, whether Levi Garrison’s subordinates or the members of the Town Demon Division, keep an eye on them all.”

“As ordered!”

Gong Qianqiu has already made up his mind, this time he must take advantage of the situation to eradicate Tiansi.

Entering the Kunlun Ruins is imminent, and we must not leave behind the troubles of Tiansi and Zhenmosi.

A single command fell like a mountain.

Since then, the entire Qianqiu Sect has moved.

And those small sects that were annexed also fulfilled their responsibilities and surrounded the base camp.

the other side.

In the town of magic.

Tian Si is also lining up, making the final preparations before the war.

“The leaders of each faction lead their troops, and they must cut off all the main traffic routes in the base camp, and never let one person go.”

“Especially Levi Garrison’s core disciples and relatives and friends, it is best to capture them alive.”

“I want to kill them with my own hands to warn those madmen who want to show off their might in front of the Demon Suppression Division.”

Tian Si said in a cold tone.

“Levi Garrison is seriously injured, and the rest of the base camp is nothing to worry about.”

The temporary talker of Zhen Mosi has taken a back seat since Tiansi returned, but his position in the Zhen Mosi is also very important.

“The key is how to deal with Xuanming and Taixu Shenzong powerhouses?”

“The slaughter of the Qianqiu Sect on our Demon Suppression Division is too tragic, and you must not let it go. Tiansi, have you ever considered how to take the opportunity to destroy the Qianqiu Sect?”

Tian Si’s eyes became extremely cold when he heard the words.

“I did consider what you said, especially now that Levi Garrison’s side basically poses no threat to us.”

“I won’t stay in the secular world for a long time, and I definitely can’t leave the scourge of Qianqiu Sect for Zhenmo Division.”

“It’s just that Taixu Shenzong’s side is too tricky, and we can only hope that the young master will help us.”

Tiansi said that he was a little worried at this time, because he got the news that Xie Huanyu had been in close contact with Gong Qianqiu recently.

And every time they meet, they have to reject everyone, and they live in the same room alone, and they don’t know what they are doing.

If the two of them develop towards Taoist companions, it will be difficult to eradicate Qianqiu Sect.

“Tiansi, as far as I know, Qianqiu Sect also has a deep hatred with Tianshifu. We might as well contact Tianshifu secretly in case of emergency.”

The temporary speaker of the town magic department suggested.

Tian Si frowned, and after thinking for a long time, he shook his head.

“In front of the Kunlun Ruins powerhouse, the Tianshi Mansion may not be of much help.”

“And once the information is leaked, it will be a shock to Qianqiu.”

Tiansi rejected the subordinate’s proposal.

“Tian Si is well thought out, but the current situation is too unfavorable for Zhen Mo Si. If there are no other allies, it is absolutely impossible to eradicate Qianqiu Sect.”

The temporary talker of Zhen Mosi sighed and said helplessly.

At this moment, there were light footsteps outside, and then Xie Huanyu led someone in.

“It’s not good, I just received a message that the three saints of the Taixu Shenzong have entered the world and are now in the Qianqiu Sect.”

Xie Huanyu’s face became particularly solemn.

“What?” Tian Si was taken aback.

The Three Holy Sons are the absolute core of the Taixu Shenzong. Once he is involved, the Qianqiu Sect will not even think about it.

Even several geniuses and young masters of the Cang Qiong faction have their lives in fear.

“How did they do it?” Tian Si was puzzled.

Xie Yunzong sighed and said: “It is said that Xuanming and the others have collected many treasures from heaven and earth, and this has alarmed the high-level officials of Taixu Shenzong.”

“Damn! It’s terrible!”

Tian Si slapped the table angrily, not thinking of killing the Three Holy Sons at a critical moment.

“If you really can’t teach Qianqiu, just stop moving.”

Xie Huanyu suggested: “As long as there is no direct conflict with them, the Three Holy Sons will not take the initiative to attack us.”

“All right!”

Although Tian Si was unwilling, he did not dare to disobey Xie Huanyu's proposal.

Tianshi Mansion.

The Celestial Masters are also discussing countermeasures.

Central issue: Are you sending someone to help Levi Garrison overcome the difficulties?

There are two diametrically opposed voices in the Tianshi Mansion.

First, hold your troops in motion, in order to protect yourself.

Second, to help decisively, the lips are dead and the teeth are cold.

After a heated debate, the Celestial Master finally made a decision.

"If Levi Garrison's side is destroyed, we can't escape bad luck, and Qianqiu will never let Tianshifu go."

"Wentian, you brought 30 elite Celestial Masters out of the mountain to help, and if necessary, you can lead the Thunder Array to kill the enemy."

"Of course, we can also leave behind. At that time, we only need to claim that Wentian and his cronies defected to the Tianshi Mansion."

Wen Tian has no opinion on taking the blame. He himself is more inclined to help, because he feels that Gong Qianqiu will never give up.

at the same time.

The interior of the base camp is also in full swing to prepare to meet the enemy, and the three-party coalition forces have already made more practical moves.

Messages were constantly coming from the eyeliner on the periphery, especially when everyone learned that the base camp was now surrounded by wind and rain, everyone panicked.

In particular, I heard that the Taixu Shenzong sent another peak powerhouse to help out, which made everyone's already insufficient confidence worse.

"This is a fart! Just surrender with both hands and wait for them to kill."

"The boss is attacked and injured at any time, and there is a fear of life at any time. Levilia also left at the front of the battle, and the other side has joined the strong, there is no hope."

"What are you afraid of? It's a big deal to fight to the end. Even if you fight your last breath, you will have to make them pay the price."

Although there are also many people who advocate fighting to the death to the last soldier, but from the bottom of their hearts, they also lack confidence.

Of course, this is by no means to blame for their glass hearts. It is really a huge gap between the comprehensive strengths of the two sides.

"Using all the people who can fight, it is very possible to fight a bloody road on the basis of defending."

"Do your best to protect the young disciples from leaving, and keep the fire in order to make a comeback."

"Contact all the peripheral forces and ask them to help distract the three-way coalition as much as possible."

Zoey and others are also making final arrangements.

Phoenix and the others looked particularly solemn, and they all knew that this battle had little chance of survival.

But they were already prepared for the worst, and it could even be said that they were determined to die and vowed to fight the three-way coalition to the end.
