The Return of the God of War [The Protector] Chapter 3871 - 3880

Gong Qianqiu has made the arrangements in almost all aspects to the extreme, but he still has some clues in his heart.

Although the Three Holy Sons had previously threatened that no matter who blocked him, they would kill him with one sword, but does this include those from the Qiong Sect?

In particular, it is said that the young master of the Cang Qiong faction has a close relationship with Tiansi.

Once they are killed, it is difficult to guarantee that the sky sect will not come out to retaliate.

At that time, it is unknown whether the Three Holy Sons will still fulfill their promises.

“Final confirmation has to be made, otherwise this action is too risky.”

After thinking about this, Gong Qianqiu first found Xue Pengzhan and said the concerns in his heart.

Xue Pengzhan was fascinated by Gong Qianqiu for a long time. Hearing that the beauty had concerns, he immediately decided to take a few other Tianjiao to test it together.

Of course, Xue Pengzhan had other ideas, and decided to add fuel and jealousy to Xie Huanyu in front of the three saints and how they were arrogant and domineering.

“Don’t worry, Qianqiu, I will do my best to help you settle this matter.”

Xue Pengzhan said firmly.

Gong Qianqiu said with a charming smile: "Then the little sister thanked Senior Brother Xue in advance!"

Looking at Gong Qianqiu, who had winking eyes like silk, Xue Pengzhan was simply elated, and he was even more eager to show off.

Soon several people came to the room where the three saints rested.

"What are you guys looking for in this seat?"

The three saints asked with some doubts.

Xue Pengzhan said respectfully: "Three Holy Sons, I still want to discuss some things with you, otherwise we really dare not decide."

"If you have something to say, don't hesitate." The three saints said impatiently.

Xue Pengzhan said hurriedly: "It's the three saints like this. Before, we formed an alliance with the Town Demon Division completely out of frustration."

"Xie Huanyu, the young master of the Cang Qiong faction, once put down his harsh words. If he doesn't ally with them, he will kill me and other coefficients."

"You also know that the number of people they bring is superior, and their strength is stronger than ours, so..."

"Damn! Trash!"

Before Xue Pengzhan could finish speaking, the Three Holy Sons interrupted directly: "How can the dignified Taixu Shenzong be suppressed by a small sect?"

"Even if you are not the top talents, but at least you are the elite disciples of our sect, can't you be a little bloody?"

Sanshengzi was already very arrogant and arrogant, not thinking that Xue Pengzhan and others would be so useless, he was really angry.

“Sanshengzi calm down, it is because we were too cautious that we humiliated the prestige of the Taixu Shenzong.”

Xue Pengzhan first used extenuating reasons to belittle his incompetence, and then changed the conversation and continued:

“Now that the three saints are in charge, I finally have the confidence to wait, so I want to ask you to take action when necessary to help us destroy Tiansi and others.”

I have to say that these remarks are very level and have a taste of killing.

However, the Three Holy Sons only eat one set.

“That’s why you are hesitant?”

Sanshengzi continued to proudly say with a face full of hatred for iron and steel, “You can do it anyway, and I will bear the consequences of any consequences.”

“But the Three Holy Sons, if the Cang Qiong faction uses the power of the whole faction to make a move, what should it do?”

Gong Qianqiu hit the railway while it was hot.

The three holy sons stood up suddenly and said contemptuously, “I don’t even care about a sect of the sky, so they just choose to endure it.”

“If they don’t know how to lift up the counterattack, this seat will directly destroy all of them.”

“But one thing, don’t kill the treasures around Levi Garrison and the child, keep them for this seat and bring them back to the sect, understand?”

The Three Holy Sons had heard before that Levi Garrison had mastered many treasures of heaven and earth, and that there were other daughters with extraordinary talents.

If he is brought back under his command, it may become a boost for future promotion.

As for whoever dares to stop him from getting these things, kill him.

“As ordered!”

The Return of the God of War [The Protector] Chapter 3872

the other side.

In the town of magic.

Tian Si and the others received reliable information that the three holy sons of the Taixu Shenzong had arrived at the Qianqiu Sect’s main altar.

It was also at almost the same time that a message came from Gong Qianqiu, requesting Zhen Mosi to be the main force of the left-wing attack.

According to the intelligence, Levi Garrison’s base camp’s left-wing defensive formation is the most powerful, and there are also absolute elites.

“This is obviously to let us beat the most difficult bones of the base camp, in order to maximize the strength of the town magic division.”

Tian Si said angrily.

Xie Yunzong continued: “I am afraid that Qianqiu Sect is already planning to suppress the Demon Division, or even our Sky Sect.”

“Can’t you?”

Xie Huanyu said incredulously.

“Young master, in fact, I wanted to remind you for a long time that Gong Qianqiu is not a simple woman.”

“As far as I know, the geniuses of the Taixu Shenzong are also fascinated by him and her. I advise the young master to be more vigilant.”

“Don’t cause the entire sect to suffer, then the sect master may not spare you.”

Xie Yunzong said in a very serious tone.

Xie Yunzong’s remarks have been very serious, but Xie Huanyu surprisingly did not have an attack on the spot.

Because Xie Yunzong is not only the great elder of the Cang Qiong faction, but also the elder of his father’s sect, if we really want to talk about it, we have to call him the third grandfather.

“Don’t worry, I have a plan!”

Xie Huanyu sullenly said, “I don’t know what means these people used to invite the three saints?”

“Could it be that Gong Qianqiu used spells like seduction to confuse him?”

Tenji asked tentatively.

Xie Huanyu frowned, feeling inexplicably uncomfortable.

Xie Yunzong immediately waved his hand and said, “It shouldn’t be. As far as I know, the three saints practice ruthless swordsmanship.”

“And the first step in cultivating the ruthless swordsmanship is to cut off the body, especially the techniques of seduction, which are basically ineffective in front of the Three Holy Sons.”

Xie Huanyu was actually slightly relieved when he heard this, but there was still a puzzled look on his face.

“As far as I know, Qianqiu Sect is looking for treasures from heaven and earth, and Gong Qianqiu is probably the one who stole Levi Garrison’s divine calamity.”

“If it is dedicated to the gods, there is a high probability that it will attract the attention of the senior officials of the Taixu Shenzong.”

Tiansi speculated.

Xie Huanyu and others showed the expressions they should have.

After all, the Taixu Shenzong majored in swordsmanship, and they happened to lack the magic weapon Zhenzong.

“If that’s the case, the real target of Qianqiu Sect is most likely us!”

Xie Yunzong’s expression suddenly became solemn.

Xie Huanyu’s expression also changed greatly, and his heart was even more uneasy.

If the Three Holy Sons will take action, let alone their few lives will be difficult to save, I am afraid that the entire Cang Qiong Sect will be destroyed.

After all, the Three Holy Sons are the true high-ranking members of the Taixu Shenzong, and to a large extent he represents the attitude of the Taixu Shenzong.

Moreover, Sanshengzi himself is also a well-known genius of the younger generation of Kunlun Ruins, and even ranked in the forefront of the sectarian competition in previous years.

What’s more critical is that even if the Three Holy Sons are destroyed, the Taixu Shenzong will definitely dispatch the strong to take revenge.

In particular, the master of the Three Holy Sons is still the deputy suzerain of the Taixu Shenzong, which definitely belongs to the whole body!

Xie Huanyu and others were afraid, this involved the life and death of the entire sect, and there was no room for sloppiness.

“Hey, if Levi Garrison is at his peak now, we can join forces to fight the enemy together.”

Xie Huanyu said with a sigh.

Xie Huanyu regretted a little, and regretted that he was too arrogant when he went to negotiate, otherwise he would have Levi Garrison by his side.

Even if he loses to the three saints in the end, at least when the Taixu Shenzong is investigated, he can still throw the blame to Levi Garrison.

“Young Master, Great Elder, what should we do next?”

Tian Si’s voice trembled a little when he said this.

The Return of the God of War [The Protector] Chapter 3873

Tian Si has been secretly observing the expressions of Xie Huanyu and others from beginning to end.

When they speculated that the real target of Qianqiu Sect was most likely to be the Sky Sect, there was an irresistible look of fear in their eyes.

Today, Tiansi’s biggest reliance is the Cang Qiong faction. If they let it go, they will be dead.

So Tian Si was also very scared, and even scolded Xie Huanyu in his heart.

If it wasn’t for Xie Huanyu’s arrogance, Levi Garrison would have agreed to come down to the alliance, and the situation would not be as passive as it is now.

“You select all the good seedlings of the Demon Suppression Division as soon as possible, and I will bring them into the Sky Sect.”

Xie Huanyu thought for a moment and said.

Since the Three Holy Sons are likely to attack the Cang Qiong Sect, expanding the sect's strength has become a top priority.

Although there are not many people who can enter the Kunlun Ruins just through the selection of Zhen Mosi, it is still possible to lower the standard.

"No problem!"

Tiansi happily agreed.

This approach is also beneficial to him, after all, he is only a small leader in the sky now.

If you bring in these cronies of the Demon Suppression Division, it will definitely not be able to help him continue to improve his status.

Xie Yunzong said solemnly: "It's best that we solve the base camp with a blitzkrieg, and then take away all the treasures that Levi Garrison has mastered."

"Oh, by the way, didn't you say that Levilia has a wonderful root and bone! Whether we cultivate or dig the root and bone for our own use, we will also take her away."

Xie Huanyu also agreed: "After finishing these things, let's flee back to the Cang Qiong faction immediately. There is really no need to have a head-on conflict with the Three Saints now."

Xie Yunzong continued to add: "That's right, when we return to the sect, we will be ready. If we want to come to the Three Holy Sons, we will not attack the Cang Qiong sect for no reason."

"We still have the great formation of protecting the sect left by our ancestors. Even if we really want to get to that step, the Taixu Shenzong will definitely pay a heavy price."

"That's the decision, launch an attack on the base camp in advance, and make a quick decision."

Tiansi also immediately executed the order, which was also in his best interests.

Not only can he take revenge, but he can also save his life.

So Tiansi sent an order to his confidant subordinates and raided the base camp in the middle of the night.

It was four hours earlier than the time agreed with Qianqiu Jiao.

the other side.

Gong Qianqiu is also completely arranged.

In particular, the deployment of members of the Suppressing Demon Division was extremely thorough, blocking almost all the main points.

“Master, don’t worry, none of Tiansi can escape.”

Dugu Xiao said gloomily.

Duguxiao was arranged by Gong Qianqiu to specifically intercept Tiansi, and his current cultivation base is not a big problem.

And Duguxiao really hated Tiansi very much. In his opinion, the other culprit of the genocide at that time was Tiansi.

Only by killing Tian Si with one’s own hands can the hatred in his heart be relieved.

Gong Qianqiu nodded with satisfaction and said: “The main thing is to let the people of Taixu Shenzong fight with them, and we can just sit and reap the benefits of the fisherman.”

“That’s how it was arranged. Aren’t they all very arrogant? Just tell them that the Heaven’s Chosen from the Sky is too strong and I can’t be defeated.”

“They will take the initiative to take action. If you want me to say, these people are idiots with strong limbs and simple minds.”

“Don’t talk about allies like that. After all, they are the sharpest knives in our hands.”

Gong Qianqiu smiled very proudly, "I don't know how long the base camp with Levi Garrison can last. I hope it will not be destroyed too soon, otherwise it will be too boring."

"This is all due to Master's ingenuity and ingenuity. Isn't Levi Garrison being tricked by you?" Duguxiao complimented.

base camp.

Levi Garrison, who pretended to be dying, also estimated the approximate total attack time of the three-party coalition, and immediately secretly recalled the subordinates who practiced tempering outside.

The Return of the God of War [The Protector] Chapter 3874

Huoyun Evil God, Wen Lei, Zhou Nanyan, and Levilia are the leading figures.

Ning Jinye and the eighty students also rushed back in batches.

In the end, all the members of the Tenshen Division headed by Tiance Shenshuai and Tiance Young Marshal arrived one after another.

During this time, the members of the Tenjin Division also used the super spiritual veins to improve their cultivation under the secret arrangement of Levi Garrison.

Some of them took the medicinal pills provided by Yan Zangsheng, and their overall strength improved.

Although the overall strength of the members of the Tenshen Division has not improved so much, it has reached a level that is second only to those of Ning Jinye.

All parties rushed to the periphery of the base camp, Levi Garrison decided to continue to cheat and wait for the arrival of the final battle.

However, Zoey Lopez, Xiao Feng and others were completely unaware of Levi Garrison's secret arrangements, and they continued to strengthen the defense in all aspects.

Almost everyone was extremely nervous.

Fortunately, these people are all battle-hardened cores, otherwise this pressure alone would be enough to make people completely collapse.

Even so, the heavy responsibilities are also in a state of exhaustion, and they are reluctantly supported entirely by willpower.

Just as everyone was in full swing, Levilia returned to the base camp from the secret road.

Everyone saw Levilia's relaxed and comfortable expression, especially when they heard her humming a little tune, as if she was heartless.

"A child is a child, and there is no sense of crisis at all. How can you still laugh now?"

"The boss is in a precarious state. As a daughter, it's so heartless. It's really sad!"

"Just say a few words less! Our adults are almost crushed, let alone she's a child?"

"Are you saying that there is something wrong with Levilia's spirit?"

"Most likely!"

There was a lot of discussion.

The voice was naturally heard by Levilia, but she couldn't explain it to everyone now.

After this period of super-spiritual quenching, Levilia's strength has also improved significantly.

Although Levilia did not follow the route of extreme devouring exercises, her self-created exercises also had great potential for improvement under the aura of the super spiritual veins.

In other words, there are qualitative differences in the speed of improvement when running Levilia's self-created exercises in different environments.

Especially in the Divine Vein and Holy Vein environment, the speed is not much slower than the extreme phagocytosis technique, and the key is not to be bound by the upper limit of phagocytosis.

"Levilia, there is no news of your child going out, and mother is about to die of worry."

Zoey Lopez complained for a while after seeing Levilia, but she actually felt sorry for her daughter.

"Mom, I'm sorry for worrying you." Levilia said apologetically.

Zoey Lopez rubbed Levilia's head, sighed and said, "Since you escaped, why did you come back?"

"The three-party coalition forces are overwhelming, and we hardly have any chance here. We are all ready to burn all jade and stone."

"Why don't you hurry and escape from here! We have a better chance of covering."

"Mom, the battle is imminent, how can I, as the daughter of you and my father, escape?"

Levilia immediately rejected Zoey Lopez's proposal.

"But the current situation cannot be reversed by stabilizing the military's heart." Zoey Lopez tried his best to explain.

Levilia nodded and said, "I know mom, don't worry too much, our predicament may soon usher in a turning point!"

"I'll go check on Dad's condition first, don't worry too much."

Without giving Zoey Lopez a chance to continue to persuade, Levilia ran away quickly.

Looking at Levilia's back, Zoey Lopez just felt a little confused. Her daughter has always been sensible and knowledgeable, so why can't she figure out the situation this time?

And what about a turnaround?

"Is this kid too optimistic?"

Zoey Lopez was puzzled. Couldn't her daughter feel the urgency of the army outside?

The Return of the God of War [The Protector] Chapter 3875

Levilia also met Phoenix and others on the way to visit Levi Garrison.

Looking at Levilia, who greeted him with a relaxed face, a few people were stunned except for their doubts.

"Levilia, is this child too nervous to become like this?"

Azure Dragon (Qinglong) asked worriedly.

During this time, the pressure on the three-way coalition was indeed too great, and even those who had been on the brink of death for many years were a little breathless.

Let alone a child?

The strength is strong and true, but the psychological quality may not be stronger than them.

"When the war starts, we have to escort Levilia to escape no matter what."

Azure Dragon (Qinglong) said firmly.

Several people nodded in agreement, Levilia was their last hope, especially as long as she was given enough time, there would be no problem with her cultivation base reaching the peak.

“Report, several leaders, suddenly a master attacked and killed us, and our outer guards couldn’t hold it anymore.”

At this moment, someone suddenly reported loudly.

“what?”

Phoenix and the others were stunned.

“According to the plan to meet the enemy, separate the elite to protect the boss, and his physical condition cannot be moved.”

After Azure Dragon (Qinglong) finished his instructions, he led a few people to act separately, some to protect Levi Garrison and Levilia, and some to organize people to go out to fight.

At the same time, Xiao Feng was patrolling the periphery, and she was the first to learn that the strongmen of Zhenmo Division had raided.

“Don’t panic, I’ll go meet Tiansi first.”

Xiao Feng had already accumulated strength and prepared to establish his prestige in the base camp through this battle.

Moreover, Xiao Feng devoured wildly during this time, and his cultivation realm has indeed greatly improved.

Coupled with Gong Qianqiu’s deliberate guidance, Xiao Feng seemed to feel that he could be invincible in the world without the Kunlun Ruins Tianjiao.

“Stay out of the way, and hand over that old mess of Tiansi to Lao Tzu to deal with.”

Xiao Feng ran all the way, and the members of the base camp to defend the enemy gave way.

Seeing Xiao Feng so brave, everyone's hearts were also excited.

"As expected of the senior brother, this aura of giving up on me is really a bit of a master's style."

"Indeed, I hope the senior brother can kill Tiansi."

"There are many Kunlun Ruins powerhouses behind him!"

One sentence made everyone's mood sink to the bottom.

Let's just say that Xiao Feng came directly to the front of the formation and saw Tian Si easily and seriously injured several base camp guards.

"You immortal, look at the tricks!"

Xiao Feng took the lead, aiming directly at Tian Si's chest with a palm.

"You are Xiao Feng, right? Since you are courting death, this seat will take your life sacrifice flag."

Tian Si didn't have the slightest intention to avoid him, so he rushed towards Xiao Feng's attack.

Bang bang bang!

The two released a terrifying energy aura, and they collided with each other to make a deafening terrifying sound.

At the beginning of the period, Tian Si didn't do his best, he thought it would be easy to kill a small fish like Xiao Feng.

However, after the fight, it was discovered that Xiao Feng did not show weakness under his Liu Cheng power.

“You have grown to such an extent?”

Tian Si was a little surprised.

Xiao Feng was instantly inspired, and thought that Tiansi would have no way to take him!

“When you enter the Kunlun Ruins, you think you are invincible in the world. Today, I will teach you how to be a man!”

Xiao Feng roared angrily and launched fierce attacks frequently.

“Insanity!”

Tian Si was furious, and the two instantly fought in one place.

Soon Zoey Lopez, Azure Dragon (Qinglong) and others also came to the scene, and followed the elites of the town magic division to fight together.

At the beginning of the period, none of the Cang Qiong faction joined the battle. In their opinion, as long as Tian Si himself could easily eliminate the guards at the base camp.

As for oneself needing to store up physical strength to deal with the variables, the most important thing is to prevent the strong intervention of Taixu Shenzong from endangering their lives.

However, after the melee between the two sides, Xie Huanyu was shocked to find that it was quite difficult for Tiansi to lead someone to take down the base camp.

At least it is seriously inconsistent with the original intention of the blitz they set.

Xie Yunzong said solemnly.

Xie Huanyu nodded and said, "Okay, make a quick decision."

As soon as the words fell, seven experts from the firmament faction joined the battle group, and the situation soon changed.

After all, these people are strong in the Kunlun Ruins. Although they have not done their best, they are also a dimensional blow to the members of the base camp.

Casualties among base camp members increased dramatically.

As time went on, Xiao Feng's situation became more and more difficult, and now he was completely suppressed and beaten by Tiansi.

Zoey Lopez and others were also injured more or less.

"Catch that kid!"

Xie Huanyu suddenly found Levilia and attacked directly.

"Levilia, be careful!"

Zoey Lopez and others reminded loudly.

Although they wanted to go to the rescue, they were already unable to protect themselves against the attacks of the strong men of the firmament, and they were helpless at all.

Just at this critical moment, there was chaos behind the Demon Suppression Division.

Screams and moans came and went, and sometimes a figure flew out backwards, and finally fell to the ground with serious injuries.

Xie Huanyu and others also suddenly stopped and turned to observe.

"what's the situation?"

Tian Si frowned slightly, followed the voice and saw hundreds of people attacking from all directions.

In particular, the leaders of the army ran rampantly, and wherever they went, the elites of the Demon Suppression Division were killed or injured.

“It’s Nan Yan and Wen Lei!”

“And Huoyun Heretic God and Ning Jinye!”

“Heavenly Commander Tiance and Young Commander Tiance are also here.”

Zoey Lopez and others were overjoyed, these people really belonged to the timely rain.

In particular, everyone found that Wen Lei, Zhou Nanyan and others were powerful, and those elites of the Magic Suppression Division, who were originally very difficult to deal with, were completely vulnerable in their hands.

“Mom, our turnaround is here!”

Levilia said with a smile.

Seeing her daughter’s incomparably bright smile, Zoey Lopez suddenly realized something, but now the situation is special and she doesn’t have time to think about it.

“Do you think you can turn the tide of the war with these few people? Joke!”

Xie Huanyu took the lead and directly met the Huoyun Evil God.

The other Tianjiao of Taixu Shenzong faced Zhou Nanyan and others.

Soldier to soldier to general, this time the battle has become more intense.

“Let me experience the great tricks of the young master of the Cang Qiong faction.”

Before she finished speaking, Wen Lei slapped Xie Huanyu’s chest.

The violent palm wind whistled out, and the surrounding area was squeezed a little distorted because the power was too terrifying.

It was like wrinkled paper, as if it had been torn apart.

“The arrogant junior, today I will show you what the insurmountable power gap is.”

Xie Huanyu did not show weakness, in his opinion, he could kill Wen Lei in seconds.

However, Xie Huanyu completely dispelled this idea when the two palms collided in the void.

The violent energy pressure, even though he had an energy shield on his body, his cheeks still hurt from scratching.

Especially that powerful anti-shock force made Xie Huanyu take a few steps back to stabilize his body.

Of course, Wen Lei was not relieved. She also took a few steps back, but the expression on her face was still calm, but her eyes were a little more solemn.

“There is such a strong person in the secular world?”

The corner of Xie Huanyu’s mouth twitched. Although the palm of his hand didn’t use his full strength, he still needed 60-70% of his skill.

Not only was he unable to kill his opponent in seconds, but Wen Lei gave him a disservice.

This made Xie Huanyu feel disgraced.

“Today you must die!”

Xie Huanyu’s figure disappeared again, his whole body turned into a black shadow, and he appeared behind Wen Lei in the next second.

However, before the shot, he suddenly felt the evil wind behind him.

“Sneak attack?”

Xie Huanyu was shocked, because he found that his body had a brief stagnation.

As if locked by some invisible force.

The Return of the God of War [The Protector] Chapter 3877

The cultivator's early warning of the crisis continued to become stronger, and Xie Huanyu suddenly had a bad premonition in his heart.

A slightly stagnant figure is nothing to ordinary people, but for a powerhouse of the same level, life and death can be decided in an instant.

Terrifying energy fluctuations came suddenly.

"not good!"

Xie Huanyu didn't have time to think about it, and directly operated the body-protecting exercises.

Layers of thick energy shields burst out, as if several thick armors had been put on Xie Huanyu.

boom!

The palm of the hand carried the fierce palm wind and smashed it firmly on Xie Huanyu's back energy shield.

Clap clap!

The energy shield cracked open in an instant, like a spreading spider web.

With the subsequent strong impact, several energy shields shattered.

Xie Huanyu was finally unable to stand still, and was directly shaken by the powerful force, and he leaped more than ten feet away before he could stop his body.

“hateful!”

Xie Huanyu wiped the blood on the corner of his mouth and cursed.

He was shocked by the sneak attack just now.

Although it is not a particularly serious internal injury, the blood in the body is also agitated.

“You bastard monkeys, this seat will blow your bones to ashes today.”

Xie Huanyu was burning with anger, the veins on his forehead jumped, and he was injured by a martial artist in the secular world. If this were to spread out, what face would he have to stand in the Kunlun Ruins?

“Nan Yan be careful, this guy is crazy.”

Wen Lei reminded with a solemn expression.

It was Zhou Nanyan who attacked just now. As soon as she killed several elite disciples of the Suppression Magic Division, she found that Xie Huanyu had an opportunity.

“Don’t worry, it’s okay, if I knew that his skin was so thick, I should have added a little more power just now.”

Zhou Nanyan was a little remorseful, thinking that Xie Huanyu would be severely injured by the sneak attack, but he never thought that he was only slightly injured.

“Dare to hurt my young master, you are courting death!”

One of them, Tianjiao of the Sky Sect, felt that his chance to express himself had come.

This Tianjiao launched a frantic attack on Zhou Nanyan.

Zhou Nanyan raised her eyebrows slightly, and her whole person released a fierce fighting spirit.

Bang bang bang!

The figures of the two flickered, and at the beginning of the period, they could barely see the moves, and then there was the sound of heavy and dull beating.

“Your opponent is me!”

Seeing that Wen Lei wanted to help, Xie Huanyu attacked again.

This time, Xie Huanyu seemed to be going crazy, not giving Wen Lei any chance to breathe.

Fortunately, Wen Lei’s strength has been qualitatively improved after several super spiritual veins to quench her body, otherwise she would not be able to withstand such an offensive.

But as time passed, Xie Huanyu discovered that Wen Lei was like a ball of cotton, no matter how hard you exerted, she could always be resolved by her.

The feeling of having endless energy but no strength point really made him extremely depressed.

“hateful!”

“Lowly monkey!”

“This work will smash your corpse into thousands of pieces!”

Xie Huan gradually began to lose control of his emotions, and even had a tendency to develop into a strong mouth king.

However, the more anxious Xie Huanyu became, the less able it was to really hurt Wen Lei.

On the contrary, the situation of absolute repression gradually changed into a position of equals, and in the end Wen Lei had the upper hand.

“Young master is about to lose his mind, it’s impossible to continue like this.”

Xie Yunzong saw the change in Xie Huanyu, because in this state of mind, he could not exert his real combat power at all.

It is even very likely that the opponent will seize the opportunity to be seriously injured.

“Hurry up and help the young master out of trouble...”

Xie Yunzong’s words came to an abrupt end, because he found that the other Tianjiao of the Cang Qiong faction had fallen into a hard fight.

Especially Tianjiao, who was fighting with Zhou Nanyan, was completely suppressed.

“How could this be? How could Levi Garrison’s subordinates suddenly appear so many masters?”

Xie Yunzong was puzzled.

With this development going on, it is only a matter of time before the subordinate who fought against Zhou Nanyan was seriously injured or even killed.

The Return of the God of War [The Protector] Chapter 3878

The others were not much better either, they were entangled, not to mention, and even two of them had received internal injuries.

“This is not possible, we must get out of the battle situation as soon as possible, otherwise there is a possibility that the entire army will be destroyed!”

“Now is the time to be distracted, old man, watch the fist!”

The icy voice of the Fire Cloud Evil God rang out from behind him.

Xie Yunzong's heart froze, and the acute crisis warning suddenly became strong. He knew that it was too late to avoid it at this moment.

Busy running the body protection exercises.

In an instant, a violent force came from the back, and the energy shield that had just condensed was shattered several layers.

Xie Yunzong rushed out, and the blood in his body was agitated, but fortunately he tried to suppress it, so he didn't vomit blood.

"hateful!"

Xie Yunzong was so angry that his facial features were a little distorted, and he wished to smash the Huoyun Evil God to ashes.

However, reason told him that it is not suitable to stay here for a long time, not to mention that Levi Garrison's "heavenly soldiers" are difficult to deal with.

If the time drags on, Qianqiu Sect and Taixu Shenzong will definitely kill them when they hear the news.

"Young Master, the situation is not good, hurry up!"

Xie Yunzong reminded loudly.

However, Xie Yunzong didn't remind him that it was okay, so the reminder directly caused the other Tianjiao's expressions to stagnate, and they were directly hit by the opponent.

Pfft!

Pfft!

The two were killed on the spot.

The other three were seriously injured.

Even Xie Huanyu was hit with three palms in a row, blood spilled from the corners of his mouth, and his face was extremely pale.

“Walk!”

Xie Huanyu also realized that the situation was not good, and the strength of Levi Garrison’s subordinates was far beyond imagination.

Tian Si’s face was also extremely ugly, and at the beginning of the period, Xiao Feng could still be suppressed with all his strength.

But suddenly Ning Jinye and others joined the battle group, which directly put him into a hard fight.

It is impossible to win, and even suffered some internal injuries.

Xie Huanyu and Xie Yunzong fought with all their might, directly smashed a bloody path, and fled with Tiansi and three Tianjiao in a hurry.

Two corpses of Tianjiao Tianjiao were left behind.

“Don’t chase after the poor!”

After all, the situation is unclear now, and the people of Qianqiu Sect and Taixu Shenzong are still missing.

In fact, Wen Lei and others are not easy, even if Xie Huanyu and others are repelled, but they also consume a lot, and some people suffer from internal injuries and need to be recuperated urgently.

the other side.

Qianqiu also got the message.

“What? The Town Demon Division launched an attack so long in advance?”

Gong Qianqiu’s face was full of surprise.

Since Tiansi and the others are the absolute core of their actions, Qianqiu Jiao was buried in the eyeliner of Zhen Mosi without realizing it.

“No, they should be thinking of quickly solving the battle, and then robbing the treasures controlled by Levi Garrison’s base camp.”

Xue Pengzhan said solemnly.

Others agree with this inference.

“Never let them succeed.”

Gong Qianqiu said coldly.

“I’m afraid it’s too late to rush over now. With their strength, they really want to launch a general attack. Levi Garrison’s useless men can’t bear it at all.”

However, before Xuan Ming could finish his words, someone outside came to report.

“Reporting to the sect master, Levi Garrison’s base camp was suddenly supported by many masters, and the Tiansi and the strong men of the Cangqiong faction fled with heavy casualties.”

A stone stirred up a thousand waves.

Everyone present was shocked.

“how can that be?”

“Where did they come from? Can they beat Xie Huanyu and the others with heavy casualties?”

“It’s really incredible.”

Gong Qianqiu pondered for a moment, and finally said: “No matter where they come from, it should be the end of the shot at this moment, and our great opportunity has come.”

Everyone was stunned for a while, and then they realized the meaning of this sentence.

“So we are attacking the base camp now, just to take advantage of the fisherman.”

Xuan Ming smiled happily.

Gong Qianqiu nodded and said: “Go on, attack Levi Garrison’s base camp across the board, and annihilate together with the Suppressing Demon Division.”

The Return of the God of War [The Protector] Chapter 3879

Inside the base camp.

Everyone is cleaning the battlefield, watching the elites of the town magic division who are either mourning or dying.

In particular, there were also two corpses of the Sky Sect powerhouses, and everyone present was shocked.

Zoey Lopez also looked at Wen Lei, Zhou Nanyan and others in amazement, with too many doubts in his heart, but for a while he didn’t know where to start asking.

“How did Wen Lei and the others do it? This kind of combat power is incredible!”

Zoey Lopez suddenly recalled the scene when he saw Levilia returning to the base camp with a face full of ease.

She remembered that she had persuaded her daughter to flee as soon as possible to avoid being killed.

But Levilia said that there was no chance of a turnaround, and in turn persuaded himself not to worry too much.

"You must know something!"

Zoey Lopez is very sure that her daughter will not be unpredictable. Since she is acting like that, it must be the information she learned in advance.

Besides, considering the state of the base camp members some time ago, if they had known that there was such a powerful reinforcement, they would have been overjoyed.

It's easy for one or two people to act, but if all the actors are acting and no flaws are found, it will be difficult.

"After the battle is over, you must ask Levilia to clarify."

Zoey Lopez made up his mind secretly.

"Nan Yan and Wen Lei's strengths are too terrifying!"

"I didn't show the mountains and waters before, and I didn't think that a king bomb would come directly as soon as I made a move."

"Isn't it, especially even Jinye's cultivation base is so strong, it's like a different person from before!"

"We've all been left far behind."

Phoenix and the others talked a lot, and they thought it was incredible.

I thought that the entire army would be destroyed in this battle, but I never thought that the reinforcements from the sky would come to a desperate turnaround.

"Wen Lei and Nan Yan are both the boss's basic exercises. It seems that the progress in the early stage is slow, but the upper limit is extremely high!"

"Back then, the boss also suggested that I practice basic exercises, but I was eager for success at the time, so I practiced Levilia's exercises."

"I really regret it!"

Phoenix said with some regret.

Azure Dragon and others also felt the same, regretting that they had listened to Levi Garrison's advice, otherwise they would be even more helpful in times of crisis today.

The one who was most shocked was Xiao Feng.

He originally imagined that he would become the most beloved pillar under Levi Garrison in one fell swoop by virtue of this battle.

However, Yu Tiansi was pressed and beaten almost all the way in the battle. If someone didn't help him later, he might even have died.

The key point is that the most ironic thing for him is that it is Ning Jinye who came to help.

The person who was beaten down by himself for slandering Gong Qianqiu.

Especially after seeing the strength of Ning Jinye, Xiao Feng felt even more ashamed.

"How did Ning Jinye grow to such a state in just a few days?"

Xiao Feng was perplexed. The last conflict Ning Jinye was not one of his own, but now he is a little stronger than himself.

Recalling that some time ago, Ning Jinye and the 80 students he led went out one after another, and Xiao Feng felt that there was a big problem.

"Don't they go out for so-called missions, but for secret training?"

Thinking of this, Xiao Feng felt more and more that this possibility existed.

Especially during that time, Wen Lei and others also disappeared, and even Master Levi Garrison left occasionally.

Even Zoey Lopez and others didn't know where he was going.

"It must be Levi Garrison who gave them a secret special training."

“Otherwise, these people will never be able to improve so fast.”

“Before I lost money, I thought of him as a master, and I didn’t think of Laozi at all during the special training.”

“Damn! It’s terrible!”

The more Xiao Feng thought about it, the more angry he became.

Especially thinking of the plan to become famous in battle before, but now Wen Lei and others have become the saviors of the base camp.

Everyone looked at them with gratitude and admiration.

The Return of the God of War [The Protector] Chapter 3880

“These should all belong to me.”

“It’s all to blame Levi Garrison for opening a small stove for others behind my back.”

“I knew I had a chance not long ago and I would make up for it.”

Xiao Feng’s chest was full of anger, and his fist was clenched until it creaked.

“It was these people who stole the glory that belonged to Lao Tzu.”

“You all wait for Lao Tzu, and one day, all of you will regret ignoring Lao Tzu.”

Xiao Feng roared in his heart, if anyone was beside him, he would find that his eyes were once again occupied by purple and black.

It looks so weird!

the other side.

Inside the Qianqiu Church General Altar.

Gong Qianqiu only issued the order, but Xuan Ming blocked it one step ahead.

“Master Gong, don’t you have an old acquaintance by Levi Garrison’s side! You can completely understand the situation through him before making a decision.”

“After all, the fact that the Vault Sect was repelled is really incredible.”

“Since we want to eliminate them, it is still very necessary to know ourselves and our enemies.”

Gong Qianqiu’s eyes narrowed slightly, and he felt that Xuan Ming’s words were very reasonable.

“You are right. Knowing yourself and knowing your enemy will not end in a hundred battles. I will contact Xiao Feng to find out.”

After speaking, Gong Qianqiu quickly took out the communication tool to contact Xiao Feng.

And Xiao Feng was originally depressed, and Gong Qianqiu took the initiative to contact him, which comforted him.

“Xiao Feng, how are you doing now? Tiansi actually took action against you in advance.”

“It’s all my fault that my level is too low, and I didn’t get the information as soon as possible, otherwise you would be able to make defensive arrangements in advance.”

Gong Qianqiu was the first to express concern and guilt.

“Qianqiu, I’m fine!”

Xiao Feng really used it very much, and in turn comforted Gong Qianqiu: "Qianqiu, don't blame yourself, how can you blame you?"

"This time, it's the masters of Tiansi and the Cang Qiong faction, and even those elites of the Demon Suppression Division are absolutely confidants."

"With your status in the Town Demon Division, it's impossible to get information."

Gong Qianqiu continued to ask: "Well, I can rest assured that you have nothing to do. By the way, are the casualties on your side serious?"

"If I didn't want to find out more information for you, I would like to rush over to help now."

"No, it's too dangerous here."

Xiao Feng blocked it directly, and was afraid that Gong Qianqiu would think too much, and continued to explain:

"You don't come here now, the strong men of Qianqiu Sect and Taixu Shenzong still don't know when they will attack!"

"The strength of those people is too terrifying. You can't help you here. I have to be distracted to protect you."

"As for the serious casualties, even Wen Lei and the others should have suffered internal injuries. Now they are meditating on the spot!"

Then Xiao Feng explained in detail what he had learned, especially the doubts about Wen Lei and others' rapid improvement in cultivation.

All the details were told to Gong Qianqiu.

"So the master's situation has not improved in the slightest?" Gong Qianqiu asked tentatively in a concerned tone.

Xiao Feng nodded and said, "Yes, it's a bit more serious than the previous two days. I guess I won't survive for a few days."

“If it weren’t for this, I would have already shot to make up for the knife. Who told him to shoot you when he didn’t know anyone?”

Gong Qianqiu of course knew that Xiao Feng was taking credit, and immediately praised him very cooperatively.

In particular, he also expressed the meaning of wanting to stay with Xiao Feng, which made Xiao Feng fluttering.

“Then let’s do this first, I will continue to help you explore the information of the Zhenmo Division, let’s not talk about it!”

Gong Qianqiu cut off contact without waiting for Xiao Feng to respond.

“how is the situation?”

Xuan Ming hurriedly stepped forward and asked.

Gong Qianqiu directly explained the general situation.

Everyone present was shocked and puzzled, especially when Wen Lei and others suddenly increased their combat power, they couldn’t understand it.

“Wen Lei’s combat power is a mystery, so they can’t act rashly. To be safe, let’s go and ask the Three Holy Sons!”

Gong Qianqiu suggested.
