The Return of the God of War [The Protector] Chapter 3891 - 3897

“Holy Son, be careful!”

Xue Pengzhan reminded loudly.

At the same time, the two Tianjiao of the Taixu Shenzong who were close to each other quickly shot and intercepted the three saints and Levi Garrison.

“Oops, go back!”

The eyelids of the three saints and the light glanced behind them, and the golden fists bloomed faintly, already shrouding the two geniuses.

puff puff!

Two groups of blood mist burst out, and the two Tianjiao died before they even had time to speak.

However, they finally slowed down the speed of Levi Garrison’s attack a little, and gave the Three Saints a chance.

“Levi Garrison, this seat will smash your corpse into ten thousand pieces!”

The three saints were furious, and because the left shoulder was severely injured, he had to reluctantly stretch out his right hand and draw out the ancient bronze sword.

The piercing sword glow caught people’s eyes.

sizzle!

There was a constant sound of sucking cold air at the scene.

Gong Qianqiu finally came back to her senses. Seeing that two Taixu Shenzong Tianjiao died in an instant, she felt a strong sense of fear from the bottom of her heart.

“Master Gong, now is not the time to be stunned, you and I have a chance to win together.”

The three holy sons sound transmission.

Gong Qianqiu nodded and responded: “What the Holy Son said is very true. Next, I will be mainly responsible for attacking the left wing.”

“it is good!”

The three holy sons and Miya Chiaki quickly made a challenge plan.

“Tai Xu Sword Art!”

The three saints urged the superior swordsmanship of the sect, and saw layers of sword energy suddenly appear from the bronze ancient sword.

It quickly condensed into a near-substantial long sword shape in the void, and in the end it was several feet long and wide.

“go!”

The three holy sons waved their arms, and the giant sword that the huge sword gas transformed into instantly transformed into countless small sword shapes.

Each short blade of sword energy is about the size of an ordinary dagger, and it surrounds Levi Garrison from all directions, giving Levi Garrison no space to escape at all.

Chi Chi Chi!

“Levi Garrison, go to hell!”

At the same time, Gong Qianqiu also waved his arms continuously.

The violent energy turned into layers of palm shadows, overwhelmingly smashing towards Levi Garrison's position.

I have to say that the two cooperated seamlessly, and the terrifying energy pressure made the rest of the people shudder.

Wen Lei, Zhou Nanyan and others were worried about Levi Garrison's injury, so they planned to step forward to help.

"None of you come here, I will deal with these two by myself."

Levi Garrison's tone was decisive, and there was no room for negotiation.

Everyone stopped and no one moved rashly.

Of course, Levi Garrison is by no means arrogant. In the face of the joint attack of Sanshengzi and Gong Qianqiu, even if others come forward to help, it is of little significance.

It may even be seriously injured because of the difference in strength, which distracts Levi Garrison.

It's better for him to deal with it by himself, but he can completely use his fists without any scruples.

"Good come!"

Levi Garrison was awe-inspiring, quickly running the basic exercises, and layers of energy shields carrying golden halos appeared around his body.

Clang!

Clang!

Clang!

The air blade kept hitting the energy shield, and it actually made a very harsh symphony of gold.

However, this air blade attack like a violent storm just broke through the outermost energy shield, and the energy has been dissipated.

Even with Gong Qianqiu's palm wind attack, Levi Garrison's clothes were still not touched.

"Is that all you have the patience for?"

Levi Garrison's playful voice sounded: "The three holy sons of Taixu Shenzong are just like this."

despise!

Scarlet contempt!

The blue veins on Sanshengzi's forehead collapsed, and his teeth creaked.

Even within the Taixu Shenzong, the three holy sons are highly respected, when have they suffered such humiliation?

"Levi Garrison, you are so arrogant! There is still a trick in this seat, you just wait to die!"

The Three Holy Sons were resolute again, and the ancient bronze sword came out of his hand.

The ancient sword was suspended in the void and turned over quickly, and the surrounding spiritual energy continued to pour into the ancient sword.

Buzz!

As the spiritual energy of heaven and earth continued to pour in, the ancient bronze sword vibrated slightly and made a low sound.

The Return of the God of War [The Protector] Chapter 3892

“The spiritual energy in the secular world is really lacking, and it is impossible to gather too much spiritual energy in a short period of time for the use of sword art.”

The three saints were a little depressed, and had to urge the infuriating energy in the body to inject the ancient sword, in order to increase the strength of the ancient sword and the sword.

Gong Qianqiu is also not idle, urging extreme swallowing exercises, and the whole person has been wrapped in rich black energy.

Immediately, it turned into a black air blade with a length of several meters, as if the power was too terrifying, and the surrounding void seemed to be slightly distorted.

Chi Chi!

The terrifying corrosiveness of the black air blade is obviously highly poisonous, and some people with lower cultivation bases are simply dizzy when they are simply smoked by the poisonous air.

“kill!”

As the three saints shouted violently, the two attacked at the same time again.

Seeing that the three saints seemed to be integrated with the ancient bronze sword, the sword in both hands was like an arrow from the string, and it shot directly at Levi Garrison’s heart.

Gong Qianqiu held a black energy blade in his hand and slashed at Levi Garrison’s neck.

Both of them were extremely fast, and they arrived in the blink of an eye.

“It barely looks like it!”

The corners of Levi Garrison's mouth rose slightly, and he could feel that the two had used their power to the extreme.

This is basically their strongest attack.

Levi Garrison not only did not dodge, but rushed towards the attack of the two.

"Receiving the air blade attack of this seat with your bare hands? Levi Garrison, you are courting death!"

The three saints were furious, and he never thought that Levi Garrison would be so arrogant.

Even in the face of such an attack, his master would avoid his edge to be on the safe side.

"Damn, Levi Garrison, you look down on people too much."

Gong Qianqiu is also furious, this is almost her strongest attack, Levi Garrison is actually ready to fight with bare hands?

However, in the next moment, both of them were a little dumbfounded.

Seeing Levi Garrison's hands pop out, he actually caught their attack abruptly.

"how can that be?"

Sanshengzi and Gong Qianqiu both felt incredible.

Because no matter how hard they attacked, they still couldn't get in.

The energy shield around Levi Garrison's palm was slowly pierced several layers, but he still couldn't touch his skin.

The three parties just froze in mid-air.

"Break it to me!"

After a while, Levi Garrison shouted loudly, and the violent energy burst out, spreading rapidly from the palm of his hand to the surroundings.

Clap clap!

Gong Qianqiu's black energy blade light shattered first.

And she herself was finally unable to resist the pressure of energy, and was blown away by the earthquake.

puff!

During the rapid retreat, Gong Qianqiu couldn't hold back a mouthful of blood.

The three saints were not much stronger, but they persisted for a while longer than Gong Qianqiu.

The outer sword gang was completely shattered by the power that Levi Garrison burst out.

And the ancient bronze sword was finally overwhelmed and shattered into several pieces.

Bang!

The three holy sons were also shaken and flew a dozen feet away, and fell heavily to the ground.

Crushed with bare hands!

A chilling chill spread from the top of Gong Qianqiu and Sanshengzi's heads to the soles of their feet.

Both of them showed horror and fear in their eyes.

"Even if it's pure body cultivation, isn't it too scary?"

Gong Qianqiu swallowed hard.

Peeking at the three holy sons, he saw that the latter's face was pale and his body was trembling slightly.

The blood on the corner of his mouth was particularly dazzling, and it was obvious that he also suffered serious internal injuries.

"My sword!"

The Three Holy Sons are heartbroken, this is one of the few treasured swords in the sect, and it has been crushed to pieces in the secular world.

When I return to Taixu Shenzong, how should I explain to my master?

Wait... This issue should be considered after the real escape!

"Get out!"

Gong Qianqiu and Sanshengzi burst out with strong escape thoughts at the same time.

"Qianqiu Cult Dead Corps, cover the retreat of this leader."

Before he finished speaking, hundreds of black-clothed dead men rushed forward without fear of death.

Xue Pengzhan and another Taixu Shenzong Tianjiao also rushed over to protect the three saints.

“kill!”

Levi Garrison suddenly released the Qi machine, and the terrifying energy coercion spread out.

The figures of those who rushed up to protect the master were slightly sluggish for a moment.

Bang bang bang!

Blood mist continued to burst out in the field, and in an instant, dozens of Qianqiu’s dead soldiers died in Huangquan.

However, the spirits of these people have long been completely controlled by Gong Qianqiu. Although their companions died tragically, they were still not afraid and continued to swarm up.

The members of the base camp finally recovered and rushed over to help.

Although the strength of the Qianqiu Cult deceased was very different from that of Levi Garrison, they had a numerical advantage, which delayed Levi Garrison’s attack a little.

This also created an escape opportunity for Gong Qianqiu and others.

“Go away!”

Levi Garrison has been staring at Sanshengzi and Gong Qianqiu.

After quickly finishing the death of several Qianqiu priests in front of him, Levi Garrison wanted to step away to chase and kill the two of them.

However, suddenly two figures stopped in front.

“If you want to kill the Holy Son, let’s pass our level first!”

Two Taixu Shenzong Tianjiao obstructed.

Of course they knew that they were not Levi Garrison's opponents, but if they escaped at the moment, they would be chased by the Three Saints and even the entire Taixu Shenzong in the future.

So they rushed forward bravely, hoping to hold Levi Garrison at the expense of injury for even a moment.

"Since you are courting death, I will definitely succeed."

Levi Garrison didn't hold back any hands, and threw two punches directly.

The two Taixu Shenzong Tianjiao tried their best to resist, but they were instantly enveloped in fists and turned into powder.

Spike!

Levi Garrison didn't hesitate at all, and planned to continue chasing Gong Qianqiu and Sanshengzi.

However, it was just this moment's effort that countless Qianqiu taught the black-clothed dead men to charge up.

Even though Levi Garrison was able to kill in seconds, he was indeed dragged down, especially because there were more Qianqiu Cultists rushing to kill members of the base camp.

It is possible to ignore it and continue to chase and kill, but the members of the base camp will probably suffer heavy casualties.

Naturally, Levi Garrison would not see this happen, and had no choice but to stay behind.

Kill as many Qianqiu Cultists as possible to reduce the pressure on the rest of the base camp.

With the addition of Levi Garrison, a top-level combat force, the balance of the entire battle situation tilted towards the base camp.

Moreover, the reason why the Qianqiu Sect was in a stalemate just now was because of the numerical superiority. Levi Garrison joined the battle group and directly killed these sectarians to throw away their armor and armor.

Coupled with the fact that Gong Qianqiu fled at the front of the battle, Qianqiu taught the crowd without a leader and lost their will to fight.

“Kill, don’t let Qianqiu Sect have a chance to revive.”

Under Levi Garrison’s order, the members of the base camp and their affiliated forces fought back across the board.

Qianqiu Jiao retreated and suffered heavy casualties.

The eighty students led by Zhantian Shensi and Ning Jinye were brilliant, killing Qianqiu’s disciples to cry.

In less than two hours, everyone drove the Qianqiu sect members and vassal forces back dozens of miles in all directions.

Levi Garrison led the crowd to a great victory.

And this message quickly spread to all corners of the world.

Especially the many remnants of the forces that were suppressed by Levi Garrison before, all wanted to see the joke of Levi Garrison’s side being destroyed.

“Levi Garrison’s strength is too strong, and even the Kunlun Ruins can be defeated.”

“You can’t provoke Levi Garrison in the future. It is said that the four Kunlun Ruins powerhouses were all killed by Levi Garrison with one punch. The strength is simply too abnormal.”

“The forces of the Qianqiu Sect level have ended in fiasco, let’s hurry up and find a place to hide!”

If there is no panacea to maintain, Gong Qianqiu's internal injury may have been out of control.

In Taixu Shenzong, only Xuan Ming, Sanshengzi and Xue Pengzhan escaped.

The remaining four Taixu Shenzong Tianjiao died in Huangquan in order to cover the retreat of everyone.

"Bastards, monkeys in the secular world, this seat will kill you all."

The Three Holy Sons had already reached the point of despair.

Especially thinking that the ancient bronze sword that Master passed on to him was crushed by Levi Garrison's bare hands, the Three Holy Sons became even more depressed.

"How can I explain this to the master!"

Sanshengzi was extremely annoyed, the blood in his chest surged again, and there was blood overflowing from the corners of his mouth.

He hurriedly threw a few pills into his mouth, and the churning blood was barely quelled.

Xuan Ming and Xue Pengzhan were also stunned, and they didn't have the arrogance and arrogance they used to be.

In particular, recalling the scene where Levi Garrison smashed his companion with a punch, Xue Pengzhan had lingering fears, and even his back spine shivered with chills.

"Qianqiu, hurry up and pack your things and leave here with me."

"With Qianqiu teaching those so-called dead men, there is no way to stop Levi Garrison."

"It is estimated that they will kill them soon."

Sanshengzi urged, and by the way handed Gong Qianqiu a few medicinal pills.

Although I couldn't catch Levilia as a cultivation seedling, Gong Qianqiu's talent is also very good.

In particular, Gong Qianqiu's own combat strength is not bad, and taking her can also be prepared for emergencies, after all, Levi Garrison may kill him at any time.

At that time, with Gong Qianqiu's assistance from the side, the probability of escape can also be greatly improved.

"As ordered!"

Gong Qianqiu once again showed a respectful attitude.

She knew very well that her only hope was the Three Holy Sons, and only by firmly hugging the thigh of the Taixu Shenzong could she save her life in return.

Gong Qianqiu quickly packed up the valuable belongings, and at the same time selected hundreds of confidants and elites to escape with the three saints.

Of course, the most important thing is the divine robbery. Gong Qianqiu disguised the divine robbery well behind his back. This is his biggest reliance on the Taixu Shenzong to gain a firm foothold.

“Master Bone, have you prepared all the medicines ready?”

Before leaving, Gong Qianqiu asked in a deep voice.

“everything’s ready.”

Master Bone continued gloomily: “Don’t worry, Sect Master, you will definitely give Levi Garrison a surprise to them.”

“Very good, we withdraw!”

Gong Qianqiu nodded with satisfaction, and then followed Sanshengzi and others to evacuate the main altar non-stop.

In fact, it didn’t take long for Gong Qianqiu and the others to escape, Levi Garrison and the others had already killed the outer corpse pit.

“Boss, there’s something wrong with the front!”

Phoenix wiped the sweat from his forehead and reminded.

Levi Garrison looked in the direction of Phoenix’s finger and saw the fog in front of him.

The gloomy wind was blowing, revealing a biting chill, especially in the mist as if a figure was shaking.

And the movements of those figures are extremely strange, to be exact, they should be very stiff, like marionettes.

They finally let out a very weird howl, like the scream of a ghost in a horror movie.

“It is said that the corpse pit is full of yin, and in the later period of Gong Qianqiu, he slaughtered all kinds of hostile forces in order to increase the yin in this place.”

Azure Dragon said solemnly: “And the bone master is good at all kinds of sorcery, those should be the corpses they controlled with special methods.”

“Kill the past!”

Levi Garrison said coldly.

Now that you have come here, naturally you will not give up halfway.

Levi Garrison didn't want to have troubles later, otherwise the base camp would be harassed by the remnants of Qianqiu again sooner or later.

Members of the base camp and affiliated forces roared out, fighting with the corpses controlled by special drugs.

However, because there were too many corpses, and they were not tired and had no pain, Levi Garrison's attack was not smooth.

“Get out of the way for me.”

Levi Garrison burst out.

Everyone withdrew from the battle to make way for Levi Garrison.

Those corpses controlled by drugs continued to charge fearlessly.

“piss off!”

Levi Garrison ran the basic exercises, a golden halo appeared around his body, and the whole person was like a god coming into the world.

Immediately, he threw a punch at countless corpses.

With this punch, the sky and the earth changed color, and even the cloudy wind and dark clouds that had been backlogged for several years were blown away.

The violent energy is like a hurricane passing through, sweeping away everything in front of it.

Clap clap!

Countless dead corpses were swept away and instantly turned into annihilation powder.

“Come again!”

“Death to Lao Tzu!”

Levi Garrison smashed several punches in a row, and even the cumulus clouds above the corpse pit collapsed without a trace, and the sun finally shone all over the earth.

Then look at the surrounding corpses that can move are all emptied, turned into annihilation powder and scattered in the wind.

A majestic hall in front of them also appeared in front of everyone.

Chiaki teach!

Three big characters with a strange pen style appeared on the plaque in the middle of the hall.

"It's here, everyone search with me!"

Levi Garrison said solemnly.

Everyone filed in, and soon everyone found that the Qianqiu Sect's main altar was empty.

"Escape?"

Levi Garrison frowned, he really didn't expect Gong Qianqiu and others to be so fast.

He hurriedly released his strength and quickly probed the surroundings. It didn't take long for Levi Garrison to discover some suspicious auras.

"Found you!"

Levi Garrison was overjoyed, and immediately ordered Wen Lei and others to follow him, after all, others had limited feet.

Wen Lei, Zhou Nanyan and others followed Levi Garrison all the way, and soon saw dozens of Qianqiu elites.

Levi Garrison can clearly feel that the strength of these people is much more than that of the dead men in black.

"It's Levi Garrison who are chasing after them!"

"Fight for them, and help the leader to delay time."

"Long live the Qianqiu teaching!"

Dozens of people stopped and directly blocked their way.

In fact, Levi Garrison had already heard what these people were talking about.

"Say Gong Qianqiu's whereabouts, and I can keep you alive."

Levi Garrison said in a cold tone.

“Levi Garrison, you can’t expect to know the whereabouts of the leader from our mouths.”

“Thousands of autumns teach thousands of generations to live forever.”

Dozens of Qianqiu Sect’s absolute henchmen shouted in unison.

Levi Garrison said coldly: “Kill it! I will continue to track it.”

Before the words fell, Wen Lei and others took action, and Levi Garrison continued to follow the breath sensor to track away.

Later, Levi Garrison discovered other Qianqiu Cult elites one after another, but these people were all fighting to the death without exception.

Levi Garrison didn’t make any more words to persuade him to surrender, and directly killed a bloody path.

“It looks like these people were thrown out because they were too slow.”

Levi Garrison made a judgment and tracked it for more than a hundred miles. There was a desert in front of him, and there was a dead silence.

The power was released again to search in a carpet-like manner, but the breath of Gong Qianqiu and others was not found.

There were no footprints on the ground for a long time, the wind was blowing, and the yellow sand was everywhere, as if everything here was going to be sealed in the ground.

“Let’s chase it forward and see what’s going on!”

Levi Garrison searched for dozens of miles into the depths of the desert, but there was still no trace of Gong Qianqiu and others.

“It seems that they have most likely escaped into the Kunlun Ruins.”

Levi Garrison sighed softly.

This is also the point that Levi Garrison has neglected the most, that is, there is no way to know the specific route to enter the Kunlun Ruins.

Back then, whether Tiansi and Cang Qiong Sect, or Xuan Ming and Taixu Shenzong, all had a deadly feud with their own side, and it was even more impossible for them to tell the details.

“It seems that the arrogances of the Taixu Shenzong are still too hastily killed.”

Levi Garrison felt a little regretful in his heart. If he had captured those people alive, he might have been able to find out the route to the Kunlun Ruins.

So it will not follow blindly like it is now.

The Return of the God of War [The Protector] Chapter 3896

“Gong Qianqiu, Sanshengzi, Xuanming and Duguxiao, even if I catch up to the ends of the earth, I will not let you go.”

Levi Garrison muttered to himself.

The murderous aura spread out from his body, forming a terrifying energy vortex with him as the center, and at the same time rolling up the yellow sand in the sky.

At the beginning, Tian Si and Xuan Ming could find the legendary Tianmen, so they could find it too.

Now it seems that the entrance to the Kunlun Ruins should be something hidden similar to the door of energy.

And this door is the energy wall that blocks the explosion of the spiritual energy of heaven and earth. Inside the door is the Kunlun Ruins, and outside the door belongs to the secular world.

Just as Levi Garrison was thinking, Wen Lei and others also caught up.

Levi Garrison left a mark along the way when he followed.

In addition, in the desert, only Levi Garrison released a powerful breath, Wen Lei and others quickly locked his position.

“Mr. Ye, did they escape?” Ning Jinye asked in a deep voice.

Levi Garrison nodded and said, “Yeah! After all, they have the Three Holy Sons to lead the way, I am afraid they have already escaped into the Kunlun Ruins.”

“Brother, the three saints were seriously injured by you this time. It is said that his master is the deputy suzerain of the Taixu Shenzong, and he is likely to take revenge in the future.”

Zhou Nanyan reminded with a serious face.

Others agreed with this inference.

The four great arrogances perished on the spot, and the three saints, Xuan Ming and others returned.

Taixu Shenzong will not easily let Levi Garrison go, whether in public or private, this hatred must be forged.

I’m afraid it won’t be long before they come over and ask for trouble.

“Although it can be regarded as the arrogance of the two major sects, we still don’t know how deep the water in the Kunlun Ruins is.”

“Especially in this Taixu Shenzong, the three saints are certainly not the opponents of King’s Landing, but it is impossible to know how strong the deputy suzerain or even the suzerain is.”

“The enemy is in the dark and I am in the light. It’s really hard to guard against it!”

Wen Lei and others said one after another.

The joy of victory not long ago disappeared at this moment, replaced by solemnity.

The Taixu Shenzong's influence and contacts in Kunlun Ruins are immeasurable. Once they gather many powerful people to take revenge, the outcome is still incalculable.

No matter how strong Levi Garrison's combat power is, as long as there are a few more powerful people at the level of the Three Holy Sons, I am afraid that he can be dragged down.

And whether others can withstand the attack of a strong enemy, then there is a big question mark.

No matter how you look at it, the situation is not optimistic.

Levi Garrison nodded and said, "You are right, so the top priority is to improve your own strength."

"On the one hand, it is for defense, and on the other hand, it is also preparing for future revenge."

Although the depth of the Taixu Shenzong has not been fully explored, luckily God's brain has discovered the divine veins and sacred veins.

The Three Holy Sons once made a rhetorical statement, saying that the divine veins and holy veins only exist within the Kunlun Ruins.

However, in fact, there are divine veins and sacred veins in the secular world, but they are hidden very deeply, but they are deliberately sealed by people or forces.

But everything is not a problem now, the brain of God has developed a new type of detector, and it is only a matter of time before more Divine Veins are found.

And Levi Garrison secretly decided that in the next period of time, let more members of the base camp with good qualifications go to the super spiritual vein to practice.

Now there is nothing to hide, and it is the most important thing to build an elite army with strong combat power as soon as possible.

At the same time, increase the intensity of teaching Levilia's self-created exercises, so that the power of super spiritual veins can be better utilized.

Especially after this battle, the absolute henchmen inside the base camp are also obvious.

As for individual mentally shaken people, they are not entrusted with important tasks.

"God's brain has to make more suits and new weapons."

At this point, Levi Garrison directly contacted the brain of God, and he wanted to create an absolute elite to deal with all kinds of possibilities.

The Return of the God of War [The Protector] Chapter 3897

The three saints, Gong Qianqiu and others ran all the way, and there were only a few Qianqiu confidants who followed.

These people are extremely talented, and at the same time they have practiced the extreme swallowing technique, which is why they can barely follow the footsteps of the Three Holy Sons.

Since coming to the desert area, Gong Qianqiu has tried to remember the route to enter the Kunlun Ruins.

But soon Gong Qianqiu gave up this idea, because she found that the so-called Tianmen was hidden in an ancient formation.

This ancient formation is radiant, revealing an intoxicating charm. To touch this formation requires a powerful force.

"Only if the power it possesses reaches a certain threshold, it is possible to stimulate the formation to enter it."

“Even if ordinary people find the ancient formation by chance, they can only look at it from a distance and cannot approach it.”

The three saints explained in a deep voice.

Gong Qianqiu kept these silently in his heart, and listened to the three saints continuing to explain the situation as he walked forward.

“Have you seen those comatose people in the space in the ancient formation?”

“They are all strong men with powerful strength in the mundane world. They found the Tianmen to reach the formation but didn’t know the route, and were eventually trapped in the formation.”

“The Kunlun Ruins will have receivers who will come to investigate regularly and bring these people into the Kunlun Ruins.”

Gong Qianqiu heard the words and turned to look at Xuan Ming next to him.

Xuan Ming seemed to see the doubts in Gong Qianqiu’s heart, and said directly: “That’s right, Tian Si and I were both trapped in the ancient formation.”

“Afterwards, we were brought into it by the recipients of Kunlun Ruins. Afterwards, we each had our own circumstances and joined different sects.”

Gong Qianqiu suddenly realized that it is no wonder that many peerless powerhouses have disappeared inexplicably.

“If the next route is not guided by the internal staff of Kunlun Ruins, there is no way to enter.”

The Three Holy Sons regained their previous sense of superiority.

Sure enough, the tortuous route to the extreme next made Gong Qianqiu even more dazzled.

Relying on memory simply cannot achieve the effect of recording the exact route.

And the more you go inside, the stronger the aura between heaven and earth, if it wasn't for the wrong time, Gong Qianqiu would want to devour it crazily.

The group walked for another two or three hours, and the road ahead suddenly became extremely open.

Not long after walking forward, the line of sight suddenly became clear, looking at the upper plain, and there was a faint retro palace tower at the far end.

"This is the Kunlun Ruins!"

Gong Qianqiu was so excited that he was beyond words.

The three saints sneered and said: "This is just entering the Kunlun Ruins. After all, it is only a marginal area, not the real Kunlun Ruins."

Gong Qianqiu was particularly shocked, it turned out that this was only the marginal area.

Everyone continued to walk in, and after a few hours, Gong Qianqiu understood the true meaning of the words of the three saints before.

As we went deeper into the Kunlun Ruins, mountains and waterfalls and ancient temples gradually increased.

The waterfalls here are like the Milky Way pouring down from the nine days, and the mountains in the distance are shrouded in clouds and mists, even exuding a strange halo, like a fairyland.

Especially around some of the towering and huge palaces, there is an extraordinary resplendent aura, and the surrounding seems to be surrounded by cranes, making people dizzying.

Of course, what shocked Gong Qianqiu the most was the sufficiency of aura, which could be described as raining down on aura.

"Don't anyone want these spiritual veins?"

Gong Qianqiu pointed to a spiritual vein containing pure spiritual energy and asked.

Seeing the appearance of Gong Qianqiu who has never seen the world, the three saints have a sense of superiority.

“Spiritual veins of this level are everywhere in Kunlun Ruins, and even small sects are reluctant to establish sects here.”

The three saints sneered.

Gong Qianqiu was extremely shocked. Although this spiritual vein is not comparable to the super spiritual veins of the two major alien races, it is definitely not much different.

Was it abandoned by the people in the Kunlun Ruins?

“Don’t be shocked, even the sacred veins are very numerous in the Kunlun Ruins.”
