The Divorced Billionaire Heiress Boss Chapter 2049

The Divorced Billionaire Heiress Boss Chapter 2049 Personal Bodyguard

At this time, Clayton's face was solemn and glum.

Clayton exuded a chill and was inexplicably frightening.

This was not just vigilance for someone trespassing their property. It was more likely to be a provocation.

The result was out.

Clayton and Nicole left the hospital.

Clayton did not drive them back to the apartment but went straight to a hotel.

Enter title...

Nicole was a little surprised.

Clayton smiled and comforted her.

"The apartment isn't safe anymore. This hotel has the highest security. I lived here when I just arrived in Medania. You'll have to put up with staying here for a few days, okay?"

Nicole pursed her lips.

“What about you?”

“I’ll be with you.”

Clayton smiled and pulled her hand to lead her out of the car. He rubbed his palm against hers to softly comfort her.

“Don’t worry. I’ll get someone to protect you at all times.”

They let down their guard because Tyler was arrested, but what they have to worry about now were people who were more sinister than Tyler.

Clayton’s face remained calm, but his heart was as cold as ice. It was already midnight.

Nicole fell asleep as soon as she touched the bed.

Clayton held her in his arms after he washed up and gently touched her head. It was only through the dim yellow light that he suddenly saw something. His face instantly turned cold and stern.

Perhaps because of the angle, he did not notice it before, but there were two bruised finger marks on her neck, as if someone had strangled Nicole.

However, it was not noticeable if he did not look closely.

Clayton was more experienced with marks on people’s bodies.

Thus, when he saw the bruise, he did not think that it was a shadow or dirt. It was finger marks! His eyes instantly turned gloomy.

Clayton turned over and got out of bed. He went outside, took out a first-aid kit, and gently smeared ointment on the bruise.

Nicole slept soundly. She only frowned and did not wake up.

Clayton had no intention of sleeping until the latter part of the night.

Early in the morning, Nicole was still not awake. He stood on the balcony of the living room was on the phone.

“Go and watch Angie’s movements carefully. Are you sure she hasn’t left?”

“Don’t let go of the slightest detail.”

The sunlight spilled through the curtains, and Nicole woke up with sleepy eyes. She looked at the unfamiliar place and was stunned for a few seconds. Then, she remembered what happened last night and immediately got up and ran out.

However, she bumped into someone when she ran to the door.

Nicole covered her nose and was about to cry. Her nose was so sore.

Clayton laughed.

His voice was smooth and pleasant.

“What’s the hurry? Does it hurt?”

Nicole snorted lightly. She was in a daze. She took a breath and felt better.

“Why did you stand here?”

Clayton was messing around so early in the morning.He smiled and said,

“Should I hire a plastic surgeon for you?”

“Are you dissatisfied with my nose?” Clayton laughed.

“No way.I’m just afraid that it’s broken.”

Nicole let go of her nose, put her arms around his thin and strong waist, and sighed.

“I always have a feeling that something’s wrong...”

“Don’t think too much about it.Didn’t you want to go to the office today? I heard

Big Brother say that Luke Youngblood has something new to show?”

Clayton’s words suddenly made Nicole feel as excited and energetic.

What was more important than making money? Nicole let go of Clayton,

touched her messy hair, and coquettishly said, “But my clothes aren’t here...”

Clayton sighed and pointed to the other room.

“I got people to deliver your things early in the morning.Go try it.By the way, the

bodyguard I arranged for you will look for you today.He’ll protect you when I’m

not around.”

Nicole nodded and asked casually, “Male or female?”

Clayton squinted his eyes.

“Do you want it to be a man or a woman?”

"I hope that it's you!"

Clayton's expression softened, and he kissed her cheek.

"Dream on!"

Nicole was speechless.

Clayton was not as nice as he used to be.

Nicole slowly finished her breakfast.

When she went downstairs, she saw that Luca was her driver. She immediately

felt a sense of security.

Stanton Corporation.

Nicole held meetings back-to-back, read documents, and met with clients until it was almost noon.

Logan mysteriously knocked on the door and entered.

"President, someone wants to see you."

Nicole raised her head.

"Who is it?"

Before Logan could answer, Nicole suddenly thought of the bodyguard Clayton had arranged for her. She immediately understood.

Nicole nodded and said frankly, "Let her in!"

Logan opened and closed his mouth.

In the end, he brought the person in. Nicole looked up after she signed a document.

The person was tall and dressed casually, with a mask and cap for fear of being recognized by others.

It was difficult not to attract attention with such a getup.

Nicole frowned slightly.

Just as she was about to say something, the person took off his mask and cap, revealing a handsome and polite face.

“Madam...”

“Shane? Clayton made you come?”

Nicole was shocked. Her bodyguard was actually Shane Libb?

“Didn’t you become an actor?”

Shane lowered his eyes slightly.

“I was ostracized because of Kirsí’s accident last time. Mr. Sloan said that I should lay low for a while and wait until the public forgets about the incident before I come out again.”

His tone was calm when he spoke, without the slightest grievance and discomfort. It was like he was retelling what happened to someone else.

Nicole paused and frowned.

“Oh, was Kirsi’s accident that serious? I saw her some time ago, and she seemed fine!”

Nicole looked at Logan, who was beside Shane.

Logan nodded. He was more aware of gossip.

“Kirsi was initially on the sidelines, and Samuel Lindstrom didn’t plan to help her when he came back. Besides, her spine was injured, so she couldn’t continue filming. That’s why she became close to Mr. Gilbert. She rarely appeared in the public eye during this period.”

Nicole clicked her tongue and did not expect this. She glanced at Shane and smiled.

“You saved me, so I should repay you. I’ll get Clayton to send someone else.”

Nicole could not bring herself to boss around someone who saved her life.

Shane was calm and stopped her.

“Madam, I just did what I was supposed to do. Mr. Sloan also intends to protect you better by having me accompany you. This way, you’ll most likely be exposed in front of the camera, which is equivalent to countless people watching you. You’ll be much safer then.”

Nicole’s hand paused. She suddenly understood Clayton’s intentions.

“Okay, then sorry to trouble you.”

She put away her phone and looked at Logan.

“Shane will be my bodyguard in the future, so he can come and go freely.”

“Yes, President.”

Nicole was busy for a while, then she received a call from Luke.

There was an aviation exhibition that was closed to the public. He got the admission ticket.

Thus, he wanted to take Nicole with him.

After all, investors were the king.

Nicole also wanted to go and check it out.

Thus, she postponed her schedule, got into the car, and went to the Aviation Building.

Luke stood at the entrance and waited for a while. He was well-dressed, which was a plus.

However, seeing the woman beside him, Nicole instantly stopped in her tracks.

Tina took Luke’s arm and greeted Nicole with a smile.

“Nicole, long time no see! Come here! We’re all waiting for you!”

The corners of Nicole’s mouth twitched. She squinted and sized them up for a long time. Her smile slowly faded when she saw Luke’s awkward smile.

The Divorced Billionaire Heiress Boss

Chapter 2050

The Divorced Billionaire Heiress Boss Chapter 2050

Don't Be So Shameless Nicole walked over, expressionless.

"Why are you two..."

Before Luke could speak, Tina said with a smile, "You know that I have so much free time now, so I came here to participate in the exhibition. Coincidentally, I met Mr. Youngblood here, and he promised to be my male companion."

Luke frowned and wanted to shrug Tina's hand away, but he held back.

Tina probably had many acquaintances in this event, so it was not good for

Luke to offend her at this time.

Nicole raised her eyebrows and glanced at Shane.

Enter title...

"This is Shane Libb, you guys have probably heard of him. This is

Mr. Youngblood from Z Technologies, and this is... Still Mrs. Gilbert."

Luke Youngblood breathed a sigh of relief upon Nicole's introduction.

However, Tina felt embarrassed. Tina glanced at Nicole disapprovingly and

reluctantly let go of Luke's arm. Then, she looked at Shane playfully.

"Shane almost became a famous actor. Nicole, you have quite a broad range of preferences. Why didn't you bring Mr. Sloan here?"

Nicole smiled.

"My husband is a busy man. If he doesn't make money every day, how will I be able to squander it?"

She glanced at Shane and Luke casually.

"You guys should go in first."

Shane nodded slightly and did not refute Nicole's words.

Luke also breathed a sigh of relief and tidied up his clothes.

Soon, Nicole and Tina were the only ones left. Tina's face sank.

"Nicole, what were you doing? I didn't meddle in your affairs, so why are you meddling in mine?" Nicole paused.

Her face was calm.

"Luke Youngblood is my subordinate, so if he has a messy private life, it affects the company's image. I'm not meddling in your affairs."

Tina was on the verge of refuting, but Nicole did not give her a chance to speak.

"Besides, Luke has a fiancée who is also his high school sweetheart for more than ten years. They're about to get married, so what are you trying to do? Is it

necessary for you to do this? I don't think that you fell in love at first sight with a man you've only met twice. Don't forget that you're not officially divorced yet!"

Tina's face turned red from embarrassment.

She took a deep breath, held back her emotions, pursed her lips.

"I've thought it through. Since Zach is keeping a mistress, why can't I do the same?"

"So, you want to be a homewrecker?"

Nicole looked at Tina in ridicule and thought that Tina was really pitiful and hateful. That little sympathy she had for Tina disappeared because of Tina's actions.

Tina pursed her lips, and her eyes flickered slightly.

"Screw being high school sweethearts! Once he's successful, he'll still abandon that girl. Am I not a living example? I'm just pre-empting that girl. Moreover, men always forgo their old partners when they're successful."

Nicole was exasperated and speechless. She rolled her eyes.

"Don't generalize all men because of Zach, and don't project your own pain onto others. What did that girl do wrong to suffer your fate?"

Tina was angry.

"Who are you to lecture me? Leave me alone!" Nicole sneered.

"I'm not bothered about you, but don't touch my people."

She took two steps out, suddenly remembered something, and turned to look at

Tina.

"You were just screaming about divorce a few days ago, yet now, all you want is

to get revenge. Are you planning not to get divorced and watch as they grow

their little family of three? Are you crazy to put up with that?"

Tina faintly glanced at Nicole and said nothing.

She paused for a few seconds and said frankly, "No, I won't put up with it

anymore. After she gives birth to their child, I can completely kick him out without

giving him a penny. I'll just let him live in his beautiful dream of having a wife and

a mistress for a while."

Nicole frowned slightly and wanted to say something, but she kept her mouth

shut. Forget it. Since Tina had already made up her mind, Nicole could not

persuade Tina. Nicole pursed her lips speechlessly.

After all, Tina was also a victim, so there was no reason to keep lecturing her.

"Forget it. Look for someone else if you want to take revenge. Don't "

Before Nicole could finish her sentence, she saw that Tina's expression had

changed slightly.

Nicole followed Tina's line of sight. Her expression also changed.

Coincidentally, the people standing opposite them were Zach and his new lover,

Kirsi.

Kirsi was dressed extravagantly in branded clothes from top to bottom. It was

obvious that Zach was very fond of her. She was carrying an expensive bag.

Zach smiled, held Kirsi's shoulders, and said something softly.

In the next second, Zach and Kirsi saw Tina and Nicole.

Immediately, Zach's expression changed dramatically, and his eyelids twitched.

Zach thought that Tina was still unaware of Kirsi's pregnancy. He was about to

leave Kirsi and walk over to Tina, but Kirsi grabbed Zach's arm tightly and

looked at him aggrievedly as if she was about to cry.

She looked so pitiful.

Zach could not bear to see Kirsi sad, so he was conflicted.

Tina's face instantly turned glum.

Nicole could feel Tina's coldness and stiffness.

She whispered, "Why? Do you want to hit them?"

Tina took a deep look at the couple in the distance and gritted her teeth.

"No need. I'm the best at putting up with his sh*t for so long."

Then, she looked at the couple and said in a cold voice, "Zach, get over here!"

Even when Tina already knew about their affair, Tina still had to defend her

dignity in front of that mistress.

As long as Tina and Zach did not get a divorce, Tina would still be Mrs. Gilbert.

Tina would not put up with Zach pampering another woman right in front of her.

When Zach heard Tina's words, his expression changed immediately. He looked at Kirsi and coaxed her.

"Kirsi, she and I aren't divorced yet. Right now, the lawyer has frozen the company's accounts. If they investigate further, they'll find out about the transfer of property sooner or later."

Kirsi was a little upset.

"So what if they find out? We have enough money anyway!"

Zach whispered, "Nonsense! I want the best for you and our child. How is that bit of money enough? As long as she lets down her guard and doesn't mention divorce, I'll continue to transfer all the property to your name. That way, I can divorce her with confidence!"

Kirsi snorted coldly, turned around, and went to the entrance by herself.

Zach ran up to Tina.

"Wifey, don't get me wrong. I broke up with her, but she said that she wanted me to accompany her outside for one last time. That's why I came out. I'll never have anything to do with her again!"

Zach raised his hand in a swearing gesture.

Tina looked at Kirsi's departing back with a glum face, let out a deep breath to hold back her anger, and looked at Zach.

However, Zach looked at Nicole, who was next to Tina, and asked Tina meaningfully, "Wifey, you've been very close to Ms.Stanton recently, huh?"

Nicole was not bothered to respond to such a person, so she turned around to leave without so much as a glance at him.

Tina immediately followed Nicole.

Zach hesitated for a moment and chased after them.

"wifey, Stanton Corporation has a project that I'm interested in. Since you have a good relationship with Ms.Stanton, can you help out?"

Tina looked at Zach with cold eyes.

"Don't be so shameless!"
