

Chapter 1241

This sounded very plain as if he was saying something very light and unimportant, but it made everyone else present feel pressure. People were very nervous, and they felt as if their hearts were grasped tightly.

Tom's words were frightening. He was like a demon who was about to destroy the world. Especially after Tom killed five God Becoming Level people just now, people all saw his words as an imperial edict. Many of them suddenly stopped resisting, running away quickly.

Although they had a good plan, Tom would not let them go easily.

As soon as they moved, Tom began to move as well.

This time, he opened his arms like a great hawk spreading its wings. His whole body turned into a huge bird, rushing towards everyone.

Bang!

When Tom caught up with a master of Major Perfection Realm of the Innate Realm at the end, he punched him directly, easily hitting through his body!

The man fell under Tom's fist before he could even react.

After Tom punched a person to death, he did not lower his speed at all. Instead, he became even faster.

Bang bang...

His speed was extremely fast. No one could resist his attack as he constantly rushed forward. And people all fell under his attack.

It seemed that Tom was cutting the grass but not killing people.

With only one punch, a lot of people fell down. No one had the ability to fight back.

Other people were almost scared to death when seeing this.

"Devil, he is a devil!"

"Run, run..."

Everyone was shocked by the cruelty and power Tom showed at this moment and they tried their best to escape!

Phoebe, who was behind Tom, was also shocked. She looked at Tom's profile face, feeling a little unfamiliar to him.

She had never seen Tom being so murderous before.

However, she didn't think too much because she knew that Tom did everything for her.

In a minute, or maybe less than a minute, Tom killed everyone within a few miles of him. All of them fell under his iron fists!

After all, they were all elites in the Clan

World. Even the weakest had already reached the Major Perfection Realmrealm of the Innate Realm. But all of them died in Tom's hands.

Tom also used up a lot of energy after killing so many people. He took a deep breath.

Suddenly, he felt something. He turned around and looked at a man who was coming from afar.

Even though they were several kilometers away from each other, they had direct eye contact at this moment. Both sides felt infuriating.

That person was Cassio, and this was the first time they directly looked at each other.

The corner of Tom's mouth moved up. He smiled slightly. He was not afraid at all facing Cassio, instead, he wanted to fight against Cassio so hard.

Compared with Tom's expressions, Cassio looked much gloomier.

Now Cassio looked so murderous that his face darkened, and he did not hide his intention to kill Li Tom.

However, Tom did not stay to wait for Cassio. Instead, he turned around instantly, and rushed away!

Not long after Tom left, Cassio had arrived. Oliver, the Supreme Elder of the Blood Thirst Sect was also with Cassio. When they saw the corpses everywhere, they were so annoyed

that their face darkened.

"No way! How could Tom do this!!"

Oliver could not help but roar out in anger.

He felt so angry that he wanted to kill Tom right away.

At the same time, Cassio was also very angry. He could tell that all these were done by Tom.

Oliver and he were still a step late!

The dead bodies of the elites of his sect were displayed all over in front of him. Not only were the strong men of the Blood Thirst Sect killed, but also many strong men of the whole Clan World were killed.

Cassio said ferociously.

Oliver was also shocked by Cassio. He had never seen Cassio being such murderous.

Anyone else would be scared to death by Cassio's gaze, but Tom didn't feel anything wrong.

Even if Cassio would not kill him, he would kill Cassio.

There was no possibility of reconciliation between him and Cassio.

Seeing the dead bodies around him, Oliver took a deep breath and said with full of pain and anger. "They are all elites of the Blood Thirst Sect. I will kill

Actually, Li Tom had already killed so many elites of the Clan World since his decapitation strike on the elites last time.

It was not an exaggeration to say that Tom was the biggest enemy against the whole sect world.

Bang!!

Cassio could not maintain his intention to kill Li Tom that he almost lost control of himself.

In front of him, a huge crack appeared in an instant, as if the earth could not bear his anger and were split open directly.

"Tom! I will kill you!!"

Tom!"

He was furious.

After a while, a lot of higher-ups arrived. Their face turned pale as well when they saw such a large amount of dead bodies.

Their hatred for Tom reached the highest point at this moment!

"Tom must die!!!"

"Catch him! Torture him with the cruelest means in the world! Punish him!"

"We must kill him to revenge for our fellow disciples!!!"

They were e bound by a common

hatred for Tom, and their anger reached the highest point.

At this moment, Cassio said, "Defeat Tom no matter what!!"

"Overlord, what about Eldest Miss?"
Someone asked this question. It was really a problem. How should they deal with Ashlynn?

Everyone looked at Cassio.

Cassio said coldly, "Don't hurt Eldest Miss."

Chapter 1242

Tom successfully broke through the encirclement and escaped under Cassio's nose.

It would have been a great feat if it had been announced, but he was not proud nor complacent at all, because he knew that the space where he could hide had been narrowed.

Sooner or later, he would confront Cassio.

The entire Blood Thirst Sect, including all its elites, was stampeding towards him. Soon, they would completely surround him. By then, it would be really difficult for him to break out of the encirclement again.

But anyway, no matter how perilous the situation was, he would not give up. He would definitely succeed to fight a way out for himself and Phoebe, even if he had to pay a great price!

Now, he could feel that he was not yet pushed to his limit.

He still had a chance.

For the next three hours, Tom had been running and breaking through the encirclement with Phoebe on his back. Countless masters had already died under his fists.

He was invincible like a god of war. No matter how many masters stood in front of him, and no matter how strong they were, Tom still slashed a path

stained with blood with his iron fists!

However, he was still human, not a god. No matter how strong his strength was, there was still a limit.

At present, he was already panting heavily. Although many people died of him during the last three hours of escape, he was not unscathed.

On the contrary, he had already suffered quite a lot of injuries.

He was covered with bloodstain now, some of which was his own, and the rest belonged to his chasers.

However, despite that he was seriously injured, his eyes were still full of resolution and confidence. He would not give up until the last moment.

For Phoebe, it was a torment for her to witness Tom bruised and stuck in a mire of perils because of her.

She wanted to ask Tom many times, to leave her alone.

But she knew that it was useless, as Tom would definitely not listen to her.

All she could do was hold Tom tightly, her tears trickling down continuously.

"Tom, you can't run away. Stop."

Finally, after running for three hours in a row, Tom had run all over the Blood Thirst Sect, so to speak. Now, he was eventually enveloped by his enemy.

He was grasping for breaths and his

forehead was covered with sweat. But his eyes were still firm.

He showed not even the semblance of panic or retreat, just holding Phoebe tightly to his back.

At this moment, he saw Cassio come out with a gloomy expression, full of murderous intent.

In addition to Cassio, there were also many high-ranking and top masters in the Clan World.

Under such circumstances, Tom had to admit, albeit reluctantly, that he had already come to a desperate situation and there was no way to escape.

He was not afraid of death, but he felt sorry that he still had a lot of things to

do...

Cassio walked out, stared at him, and said, "Tom, stop and allow yourself to be arrested."

Tom just smiled. "Do you think it's possible?"

Cassio's face turned even grim. "You don't repent, then go to hell!"

After his words, he launched a fierce attack on Tom.

This was the first time he had attacked Tom, and it fully showed his demeanor as the Strongest of the world.

Before the arrival, Tom instantly felt a sense of crisis and strong pressure, and even his breathing was not smooth.

Cassio, he immediately flew backwards, spitting a mouthful of blood.

In a brief glimpse, he was repelled by Cassio and injured.

This fact appalled him, and at the same time, his heart writhed with bitterness and despair.

It was not that he was no match for Cassio. If he fought in single combat with Tinajue, he might still have a chance to be able to defeat Cassio.

Unfortunately, he was exhausted and was no longer at his peak. With only half of his strength available to muster and utilize, how could he be on a par with Cassio?

He knew that Cassio was very powerful, and he definitely was not recognized as the Strongest of the world for nothing.

However, confronting Cassio personally, Tom was still jolted.

It was mainly because he was physically fatigued and no longer in his best condition.

He gritted his teeth, and instead of retreating, he chose to confront Cassio head-on because he knew that facing a top master like Cassio, if he retreated, he would lose even faster!

Although his choice was correct, it was a pity that he was in such a bad condition. When he came to grips with

This was also unexpected to most of the people present, so the scene suddenly quieted down. Obviously, they did not expect Tom to lose so quickly, injured by Cassio in just one strike.

It was only a few seconds later that some exclamations came.

"Hurrah!!!"

"The overlord is invincible. He defeated Tom with one punch. Hahaha!!"

"As I say, the overlord is all-conquering. How can Tom, someone so mean and lowly, be comparable to him? Now, Tom is done for. Haha..."

Many people began to yell, their faces

were full of excitement. For them, this was indeed something very exciting and exhilarating.

Tom was finally defeated.

Phoebe screamed out in shock and she said with distress and agitation, "Tom, how are you?"

Tom's face was pale, as the collision with Cassio just now aggravated his injury.

His internal organs were severely injured and began to bleed, exceeding his endurance.

However, he did not show any dejection or panic on his face. Instead, he smiled and comforted her, "I'm fine. Such little injury is not a big deal for

me."

Phoebe bit her lips, tears streaming down her eyes, and her heart ached to the extreme. "Tom, I'm sorry. I got you into trouble and implicate you..."

Tom's eyes darkened quite a lot since he was truly severely scathed now.

"You didn't implicate me. We're not at a dead end yet. Phoebe, don't cry. We'll definitely be able to get out." Tom's tone was weak but with resolution.

Bemused, Phoebe couldn't figure out why Tom still had such confidence at that point. In her opinion, they had already headed to doom, so Tom must have said these on purpose to soothe her.

She could only shut her mouth tightly, tears streaming down uncontrollably.

She was never afraid of death. In fact, she was already prepared to die, but it was a great pain for her to implicate Tom.

If she had a choice, she wouldn't have called Tom!

Now, seeing Tom in exhaustion, she took a deep breath and made a decision in her heart...

Chapter 1243

"Kneel down, or you will be dead."

Cassio took a step forward with his hands on his back and said coldly. He looked at Tom as if he was looking at an ant that he could crush Tomn at any time.

Tom was very unhappy when he saw Cassio's expression. If he was at his peak now, he would not have to be afraid of Cassio at all.

Unfortunately, he was seriously injured now, which made him really weak. Especially after being punched by Cassio, he was almost dying now.

As he began to accept that, he might

really die here.

Alas!

However, even if he died here, he wanted to take someone with him!

After figuring it out, he gritted his teeth and rushed in another direction, in an attempt to escape from Cassio.

When Cassio saw it, his face suddenly changed. He frowned and said angrily, "Bastard, how dare you!"

He could tell that Tom was desperate and wanted to take some people with him before his death.

To him, there was no possibility for Tom to escape.

However, if Tom dealt the final blow in full strength, Cassio really wouldn't have taken him down so soon.

So, the moment Tom moved, he immediately followed.

Tom gave it all out. Like fireworks, he completely burned himself out at the last moment.

As if he illuminated the night sky.

Those who had stood in front of him immediately became his targets.

"Run! He is crazy!"

"Get out of the way. He is going to kill us all..."

"Ah!! Overlord, come and save us..."

contend with Tom, but he held back. Because Tom was too powerful to fight with. He would die against Tom.

Therefore, no matter how much he hated Tom, he did not dare to take the risk.

But now, Tom was obviously dying, so it was his best chance to attack. As long as he could kill Tom personally, then he would be famous for Tom's death!

After all, Tom was now a well-deserved Strong, the Chosen One of the era.

Now that Tom was drenched in blood, panting, and fighting in vain, how could he let go of this perfect opportunity?

"Tom! Go to hell!!!"

In just a few seconds, Tom killed several men.

Those who had hated him were now all scared out of their wits and quickly dispersed, not daring to contend with him.

Of course, there were many masters in such a huge Blood Thirst Sect and the Clan World. Now, although Tom's counterattack was frightening, not everyone was scared out of their wits. There were still quite a number of people who dared to fight with him.

Among them, there's the Second Rank God Becoming Level Strong who was defeated by Tom in the final that day. These days, he has been wanting to

Finally, he caught the greatest opportunity. He roared and attacked with all his strength. He rushed towards Tom and wanted to kill him directly.

His eyes were filled with excitement. He could tell that Tom was already seriously injured and could only move slowly. He could easily end Tom with a gentle punch.

Tom was shocked and began to panic, even trying to step back after seeing him.

When he saw Tom like this, he was even more certain that Tom was no longer a threat to him.

He was so excited at the thought that

he could end Tom and make herself famous all over the world.

At that moment, he had already arrived in front of Tom and launched the most fierce attack with all his strength.

At the same time, he also exposed his weakness.

However, at this moment, he suddenly saw Tom smile. He felt confused and knew that something must be wrong!

Could it be...

"You were fooled."

Just as he was about to retreat, he heard Tom's cold and mocking voice.

Then, he saw something making him extremely panicked.

Tom suddenly attacked and was no longer weak as before. Tom punched him fiercely, so fast that he could not dodge, and was hit directly on the neck.

With a click, his neck broke off.

His body also flew out backward.

His eyes widened in disbelief. He couldn't figure out why Tom was still powerful at this time.

By the time his body fell on the ground, he was already dead.

Tom gasped. Although he looked so powerful just now, in fact, he was really

exhausted.

Now, he has really run out of strength.

However, he was still laughing, standing up straight, and laughing.

"Ha ha ha ha..."

Seeing that everyone around him did not dare to step forward, he laughed louder and more presumptuously.

Now, he was surrounded by people who were all first-class masters and the elites of the Clan World. Each of them was a big shot outside.

Now facing Tom, they all had a sense of admiration and appreciation in their hearts.

In any case, what Tom has done today was domineering that he would rather die than surrender. Even if they were enemies, they had to admit that he was a real man.

Cassio's face darkened and he came out again. "Tom, you will be crushed to ashes!!"

After saying that, Cassio stopped holding back. He wanted to kill Tom himself.

Tom looked at him calmly. Instead, he said softly to Phoebe behind him, "Phoebe, hold my hands. We will be husband and wife again in the next life."

Phoebe's eyes were blurred by tears and she could only nod desperately.

Then Tom moved. Although he was almost dying, he was still a little faster than Cassio. Just as Cassio was about to catch him, he jumped off the cliff.

It surprised everyone but immediately made everyone feel reasonable.

Other than jumping off the cliff, did Tom have any other choice?

However, even if he jumped, he had no chance of survival.

Chapter 1244

"No!!!"

Cassio's expression suddenly changed and he couldn't help but scream.

He rushed forward as if he was going to catch Tom.

However, Tom's speed was really too fast. He burned himself at the last moment and didn't hesitate to give up his life. Thus, even Cassio could not catch up with Tom. Cassio could only watch Tom jump off the cliff.

Many people were shocked by Cassio's reaction and did not understand why he lost his composure. After all, Tom jumped off the cliff and

he would certainly die.

Everyone at the Blood Thirst Sect knew the altitude of the cliff and how terrifying it was. Anyone who jumped off it would only die. It was impossible for Tom to survive.

And Cassio, why did he react in such a way that looked like he was trying to save Tom's life? Did Cassio think that Tom died too easily?

Most of them ignored one person, Phoebe.

Indeed, from the beginning until now, Phoebe had been hiding behind Tom, making many people forget about her presence.

Tom did jump off the cliff, but Phoebe

followed him down.

At this moment, Cassio's face took on an extremely ghastly expression. His body was even trembling, his eyes were bloodshot, and he was filled with absolute discontent and regret!

Cassio did not expect that Tom would be so determined to jump off the cliff.

Most importantly, Cassio did not expect that Tom could still have such a great speed when he was already at the end of his tether and was almost exhausted. Li Tom's speed was faster than Cassio's reaction, so he could only watch Tom jump off the cliff with Phoebe!

Originally, Cassio's plan was to

evaporated!

To be honest, at this moment, no matter how good his psychological quality was, he could not accept the fact. This fact suffocated him and he had to clutch his chest tightly!

He let out a terrifying roar.

His hope was shattered. His hope of taking the last step and reaching the next level was shattered by Tom!

If what Tom had done before had only made Cassio disgusted and angry, then Tom's action of jumping off the cliff with Phoebe really irritated Cassio. Cassio now hated Tom so much that even if Tom had fallen into pieces, Cassio was determined to find

exhaust Tom and then take Tom down. Cassio did not care about Tom's life, but he could not let Phoebe be hurt.

The only person he wanted was Phoebe.

It was not because Phoebe was his biological daughter, but because Phoebe's body was his biggest secret, the greatest sacrifice he made in his life!

Ever since Phoebe was born and he discovered her special physique, he had begun to make his plan.

When it was finally the right time, Phoebe fell right under his nose!

That meant that his effort and his hard work over the years had all

Tom's body to flog it!

Most people did not understand Cassio's current mood. They thought that Cassio was so sad and furious because he had lost his daughter.

Only Oliver who was beside Cassio signed heavily, his expression was also very unpleasant. He could be the person who understood Cassio the most in the world.

Unfortunately, Cassio still missed it. His cultivation pathway was completely destroyed by Tom.

"Every member of the Blood Thirst Sect listened to my command!"

Cassio spoke at this moment, his expression full of ferocity and

madness.

"Go as fast as you can to the bottom of the cliff and find their bodies!"

After saying this, Cassio disappeared in place.

At the same time, there were two people standing in a secret place where no one would notice above the location of the Blood Thirst Sect.

They were a man and a woman. The man was wearing armor, he looked very serious and looked like a general. He exuded an extremely powerful mental force, which was far beyond the level of all the powerful masters on earth. Even Cassio and Tom were no match for this man.

In front of the man stood a woman, who was as beautiful as a fairy.

The woman looked down at the cliff ahead with a strange smile.

Speaking of them, this was not the first time they appeared on earth. Last time, Tom and the King of Carefree's live broadcast in the Secret Realm was done by these two people.

No one knew their origins or identities.

At this moment, the armored man next to the woman said, "It was a pity that this Tom died. With his quality, he had the chance to take the last step to improve to the next level and join us."

The woman said faintly, "That's what you think? I don't think so."

"Miss, do you still don't think that Tom has good quality?" The armored man said in surprise.

The woman shook her head and said, "No, what I meant is that I don't think he will die."

Hearing this, the armored man was even more surprised. In his opinion, with Tom's current state, he would definitely die of jumping off the cliff and his body may break into pieces. Even though Tom had swallowed a hundred fruits in the Secret Realm, still, he would not be able to survive.

However, since his lady said so, there must be a reason.

After a pause, the woman added, "This

is my last test for Tom. If he can survive, then I will give him this opportunity to join us."

Hearing this, the armored man's expression changed, then he nodded and said, "If Tom can join us, it will be the greatest blessing of his life."

The woman said faintly, "Let's see what is his fate."

[...]

Ever since Tom jumped off the cliff, he immediately felt that his body was weightless and kept falling. His falling speed was getting faster and faster, he knew that not long after, he would completely fall to the ground and his body would break apart so serious that

no one would be able to recognize that it was him.

Even though Tom knew about it, he still turned around and held Phoebe in his arms, and turned his back to face the ground in the air.

He temporarily let go of Phoebe and saw Phoebe's face. It was a beautiful face.

He held Phoebe's face and even his eyes, nose, mouth, and ears kept bleeding, he still smiled and said gently, "Phoebe, don't be afraid. We will die together and you won't be alone."

Phoebe gritted her teeth. At this moment, she was not nervous or afraid at all. She just looked at Tom with great

affection, which could melt Tom's heart. She also smiled. "Tom, I'm not afraid when you are with me..."

Chapter 1245

Then Phoebe kissed Tom tightly. The kiss was so soulful and determined.

Tom also hugged Phoebe tightly. At first, he thought it was a normal kiss, their last loving kiss before they died.

But soon, Tom realized something was wrong!

Because he could clearly feel it from Phoebe's mouth that a great Vitality was constantly transmitted, and this kind of Vitality was strong, far surpassed the fruits he had swallowed in the Secret Realm.

The sudden change made him dumbfound and unable to react for a

while.

What was going on?

He widened his eyes and looked at Phoebe in front of him.

However, he soon saw a scene that made his scalp numb.

Phoebe's hair, at a speed visible to the naked eye, quickly turned from black to white!

Moreover, Phoebe's fair and tender skin seemed to have been taken out of vitality in an instant. It continued to age, becoming wrinkled and shriveled like bark.

Phoebe's aging didn't stop, but Phoebe continued to feed his mouth with the

Vitality.

At this time, Tom finally came to his senses.

He did not know what method Phoebe used and how she did it!

However, he knew that if it continued, Phoebe would die.

Phoebe was using her own life to strengthen his cultivation.

"Stop! Stop!!"

Such a voice appeared in his mind, and he desperately tried to push Phoebe away. Unfortunately, Phoebe's arms were tightly holding him. Even with his strength, he could not push Phoebe away.

It was unimaginable.

Although he had indeed used up a lot of physical strength, he was a master of the Third Rank of God Becoming Level after all. However, he couldn't push Phoebe away.

In particular, he began to feel that his body was being imprisoned. He could only watch as Phoebe continued to send the Vitality to him. He watched that Phoebe, a beautiful woman became a white-haired old lady.

Tom burst into tears. He widened his eyes, looking at Phoebe almost pleadingly and painfully, and hoping that she would stop doing it.

However, Phoebe did not stop her

behavior at all.

Phoebe had now become an old woman, but Phoebe was still smiling happily.

Finally, as if a century had passed, all the Vitality of Phoebe's body had been transferred into Tom. Only then did Phoebe let go of Tom. She held Tom's face, and said, "Tom, I'm very happy. I did it, I did it..."

Tom was speechless. He couldn't stop shedding tears at all. His nose was sore and he was trembling with pain. He wanted to hold Phoebe's hand tightly but he didn't dare to use too much strength, because he could clearly feel Phoebe's weakness now. Phoebe was close to death. She was like a pile of

ashes, which would disappear with a gentle blow.

Li Tom was so pained!

Tom had never been so pained in his life!

Because he knew that Phoebe had come to the end of her life. Even if the Immortal came here, he could not save Phoebe!

He did not know why he was so miserable, why he hated himself so much. He had predicted that neither he nor Phoebe could survive.

Now Phoebe died first, and he was in so much pain.

Was it because Phoebe sacrificed

herself to fulfill him, or was it because he would never see Phoebe again for the rest of his life?

Tom's mind was no longer functioning normally. He was in so much pain and suffering.

Their bodies were still falling, and the falling speed was getting faster and faster. Phoebe couldn't stand it and couldn't breathe. In this case, when Tom saw Phoebe, he didn't think at all. Reflexively and instinctively, he began to stop the falling speed until they were completely suspended!

If others saw this scene, they would definitely be scared. Even the Strong like Cassio and Oliver would be scared.

Because in their understanding, no matter how strong a person was, he was still a mortal human and could not go against physics.

Now, Tom violated the laws of physics and suspended their bodies. He was no longer a practitioner, but had reached a different level!

Tom didn't realize what he had done. He just hugged Phoebe tightly and kept crying. "Phoebe, why did you do this? Why did you do this... We agreed to die together. We agreed to die together..."

At this moment, Tom cried like a child.

Phoebe reached out her trembling hand. Even though she was very weak

now, she tried to wipe his tears. But no matter how she wiped them, Tom still had so many tears.

"Tom, don't cry. This is my fate... From the moment I was born, I was destined for this day..." Phoebe said softly. Her tone was very gentle, very happy, without any hatred or regret. The calmer Phoebe was, the more Tom tortured and pained he felt!!

Tom was not stupid. At this moment, he also understood why Cassio would take Phoebe back and why Phoebe was so abnormal.

As Phoebe said, it was Phoebe's fate, and now this day finally came.

However, no matter what he thought,

he still couldn't accept this fact. It was too painful and cruel for him!

He would rather die with Phoebe and have a companion on road to death.

He was unwilling to watch Phoebe die in front of him.

He had always believed that the greatest pain in the world was not his own death, but the death of a beloved one in front of him, and he had to live alone, enduring the pain of lovesickness day and night!

If he could make a choice, he would give everything he owned to live an ordinary life with Phoebe.

"Phoebe, don't die, don't die! Did you hear that? You promised me that you

would be together with me forever!"

Tom gritted his teeth.

Phoebe said softly, "Tom, I'm sorry. I broke my promise..."

Hearing this, Tom cried even harder.

Phoebe seemed to have come back to life. At the last moment, her face turned a lot ruddy. She held Tom's face again and said, "Tom, it's the greatest happiness of my life to marry you. Tom, promise me that you will live well, okay?"

Chapter 1246

Tom subconsciously wanted to refuse, but when he saw the last hope flickering in Phoebe's eyes, he couldn't say no.

He knew that it was Phoebe's last moments.

The light in Phoebe's eyes was gradually fading away...

He gaped, and in the end, thousands of words turned into one, "Okay!"

When Phoebe heard him, a smile hovered on her decrepit face again. Then, this smile of happiness was frozen on her face forever...

Tom's body also stiffened. Entirely

unconscious of how he landed on the ground, he was maintaining the position of hugging Phoebe for a long time.

Until Phoebe's residual temperature dissipated and her body began to stiffen.

Tom felt that his heart had already split open. An unprecedented sense of loss and emptiness crept into it and swept across it, overwhelming him.

He didn't know how long it took him to notice that it was raining, in a resemblance to his gloomy mood. It seemed that even the Providence had felt his grievance and began to shed tears.

Phoebe had passed away.

He was absolutely certain of this.

Phoebe had poured all her vitality into his mouth, a vitality so strong that it far outweighed that of the one hundred fruits.

The vitality melted into his whole body, into his internal organs.

His body, drained and exhausted, returned to its peak, and his cultivation broke through to reach the legendary step, successfully surpassing the God Becoming Level, and reaching a realm that no earthling had ever been to!

Now, he was not appropriately considered a human, since he evolved into another form and entered another

level much more advanced.

This was also the realm that all God Becoming Level masters dreamed of, and what Cassio spent most of his life pursuing.

Now, Tom acquired it.

Yet the price was his beloved!

At this moment, Tom's body was undergoing all kinds of violent changes. Within him, explosions occurred unceasingly, which attributed to the remaining vitality of Phoebe. It was transforming his body, reorganizing his bones, internal organs, blood and flesh constantly.

This was an extremely painful and torturous process. Not to mention

Finally, it seemed like a long time had passed before the reorganization in his body stopped.

At present, he eventually digested the vitality that Phoebe had given him thoroughly, turning it to be power in his body and successfully transforming his body and life form, which led him to take that step and enter a new realm.

Now he was more than a hundred times stronger than before.

But he didn't rejoice the least. All he felt was endless agony and repentance.

Meanwhile, in the air, a conversation came from a cloud.

"This Tom is really determined. He is indeed a talent, as he can bear the pain

ordinary people, even a God Becoming Level master would definitely not be able to bear such pain.

This kind of pain was much stronger than that when he swallowed a hundred fruits in the Secret Realm!

However, Tom did not even utter a sound, nor did he make any movements. He was inexorable and indifferent, as if he had become a void body deprived of his soul.

Only in his eyes did great pain and sorrow take forms.

But it was not because of the physical pain of reorganization, but the mental suffering due to his loss of his beloved wife.

of his body being reorganized expressionlessly." The interlocutor was a man in armor. He looked at Tom in the clouds and did not hide his appreciation for Tom.

He had seen a lot of geniuses, and even countless geniuses who were even more talented than Tom.

However, Tom was the only one who had such strong willpower as to endure the pain of body reorganization without changing color.

Even he himself couldn't bear it when he was facing a body reorganization, writhing wildly on the ground in pain.

The Eldest Miss gazed at Tom and nodded to herself, not minding to

conceal her appreciation and compliment for Tom. "This earthling is very good. He has successfully taken that step. My trip to the Earth is not in vain... Eh?!"

However, at this moment, Tom, on the ground, seemed to have sensed something. He looked up and stared in their direction with keen eyes.

His sudden gaze took the Eldest Miss aback. Obviously, she did not expect Tom to detect them.

The armored man next to her also cried out in surprise, as Tom was not supposed to take notice of them.

In particular, the way Tom looked at them was not grateful at all, but full of

hostility!

The armored man frowned and said, "He seems to have perceived it."

The Eldest Miss lapsed into silence for a moment and then continued, "He's very smart. I'm more intrigued to know about his future."

Hearing this, the man in armor nodded slightly without saying a word.

All of a sudden, many people emerged around Tom.

"Look, it's him! Damn it, this guy fell from such height, but he didn't die?!"

"It really is him! He's not dead! How could that be?!"

"It's at least a kilometer's height. Even if he's at his peak, he'll be bound to fall into pieces!"

"What's going on? Could he fly?"

"Hey, what is the matter with the old woman in his arms? Wait, is she Ashlynn?!"

More and more people beheld Tom and screamed, as they were gobsmacked that Tom could still survive.

Because, in their opinion, Tom must have fallen into pieces from such a high place.

In the Blood Thirst Sect, there was a punishment for those who committed a capital offense, which was to fall off

the edge of a cliff, and no one had ever escaped.

At first, they all deemed that Tom must be dead, but now that they saw him still alive, they felt incredulous.

Soon, they realized something was wrong. Tom didn't seem to notice them, and he didn't even move, still holding the old woman in his arms.

Some were smart enough to infer that this old woman was probably Ashlynn!

But why did Ashlynn, such a young beauty, step into her decrepitude like this?

After all, it hadn't been long.

Momentarily, in a crowd came a noise,

and then a few tall figures strode out.
The one taking the lead was Cassio.

His countenance changed dramatically
at the sight of an alive Tom, as well as
Phoebe, who had aged to become an
old woman!

Tom spoke at this time, in an extremely
gentle tone, "Phoebe, wait here for a
moment. I'll come back to accompany
you after I swat these annoying flies
that had killed you."

Chapter 1247

After saying this, Tom became extremely gentle and carefully put down Phoebe.

Phoebe's body was already stiff, but under Tom's gentle touch, her body began to soften.

Lying flat on the ground, she looked as if she had just fallen asleep.

After doing this, Tom turned around and looked at Cassio. His expression became cold and he said coldly, "You killed Phoebe. You have to die."

Then, his eyes swept over everyone and he said something that scared everyone, "All of you have to die!"

When Cassio heard this, his expression suddenly became gloomy and murderous.

He knew that all his life's work had been wasted on Tom!

The moment he saw Phoebe grow old and lose all her life, he knew that his plan had failed!

The fruits of his life's labor were taken away by Tom!

In an instant, he became extremely angry and hateful. His expression was ferocious and he let out a howling roar, "Tom!! I want you to die! I will make your life a living hell!"

Not only him, but the Blood Thirst Sect executives next to him now looked at

Tom with hatred and anger, wishing they could tear Tom in half.

Tom had killed too many elites and strong masters. It could be said that Tom was the biggest enemy in the history of Clan World. No one had ever been able to kill so many people in Clan World. This was the shame of Clan World!

If Tom had fallen to death, then they would let it go. How could they accept that Tom was still alive?

At this moment, everyone was murderous, gnashing their teeth, full of hatred and murderous intent. They must kill Tom in the cruellest way.

Oliver ordered, "All the disciplines of

the Blood Thirst Sect, listen to orders!"

"Yes!"

"Use all your cruel means to kill Tom!"

"Yes!"

All the Blood Thirst Sect people, at this moment, united as one, released the most intense killing and hatred towards Tom. They wanted to kill Tom with the cruellest means!

Then other sects followed.

"All the Sky Reaching Sect disciples, listen to the order! Kill Tom at all costs!"

"All of the Thunder Temple..."

had gathered here.

Under such a huge force, if they dared to come down, they would die.

Even when they appeared, they were spotted by some of masters in Clan World, and the plane was shot down.

The threat of the God Becoming Level masters was so great that they didn't dare to approach them even if they were in warcraft.

First, it was impossible for their shells to hit the God Becoming Level masters, while the God Becoming Level masters could easily use their weapons to shoot them down.

Therefore, even if they saw that Tom was in danger, they did not dare to

"All of the LT Sect..."

"All members of the Mori Sect..."

The roars rang out, and for a moment, thousands of people gathered. It could be said that the most powerful force in Clan World was here. They surrounded Tom tightly together. In this case, even if Tom could fly, he could not break through.

At the same time, in the air, there were many planes from Secular World. After so many days, they finally knew that Tom had been caught by the Blood Thirst Sect and sent planes over.

However, they did not dare to rescue Tom, because they saw that all the powerful cultivators of the Clan World

rescue him easily and could only watch helplessly.

"Look! It's Tom! Oh my god, what happened these days? How could Tom be surrounded by so many of masters in Clan World? In this case, even if Tom is powerful, he can't escape!"

"It's over, it's over. Tom is going to die here..."

"What should we do? Are we just going to stand by and not help?"

"I don't know. Let's ask superiors..."

Several fighters in the air began to signal for their superiors.

Soon, they were informed that they could not act rashly, nor could they get

close easily, because once they got close and entered the attack range of the God Becoming Level, they would be killed.

Therefore, they only dared to watch from afar, waiting for more fighters to support them.

At this moment, they saw a shocking scene.

Tom stood up, stretched out his right hand and pulled it back. The man who was tens of meters in front of him actually flew straight towards him!

It looked like magic.

It was beyond everyone's expectations.

The man was also shocked. His eyes

were wide open and he looked like he had seen a ghost. He could not understand why his body lost control. It seemed that there was an invisible force pulling him towards Tom at a very fast speed. The next moment, he came to Tom was grabbed at the neck by him!

"What..."

"What's going on?"

"Am I hallucinating?"

Everyone couldn't help but let out a sound. They were all shocked and couldn't understand what was happening in front of them.

For Tom, after doing this creepy thing, there was not a trace of emotion on his

face. He just said coldly, "It turns out that the realm after the God Becoming Level is like this."

After saying this, he easily snapped the man's neck with his right hand.

It was as easy as snapping a chicken.

All of a sudden, the audience fell silent. Those who were shouting to kill Tom had their pupils constricted and could not believe what was happening.

In their opinion, this was already a Ghostly Act. A mortal, even if he cultivated to the God Becoming Level, couldn't fetch things through the air!

Only one person's eyes widened, filled with enthusiasm, and then turned into anger, fear...

It was Cassio. As the initiator of this matter, he knew that Tom had broken through the God Becoming Level and reached the next stage!

This was his dream.

At the same time, he also realized that he, a God Becoming Level expert, was no longer comparable to Tom.

He was unwilling, angry, and resentful, but he had to admit that he was also beginning to fear.

Because he felt Tom's immense hatred and endless murderous intent for him!

He was the one who helped Tom to break through, but Tom was not grateful to him at all. All Tom had was

endless hatred.

At this moment, Tom looked at him.

Chapter 1248

"Next, it's your turn."

Bang!

After speaking, he flew straight towards Cassio.

Yes, he flew over.

He rose out of thin air without any support, standing in the air and looking like superman in a science fiction movie!

Most importantly, his speed was rather fast, which was beyond the limits of human beings.

At this moment, Cassio felt an unprecedented danger. His blood froze

Level sooner or later.

He was still young, and he still had a chance to do it.

That was Cassio's plan.

So, almost as Cassio retreated, he shouted, "All disciples in the Blood Thirst Sect, spare no efforts to stop Tom!! Kill Tom!!"

In an instant, all disciples stood in front of Tom, trying to stop him.

That was an order from Overlord Cassio.

In their opinion, Cassio was invincible worldwide. It was impossible for him to be afraid of Tom. Therefore, Overlord Cassio left them the chance to kill

and he had an extreme fear.

He had a hunch that he was no match for Tom. If he didn't run away, he would die immediately!

Tom, who broke through the God Becoming Level, was too strong. He had already reached a level that Cassio could not understand. He could not compete with Tom at all.

Thus, Cassio made the quickest and most correct decision, which was to run!

The shepherd would rather lose the wool than the sheep. Tom's success proved that Cassio was right. Since Tom could replicate Phoebe, he would break through to the God Becoming

Level sooner or later.

He was still young, and he still had a chance to do it.

That was Cassio's plan.

So, almost as Cassio retreated, he shouted, "All disciples in the Blood Thirst Sect, spare no efforts to stop Tom!! Kill Tom!!"

In an instant, all disciples stood in front of Tom, trying to stop him.

That was an order from Overlord Cassio.

In their opinion, Cassio was invincible worldwide. It was impossible for him to be afraid of Tom. Therefore, Overlord Cassio left them the chance to kill

However, when they bumped into each other, they realized that the situation was the opposite.

Tom was like a sharp sword, directly inserted into an ant's nest, stabbing through all ants standing in his way. No one could stop him. They were pierced through and flew out one after another.

The scene was impressive.

Bang! Bang!

The sound of punches, fractures, screams, and cries spread throughout the battlefield. At this moment, the site turned into hell.

In less than half a minute, all the Strong in the Blood Thirst Sect was defeated

Tom.

"Go!!!"

"Kill Tom! Avenge our fellow disciples!!!"

"Go!!!"

For a moment, all the Blood Thirst Sect's masters united to rush towards Tom, shouting their hatred.

From a distance, this scene was spectacular. Tom fought against the entire Blood Thirst Sect alone.

No matter from which angle, Tom was like a mayfly shaking a tree and a mantis blocking a car. He would soon be destroyed.

by Tom, and no one could stop him.

Even for a top master like Oliver, he also had no power to fight back Tom. With just one punch, Tom pierced through his chest.

Oliver couldn't imagine that he might die in this way.

When he fell down, he said with difficulty and pain, "Is this the power of the God Becoming Level? Strong, really strong..."

Many people around were stunned at this scene!

They were shivering.

They had never thought that Tom would be so powerful that it was

completely beyond a God Becoming Level expert.

He was not a human being, but a God!

Cassio also widened his eyes. His heart pounded and he was overwhelmed by terror.

Finally, he sensed that Tom had caught up with him. Tom's murderous intent was so strong that it could freeze into ice. He knew that he was no match at all and would be killed the next moment.

But he didn't want to die!

He had found a way out and saw hope. As long as he could have one more second, he could perfectly replicate that miracle!

He suddenly turned around and saw Tom's cold face. Cassio couldn't help but shout, "Tom! I'm your father-in-law! You can't kill me!"

Hearing this, Tom's facial expression finally changed. He frowned.

However, just as Cassio saw a bit of hope, Tom had already punched Cassio in the chest. It was a simple and direct punch. It hit Cassio hard on the chest. With a plop, Tom pierced through his chest as if poking a layer of paper.

Cassio froze abruptly. He opened his eyes wide in disbelief and looked down at his wound.

"You... You..." He stared at Tom, full of

hatred, fear, and regret.

Tom said coldly, "You don't deserve to be her father."

After saying this, Tom pulled out his hand and Cassio fell to the ground.

Silence shrouded the battlefield again. Everyone was extremely stunned and shocked. Cassio, who was invincible in their eyes, died so easily in Tom's hands?

There was no room for him to resist!

It was so fast that many people couldn't react. Unbelievable!

Those who were in the fighter planes far away were also stunned. They could not imagine that Tom was so

powerful.

"Oh my god, even Cassio is dead. Who else is his opponent? Who else can stop him?"

"Run! Run!"

"No! Everything is gone."

"He is not a person. He is a ghost. A ghost!"

For a moment, all the Strong in the Clan World were deeply frightened by Tom. They had no intention of fighting, dispersed in a hurry, and ran around.

But would Tom give them a chance to escape?

The answer was definitely no.

Tom just paused for a moment and then began to move immediately.

Like the autumn wind sweeping away the fallen leaves, Tom slaughtered the Strong in the Clan World in less than two minutes. They were extremely fragile to him.

After he had done all this, he did not even take a breath.

His power was beyond everyone's imagination. Even Tom himself felt strange.

He stood there for a long time before he regained his senses and walked towards Phoebe.

He squatted down in front of Phoebe.

After thinking for a while, he put his hand on Phoebe's old face. A miracle happened. Phoebe, who looked old, had regained her youth and her beauty.

Phoebe was back to her original appearance. It looked like she was asleep.

However, Tom knew that Phoebe was dead.

Even if he broke through the God Becoming Level and reached the next level, he would not be able to revive Phoebe.

With a heavy sigh, Tom picked up Phoebe again and left.

That day, the news was spread throughout the world. Everyone was

shocked!

In such a big Clan World, thousands of top masters died in Tom's hands. Even Cassio, who was known as invincible in the world, was punched to death by Tom!!

Because the Strong in the Clan World were massacred, the Clan World's war against the Secular World was over.

Tom became a national hero overnight.

Countless people wanted to find Tom. But from then on, Tom never appeared, as if disappearing from this world.

There were only legends about him.

Some said he was dead. Some said he was anonymous. And some said he had

entered a more advanced world.

Only those who were familiar with Tom knew that he was no longer on earth but entered into a more advanced world.

Tom was not to pursue a higher realm but to resurrect Phoebe.

The end.

The End
