A man like none other and the man decree Chinese A Man Like No Other Chapter 1886 - 1889

And Zhou Jie, who was on the side, was full of surprise, "You still have a girlfriend? And married? Which woman has found you, I'm afraid it's bad luck in her life."

"I was not like this before, I was very devoted to my girlfriend, only after she ran away, I became like this, thinking that all women are not to be trusted, just treat them as playthings"

Hu Pazzi explained.

But when Zhou Jie heard Pocky Hu refer to women as playthings, her face was full of displeasure.

"Master Hu, you make this guy sound worthless, but how did he find his way here? It seems that his art of deduction, whatever it is, is still very useful."

Kai said.

After all, Kai had relied on the Demon Spirit Sect's map to know about this place, but this Wan Hong didn't have a map, so he must have relied on his own deduction.

"Bah, what's the use, this time the herb that came out must be a ten thousand year old herb, when this ten thousand year old level herb comes out, there will definitely be a vision in advance, I can deduce it even if I'm nearby, what kind of skill is that."

"Even if they are hundreds of miles apart, I can still detect the remains of the tombs underground, it's all the same thing."

"If he had really comprehended the heavenly dao and could deduce the heavenly planes, he would have become an immortal long ago."

Master Hu was full of disdain!

As Kai listened, he felt that that Pocky Hu was right, and there were times when even Kai could not help but be impressed by Pocky Hu's skills.

"Grandmaster Hu, what is that deduction of heavenly fortune? And how do you know where there are tomb ruins? And how did you feel this heavenly treasure before it came out of the air?"

Kai was curious to know just how this was done.

"What? You want to learn?"

Hu Pazzi looked at Kai and asked with a smug look on his face.

"I want to learn, as the saying goes, there must be a teacher for three people, if you give me this art of deduction, I will teach you the art of talisman"

Kai was afraid that Pocky Hu would not teach him, so he told him about the art of talisman!

"Let me ask you something, if someone is near you at this moment, ready to kill you, can you feel it?"

Hu Pazzi asked as he turned to Kai.

"Of course I can, that feeling of danger, I can tell right away."

Kai nodded and said.

"Then how did you feel it?"

Hu Ma Zi continued to ask.

This time, it was difficult for Kai, frowning slightly, he said, "I'm not sure, anyway, it's just that after a long time, when encountering a dangerous breath, the body instinctively reacts, that feeling I can't say!"

"I'll tell you, that's because someone wants to kill you, the body will naturally produce a killing aura towards you, this flow of killing aura will make you feel the danger and your body will react."

"If an ordinary person passed by you, or an ordinary person was next to you without the slightest hostility towards you, this feeling of danger would not exist."

"And this killing aura is not something that can be hidden by deliberately hiding it, because as long as you have it in your heart to kill the other person, your body will exude killing intent, and even if you can hide it, it is instantly felt in front of an expert."

"And the so-called Heavenly Dao, in fact, follows a person's body emitting a variety of Qi is the same, Heavenly Dao is the law of heaven and earth, you see Heavenly Dao as a person, feel the various Qi that flows from this person!"

"Whether he is happy, or sad, or wants to kill, you can know it all, the same goes for the Heavenly Dao, you need to sense the existence of the Heavenly Dao, when you truly comprehend the Heavenly Dao, as long as there is a slight difference anywhere, it cannot escape your eyes!"

"Even the death of an ant in any corner of the entire world, you will be able to know, and by then, you will be the master of the world!"

"And when a ten thousand year old medicinal herb like this comes out of the world, where is the need to enquire about the heavenly dao, you only need to feel the heaven and earth visions to know eight or nine times."

Pocky Hu carefully followed Kai's explanation, but he didn't know if Kai could understand it or not!

In fact, Pocky Hu himself did not really understand what the Heavenly Dao was.

A man like none other and the man decree Chinese A Man Like No Other Chapter 1887

Kai faintly closed his eyes and felt everything around him with his heart.

But apart from these auras, Kai could not seem to feel anything at all!

Kai tried hard to get rid of the scent of several people, and gently stroked the earth with one hand, so as to feel the scent of the earth, the flowers and grasses, and the countless trees!

Slowly, Kai seemed to have entered a very strange world, in his mind, the flowers and plants, and even the whole earth, seemed to come alive and become living things!

The crawling of ants on the ground could all be clearly felt by Kai at this moment.

They also seemed to sense Kai's presence, all emanating a different aura, whether it was the flowers and plants or the sky-high trees, they all seemed to have their own narrative!

Kai's hand gently pressed on the ground, and instantly a disembodied, yet real, sensation came from the earth!

At this moment, Kai could clearly feel that not far ahead of him, a manic and terrifying aura was desperately breaking through the earth, and this should be the place where the ten thousand year old medicinal herb was going to emerge.

Only, the range that Kai could feel now was very limited, beyond a hundred metres it turned into chaos, nothing could be felt!

"Could this be the so-called Heavenly Dao?"

Kai muttered!

"What heavenly dao? Don't tell me that you comprehended the Heavenly Dao"

Hu Pocky looked at Kai with a face full of disbelief.

Pocky Hu himself did not even understand what the Heavenly Dao was, so he casually followed Kai's lecture and Kai was able to comprehend the Heavenly Dao, wouldn't that be too perverted.

"No, I just feel curious!"

Kai smiled indifferently, for he too now had a plausible understanding, and did not know whether the feeling he had just had was comprehending the Heavenly Dao or not!

At this moment, Wan Hong had already set up the formation, and those black stones on the ground were all hidden in the grass, so if you didn't look carefully, you wouldn't be able to find them at all!

"With this spell formation, even if the herbs are out of this world, they won't be able to find them, and then they will be mine!"

The corner of Wan Hong's mouth lifted slightly, then he glanced around and quickly left!

Just as Wan Hong was about to leave, Hu Pazi wanted to rush out, after all, enemies meet enemies.

Only to be held down by Kai: "Master Hu, the herb hasn't arrived yet, you'll definitely let many people know if you make a rash move now, wait until you get the herb, it's not too late for you to take revenge, and this guy will definitely come when the herb comes out anyway"

Once Hu Ma Zi heard this, he then stared viciously at the back of that Wan Hong, his eyes flashing with killing intent!

The hatred of killing one's father, the hatred of taking one's wife, this is a hatred that cannot be shared with God!

Although the one who was cheated by Wan Hong was only Hu Pazzi's girlfriend, that was still a lifelong shame that could not be erased.

Looking at Pocky Hu, Kai couldn't help but think of himself, if he hadn't learned the art of immortality cultivation from the old leader!

He would still be living with endless shame!

Wan Hong was gone, and just as Kai was about to reveal himself, there was a sudden faint trembling of the earth, followed by the sound of footsteps!

By the sound of it there were many people coming this way!

Kai hurriedly hid again, and soon hundreds of people swarmed towards them!

The leader was Zheng An Guo, and the hundreds of men were all Zheng An Guo's men!

"Surround this place, no one is allowed near here"

Zheng Anguo ordered loudly.

"As ordered"

Soon, hundreds of men surrounded the area for miles around, standing at regular intervals!!!

“Ten thousand year old herbs?” Zheng Kai was stunned, “Is it in this place?”

“If that Master Wan’s deduction is good, then it’s in this place, I’m going to seal this place up so that it won’t be preempted by others.”

Zheng An Guo said.

“This is a great opportunity for our Zheng family, ten thousand year old medicinal herbs, our Zheng family is rich

Zheng Kai was also full of excitement at this moment!

Not far away, Kai looked at the Zheng family’s father and son and seemed to understand that at that time, that Zheng Anguo had been chasing after the reason why he came to South Lake.

It seemed that he had also known that a ten thousand year old herb was coming out, so he was afraid that he had come to snatch it.

“You guys keep a tight watch here, the day after tomorrow is the day the ten thousand year old herb comes out, as long as we can get the ten thousand year old herb, all of you will follow and soar to great heights

Zheng An Guo said to a few of the top brass.

“Family head don’t worry, not a single bird will fly in.”

One of the top brass assured.

Zheng An Guo nodded, then called Zheng Kai to prepare to leave, after all, it would be the day after tomorrow before the herbs came out, there was no need for them to wait here!

But just as Zheng Anguo was about to leave with Zheng Kai, he suddenly stood still, followed by his eyes sharply looking towards where Kai and the others were hiding!

“They’ve been discovered

Hu Ma Zi saw that Zheng Anguo was looking towards this place, so he opened his mouth and said.

But Kai made a silent gesture, telling Hu Ma Zi not to speak!

“Come out, it’s degrading to hide!”

Zheng An Guo counted in the direction where Kai and the others were.

Pocky Hu glanced at Kai, but saw that he was still motionless, so he didn’t move either!

When Zheng An Guo saw that no one came out, he frowned slightly, “If you don’t come out, I’ll make a move

As Zheng An Guo’s words fell, several of the Zheng family’s senior members all flashed their weapons!

Seeing that there was still no movement, Zheng Anguo’s right hand began to flicker with a faint light, followed by a palm swing, a naked eye visible qi quickly shot out!

Boom

A rumbling explosion rang out and dirt splashed everywhere!

And not far from Kai and the others, two figures leapt up in a single bound!

Hu Ma Zi was startled to see the figures suddenly bursting out from the side, he was surprised that he didn’t know that there were other people hiding not far away!

When the two people stood still, Kai couldn’t help but feel surprised, he didn’t expect that the person who suddenly appeared was Zhu Hao of the Zhu family in the southwest, since Kai had seen Zhu Hao once the day Dragon Gate opened, he had never seen him again, at this moment that Zhu Hao was accompanied by an old man who was over half a hundred years old.

Seeing the person come out, Zheng Anguo's eyes narrowed slightly and said, "The new late-blooming talent in the entire Southwest, the titled Zhu Gongzi of the Zhu Family, why is he doing something sneaky too?"

"Master Zheng, what have I done sneaking around? Can't I take a dump in the woods because I'm in a bit of an internal emergency?"

"Although you are the city lord of the entire South Lake City, you can't control others to take a shit, right?"

Zhu Hao said with a playful expression.

Hearing Zhu Hao say such words, Kai couldn't help but laugh!

"You"

Zheng An Guo, being said by Zhu Hao like this, didn't know what to say in rebuttal for a while!

"Zhu Hao, you don't have to pretend, your Zhu family is hundreds of miles away, why did you come here to take a shit? I see that you are clearly here for the Ten Thousand Year Medicinal Herbs"

Zheng Kai said angrily.

All young men and gentry at that, although Zheng Kai was not as strong as that Zhu Hao, but this was Nanhu's territory, so Zheng Kai was not afraid!

The first time Zheng An Guo heard that his son opened his mouth and said the 10,000-year medicinal herb, directly almost did not angry violent death, this is not a f*cking idiot?

A man like none other and the man decree Chinese A Man Like No Other Chapter 1889

“Ten thousand year old herb? What ten thousand year old herb? Could it be that ten thousand year old herbs are coming out here?”

Zhu Hao said with a bewildered expression, “I just came over for a swim, and I just had an internal emergency, so I went to take a shit, but who knew that just shortly after squatting down, the Zheng Family Master just took action and blew me out.”

“I really didn’t expect the Zheng Family Master to be so irascible, taking a shit on your turf and even taking action!”

“Sir Zhu, let’s not talk in plain sight, what is the purpose of your visit here? It’s better to tell the truth.”

Zheng An Guo said with a cold face.

“I’ve come here for a tour, can’t I? If not, then we’ll go”

Zhu Hao finished and said to the old man beside him, “Let’s go”

The two men turned around and left, Zheng An Guo watched with an angry face but didn’t move!

Instead, that Zheng Kai took a healthy step and tried to go forward to stop that Zhu Hao!

But he was pulled by Zheng An Guo!

“Dad, what are you pulling me for, you can’t let them go, they are obviously running for the Ten Thousand Year Herb.”

Zheng Kai said anxiously.

Pop!

Zheng An Guo went up and gave Zheng Kai a slap, "When the f*ck are you going to grow up? You're simply a piece of shit!"

"Although the Zhu family in the southwest has been silent, it has recently gained a lot of popularity, is it that easy to mess with?"

"Even if we stop that Zhu Hao, are we afraid that no one else will know about this matter?"

Zheng Kai covered his face with an aggrieved expression, "Then what?"

"Hey, what else can we do, we can only stop the soldiers and cover up the water, no matter who comes, this is South Lake, my Zheng family's territory, we must not let others take that ten thousand year old medicinal herb away!"

Zheng Anguo's eyes narrowed slightly, a cold intent flickering in his eyes!

After Zheng Anguo's father and son left, Kai and the others also left, now that they had determined the location, it was useless to stay there, and with so many people guarding the Zheng family, there was no way for Kai and the others to get close!

Back in South Lake City, Kai and the others found a hotel and stayed there!

"It seems that it is not a secret that this ten thousand year old herb is out of this world"

Kai said with a slight frown.

The more people who knew about this matter now, the more difficult it would be for Kai to get that Ten Thousand Year Medicinal Herb, and everyone would fight for their lives when faced with such a tempting resource.

"When this ten thousand year medicinal herb comes out, there will definitely be a heaven and earth vision, it is impossible to hide it from people, now I just don't know how many people clans and families know about it."

Pocky Hu's face was also rather grave at this moment.

The appearance of such top resources was bound to cause a bloodbath, and strife was definitely inevitable.

"Let's go, let's go for a walk on the street, if this 10,000 year medicinal herb attracts many clans and families, we will definitely be able to feel the change on the street!"

Kai called on Hu Ma Zi and prepared to go around the streets to see what he could find!

And at this time Zhou Jie approached and said, "Mr. Chen, our Vice Lord has something for me, I need to go back"

"Good, Miss Zhou take care on your way!"

Kai nodded his head.

Through these few days of contact, Kai had a good impression of Zhou Jie, and the one person in the entire Demon Spirit Sect that Kai could trust the most was this Zhou Jie.

As long as that Song Qingping was also courteous and polite to himself, but Kai always felt that Song Qingping was docile.

And then there was the Patriarch of the Demon Spirit Sect, who had not been seen since the last time he had met and said a few words!

Looking at Zhou Jie's back, Hu Pocky said with a helpless look on his face, "This little girl, too innocent, sooner or later she will be tricked into bed by that Song Qingping, what a good woman, too bad"

Hu Pazzi sighed, his harrumphs almost didn't flow out!

Looking at Hu Pazzi's appearance, Kai smiled lightly all: "You should not worry about it, people have already slept"
