## A man like none other and the man decree Chinese A Man Like No Other Chapter 1890 - 1895

“What am I doing lying to you!” Kai said.

“Aiya, pity, pity .....”

Hu Ma Zi kept slapping his thighs and exclaiming pity!

But what can be done, it’s all about what you want, there’s no coercion!

“What a pity, it’s not like you’re short of women .....”

Kai dragged Hu Ma Zi out of the hotel!

As the two walked down the street, Kai unabashedly spread his divine sense out and instantly felt that there were surprisingly many experts around!

But these people weren’t hostile to Kai, but were in groups of three or five, doing their own thing!

Kai frowned slightly, and just walked slowly through the streets!

And at this moment, within the hall of the Zheng Family, Zheng Anguo’s face was incomparably ugly as he sat on the main seat, and at the position below him, sat quite a few of the Zheng Family’s top brass!

“Family head, today many strangers have suddenly come to South Lake City, and all of them are experts, the lowest of which are Martial Marquis strength, and among them, there are no longer a few Great Martial Marquis.”

A high ranking official said to Zheng Anguo.

“Do you know where these people are from?” Zheng An Guo asked.

“I don’t know, some of them are from the major sects and families around, and some are not sure of their identities.”

The senior replied!

“Ai, ten thousand year medicinal herbs, such top-notch resources, it seems that there is no way to hide them .....”

Zheng An Guo sighed, his expression becoming much older.

“Dad, South Lake is our Zheng family’s territory, with our Zheng family’s seven Great Martial Marquis and as many as a dozen Martial Marquis, there is still a need to fear those people!”

“Even if it’s those big clans from Kyoto, what can they do, here it’s strength that speaks.”

Zheng Kai said confidently.

“Family head, you don’t need to be overly anxious, with our Zheng family’s strength, those families that came from afar are not necessarily our opponents.”

A senior officer advised Zheng An Guo.

“If it was just one Southwest Zhu Family, I wouldn’t be afraid, but now in the entire South Lake City, how many clans and families have come, how many Great Martial Marquis experts have come, who can say?”

“If these people unite against our Zheng family, do we still have any chance of winning?”

“At that time, even if we win and get that Ten Thousand Year Medicinal Herb, we will still be greatly injured, what will we rely on to protect this Ten Thousand Year Medicinal Herb at that time?”

“At that time the ten thousand year medicinal herb is no resource, it will become a time bomb for our Zheng family, everyone will be watching and dealing with our Zheng family’s .....”

Zheng An Guo knew that after the news of this Ten Thousand Year Medicinal Herb spread, their Zheng Family would not have a good time in the future even if they got the Ten Thousand Year Medicinal Herb.

“Then what should we do? Should we just stand by and watch other clans and families take it?”

Zheng Kai asked in disbelief.

“Of course not, since our Zheng family can’t take it, we might as well do a favor .....”

Zheng An Guo’s eyes narrowed slightly, then he turned to Zheng Kai and said, “You go and find a way to invite Kai here, remember for me, your attitude must be good, before you annoy Kai, I will break your legs .....”

“Dad, what are you doing? Do you want to give that 10,000 year old herb to Kai?”

Zheng Kai said with a shocked face.

“We can’t get it, so what if we give it to him? Besides, we haven’t gotten our hands on this 10,000-year herb, so how can we talk about giving it away? As long as that Kai has the ability to get it, then we are doing this as a favor, and we can also follow Kai to make friends, so why not do it .....”

Zheng An Guo explained.

“Dad, but .....”

Zheng Kai wanted to say something else, but was glared at by Zheng An Guo: “Shut up, when will you grow a brain, short-sighted guy .....”

Zheng Kai was reprimanded and did not dare to speak, he could only turn around and go to that Kai!

On the other hand, Zheng An Guo looked at the senior management and said, "You guys send everyone down, make sure to check the information of the strangers who entered South Lake City, and see how many people came to grab this 10,000 year old medicinal herb!"

"As ordered ....."

The senior members of the crowd led the order and left.

## A man like none other and the man decree Chinese A Man Like No Other Chapter 1891

On the streets of South Lake City, Kai was still skulking around after Pocky Hu, and at this moment, Kai's face had become somewhat less than pleasant!

This was because at this moment, he had sensed no less than twenty Great Martial Marquis.

This volume of Great Martial Marquis was clearly not something that could be unique to the South Lake Zheng Family itself.

"Kai, it looks like quite a few clans and families have come for this one 10,000 year medicinal herb, this is going to be lively." Hu Pazi also similarly sensed quite a few Great Martial Marquis and said with some concern.

Kai frowned slightly, "It seems that this ten thousand year herb is not really that easy to get."

"I just don't know if these people, in the end, know the exact location where the herb appears, if not, we can find a way to attract them to don't go out!"

Kai is not confident that he can easily take the 10,000 year old herb with so many Dawu Hou!

But the exact location of the herbs should be known to very few, all of them only knew a general location.

If he could find a way to make these people get the location of the Ten Thousand Year Medicinal Herb wrong, then Kai would have a better chance.

“How can we attract this?”

Pocky Hu didn't know what it would take to get so many people to incorrectly know the location of the Ten Thousand Year Herb at the same time!

Kai didn't say anything, his brows knitted together in contemplation!

But just then, Zheng Kai found Kai with the two of them!

“Finally, we found you guys .....”

Seeing this, Zheng Kai stopped Kai and Hu Ma Zi with a happy face!

“Kid, what do you want to do? Still want to fight?”

Hu Pocky asked with a cold face when he saw Zheng Kai stop them with his men.

“No, no, no, you misunderstood, I'm not here to fight, it's my father who asked me to invite Mr. Chen.”

Zheng Kai said as he waved his hands repeatedly.

“Invite me? Invite me to do what?”

Kai was astonished!

“My father knows that there is a Ten Thousand Year Medicinal Herb coming out in the vicinity, so he wants to invite Mr. Chen to come forward and discuss taking the Ten Thousand Year Medicinal Herb.”

Zheng Kai said truthfully.

Because he knew that in order to make Kai believe him, he could only tell the truth!

When Kai heard that Zheng Anguo actually wanted to invite himself over to discuss the matter of the Ten Thousand Year Medicinal Herb, he couldn't help but stare!

Then, Hu Ma Zi whispered, "Kai, what kind of plan is this Zheng family up to? Why would they take the initiative to seek you out to talk about the Ten Thousand Year Medicinal Herb?"

Kai shook his head, he didn't know what exactly that Zheng Anguo was up to now!

However, he still nodded and said, "Okay, circuit ahead ....."

Kai decided to go to Zheng's house to see what that Zheng Anguo really meant!

Hu Pazi and Kai two people quickly arrived at the Zheng family, and Zheng Anguo was waiting in the hall at this time, see Zheng Anguo that look, and acted a little anxious!

When he saw Kai coming, Zheng Anguo then hurriedly came forward, "Mr. Chen, we can finally wait for you ....."

"Clan Master Zheng, what do you want to see me about?"

Kai asked.

"Mr. Chen, I believe you already know that recently, around this South Lake City, there will be a chance to find a 10,000 year old medicinal herb that comes out."

Zheng Anguo said straightforwardly.

Seeing Zheng Anguo being so direct, Kai did not beat around the bush himself, so he nodded and said, "Not bad, I do know."

Zheng Anguo then continued, "Now that the news of that 10,000 year medicinal herb coming out has somehow leaked out, many clans and families have come to South Lake!"

"To be honest with you, Mr. Chen, I originally planned to take the 10,000-year herb for myself, but now that so many clans are all going after the 10,000-year herb, I'm afraid that

my Zheng family's hope of obtaining the herb is very slim, and even if we obtain the herb, I'm afraid that we will become the target of many clans and families!"

"So after thinking about it, I have decided to give this Ten Thousand Year Medicinal Herb to Mr. Chen, and our Zheng Family can fully assist Mr. Chen in getting the Ten Thousand Year Medicinal Herb."

"As long as we cooperate, I feel that the chances of getting the Ten Thousand Year Medicinal Herb are high."

Zheng An Guo did not hide anything, and straightforwardly followed Kai to spill out all that he thought!

## A man like none other and the man decree Chinese A Man Like No Other Chapter 1892

Kai couldn't even believe it a little when he saw what Zheng Anguo said.

"Zheng Family Master, you gave me that ten thousand year herb and did all you could to help me get that ten thousand year herb, what did your Zheng Family do it for?"

"As the saying goes, no profit is too great, the Zheng Family Master wouldn't just be learning from Lei. Feng Feng, doing a good deed, right?"

Kai asked, staring at Zheng Anguo with a deadly stare.

"Mr. Chen, I am doing this for one reason only, that is to follow Mr. Chen and make him a favor to our Zheng family, so that when our Zheng family is in trouble, I believe Mr. Chen will not stand by and do nothing."

Zheng An Guo said.

"Just for that?" Kai was astonished!

“Good, only for these .....”

Zheng Anguo nodded with a serious face.

Seeing that Zheng Anguo did not look like he was joking, Kai asked, “Master Zheng, what about the strength of your Zheng family?”

Kai did not know how strong the Zheng Family was, and if the Zheng Family only had one Great Martial Marquis, Zheng Anguo, then it would be meaningless to have the Zheng Family’s help or not!

“Our Zheng Family has a total of seven Great Martial Marquises and a dozen Martial Marquises counting me, and our Zheng Family also has a Martial Saint Artifact .....”

Zheng Anguo’s words instantly caused Kai and Hu Pazi to freeze on the spot!

They had never thought that in a small border town like Nanhu, the Zheng Family would have such terrifying strength!

“Master Zheng Family, with such strength, you are strong enough to go to Kyoto and start a sect, so why are you staying in this tiny South Lake?”

Kai asked with great confusion.

“Although there are many resources in Kyoto, there are even more sects and families, so there is not much to distribute, besides, with the Martial Alliance in Kyoto controlling most of the resources, the development of the major sects and families will be restricted!”

“It’s not as good as this small place of mine, the land is vast and sparse, no one pays attention to this place, all the resources are mine, if it wasn’t for the 10,000 year old herbs that are out of this world, how could so many clan and family experts come, they can’t even be invited normally.”

Zheng An Guo explained.

Kai thought about it, some of the clans in Kyoto were putting their energy into deceitfulness all day long, and with the control of the Martial Alliance, it was hard to develop!

“Master Zheng, since you are so sincere, then I, Kai, can’t say anything else. As long as Master Zheng helps me get the 10,000 year old herbs, my Dragon Sect is willing to follow the Zheng Family as an ally.

Kai patted his chest and assured.

“Good, with this word from Mr. Chen, my Zheng Family will definitely do its utmost to help Mr. Chen get the Ten Thousand Year Medicinal Herb!”

Zheng Anguo said with an excited expression.

“By the way, how did the Zheng Family Master know that the Ten Thousand Year Medicinal Herb was going to come out?”

Kai asked.

Kai knew about it through the map of the Demon Spirit Sect, and he was curious to know how Zheng Anguo knew about it.

“I won’t hide it from Mr. Chen, it was that Master Wan who peered into the Heavenly Dao and deduced it .....”

Zheng Anguo spelled out that Wan Hong!

“Wan Hong?” Kai was stunned!

“Yes, that’s him, does Mr. Chen know Grandmaster Wan?” Zheng Anguo was curious as to how Kai knew Wan Hong.

Kai smiled lightly and looked at Pocky Hu.

And Pocky Hu laughed coldly, “Bullshit master, still spying on the heavenly dao, what does he know, that 10,000 year old herb coming out, heaven and earth will have a vision, just a casual calculation will tell you.”

Zheng An Guo looked at Pocky Hu and then asked to Kai, “Mr Chen, this is .....”

“This is Master Hu, a top-notch talisman master, his art of exploring caves and finding tombs is unmatched .....”

Kai gave Pocky Hu a compliment!

When Zheng Anguo heard this, he hurriedly said respectfully, “So it’s Master Hu, my respects .....”

Pocky Hu also arched his hand, sort of following Zheng Anguo’s greeting!

“Family Master Zheng, you have been deceived by that Wan Hong .....”

Kai said to Zheng Anguo.

“Mr. Chen, how do you mean by that?”

Zheng Anguo said with a puzzled expression.

## A man like none other and the man decree Chinese A Man Like No Other Chapter 1893

So, Kai told Zheng An Guo what he had seen and heard in the west of South Lake City.

And he even told them about the formation that Wan Hong had set up in advance at the place where the Ten Thousand Year Medicinal Herb had emerged!

Zheng An Guo was shocked to hear this, and then his face was filled with anger!

“This fellow, who knew where that Ten Thousand Year Medicinal Herb had emerged, didn’t tell me, but only told me a general location, while he himself went ahead to set up the formation!”

“It seems that he is also spying on that Ten Thousand Year Medicinal Herb, thanks to me trusting him so much and giving him so many resources!”

Zheng Anguo's face turned red with anger, then he turned to Zheng Kai and said, "Zheng Kai, you immediately lead people to search for that Wan Hong all over the city, and when you see him, bring him to me directly, remember to bring more experts, this guy is very strong!"

"Dad, don't worry, I've long seen that old thing in a bad light!"

Zheng Kai nodded, and then left with the two Great Martial Marquis.

The entire South Lake City belonged to their Zheng family, so it wasn't that difficult to hunt down a man!

"Mr. Chen, with this strength of our Zheng Family helping out, how sure do you think you can get that ten thousand year old herb?"

Zheng An Guo asked.

Kai pondered for a moment and said, "Right now, I don't know exactly how many clans and families have come, and exactly how many Great Martial Marquis experts are present, so I can't say right now."

Kai did not know the details of his opponents, and there was no way to say how much certainty he had, but then Kai continued, "But I have a solution, if I succeed, I will be able to increase the chances of getting the 10,000 year old herb!"

"Mr. Chen, what method?"

Zheng An Guo hurriedly asked.

"That is to lure other clans and families in the wrong direction, so that they get the wrong place, then we will have a better chance!"

Kai said.

"Then how can we make so many clan lineages get it wrong?"

Zheng An Guo continued to ask.

"I have an idea, I just don't know if it's feasible, let's find a thousand year old herb and arrange it somewhere in advance, then we'll find a way to create some visions!"

"That way, someone will definitely mistake that as the place where the 10,000 year old herb is coming out, and will definitely flock to the place, or even have a big fight over it."

"And we will be able to wait at the place where the Ten Thousand Year Medicinal Herb really appears, as long as the Ten Thousand Year Medicinal Herb comes out and we get our hands on it, it won't be that easy for other clans and families to snatch it away if they want to."

Kai gave out his solution.

Zheng An Guo heard that this was a good idea, so he said with some excitement, "Mr. Chen, I still have a 3,000 year old mountain ginseng in my hand, so it is just right to use it as a 10,000 year old herb! But how do I create this heaven and earth vision?"

"It's not a trivial matter, leave it to me, a few talismans and I will make the heavens and earth shake and the Great Dao hum ....."

Hu Pazi said with an easy face.

This time the herbs to act as ten thousand year old herbs were available, as well as Hu Ma Zi could create the vision, now Kai and the others could only wait quietly.

Zheng An Guo had someone bring the mountain ginseng up the mountain in advance and bury it in a location that was in the opposite direction to the ten thousand year old herb!

"Zheng Family Master, I'll let you lose a three thousand year old mountain ginseng, but after the deed is done, I will make a Sanyuan Dan for Zheng Family Master, which will allow you to get twice the result with half the effort on Zheng Family Master's cultivation path!"

Kai could not let the Zheng Family lose a three thousand year old mountain ginseng for nothing.

Upon hearing this, Zheng Anguo immediately said excitedly, "Then I am truly grateful to Mr. Chen, I have long heard that Mr. Chen is a medicine master and is also the valley master of Pill God Valley."

"You are welcome, Master Zheng, we are now allies, as we should be, let's go around the streets again and see how many clans and families have come, as the saying goes, knowing one's enemy and knowing oneself will win a hundred battles!"

Kai said.

"Good, I hope that this time Mr. Chen will be able to get the Ten Thousand Year Medicinal Herb without any problems!"

Zheng An Guo nodded his head!

Kai followed Pocky Hu out of the Zheng family and continued to skulk around the streets of South Lake.

Inside the Demon Spirit Sect!

Upon Zhou Jie's return to the Demon Spirit Sect, he found a somewhat gloomy atmosphere within the main hall!

Song Qingping was sitting in the position of Vice-Patriarch, while below him sat the many deacons of the Demon Spirit Sect.

Sensing the gloomy atmosphere, Zhou Jie couldn't help but cautiously step forward and said to Song Qingping, "Vice Patriarch, you're looking for me ....."

"Zhou Jie, has that Kai found the place where the medicinal herb came out?"

Song Qingping asked.

“It will be Vice Patriarch’s words, it has been found, only that someone has short-changed him and set up a spell formation at the place where that medicinal herb emerged!”

Zhou Jie said truthfully.

“A spell formation? What kind of person could know in advance where the herb was born?”

Song Qingping said with a slight daze.

“It seems to be a person called Wan Hong, said to be a master of some kind of deduction .....

Zhou Jie replied.

“Wan Hong?” Song Qingping frowned, but he hadn’t heard of this name before.

At this time, Deacon Lu from below said, “Vice Patriarch, this Wan Hong is indeed a very famous deduction master, it is said that he has comprehended the Heavenly Dao, and nothing can be hidden from him.”

“It wouldn’t be strange if it was him who had deduced ahead of time to find where the herbs were located. ”

“So there’s this kind of miracle man, it looks like we’ll still have some difficulty in getting our hands on that medicinal herb.”

Song Qingping’s face looked difficult!

When Zhou Jie heard this, she was very surprised and said, “Vice Patriarch, isn’t that herb something we gave to Mr. Chen? Do we have to seize it ourselves?”

Song Qingping snorted coldly, “It would be fine if it was a normal herb, that is a ten thousand year old herb, how can we give it to him so easily, that would cost us too much.”

"I called you back so that you can secretly watch that Kai, as long as that Kai gets his hands on the ten thousand year herb, you will find a way to get your hands on the herb!"

Song Qingping wanted Zhou Jie to take the opportunity to steal the Ten Thousand Year Medicinal Herb from Kai's hand!

When Zhou Jie heard this, she instantly looked bitter, "Vice Patriarch, you are not unaware of that Kai's ability, how could I possibly get the Ten Thousand Year Medicinal Herb out of his hands ....."

"Vice Patriarch, that Kai is highly powerful, even if he is unguarded, it is almost impossible for Zhou Jie to steal the Ten Thousand Year Medicinal Herb from Kai's side."

"I've heard that Kai still has a treasure storage ring on him, he puts everything in it, there is no way for others to get to it, that Blood Devil's flesh should also be within that storage ring!"

At this time, Deacon Lu got up and said to Song Qingping.

Upon hearing this, Song Qingping's brow furrowed slightly, but then it relaxed and he took out a bottle of colourless and odourless liquid from his arms.

"Zhou Jie, this is Dispersing Energy Water, as soon as that Kai gets the Ten Thousand Year Medicinal Herb, you will find a way to make him take this Dispersing Energy Water, then that Kai will have his hands tied and be captured!"

Song Qingping tossed the Dissipating Energy Water in his hand to Zhou Jie!

Zhou Jie held the Dissipative Energy Water in her hand and said with a puzzled expression, "Vice Patriarch, isn't our Demonic Spirit Sect going to follow Mr. Chen's cooperation? If we do this, then will Mr. Chen still follow us and cooperate?"

"Let's not talk about cooperation now, the 10,000 year medicinal herb, this is a once in a lifetime opportunity, our Demon Spirit Sect must get our hands on it, do as I instructed!"

With a wave of his hand, Song Qingping told Zhou Jie to leave!

Zhou Jie had no choice but to turn around and leave, after Zhou Jie left, Song Qingping looked at those deacons in front of him and said, "Now that the aura recovery is right around the corner, our Demon Spirit Sect must also act as quickly as possible."

"Our first goal now is to eradicate the Zheng Family, or make the Zheng Family submit to us, so that South Lake City becomes the territory of our Demon Spirit Sect!"

"In this way, our Demon Spirit Sect can develop, and from now on, along with the recovery of spiritual energy, our Demon Spirit Sect will have to occupy more places and let the whole world know about our Demon Spirit Sect.

## A man like none other and the man decree Chinese A Man Like None Other Chapter 1895

"Vice-Lord, our Demon Spirit Sect has an ancestral motto that we should not leave the secret realm easily until the aura recovery has completely arrived, and we are not allowed to follow the clans and families in the secular world to start a conflict!"

"If we suddenly turn on the Zheng family and make South Lake City our territory, then we are afraid that the secret of our Demon Spirit Sect's secret realm will not be preserved."

"And for such an important matter, wouldn't it be necessary for the Sovereign to step in and announce it?"

That Deacon Lu asked to Song Qingping.

"There is no need to ask the Patriarch, the Patriarch has already authorized me, you just need to follow my arrangements."

Song Qingping said with an icy face.

That Deacon Lu wanted to say something else, but was met with a wave of Song Qingping's hand and said, "Alright, you guys stand down, just follow the orders ....."

Seeing this, all of them could only retreat helplessly!

After everyone had left, a black-robed person stepped out, then slowly removed the cap from his black robe to reveal a delicate face!

This black robed person was none other than Ning Zhi who had become a Demon Envoy!

"Song Qingping, meet Lord Demon Ambassador ....."

After seeing Ning Zhi, Song Qingping knelt straight down!

"Get up ....."

Ning Zhi said indifferently.

Song Qingping got up, and then looked at Ning Zhi with an envious expression!

The two were similar in age, but Ning Zhi had now become a Demon Ambassador, not because Ning Zhi was strong, but because he had the Demon Ambassador's soul residing within him, so of course Ning Zhi's water had gone up.

Being of the same lineage, the Demon Heart Sect can create a large number of souls, whereas the Demon Spirit Sect does not allow such a thing to exist.

Song Qingping was from the Demon Spirit Sect, but had always yearned for the life of the Demon Heart Sect, and he now wished for a powerful soul to reside within him!

That way, apart from his strength being able to soar, he would also be able to raise his status!

"Is it done?"

Ning Zhi asked as he turned to Song Qingping.

"It's done, as long as that Kai has taken the Dissipating Energy Water, he definitely won't be able to get away, but I don't know if that Zhou Jie will succeed."

Song Qingping said.

"It doesn't matter, even if that Kai didn't take the Dissipating Energy Water, that Ten Thousand Year Medicinal Herb won't fall into his hands!"

"As for that Blood Demon's flesh, I believe it won't take long for it to be resurrected, and when the Blood Demon is resurrected, then it will be our Demon Clan's world."

Ning Zhi laughed with a fierce face, a hoarse cackling sound coming from his mouth.

"Demon Envoy, if that Kai refuses to hand over the Blood Demon's flesh, how are we going to resurrect the Blood Demon?"

Song Qingping asked.

"Refuse to hand it over? I never thought that that Kai would hand over the Blood Demon's flesh, he's not a fool ....."

Ning Zhi's eyes narrowed slightly as his eyes became profound!

"You know he won't hand it over?"

Song Qingping was a little confused for a moment, so he asked, "Since Lord Demon Envoy knows that that Kai won't hand over the Blood Demon Flesh, then why do you still want me to cooperate with that Kai?"

"If we don't cooperate, how will he know the secrets of our demon race? If he didn't cooperate, how would he know about our Demon Heart Clan's secret realm, and if he didn't cooperate, how would he know that Penglai Island was a place of revived spiritual energy?"

Ning Zhi smiled faintly!

This confused Song Qingping even more: "Lord Demon Envoy, you asked me to cooperate with that Kai just to purposely let him know this?"

“Of course, otherwise he may not believe us even if we say so, but now that you have asked him to cooperate, he will definitely believe what you say.”

“Only that according to his nature, he won’t fully believe you either, and even more so, he won’t easily hand over the Blood Demon Flesh!”

“But that Kai will definitely go to Penglai Island next, or find the secret realm to save his girlfriend, no matter if he goes to Penglai Island or to the secret realm to save his girlfriend, then our plan is halfway successful!”

“If he dares to enter the secret realm, I have prepared countless traps for him in the secret realm, he will only get in but not out.”

“If he chooses to go to Penglai Island, when the aura revives, a vision will definitely descend from the sky on Penglai Island, then even if Kai is a true dragon golden body, he will not be able to carry it at all, while the Blood Demon’s physical body can use the vision when the aura revives to revive itself!”

“At that time, the entire world will be under the domain of our Demon Race, and every land where the aura recovers next will also be occupied by our Demon Race first!”

“So whatever that Kai does next is already in the palm of my hand.”

Ning Zhi said with a face full of excitement.
