Chinese A Man Like None Other Chapter

1941 - 1956

“Ah”

At this moment, Kai's entire body was flaming red, as if the inside of his body was on fire!

With a loud roar, a terrifying aura instantly swept through the entire mountain and forest, as the trees around him collapsed and the earth began to cave in and tremble!

At this moment, the mountain was like it had been hit by a meteorite, and it became a wreck, with not a single blade of grass growing!

Everyone was awakened and looked at the mountain not far away in surprise.

“What's going on? Could it be that a meteorite has struck?”

Zheng An Guo hurriedly got up, his face ugly.

Everyone ran out into the courtyard and looked at the fiery red glow on the mountain not far away!

“It's people, I see that the glow emitting from that hill is people”

Zheng Kai said.

Everyone was startled and rushed to the backyard to see that the solid chamber had long since disappeared and turned into a cloud of powder!

“Could that be Mr. Chen?”

Zheng An Guo was filled with shock!

It was because they felt a terrifying aura approaching at this moment, and even though they were all Great Martial Marquis, that pressure made each of their hearts beat faster.

“It’s Mr. Chen, it’s him”

Jiang Wei’s eyes were wide open and he said with a look of surprise.

Hu Ma Zi, on the other hand, acted calmly and said, “This Kai, what a strange talent, with this strength he has now, I’m afraid a small mountain could be destroyed.”

“Why did Mr. Chen suddenly run to that mountain for what?”

Zheng Kai asked, puzzled.

“If he didn’t run to the mountain, I guess there would have been no more of your Zheng family by now, it would all be in ruins.”

Pocky Hu said with a smile!

Only at this moment did Zheng Kai understand that Kai was trying to prevent his breath from destroying the entire Zheng family!

“Let’s go, let’s go and see”

Pocky Hu said and headed towards the mountain!

The crowd was following behind, all wanting to see the power of Kai having taken the divine Pill!

And at this time, Kai’s body constantly erupted with a fiery red light, which directly illuminated Kai’s internal organs very clearly!

The light kept flickering, and Kai’s aura was climbing!

Right now, Kai was struggling to control that aura within his body, allowing him to rise calmly, for if it all exploded, he was afraid that the entire mountain would be razed to the ground!

And his own body was afraid that in the midst of this outburst, he would suffer heavy injuries straight away!

“It’s just ahead, with such a terrifying aura, I’m afraid that he’s about to break through the Great Martial Marquis.”

At that moment, not far away, Ning Zhi looked at the place where the light was flashing, and kept getting closer!

And behind Ning Zhi, he was followed by four black and gold robes!

Originally, Ning Zhi had intended to wait until after the Black Gold Robe, then go to Penglai Island, and if he could wait for Kai, then he would clean him up at Penglai Island.

If he couldn’t wait, then he would clean up the other clans and families. With four Black Gold Robes around, this was an invincible existence!

But before Ning Zhi could take the four Black Gold Robes to Penglai Island, he noticed a strange sight here.

Ning Zhi knew in his heart that it was not good, this sudden change must be due to Kai’s breakthrough, knowing that not long ago Kai had just refined a divine elixir!

Now this vision had appeared again, so Kai must have swallowed the divine Pill and his strength was breaking through in leaps and bounds!

After much consideration and with the Demon Envoy’s permission, Ning Zhi rushed here with his Black Gold Robe!

They could not let Kai continue to improve like this, and if Kai broke through the Great Martial Marquis and reached the Martial Saint realm, then it would be more difficult for them to catch Kai than to reach the heavens.

Soon after, Ning Zhi arrived with his men, and looking at Kai, whose eyes were tightly closed and whose body was constantly glowing red, a hint of panic arose in Ning Zhi’s heart!

To be able to walk here, Ning Zhi and the others had expended a considerable amount of physical strength, knowing that the aura emitted by Kai was so oppressive that Ning Zhi and the others had to keep resisting the pressure to walk here!

“As expected of a Golden Dragon’s true body, swallowing a divine elixir straight away and still suppressing that manic aura and boosting strength a little.”

“But for such an important matter, this Kai actually didn’t send anyone around to guard the law, so don’t blame us.”

The demonic envoy inside Ning Zhi said with a cold smile.

A man like none other and the man decree Chinese A Man Like None Other Chapter 1942

At this moment, the aura within Kai’s body continued to climb, while he desperately tried to suppress that power to prevent it from exploding too quickly and causing his body to be injured, he could only calmly allow his aura to rise!

Kai had actually felt the arrival of Ning Zhi, but he didn’t dare to do anything rashly at this moment, he only hoped that the power inside his body would be absorbed by himself quickly!

Feeling the explosion of that aura on Kai’s body, Ning Zhi knew that his chance had come, if he waited any longer, after Kai had truly made a breakthrough, then he would be in trouble.

Undisguised, Ning Zhi walked up to Kai with the four black and gold robes!

“Kai, you didn’t expect that we would meet so soon, did you?”

Ning Zhi said with a cold smile on his face.

Kai merely looked at him, but did not speak, though his eyes showed a bit of anxiety!

Seeing that look in Kai’s eyes, Ning Zhi became even more smug.

“If the Great Power hadn’t taken a fancy to your flesh, I would have just let your head fall off right now

Ning Zhi's eyes were filled with killing intent as he said.

He hated Kai with a passion, Ning Zhi would not forget the revenge of killing his father in, and the Ning family was also destroyed by Kai.

If it wasn't for Kai, Ning Zhi would still be a gentry now, able to enjoy everything!

Instead, now he had to run around and become someone else's lapdog.

"Cut the crap, he is at a critical moment right now, you guys just happened to strike and absorb the spiritual energy within him, leaving the flesh behind"

The demonic ambassador inside Ning Zhi spoke up!

Seeing this, Ning Zhi then glanced at the four black and gold robes, and the five of them pressed their hands together on Kai's body!

They intended to suck the spiritual energy from Kai's body and turn him into a ruined man!

Moreover, this spiritual energy was just the right amount to help them cultivate, and they knew that the spiritual energy in Kai's body was so surging that if they sucked it up alone, they were afraid that if they couldn't finish it, their own bodies would explode!

But just as the five of them had put their hands on Kai, suddenly several strong winds came at them, causing several of them to dodge out of the way!

"How dare you all plot against Mr. Chen in my South Lake City"

Zheng An Guo looked at Ning Zhi several people angrily and shouted!

And at that moment, Hu Ma Zi's face turned a little ugly when he saw Ning Zhi and the hurried black and gold robes behind him!

"You're from the Kyoto Martial Alliance?"

Pockmarked Hu asked in a cold voice.

Ning Zhi was slightly stunned, it was night time at the moment and they were all dressed in black robes, besides, now that the Kyoto Martial Alliance no longer existed, I didn't expect anyone to be able to recognise them!

"Not bad, I didn't expect there to be anyone here who could tell our identities"

Ning Zhi nodded in direct acknowledgement!

For he knew that the few people in front of him were simply no match for them.

Pocky Hu, Zheng Anguo and that Jiang Wei were all only Great Martial Marquis, and as for that Zheng Kai, he was only a Martial Marquis, so how could he possibly deal with these four Martial Saints of theirs!

The four Black Gold Robes were Martial Saints, so they would be more than capable of dealing with Pocky Hu and the others!

"People from the Kyoto Martial Alliance?"

Jiang Wei was also frowning, his expression very grave!

"Whatever Kyoto Martial Alliance, this is South Lake, it's our Zheng family's territory, whoever comes will have to be obedient"

Zheng Kai didn't know the strength of the other party, so he shouted loudly!

"Zheng Kai, shut up"

Zheng An Guo also seemed to sense the strength of the other party and loudly reprimanded Zheng Kai.

But that Zheng Kai didn't seem to have sensed the danger and still shouted at Ning Zhi, "You'd better get out of our South Lake, or else you'll be left in the lurch"

Just as Zheng Kai finished his words, he only saw that Ning Zhi waved his palm, Zheng Kai's body instantly flew backwards, and a mouthful of blood spurted out in mid-air!

"Son"

Zheng An Guo hurriedly leapt up and caught Zheng Kai!

“If you don’t want to die, get lost quickly, I want to deal with only Kai, I don’t want to kill you

Ning Zhi didn’t want to follow Hu Pocky and the others into action!

Hu Ma Zi and Jiang Wei glanced at Kai , then the two looked at each other and seemed to have made up their minds!

Suddenly, Jiang Wei drew out the Immortal Binding Rope and followed it up with a vicious whip!

The Immortal Binding Rope was a Martial Saint Weapon, so its power was naturally extraordinary!

Seeing this, Ning Zhi’s body leapt up, while the four black and gold robes behind him instantly bullied him!

One of the Black Gold Robes grabbed Jiang Wei’s Immortal Binding Rope straight away, and then slashed down with a hand slash, breaking the rope with a sound!

Jiang Wei froze when he saw how easily the immortal binding rope was cut off!

While Jiang Wei was in a daze, the black and gold robe struck Jiang Wei’s body with a fierce punch, and Jiang Wei’s body was instantly knocked hundreds of metres away like a kite with a broken string!

The two men were not even on the same level of competition, there was a world of difference between a Martial Lord and a Martial Saint.

Even if Jiang Wei had a Martial Saint weapon in his hand, his real strength might not necessarily reach the level of a Martial Saint!

That was why he was easily cut off by his opponent's binding immortal rope and then sent flying!

Seeing this, Hu Ma Zi knew that even with his own strength, he could not stop the other side, but they could not just let these people do anything to Kai, so he took out a handful of talismans, bit the tip of his tongue, and sprayed a mouthful of blood on top of the talismans!

These incantations instantly rose into a blazing flame, which then transformed into a ten-metre tall fireman, lunging towards the hurried black and gold robe!

The roaring flames directly caused the surrounding temperature to instantly rise, the scorching of the flames made people gasp for air!

But the four black and gold robes seemed undaunted as they all threw a united punch!

The ten-metre tall fireman was shattered in an instant, scattering flames all over the place and setting the surrounding trees ablaze!

The terrifying force that shattered the fireman did not disappear, but penetrated the fireman's body and slammed heavily into the body of Hu Ma Zi!

Hu Ma Zi's body flew out instantly and then fell to the ground!

At that moment, Hu Ma Zi's face turned pale and blood gushed out of his mouth.

If it wasn't for this life-saving talisman, with that power just now, Hu Ma Zi would have already died.

Zheng An Guo, holding Zheng Kai, looked at the scene before him and did not dare to move!

He knew that even if he were to make a move, it would be useless.

Faced with an opponent of disparate strength, there was no choice but to resign oneself to fate!

The Great Martial Marquis followed the Martial Saint, and that was an unbridgeable gap!

Not to mention the fact that there were four Martial Saints on the other side, such strength, not to mention his Zheng Family of South Lake City, even if it was the entire Grand Xia, which family could resist.

“Hmph, just by you guys, you also want to stop it? It’s simply a joke”

Ning Zhi looked at the injured Hu Pocky and the others and sneered.

“Cut the crap and do it quickly, that Kai is about to break through”

The Demon Ambassador inside Ning Zhi urged.

Ning Zhi nodded, then together with the four black and gold robes, they arrived in front of Kai and were about to make a move on him.

But when several of them pressed their hands on Kai’s body, intending to suck the spiritual energy from Kai’s body, there was a sudden buzz!

A strange power began to permeate Kai’s body, which seemed to possess a huge suction force, instantly sucking the spiritual energy from several people’s bodies, in a rapid manner!

“What is going on here?”

Ning Zhi instantly panicked as he felt the breath within his own body draining away at a rapid rate, instead of sucking Kai’s spiritual power!

“It’s bad, it’s bad”

The four Black Gold Robes all panicked as well, knowing that they were all Martial Saints, but even so, there was no way for them to stop the Qi within their bodies from flowing rapidly towards Kai’s body!

A man like none other and the man decree Chinese A Man Like None Other Chapter 1944

They didn't know that Kai's Heart Condensation Technique was a truly superior technique that could absorb and refine everything!

They wanted to suck the spiritual energy from Kai's body, which was the most stupid thing they could do!

If they had made a move against Kai, Kai might not have been able to deal with it, but these few guys still wanted to suck the spiritual energy from Kai's body, and this caught Kai right in the middle of it!

"Quickly, back off"

The Demon Envoy inside Ning Zhi was yelling frantically!

For even he, the spirit, could feel his life draining away, as if he himself was about to be sucked into Kai's body and refined!

Several of Ning Zhi's men were desperately trying to break free from their bonds, each with cold sweat on their foreheads!

When Hu Ma Zi and the others saw this, they all stared in shock and disbelief!

Four Martial Saints plus a Great Martial Marquis had made their move at a crucial moment in Kai's practice, and they were still made to look terrified and sweaty!

Little did they know that these few people's breath was being sucked up by Kai at a rapid rate!

Ning Zhi and the others desperately tried to break free, but their palms felt like they were being sucked in, firmly pressed against Kai's body!

"What kind of gong technique is this, to be so perverse"

Ning Zhi said with a look of horror.

"Quickly withdraw your gong power and use pure power to break free, hurry up"

The devil ambassador seemed to know the power of the Heart Condensation Technique within Kai's body and said in a hurry.

Upon hearing this, Ning Zhi and the others hurriedly collected their spiritual power and used pure strength to break free of Kai, and hurriedly retreated backwards!

Ning Zhi and the four Black Gold Robes looked at Kai incredulously, their eyes filled with doubt!

Buzz

Just then, Kai's body began to erupt in a burst of golden light!

The terrifying aura continued to climb, and Kai's body was beginning to change, as if Kai's physical body had been tempered.

Immediately afterwards that terrifying aura shot up into the sky and erupted into a radiant light that lit up the night sky like daylight!

Rumble

The whole mountain began to shake as the ground shook and the forest trees that were burning around them all instantly went out under the burst of this aura, while the whole mountain seemed to be collapsing!

Hu Ma Zi and the others fought off the aura bursting out from Kai's body, and looking at the mountain that was about to collapse, Hu Ma Zi got up inside and helped Jiang Wei, then followed Zheng An Guo's father and son and ran towards the bottom of the mountain!

It wasn't that they didn't want to save Kai, but the aura Kai was emitting was so terrifying that if they stayed there, they would soon be crushed into mush.

Seeing this, Ning Zhi and the four black and gold robes also leapt up in a hurry, and just after they leapt up, the whole mountain began to collapse and Kai was instantly submerged!

Seeing Kai being submerged by the whole mountain, Ning Zhi was a little reluctant to let go of him, not because he couldn't let Kai die, but because he couldn't let go of the treasures and secrets Kai was carrying!

Ning Zhi retreated to the foot of the mountain with his four black and gold robes, looking at the whole mountain collapsed, a wreck, smoke and dust covering the entire sky!

“Lord Demon Envoy, this Kai is afraid that he has been buried under the chaotic rocks, right?”

A black and gold robe spoke up and asked Ning Zhi.

Looking at the collapsing great mountain, Ning Zhi didn't know how to answer.

After all, if such a large mountain collapsed, even if a Martial Saint's strength was buried, then he would have to resign himself to his fate.

A Martial Saint was not a god, and if he was crushed by the rocks of this mountain, he would not be able to get out.

Even a Martial Saint could not get out, let alone Kai!

“Hurry up and go, this mountain can't crush that Kai.”

The Demon Envoy inside Ning Zhi seemed to sense something and hurriedly said.

They had just lost a lot of spiritual energy on Kai and had yet to recover, this would be trouble for them if Kai really broke through.

Seeing this, Ning Zhi hurriedly led the four black and gold robes away into the distance!

And as the smoke and dust cleared, Kai's figure slowly walked out from among the chaotic rocks, not a trace of dust on Kai at this time. They did not know that Kai's Heart Condensation Technique was a truly superior technique that could absorb and refine everything!

They wanted to suck the spiritual energy from Kai's body, which was the most foolish thing they could do!

If they had made a move against Kai, Kai might not have been able to deal with it, but these few guys still wanted to suck the spiritual energy from Kai's body, and this caught Kai right in the middle of it!

"Miss, I remember that you didn't like soaking in the hot spring so much before, why do you suddenly like to come now? Are you still thinking of that Kai? Just give up your heart, how could that Kai come here."

Qiu Ju said with a playful look on her face.

"Sister Qiu Ju, don't talk nonsense, I just like to take a bath now, what do I think about Kai ah"

Han Qing'er did not admit it, but feeling the temperature inside the hot spring, Han Qing'er's heart had already flown away to the time when she and Kai first met!

Seeing that Han Qing'er was lost in thought, Qiu Ju giggled!

Qiu Ju's laughter brought Han Qing'er back to reality, and then said, "Sister Qiu Ju, can I discuss something with you?"

"What is it? To get out of the secret realm, the matter of going to the secular world is exempted."

Qiu Ju said.

"You promise me for once, I overheard my father say that that what Penglai Island is going to recover its spiritual energy, we can go to Penglai Island to play!"

Han Qing'er pouted and said to Qiu Ju.

"Forget it, the master has given the word, anyone who dares to take you to the secular world will be chopped off directly, there is no room for negotiation, do you want the master to chop off my head?"

Qiu Ju asked as she looked at Han Qing'er.

Han Qing'er pouted her lips and shook her head

At the same time, within the Remnant Moon Fort, which was not far from the Purple Sky Mansion, a meeting was likewise taking place!

The two families were close to each other, so they had a good relationship.

The two families were interested in bringing the two together, so that their marriage would strengthen their power in the secret realm.

But now they are facing a revival of spiritual energy, if the spiritual energy does fully recover, by then this cage-like secret realm will have no advantage left, many people from clans and families will choose to leave the secret realm!

And Fort Remnant Moon was no exception, they were meeting this time to discuss the matter of Penglai Island too!

“Fort Master, the spokesperson family of the Violet Sky Mansion in the secular realm has already arrived at Penglai Island, and there are other clans and lineages that have all sent people there as well.”

“As for the other clans in the secret realm, they have definitely sent people there as well, and now that Penglai Island is probably overcrowded.”

A high ranking official said to Lu Buwei, the Fortress Master of the Ruined Moon Fort.

“It’s a bloody battle before this aura has recovered, if the aura recovers, I’m afraid the whole world will be reshuffled then.”

“Now every family is trying to seize the opportunity, it’s just a pity that our Ruined Moon Fort’s spokes family in the secular world is a waste, now there’s only one Grand Martial Marquis, what’s the point of that”

Lu Bu Wei said angrily.

The Remnant Moon Fort had also cultivated an endorsing family in the secular world, only this family was indisputably too low in strength, and with such strength, sending it to Penglai Island would be nothing but cannon fodder!

“Dad, or else I’ll bring someone to Penglai Island, we can’t just stand by and watch another clan and family take over Penglai Island.”

“And since Penglai Island became the first place to recover its spiritual energy, I believe there must be unknown secrets that exist on the island.”

Factory Lu stood out, intending to leave the secret realm and go to Penglai Island himself.

“How can this be, if you go out of the secret realm, if you stay in the secular world for a long time, it will cause your strength to stagnate or even decline, you should know that the laws of heaven and earth outside have restrictions on us.”

Lu Bu Wei shook his head, he didn’t want his son to risk his life!

“Dad, I can take the Solid Spirit Pill, as long as I fix my strength, it’s just that I won’t be able to improve my strength when I go out, but I won’t regress either.”

"If we can take over Penglai Island and find the secret of the revival of spiritual energy on Penglai Island, it would be a great opportunity for us at Ruined Moon Fort."

Lv Factory spoke persuasively to Lu Bu Wei!

It looked like Lv Factory had long thought of leaving the secret realm and heading to Penglai Island.

A man like none other and the man decree (chinese) Chinese A Man Like None Other Chapter 1948

Lu Bu Wei pondered for a moment and finally nodded, he could only agree to the Lu factory, but still urged, "After you go out, you must be careful, I don't know how many clans and families will gather on Penglai Island this time, you must not take any risks, often only those who stand to the end are the victors."

"I know."

Plant Lu nodded, then left the secret realm with an excited face!

.....

Penglai Island!

At this moment, hundreds of people of high strength had gathered on Penglai Island, these people belonged to all the major clans and families and came from all over the country, and there was a constant stream of people still coming up to Penglai Island!

On this Penglai Island, there was no order to restrain these people, but all these people were occupying a place each, not fighting, and seemed to be waiting for something!

"Lord Demon Envoy, I didn't expect so many people to come on this Penglai Island."

A black and gold robe looked at the many experts on Penglai Island and sighed in disbelief!

"It seems that the clans in the eight mysterious realms have also long been cultivating their forces in the secular world, and they're all hidden deep enough."

Ning Zhi spoke slowly, but what came out of his mouth was that pale what-yah voice.

They, the Demon Heart Sect, were supporting the Kyoto Martial Arts Alliance behind the scenes, also so that one day they could give the Demon Heart Sect a place in the mundane world!

And even more so to use the Martial Alliance to gather information!

"Senior, then the trap we laid on Penglai Island will make all these people fall for it?"

Ning Zhi asked with some concern when he saw that there were too many people here.

After all, there were too many people here, too many bodies, and they just didn't know if the trap they'd laid was big or not!

"Don't worry about it, the people from these clans are only as strong as Grand Martial Marquis, we still need to be afraid of them!"

"Even if some of their clans have Martial Saint Artifacts, we still don't need to be afraid, four Black Gold Robes are following, what are you afraid of? I see you are getting more and more timid, scared by that Kai."

The devil ambassador spirit said with some displeasure.

Ning Zhi did not dare to speak anymore, and then the spirit then turned to the four black golden robes and said, "You guys change your clothes and go spread the news that there are relics in the very centre of Penglai Island, and that there are spell formations inside to activate the revival of spiritual energy."

"As you command"

The four black and gold robes nodded and then left!

"Senior, could there really be a relic and that spell formation on this Penglai Island?"

Ning Zhi asked curiously.

"I don't know if there are any relics, but there would definitely be a spell formation or a divine altar or something, otherwise how would that aura recovery choose this place?"

The devil ambassador said indifferently.

"That aura revival, isn't that due to the laws of heaven and earth?"

Ning Zhi was astonished for a moment, could the laws of heaven and earth still be artificially controlled!

"You are too naive, the laws of heaven and earth are also established by men, including the entire world, which was built by some god."

"The powers of heaven and earth seem to mortals to be the forces of nature, while to us these are the powers of the gods."

"Beyond this, there are vast worlds of space, just as there are those eight secret realms, and if there are immortals who can create the eight secret realms, then there will be gods who create other worlds, even the universe"

"Only, these are not things I can understand, what we need to do now is to find a way to strengthen ourselves, penetrate the laws of this heaven and earth, and go to another world to meet the Demonfather"

The spirit spoke slowly, listening to that Ning Zhi's entire brain was not enough!

Ning Zhi was not a cultivator, so he didn't know much about many things, it was only after he joined the Martial Dao Alliance that this made him understand something about the Immortal Cultivation World!

But now, as he listened to the Demon Envoy's words, Ning Zhi suddenly felt as if there was a pair of eyes in the underworld that were watching each and every one of them.

"What am I telling you this for, you don't understand"

The spirit reacted and felt that he had said a little too much following Ning Zhi, so he said, "Let's go, go to the ruins and check them out again, as long as those family members are tricked into going in, then let them be buried inside forever."

1949

Soon, Ning Zhi arrived at a small raised hill in the middle of Penglai Island, which was just a little over a hundred metres higher in elevation than the surrounding area, a small hill of sorts.

In a hidden place, there was a stone door carved with a floral pattern, and it was ancient and had been left open to the seams!

Ning Zhi went in without a hitch, and inside was a very dark tunnel, and after about two or three hundred metres, there was a great hall of unbelievable width!

The hall was big enough to hold tens of thousands of people, and in the middle of it, there was something like a divine altar, except that the stone pillars on the altar had fallen to the east and west, so it looked like it had been vandalised!

“Elder, is this place a fake relic that we built to trick those people?”

Ning Zhi looked around, his eyes filled with surprise!

If this was a fake relic that had been built, then this was too big of a gesture, to build such a place, I was afraid that it would simply be impossible without several years.

Did the Kyoto Martial Arts Union know that this place was a spiritual recovery and built a fake relic here?

Ning Zhi didn't quite believe it!

"Originally this place was like this, I just don't know which sect's relic it was, but it was destroyed by someone."

"Some time ago, I sent someone to re-lay a spell formation here and transform it, so as long as those clan lineage people come in, they won't be able to get out."

"By then the whole Penglai Island will be ours, and we can slowly wait for the aura to recover and see where the peculiarities of this Penglai Island lie."

The spirit said slowly.

It turned out that the vision Long Xingxu and the others had felt some time ago was not caused by the revival of the spiritual energy here, but rather the Martial Alliance had managed to set up a formation that had deliberately scared many people on the island away!

If Kai had known that it was all the work of the Martial Dao Alliance that had scared Long Xingxu back to Kyoto, he would have scolded Long Xingxu for sure.

Soon, rumours began to spread on Penglai Island that in the very centre of Penglai Island, there were relics that were spell formations that opened up the recovery of spiritual energy!

And the more the rumour spread, the more mysterious it became!

Many people went to look for it, but they all came back in vain!

Because the entrance had long been closed, Ning Zhi would not let these people find it until the last minute.

By the time Kai arrived at Penglai Island with Jiang Wei and Hu Ma Zi, there were already close to a thousand experts from all the clans on the island!

Kai was astonished by this scale!

Kai didn't linger and took the group straight to the palace to look for Du Nan!

At that time, after Long Xingxu and the others had evacuated, Du Nan did not evacuate, after all, he was the emperor of the land here and did not want to leave!

After seeing Kai arrive, Du Nan ran out of the palace in joy to greet him straight away!

“Mr. Chen, you’ve finally arrived, this Penglai Island has suddenly come with many people, this is afraid to be chaos”

Upon seeing Kaizhi, Du Nan began to complain, almost crying out!

Because these people coming from the island, all of them were experts, one person was afraid that they could destroy his entire palace!

But luckily, during this time, no one came to trouble Du Nan, those people all drew an area each to set up camp!

“You knew I was coming?”

Kai looked at Du Nan with some surprise, not understanding how Du Nan knew that he was coming.

“Ah, I sent someone to Kyoto to invite Mr. Chen, I just didn’t expect Mr. Chen to come so quickly”

Du Nan thought his people had invited Kai here, not knowing that his people had gone to Kyoto and couldn’t meet Kai at all!

“I came from somewhere else, I didn’t see the people you sent at all, you prepare the room now, let us rest first.”

Kai said to Du Nan.

“Fine, fine”

Du Nan hurriedly prepared the room, and then all the people Jiang Wei had brought with him were properly arranged.

And Hu Ma Zi couldn’t wait to pull Zhou Jie into the room as well, and immediately after that there were sounds coming from inside the room!

Jiang Wei followed by Kai both looked at each other and smiled, both knew what Pocky Hu was doing!

“Brother Jiang, let’s go out for a walk”

Kai said to Jiang Wei.

“Good!” Jiang Wei nodded his head!

Kai and the two of them walked out of the palace and skipped through the streets, many of the doors of the houses on the streets were locked tightly, obviously many people had left the place!

If it weren’t for the sudden arrival of these thousands of experts from various schools, the whole Penglai Island would probably look a lot colder!

On this journey, Kai and the others could always hear about the relics in the middle of the island, and many people were talking about it!

“Mr. Chen, why did this relic suddenly appear again? Could it be that someone has discovered something?”

Jiang Wei was wondering, it had only been a few short days, how come they all knew about the relics on Penglai Island!

Kai was also a bit puzzled and frowned slightly, “I don’t know if there are relics on Penglai Island, and I don’t know if there are spell formations or divine altars, but since someone has discovered the relics, how could they be proclaiming them everywhere?”

“And if there are relics and the directions are known, why haven’t these people found them?”

When Jiang Wei heard this, he felt that it made sense, so he said, “Mr. Chen thinks that the rumours of this relic are false?”

Kai shook his head, “I have no way to tell if it is true or false before I figure it out, but we have to be careful to do so.”

Kai was chatting after Jiang Wei when he saw three people walking towards him, these three people were none other than Zhu Hao from the Zhu family, Qiao Zhiyong from the Qiao family and Hong Qianjiu from the Hong family.

In comparison, these three people were familiar with each other, among the many clans and families, so it was natural for them to get closer.

Zhu Hao still had anger in his eyes when he saw Kai!

“Brother Jiang, I didn’t expect to see you again so soon.”

Hong Qianjiu stepped forward and greeted Jiang Wei after him, then looked at Kai and said, “Congratulations to Mr. Chen, obtaining the Ten Thousand Year He Shou Wu, I believe Mr. Chen’s strength must have increased by a lot.”

“It was just a fluke”

Kai said indifferently.

“Haha, Mr. Chen obtained it with his strength, where is it a fluke.” Hong Qianjiu laughed, then looked at Jiang Wei and said, “Brother Jiang, I have something to say to you, can I borrow a step to talk?”

“If you have something to say, just say it straight here!” Jiang Wei said indifferently.

And that Hong Qianjiu glanced at Kai, seemingly wanting to say something but not doing so!

“Brother Jiang, you guys talk, I’ll go around by myself first”

Kai saw that Hong Qianjiu was looking at himself in and was not good at opening his mouth, so he intended to leave!

But who knew that Jiang Wei pulled Kai and said, "Mr. Chen, you don't have to go."

After stopping Kai, Jiang Wei was slightly unhappy and said to Hong Qianjiu, "If you have something to say, just say it, if not, then I will leave."

"Wait a minute"

Hong Qianjiu stopped Jiang Wei and then said, "Brother Jiang, as you can see, dozens of clans and families have come to this Penglai Island, you should know what these clans and families represent behind them, now many of them are secretly starting to unite, so I hope that our four families can also temporarily ally to deal with what will happen later."

"If we go our own way and work as a scattered group, we will all end up being driven away or wiped out in the end."

Hong Qianjiu had found Jiang Wei, it turned out, just to make an alliance and be able to stand out among these many clans and families!

Jiang Wei did not expect Hong Qianjiu to follow his alliance, so he looked at Kai, after all, Jiang Wei had to listen to Kai now.

He represented the Tian Luo House, and since the owner of the House, Jiang Wu Ya, had spoken, how could Jiang Wei dare not obey!

Hong Qianjiu saw Jiang Wei look at Kai and a hint of surprise flashed across his face!

Even if Jiang Wei followed Kai and cared well, that should be equal, but looking at this situation, it was as if Jiang Wei had to listen to Kai's arrangements!

"Jiang Wei, as the eldest son of the Jiang family in the northwest, why do you still need to consult Kai? Is Kai your father?"

Zhu Hao saw the way Jiang Wei looked at Kai and was instantly furious!

“Zhu Hao, shut up”

Seeing this, Hong Qianjiu hurriedly reprimanded Zhu Hao!

He knew that at this time, it was not the time to take out anger, if they fought now, then the ones who would be happy would be the other clan families!

Why were so many clan families gathered on this Penglai Island, yet there was no conflict, they were all saving their strength and wouldn't fight over unnecessary matters!

Jiang Wei's face instantly became angry when Zhu Hao said this, and his eyes were fierce as he said, “Zhu Hao, you're giving me a f*cking word”

With that, that Jiang Wei was about to smash his fist towards that Zhu Hao!

But he was stopped by Hong Qianjiu.

“Brother Jiang, don't be angry, this Zhu Hao guy talks like this, just take it as a fart.”

When Hong Qianjiu said that, that Zhu Hao dared to get angry too.

“Brother Jiang, forget it” At this time Kai spoke up, Jiang Wei then gritted his teeth and took two steps backwards!

When Hong Qianjiu saw this, that Jiang Wei really listened to Kai, so he looked at Kai and said, “Mr. Chen, I believe you came to Penglai Island, and you also know what will happen here, so I just proposed that I hope you will consider it, as long as we unite, who dares to disobey the other sects and families?”

“When the aura recovers, we can carve up the land, it's better than being scattered together and being destroyed by other clans and families, right?”

Hearing Hong Qianjiu's words, Kai however smiled lightly, "Then I really thank you for your kindness, but I am more of a solitary person, sorry"

Kai's meaning was clear, he would not follow Hong Qianjiu and their alliance!

When Hong Qianjiu heard this, his eyebrows furrowed slightly, he didn't expect Kai to refuse so quickly!

Just as Hong Qianjiu was about to say something else, that Zhu Hao spoke again, "Kai, who do you still think you are, don't think you are the best in the world, you don't even look at these people coming up from this Penglai Island, how many Great Martial Marquis are there, just by yourself, you will definitely die a miserable death."

"Whether I will die or not, it doesn't seem to have anything to do with you, does it?"

Kai looked coldly at Zhu Hao, with a bit of chill in his eyes!

Seeing the look in Kai's eyes, that Zhu Hao was so scared that he didn't dare to speak for a while!

Seeing this, Hong Qianjiu could only look at Jiang Wei and said, "Brother Jiang, what do you mean?"

Jiang Wei said without hesitation, "Of course I'm following Mr. Chen, there's no need to ask!"

"Brother Jiang, I hope you are thinking about it, although that Kai is now"

"Alright, no need to say anything, we'll leave if there's nothing else!" Without waiting for Hong Qianjiu to finish, Jiang Wei cut him off.

Hong Qianjiu's face went cold, then said coldly, "Brother Jiang, on this Penglai, if you are not a friend, then you are an enemy, when we meet again, I will not show mercy"

"The same goes for me"

Jiang Wei said indifferently.

"Brother Jiang, let's go"

Kai called on Jiang Wei to leave.

And Hong Qianjiu looked at the backs of the two men, his teeth clenched!

“Bah, what the heck, that Jiang Wei is a fool.” Zhu Hao cursed, then turned to Hong Qianjiu and said, “Brother Jiu, that Jiang Wei is stupid, we don’t care about him, even if the three of us work together, we’re still invincible on this island.”

Hong Qianjiu didn’t say anything, but turned around and left!

On the other side Kai followed Jiang Wei and found a tavern, ordered a few dishes, asked for a bottle of wine and started drinking!

“Does Brother Jiang know why I don’t follow them to make an alliance?”

As he sipped his wine, Kai asked Jiang Wei.

Jiang Wei shook his head and then said, “With Mr. Chen’s strength, I’m afraid that without an alliance, he would be invincible on this island.”

When Kai heard this, he smiled, “Brother Jiang has also learnt to patronise”

“The reason I don’t want to make an alliance is because they are all looking forward to the aura recovery, while I want to ruin this aura recovery.”

“If the real aura recovery starts, the massacre will spread from Penglai Island to the whole world.”

“By then it would be a living hell, and all these clans in the martial world would become slaves in general.”

“I believe Brother Jiang should know the strength of those clans and families in the secret realm, right? Are they comparable to these martial dao realms in the secular world?”

A man like none other and the man decree

Kai's words caused Jiang Wei to freeze and fall into deep thought!

If the aura revived and those clans and families in the secret realm returned to the secular world, then there would really be nothing left for these families in the martial world!

By then, they would all be reduced to subordinate clans, living as hard as they could!

After all, there are no rules that can bind these clans and families!

At that time, the entire world would be in chaos, and ordinary people would be afraid that they would not even be as good as a mole.

"Mr. Chen, then how do you plan to stop the revival of aura?"

Jiang Wei asked curiously.

Kai frowned slightly, then sighed and said, "I haven't thought it through yet, I can only take one step and see what happens"

Just as Kai was following Jiang Wei as he drank and chatted, a man only in his twenties and dressed in casual clothes walked in, followed by four attendants behind him!

At first glance, he was the son of that clan's family, except that the other man swept a glance at the tavern, then found a corner and sat down!

Kai frowned slightly, and then carefully looked at the young man!

And Jiang Wei saw that expression on Kai's face, so he asked, "Mr. Chen, do you know that man?"

Kai shook his head, "I don't know him, but I feel that the aura on this man is so strange, although he is deliberately suppressing his aura, but I feel that his strength, I'm afraid, is going to be above that of a Grand Martial Marquis, or at least at the peak of a Grand Martial Marquis."

When Jiang Wei heard this, he also couldn't help but look at the young man twice more and said with some curiosity, "I don't see anything special ah, there are quite a few gentry like this on Penglai Island nowadays, and it's simply impossible for someone of this age to reach the peak of a Grand Martial Marquis or even a Martial Saint, right?"

"Mr. Chen is the most gifted person I've ever seen, and he hasn't reached the peak of Great Martial Marquis yet, so how could anyone surpass you."

"He is not a martial artist,," Kai said indifferently.

"Not a martial artist?" Jiang Wei was stunned, "Could it be an immortal cultivator? From the secret realm?"

Kai didn't say anything because he couldn't decide if the other party was from the secret realm, but in the secular world, the immortal cultivators Kai had encountered hadn't seen such a high strength immortal cultivator other than that group of evil cultivators from the Martial Alliance who were possessed by spirits!

After all, the laws of heaven and earth were no joke, and immortal cultivators would be suppressed by the laws of heaven and earth in the secular realm, so it was impossible for their strength to grow to a particularly high level!

But if they were to say they came from the secret realm, then they would have to bear the force of this law and be willing to have their strength suppressed and stagnate, or even regress!

Who would do that?

Because of this, people from those secret realms would not just enter the secular world, or else the secular world would also be in chaos.

Just as Kai was looking carefully at the young man, the young man also suddenly looked at Kai, and the two met at eye level, but at the same time they averted their eyes!

Kai could be sure that the guy in front of him was very strong, and the young man was also frowning slightly!

“Young Master Lu”

At this moment, one of the attendants beside him was about to say something, but he was given a fierce glare!

This young man was none other than Factory Lu, who hadn't brought many people with him so as not to attract attention, and had deliberately hidden his aura!

But as soon as he entered the door, he was stared at by Kai for half a day!

He could feel the fluctuation of Kai's spiritual energy, which was unique to immortals, so he was sure that Kai was an immortal!

Moreover, Kai was now at the eighth realm of Transformation, which meant that he was an eighth-grade Grand Martial Marquis!

Such strength was rare in the secular realm. One must know that the laws of heaven and earth in the secular realm were so suppressed that to cultivate the Way of Transformation in the secular realm was simply more difficult than ascending to heaven!

A man like none other and the man decree Chinese A Man Like None Other Chapter 1953

In this way, Kai followed Lu Factory with their own thoughts, secretly observing each other, but soon, both of their eyes were drawn to the five men in black robes who suddenly entered!

When Kai and Jiang Wei saw the five black-robed men entering, their faces all turned cold and tense!

These five black-robed men were none other than Ning Zhi with his four black and gold robes!

After seeing Kai, Ning Zhi was also a little surprised!

“Kai, we’re really a bad match, I didn’t expect to see you here again.”

Ning Zhi said with a fierce smile on his face as he turned to Kai.

“Ning Zhi, the young master of the Ning family in Kyoto, now you are reduced to being a dog and a willing shell for someone, I wonder what you feel?”

Kai sneered.

“Kai, I’m like this now because of you, I’ll definitely kill you.”

Ning Zhi was filled with rage, and then with a wave of his hand, four black gold robes surrounded Kai!

Kai felt the aura of the four black and gold robes, his face was a little ugly, then he said, “Ning Zhi, our feud, I hope you won’t bring others along with you, deal with myself for good.”

After Kai finished speaking, he turned to Jiang Wei and said, “Brother Jiang, you should go back first, and then I will come back to you after I have dealt with the matter here.”

Kai knew that even he and Jiang Wei together would not be enough of a match for the four Black Gold Robes!

After all, the other party was all at the Martial Saint level!

“Mr. Chen, I won’t leave, I’ll fight with you to the end.”

Jiang Wei said without the slightest fear.

“Hmph, with just the two of you, it would be a matter of minutes to kill you.”

“Kai, even if you have upgraded your strength and become powerful, can you fight against the four Black Gold Robes? They are all Martial Saints in strength, if you meekly fold your arms and give up, I can still spare your life.”

Ning Zhi said with a face full of disdain.

A few days ago, Kai had absorbed a lot of their strength, so Ning Zhi had been recuperating, and now they had basically recovered, but they had never expected to run into Kai again on Penglai Island!

This anger was simply too much for Ning Zhi to swallow, so now that he had come across Kai, he wanted to take revenge.

“Ning Zhi, even if you have a spirit living inside you, if I wanted to kill you, it would definitely not take more than ten moves, do you dare to fight with me?”

Kai began to provoke Ning Zhi!

After all, facing four black and gold robes, both Kai and Jiang Wei were indeed more tricky.

“Hmph, Kai, don’t give me the agitation routine, do you think I’ll eat your shit? Since you don’t want to tie your hands, I’ll just have to beat you until you bow your head”

Ning Zhi said, about to tell the four black and gold robes to make their move!

And at this moment, in the corner, Lv Factory’s face was incomparably grave, he hadn’t known that in this secular world, demonic cultivators had such high strength, that they had all reached the level of Martial Saints, the so-called Out-of-Body Realm!

Originally, he thought that if he had come out of the secret realm with the power of the laws of heaven and earth, even if he was not one of the best in the secular world, he would still be able to exterminate a clan with just a hand!

But now that he saw that all these demonic cultivators were so strong, there was actually some fear in Lu Factory’s heart.

He desperately hid his aura, afraid that Ning Zhi and the others would discover his whereabouts.

At this moment, Kai's aura began to surge, rolling out with a terrifying aura that caused many people around him to dodge in panic!

Feeling the terrifying aura on Kai's body, there were a few moments of astonishment in Lv Factory's eyes!

"Could it be that the secular world has already had a place where spiritual energy has been revived? How come all these people are not suppressed by the laws of heaven and earth?"

"Did he also come out of some secret realm?"

Factory Lu did not understand how Kai had cultivated, and he began to wonder if Kai had just stepped out of the secret realm like himself.

"Don't start a conflict now, forget what you're here for?"

At this moment, the spirit inside Ning Zhi was full of anger and roared at Ning Zhi.

A man like none other and the man decree Chinese A Man Like None Other Chapter 1954

After hearing this, Ning Zhi waved his hand and told the four black and gold robes to back off!

He then looked coldly at Kai and said, "Kai, wait for me, I'll clean you up when I'm done with the matter here."

After saying that, Ning Zhi took the Black Gold Robe and left!

As Ning Zhi walked back, Kai let out a long sigh of relief!

He was still under some pressure from facing the four Black Gold Robes by himself!

Last time, if these people hadn't been greedy and hadn't insisted on absorbing the spiritual energy within Kai's body, only to have it backfire, I'm afraid that Kai would have been caught by them long ago!

"Mr. Chen, let's go too"

Jiang Wei was also covered in cold sweat at this moment!

Kai nodded and followed Jiang Wei to leave, while that Lv factory sat dumbfounded, a complicated expression in his eyes.

"My lord, the strength of each of those demonic cultivators just now is afraid that they are not below you, what should we do?"

An attendant asked to Lu Factory.

Lv Fang did not speak, but merely frowned!

Originally, he thought that with his strength, even if his strength was suppressed and imprisoned by the laws of heaven and earth, he would definitely be the top in the secular world and could be taken at will, but now, just after showing his face, he had come across four Black Gold Robes from the Martial Alliance!

This kind of blow was still not a small one for Lui Plant.

"These demon cultivators must have come out of the secret realm as well, why does it feel like his strength is not suppressed by the laws of heaven and earth at all?"

Another follower was full of doubts!

"Haven't you noticed that these devil cultivators all have a soul residing in their bodies, which means that these people's physical bodies are just mundane martial artists, while the souls inside them are the real devil cultivators."

"The laws of heaven and earth do not suppress soul spirits, and these demonic cultivators take advantage of this loophole so that they can walk around the mundane world with impunity."

Factory Lu gruffly explained.

“But that young man just now doesn’t seem to be a devil cultivator, but the aura on him isn’t weak either

The attendant continued.

“That person is also perhaps a gongzi from some secret realm.”

Lu Factory was interested in Kai’s identity at this point, and was curious to know whether or not Kai had come out of the secret realm.

“My lord, then what do we do next?” The attendant asked.

Originally, he thought he could take it, but now it seems that there are really hidden dragons and tigers here, and there are so many experts!

“Hide your strength, wait and see what happens, and never make a move until you have to.”

Lu factory finished speaking and began to eat his own meal.

.....

Kai followed Jiang Wei back to the palace!

At this time Kai’s face was not very good, worried, this time the situation on Penglai Island, also beyond his expectations!

He hadn’t expected that there would be so many people entering Penglai Island, and so many experts, apart from the Martial Alliance’s Black Gold Robe, there were other Martial Saints appearing as well!

In this way, Kai was afraid that it would be very difficult to stop the revival of the aura!

“Brother Kai

Kai had just returned to the palace when he saw Long Xingxu walking over with his men!

“Xingxu, what brings you here?”

Kai said with a surprised look on his face.

"It's not just me, the Ge family master is here too, Du Nan sent someone to Kyoto to look for you, you weren't there, so I brought someone over."

"The Ge family master also brought people from the Ge family with him."

Saying that, Ge Fuhai brought out a group of people as well!

Among them, Ge Jiayi and Ge Yuhan had actually come too!

"Mr. Chen"

Ge Fuhai came forward and greeted after Kai!

And Jiang Wei, after seeing Ge Fuhai, hurriedly shouted respectfully, "Greetings, Uncle Ge!"

Ge Fuhai nodded slightly as a greeting!

"Lord Ge Family, why are you here too?"

Kai was surprised, how come Ge Fuhai had also brought people here, and with Ge Fuhai's skills, even if he came, he was afraid that he would still be cannon fodder, after all, all the people gathered on the island at this time were experts.

A man like none other and the man decree Chinese A Man Like None Other Chapter 1955

"Mr. Chen, now that all the great clans in the secret realm have sent people to Penglai Island, our Ge family can't always be an exception."

"The clan elder said that we should do our best to help Mr. Chen, as long as the aura revives and we take control of Penglai Island, then our Ge family will have the upper hand."

Ge Fuhai said as he followed Kai without any disguise.

As soon as Kai heard this, he knew that Ge Cang Sheng knew that Penglai Island was going to have a revival of spiritual energy and was also thinking of occupying it.

It was every clan that had such thoughts, so a bloody battle was sure to occur!

All Kai had to do was to stop this bloody battle!

“Master Ge, I’m not going to lie to you, but I’m not here to occupy Penglai Island this time, but to find a way to stop the aura recovery from happening.”

Kai said bluntly after Ge Fuhai.

When Ge Fuhai heard this, he looked surprised, but he knew that Kai’s words were orders, and all he could do was to obey.

“Our Ge family is at the disposal of Mr. Chen.”

Ge Fuhai did not ask why, and said directly and firmly.

Time flew by!

Kai and the others had soon arrived on Penglai Island for more than ten days!

In these ten days, Penglai Island was surprisingly quiet, except for the beginning when there were still people boarding the island one after another, but in the end, very few people were boarding the island!

Inside a hotel, Ning Zhi stood outside the window, looking at the entire Penglai Island, and slowly spoke, “Senior, it’s about time, isn’t it?”

“En, it’s about time, inform down and activate the great mountain protection formation.”

The spirit within Ning Zhi said!

Ning Zhi nodded and quickly called for two black and gold robes to head to that hill in the middle of Penglai Island!

In no time at all, the entire Penglai Island began to tremble slightly, as if it were an earthquake!

And the hill in the middle of Penglai Island actually began to shine with a burst of light!

This sudden movement instantly attracted everyone's attention!

Kai stood at the highest point of the palace, looking at the glowing hill in the middle and frowning!

"Mr. Chen, as soon as we arrived, we heard that there were relics there, only no one had discovered them, is it time for the aura to recover and the relics to be revealed?"

Jiang Wei asked with some excitement as he looked at the distant glowing hills.

Kai didn't say anything, because he didn't know if the relics were about to be revealed, but the sudden glow of the hill in front of him was by no means a vision, but a large formation activation.

Even from this distance, Kai could feel the terrifying aura emanating from the activation of the formation!

Many people, began to swarm towards the central hill, each afraid that they would be left behind!

"Brother Chen, there is a relic revealed on Penglai Island, and all say that there is a divine altar inside this relic, and that it is because of this divine altar that the aura has revived."

"And there are also people who say that whoever can be the first to ascend the divine altar can invoke heavenly phenomena and live forever."

Long Xingxu found Kai with a panting breath and said hurriedly.

It looked like he hadn't been asking around about things outside!

At first, Kai had some similarities with what Long Xingxu had said, because the revival of spiritual energy would never choose this place, Penglai Island, for no reason, and the Blood Demon, who was the overlord of his generation, would not have trapped his physical body on Penglai Island to wait for resurrection!

This Penglai Island must still have secrets that they did not know, except that the immortality that was mentioned after this was obviously nonsense.

“Mr. Chen, why don’t we go and take a look too?”

Although Kai didn’t believe it, Jiang Wei at the side was very excited, of course he had to go and take a look at this kind of thing!

Whether it was true or not, one had to see it to know!

“Let’s go!” Kai nodded his head.

When Kai arrived with his men, he found that the hill was already surrounded by people, and not far away an ancient stone door was revealed!

So people were looking at that stone door with golden eyes, as if there would be endless riches behind it!

A man like none other and the man decree Chinese A Man Like None Other Chapter 1956

Hong Qianjiu and his men were standing in the forefront with their respective men!

And in front of Hong Qianjiu and his men, there were a dozen of people lying around, all of them looked like they had lost their breath!

“What’s going on here?”

Jiang Wei looked at those people who had fallen to the ground and died, and asked in a very puzzled manner.

Hong Qianjiu’s face was very ugly and did not say anything, but it was that Zhu Hao who could not help but curse, “Damn, there could be a mountain protection formation here, causing us to lose so many people.”

When Jiang Wei heard this, he instantly understood that these people in front of him were all from Hong Qianjiu and a few of their clans!

They should have wanted to be the first to enter inside, so they didn't explore and ended up being decimated by the formation!

It was because of Hong Qianjiu and the others that no one behind them dared to act rashly!

With such a powerful formation, no one was willing to play with their lives!

For a while, thousands of people were here, only watching, no one wanted to break the formation!

After all, breaking the formation would require a lot of strength, and it might even cost them their lives, which would be cheaper for the others!

So they all watched, no one stepped forward to break the formation, and now they were all embarrassed!

No one spoke, no one moved, only the sound of heavy breathing!

Around the hill in front of them, there was a constant flash of light, this was the hill's protective formation, and the only way to get in was to break it!

Protected by such a huge formation, the crowd believed that there must be a lot of good things inside this relic.

Just as no one was moving and waiting quietly, Kai swept his eyes around for a moment, trying to find Ning Zhi and the others, as well as the Lui factory he had seen in the tavern.

Because in Kai's mind, these people would pose a great threat to him!

It was a pity that Kai couldn't find them even after looking around, perhaps these people weren't here, or they were hiding inside a corner!

"Senior, since we want all these people to enter inside this fake secret realm, why is there such a powerful formation set up outside, now it's making no one dare to go in."

Ning Zhi asked in a very puzzled manner.

He didn't understand why he was thinking of tricking these people into going inside, yet he had to set up an obstacle!

The spirit inside Ning Zhi smiled faintly, "What do you know, the more powerful the formation outside is set up, the more they will look forward to the inside, they will flock in when the time comes, someone will definitely break through this formation, just take your time and wait."

Time passed and still no one moved, no one left, and no one went to break the formation!

Finally, an old man from an unknown clan, with a bearded face, walked towards the hill in front of him with a steady pace!

When the crowd saw that someone had moved, they all put their eyes on this old man.

Kai saw that this old man was at the late stage of Great Martial Marquis, his strength was not bad, and knew that he must be a clan elder of some family type.

"Mr. Chen, can this man break through the formation?"

Jiang Wei looked at the old man who walked out and asked in a small voice.

"I'm not sure." Kai shook his head, "In a moment, if the formation breaks and you get inside, don't be impulsive, and even more so, don't make a move, wait for my order."

Kai ordered to Long Xingxu, Ge Fuhai and Jiang Wei.

The three men nodded, now they all listened to Kai.

At this moment the old man walked up to the formation with a start, just after a flash of light, fiercely the old man let out an explosive shout, his voice was like rolling thunder.

A gust of wind was heard and the next thing you saw was a faint white mist coming out of the old man's hand, and it began to swirl around his hand, forming a vortex!

No one knew what kind of kung fu the old man was using, they could only watch in silence!

"Break"

The old man waved his palm out, the majestic aura instantly exploded, many people retreated backwards, feeling the terrifying power, everyone felt that the formation was definitely going to be broken!
