Kai reminded Ge Jiayi, he was afraid that Ge Jiayi would be unable to control and kill these people.

After all, they have just arrived here, and they are not familiar with each other, and these guys are not guilty of death!

Ge Jiayi nodded, and then slapped each of the burly men who rushed up. Everyone was knocked to the ground, and several teeth were lost in their mouths.

Seeing that the little man was always looking at him, Kai asked, "Master driver, what's the matter?"

Seeing Kai's question, the little man hurriedly said, "This gentleman, thank you so much just now. "

Kai smiled: "It's just a little effort..."

"This gentleman, you...are you a martial artist?" the

"No, I've said it all, it's a little effort, let alone you don't even ask for the fare, we can be considered even, so don't be so polite..."

Kai rejected the little man.

But the little man followed Kai with a look of embarrassment!

The middle-aged man glanced at Kai and Fan Jiang, but frowned slightly, because he found that he could not see through Kai and their strength at all!

"Please sit down..." The

middle-aged man waved his hand and asked Kai and the others to sit down!

"This gentleman, may I ask your honorable name?" The middle-aged man asked Kai.

"My name is Kai..."

Kai replied politely.

"Kai?" The middle-aged man frowned slightly, as if he was thinking about something, and then said: "I heard that we have a very good young man in Daxia, who seems to be also called Kai. At the position of the largest sect in the martial arts world in Kyoto."

"Could it be you?" The

middle-aged man looked at Kai carefully.

Kai did not expect that his reputation would spread abroad.

But he didn't want too many people to know his whereabouts, so he shook his head and said, "Maybe it's the same name, how can I have that ability!"

"I see it too, no matter how you look at it, you don't look like a great Marquis!" Middle-aged The person spoke candidly, and then continued: "The matter at the airport, thanks to your actions, otherwise my subordinates will suffer."

"Since you are here, if you need any help, just say it, after all. We are all Daxia people, and our Daxia Gang exists so that Daxia people will not be bullied."

"Thank you so much!" Kai thanked politely, and then said: "I don't know the name of the gang leader..."

"You can just call me Tang Dali..." The middle-aged man said.

Chapter 1783

"Clan Master Tang, I have something to ask for advice. I wonder if Gang Master Tang knows?"

Kai said.

"Just ask, there is nothing I don't know about the entire Ice Bear Island..."

Tang Dali said confidently.

"I don't know if Gang Leader Tang knows about the remains of Ice Bear Island?"

Kai asked.

"Relic?" Tang Dali was stunned for a moment, then looked at Kai: "Are you here for the relic?"

"Not bad!" Kai nodded!

"Young man, I advise you to die. That ruin is not something you can touch with your strength. You must know that many people want to find the ruin and enter it, but after so many years, except for some people who die every year, No one can find the location of the ruins!"

Tang Dali said to Kai.

Kai was very surprised. Normally, this Ice Bear Island is not very large, so how could it be impossible to find a location?

"The ruins have long been hidden under the vast snow, where are they so easy to find, and there are many people who come to find the ruins every year, all of them are masters above Marquis Wu, even such masters, there are many casualties every year. "

There are people from many countries all over the world, but in the end they get nothing. Just because of your ability now, you want to find the ruins. Isn't that looking for death?"

"For the sake of us all from Daxia, I I advise you to play here for a few days and then go back, it's not worth taking your life here."

Tang Dali persuaded Kai kindly.

Seeing Tang Dali say this, Kai became more yearning for the relic, so he asked again, "Does the Tang gang leader know about asking Jianzong?"

"Ask Jianzong?" Tang Dali thought for a while, then shook his head. : "I don't know what Jianzong is asking, and I haven't heard of it!"

Kai saw that Tang Dali didn't know, so he didn't ask anything. After all, the Jianzong disappeared for too long!

After chatting with Tang Dali for a few more words, Kai and Fan Jiang were about to leave, but just as they got up, they heard a loud noise outside, and soon the little driver ran in!

"Little one, what's going on?"

Tang Dali asked.

"Help lord, the gang from the Motorcycle Party came and said that our people beat their people, and they need to make up for it!"

said the little man.

"Damn, I haven't asked them to settle the matter at the airport, but they came first. Let me go out and have a look!"

Tang Dali rushed out!

Seeing this, Kai also got up and followed him out. As soon as he went out, he saw a group of big men with gigantic backs, all with anger and murderous expressions on their faces!

The people who followed this group of people were the people from the Daxia Gang, but in terms of body size, the Daxia Gang people were obviously thinner!

"Tang Dali, my guy was beaten by your guy at the airport. How do you handle this?"

A big man with earrings and tattoos all over his face stepped forward and spoke to Tang Dali in lame Daxia dialect. said.

"Ivan, it was your people who found fault first, and now you've been beaten, so they came to me?"

"Besides, the people who beat you were not from our Daxia gang, but the passengers couldn't stand it anymore!"

Tang Dali Said to Ivan.

"It's him, they are obviously a group..."

At this time, the bearded man saw Kai behind him, and immediately stood up and pointed at Kai.

Seeing this, Ivan sneered: "Tang Dali, what else do you have to say, people are here with you, now you hand them over to me, and you are compensating me for a medical fee, I will not pursue this matter! "

Joke, when have you seen our Daxia help people? If you are not convinced, then make a gesture..."

Tang Dali didn't seem to take these motorcycle gangs seriously!

As the realm of Wu Zong, it is also easy to deal with these motorcycle gangs!

Dragon King Ling Kai Su Yuqi Chapter 1784

"Tang Dali, I know you have kung fu, but no matter how good your kung fu is, it's useless..."

After that, Ivan actually took out his gun, and then all the motorcycle gangs took out their guns!

More than a dozen guns were aimed at Tang Dali and the others, and these people from the Daxia Gang were a little panicked!

Tang Dali's face also became ugly. If he only had a gun, he could easily escape.

But with so many guns aimed at them, Tang Dali would definitely not be able to escape.

Seeing Tang Dali and the others' faces changed, Ivan sneered: "Tang Dali, no matter how good your kung fu is, you are not qualified to fight with us, now you hand over the person obediently, and if you give me a sum of money, I will forgive you. You."

Ivan's gun has been pointed at Tang Dali's head!

Tang Dali's face changed again and again. Just now, he boasted about Haikou, saying that if he had something to do with Kai, he would come to him. Now if Kai is pushed out, then their Daxia Gang will be too unscrupulous, and they are also from Daxia. , they will not be able to mix in the future!

"Ivan, I don't know how to deal with people. If you have the ability, you can shoot. I promise to let you die here when you shoot..."

Tang Dali gritted his teeth and said fiercely.

Ivan sneered: "Since you are not afraid of death, let's make a break today..."

Then Ivan really wanted to pull the trigger.

However, Tang Dali was quick-witted, and at the same time that Ivan pulled the trigger, he suddenly raised it, and the speed was so fast that he instantly kicked Ivan's gun into the air.

Seeing this, Ivan shouted: "Shoot..."

Bang Bang Bang...

At one time, more than a dozen guns fired at the same time!

The faces of everyone in the Daxia Gang were full of despair, and even Tang Dali knew at this moment that death was coming!

He didn't dodge, he gave up resistance, so many guns, dodge or not, the ending is the same.

But just when Da Xia helped these people prepare to wait for death, a golden light suddenly appeared behind them!

The golden light illuminated the entire compound, and then these people saw that the bullets shot at them all stopped in front of their eyes at this moment, as if the bullets touched something and were stopped!

Pa-ta, pa-ta.....

The bullet fell to the ground just a few centimeters away in front of everyone's eyes!

All the breaths were condensed, and for a while, there was a dead silence!

This was the closest they were to death, watching the bullets fall in front of their eyes!

But no one understands what happened!

And that Ivan and the people from the Motorcycle Party were even more shocked, and their eyes widened in disbelief.

They don't understand what the golden light that just exploded was, and why the bullet suddenly stopped by itself, and then fell to the ground?

At this moment, only Tang Dali opened his mouth wide, his face full of shock.

Because he felt a very huge and terrifying breath, and this breath came from behind him!

It was because of this breath that saved them all!

Those bullets hit the invisible barrier, so they stopped, and then fell to the ground!

Tang Dali turned his head and looked at Kai in horror, but the golden light on Kai's body had just receded!

Kai smiled slightly at the shocked Tang Dali, and then took a few steps forward: "You are looking for me, come to me if you have the ability..."

Seeing Kai stand up, Ivan just recovered from the shock just now. Wake up.

But he didn't know that everything just now was done by Kai.

He just thought that the gods were protecting Tang Dali and the others!

"Boy, since you stood up, you will be punished..."

With that said, Ivan grabbed a gun from a motorcycle party and aimed it at Kai, but this time he followed Kai away!

He knew that many people in Daxia were highly skilled in martial arts, so when they distanced themselves, Kai had no choice but to be obedient!

Chapter 1785

"How are you going to punish me?"

Chen Pingping faced Ivan's muzzle without the slightest fear on his face.

"Of course you lost a leg..."

Saying that, Ivan pulled the trigger without hesitation!

It can be seen that this Ivan is also a ruthless master!

Touch...

The gunshots sounded, but Kai was still standing intact, as if the bullet hadn't hit Kai in the leg!

This time, Ivan was stunned: "Damn, didn't you get hit so close?"

Ivan was still doubting his marksmanship, so he shot Kai's leg again!

Touch...

Another shot, but Kai is still standing intact!

At this time, everyone in the motorcycle party looked at Ivan with incredible expressions in their eyes!

Missing both shots at such a close distance?

"Damn, I don't believe it anymore..."

Ivan shot several times, until the bullet in the gun was emptied, and then it stopped!

However, Kai was still standing in front of him with a sneering expression on his face, and he was not injured at all!

This time, Ivan was confused, and even those from the Daxia Gang looked at Kai in disbelief, wondering why Kai would be alright?

Only Tang Dali trembled slightly, if it wasn't for so many people, he would have knelt down to Kai long ago.

"This...what the hell is this gun?"

Seeing that so many guns failed to hit Kai, Ivan instantly grabbed his hand and fell to the ground, blaming the problem with the gun.

"It's not the gun's problem, it's the people's problem..."

Kai said, opened his hand, and then the bullet fell from Kai's hand to the ground!

Looking at the scene in front of him, Ivan took a few steps back and looked at Kai in disbelief!

He didn't expect that there are still people who can catch bullets with empty hands?

This is outrageous!

"I don't believe it, you can take more than a dozen guns..."

Ivan asked everyone to point their guns at Kai, ready to shoot Kai to death!

But just as these people raised their guns, they felt that a dark shadow passed by in front of them, and then their hands were empty, and the guns disappeared...

But Kai had been standing in front of them, motionless!

When they looked to the side, they realized that Fan Jiang already had more than a dozen guns in his hands.

"A pile of tattered copper and rotten iron, how dare you show off your power..."

Fan Jiang said, his hands actually crumpled the dozen guns into a big iron ball!

This time, Ivan was dumbfounded and shivered all over!

The other motorcycle gangs were also horrified.

They didn't understand what kind of perverts they encountered...

"I'm in a good mood today and don't want to kill people, so you can get out now..."

Kai said to the terrified motorcycle gang.

As soon as Ivan heard this, he immediately turned around and ran, and there was no one who ran away in an instant.

As soon as those motorcycle gangs left, Tang Dali knelt down in front of Kai with a thud!

"Senior is on top, please accept me..."

"Just now, I had no eyes, and I offended the senior by my words, I should be damned..."

Tang Dali's forehead was covered in cold sweat, and his whole body was shaking!

"Sect Master Tang, why are you doing this? You didn't offend me just now..."

Kai lifted his palm lightly, and a force suddenly lifted Tang Dali up.

"Senior, I..."

Tang Dali wanted to say something, but Kai waved his hand: "Tang Gang, you are older than me, don't say a senior, I am very uncomfortable!"

When Tang Dali heard this, he quickly changed his words and said: "Mr. Chen, you... are you the Kai who established the Dragon Gate in the Kyoto martial arts world?"

Kai smiled and nodded, showing his strength, and Kai has nothing. It can be hidden!

Seeing Kai's admission, Tang Dali's face became even more excited!

"Mr. Chen, you are my idol. I didn't expect to see you today. I'm so excited. Mr. Chen came to look for the ruins. I believe I can find it..."

Tang Dali changed his words at this moment, not persuading Kai leave!

Chapter 1786

Kai smiled: "So many people can't find it, how can I find it? This Ice Bear Island is not big or small. If I find it a little bit, it will take a year and a half. ..."

"Mr. Chen, you don't have to search the entire Ice Bear Island to find the ruins. There is one place that is most suspicious, because people disappear from there almost every year, and you can't find them no matter how you look for them."

"So some people suspect that there are ruins there . . . , but I can't find the entrance..."

Tang Dali said to Kai.

"Where?"

Kai said brightly.

"Go get a map for Mr. Chen..."

After Tang Dali finished speaking, someone quickly brought the map, and Tang Dali drew a circle on the map: "It's here, it's close to the snow-capped mountains, and there are rumors that the ruins are there. Beneath the snow-capped mountain, but no one has seen it..."

Kai looked at the place, thoughtful, and then asked, "Have you been here?"

"I have been there twice, but I haven't seen any ruins. It's all a white snow field."

Tang Dali said.

Kai wanted Tang Dali to take them there, after all, Tang Dali was familiar with the route!

"No problem, it's my honor to be able to do things for Mr. Chen..."

Tang Dali happily agreed!

After leaving the Daxia Gang, Kai and Fan Jiang did not go back to the hotel, but went shopping in a market!

Because of the cold weather here, there are almost no living things on the market!

And in such a small market, there are still some selling jade, swords and the like.

It may be because many warriors come here to explore the ruins every year, so there are people who sell this kind of thing. As the saying goes, there is a market when there is demand!

"It's all rubbish, and I haven't met a few masters. Could it be that the entrance to the ruins could not be found, and many people have left?"

Fan Jiang found that the items sold in the market were very poor, and he didn't meet many masters. !

Logically speaking, there are ruins here, and a large number of masters will come here.

But now there are not many!

It may also be that they have been here several times and cannot find the entrance to the ruins, and they all retreated!

Just when Kai and the others turned around and were about to go back, there was a buzzing sound in Kai's mind, and the Dragon Sword seemed to sense something, and there was a slight vibration!

Kai hurriedly stopped, then looked not far away, and found a street vendor packing up, probably preparing to go home!

At this moment, Kai was attracted by the street vendor who was about to put away a sword!

I saw that this sword exudes a vague aura, which instantly attracted Kai!

"Brother, can I see your shuriken?"

Kai walked over and asked.

"You said this sword, let me show it to you, if you like it, five million will be given to you..."
The

trader gave the sword to Kai.

"What broken sword is worth five million? Isn't this a robbery?"

Fan Jiang looked surprised.

"What do you know, this sword cuts iron like mud, but asks Jianzong's sword." The
merchant said a word, and Kai was stunned in an instant.

He did not expect that a small trader would actually know about Asking Sword Sect.

"Brother, how do you know that this is the sword of Wen Jianzong?"

Kai looked at the vendor strangely and asked.

"Isn't it written on the body of the sword?" the

merchant said with the sword.

Kai looked at it carefully. The sword body was already rusted and it looked very old, but at the bottom of the sword body there were indeed three characters of Wen Jianzong. These three characters were obviously engraved when the sword was cast.

When Kai was holding the sword, the induction of the Dragon Slaying Sword in his body became even stronger!

Kai's face was very excited.

A man like none other and the man decree (chinese) Chapter 1788

Anna pulled Kai and wandered happily, while Andrew and Fan Jiang followed closely behind!

"Kai, do you have anything else to do besides traveling here?"

Suddenly, Anna asked Kai.

Kai was stunned for a moment, then shook his head: "What can I do?"

"Didn't you come for the ruins?"

Anna looked at Kai with a little playfulness, as if to see all of Kai's heart.

When Kai heard it, he smiled awkwardly and didn't speak, but looking at Kai's expression, Anna also understood.

"Actually, I also came for the ruins, otherwise I wouldn't travel to this small place,"

Anna said.

"You are also for the ruins? Is it just the two of you?"

Kai was a little surprised, after all, Anna has no strength, and Andrew is only the strength of Wuhou who has just arrived!

How can this kind of strength go to explore the ruins?

Isn't that looking for death?

Seeing Kai say this, the smile on Anna's face disappeared instantly, replaced by a touch of sadness!

Kai didn't know what he said wrong, and seemed a little overwhelmed!

"I heard that there is a King of Medicine in the ruins, so I found the King of Medicine to save my father..."

Anna bit her lip and said softly.

When Kai heard this, he quickly asked, "What's wrong with your father? Is he sick?"

Anna shook her head: "No, my father was poisoned. I heard that only the Medicine King in the ruins can save him..."

"Poisoned?" Kai looked surprised, knowing that Anna's father was a duke, who would dare to poison a duke of a country?

"Someone spied on my father's position as a duke, so he wanted to kill my father and get the position of the duke."

Anna saw Kai's doubts, so she said quickly.

"Who is so bold?"

Kai asked.

Anna looked at Kai and said with a serious face, "Do you think that after my father dies, who can get his Duke position?"

Anna's words instantly made Kai realize!

"Could it be your older brother or younger brother?"

Kai was full of surprise, because only his own son could inherit his father's duke!

But in order to get the position of the duke, he poisoned his father to death, which is too inhuman!

But when I think about that Long Jingguo, he poisoned his father just to get the position of the head of the Long family, not to mention the position of the duke of a country, this position is even more attractive!

Thinking of this, Kai felt a little emotional. He said that there are no fathers and sons in the deep palace. It seems that it is really like that.

"I just suspect my brother now, but there is no evidence. When I find the King of Medicine and rescue my father, I will know who poisoned him."

Anna's eyes were full of determination!

"Are you so sure that you can find the King of Medicine?"

Although Kai admired Anna's courage, courage cannot represent strength.

This kind of relic is not something that can be explored by any strength.

"Even if I die, I'll give it a try..."

Anna seemed to have made up her mind.

In this way, Kai and Anna walked and chatted, and unknowingly walked out of the bustling street market and came to a sparsely populated place!

At a glance, in the vast expanse of white, you can still see some people pulling dog sleds, cheering and playing!

"His Royal Highness, we need to go back, it's not safe here..."

Andrew looked around, and then said to Anna with a vigilant look on his face.

Seeing Andrew's expression, Anna also seemed a little nervous: "Andrew, do you feel something?"

As a bear, Andrew has a perception that is beyond that of a normal human being, and can perceive the existence of danger in advance!

Andrew nodded, then guarded in front of Anna.

"What? Someone is going to kill you?"

Kai frowned.

Anna nodded and said, "We met and hunted down several times along the way. I guess these people were also sent by my brother. He didn't want me to live..."

"I didn't expect that power struggles abroad are also very cruel. ."

At this time, Fan Jiang said.

"If that's the case, then let's go back..."

Kai took Anna and prepared to go back!

But just after turning around and taking two steps, four men in black appeared. These four people were all covered, with machetes in their hands, and each of them had murderous intent in their eyes!

Seeing the sudden appearance of the four men in black, Andrew guarded Anna tightly as if he were facing a formidable enemy!

Kai glanced at these four people, all of them were in the realm of Marquis, and they were considered masters!

If these four people deal with Andrew, then Andrew is definitely not an opponent.

"Andrew, you hand over Princess Anna, and I can spare you, otherwise I'll take your bear skin to make clothes..."

A man in black said to Andrew with a mocking expression on his face.

"Impossible, I am Princess Anna's guardian. I can die, but I will never let you hurt Princess Anna!"

Andrew said with a cold face.

"Okay, since you're obsessed, then we'll kill you, and then we're killing Princess Anna..."

After speaking, the four men in black all radiated a cold chill.

The breath of the four people instantly locked Andrew!

As for Kai and Fan Jiang next to them, they didn't seem to see it!

The four men in black directly ignored Kai and Fan Jiang, who were relatively thin.

"Roar..."

Upon seeing this, Andrew directly activated the transformation mode, raising his strength to the strongest!

I saw that Andrew was covered in hair, revealing sharp fangs!

It turned into a brown bear, roared loudly, and protected Anna tightly!

"Hmph, even if you transform, what can you do?"

A man in black snorted coldly, and then the four of them walked towards Andrew together.

Andrew roared and rushed up, fighting with the four men in black!

With the strength of Marquis Wu, the melee of several people instantly made the surrounding explosions continue, and the snow was thrown into the sky one after another, and then slowly fell!

Even if Andrew transformed and raised his strength to the strongest, he was still no match for the four men in black!

I saw that Andrew's huge body was severely hit by a man in black, and the whole person rose up into the air, smashed heavily on the ground, and smashed the hard ground into a deep pit!

When Anna saw this, her eyes were full of panic and anxiety.

"Roar..."

Andrew roared again, stood up suddenly, and then patted the four men in black with his wide bear paw!

At this time, the two men in black directly stopped Andrew.

The other two men in black were walking towards Anna!

When Anna saw this, her body continued to regret it, but soon the two men in black came to Anna.

"Princess Anna, did you cut it yourself, or do you need us to do it?"

a man in black asked Anna.

"Who the hell are you? Did my brother send them?"

Anna asked the man in black.

"You don't need to know this, we'll tell you when you die."

The man in black said with a sneer.

Anna bit her lip, facing such a powerful man in black, Anna knew that she was doomed this time!

"Mr. Chen, these guys seem to be ignoring us."

Fan Jiang looked at Kai and said.

"Well, it was ignored..."

Kai smiled!

You must know that Kai is now in Daxia, he is a household name and will never be ignored.

But here, it was directly ignored!

"Since it's useless for these guys to have eyes, then I'll deduct them..."

Fan Jiang asked.

"I think so!"

Kai nodded.

Brag, right?

The conversation between Kai and Fan Jiang instantly annoyed the two men in black!

"You two people from Daxia, hurry up and get out of my way, or else you will all die here..."

A man in black looked at Kai and Fan Jiang with murderous intent.

At this time, Anna also looked at Kai and said, "Kai, don't worry about my affairs. You should take your friends with you. They are very powerful people."

"I really want to see how many of these people are. Awesome."

Kai smiled, then winked at Fan Jiang!

Fan Jiang nodded, then jumped up and walked towards the two men in black!

"Kai, you are not their opponents. They are all Marquis of Wu. You should leave quickly..."

Anna said to Kai quickly when she saw that Fan Jiang had actually started.

But just as Anna's voice fell, she heard two shrill screams!

I saw the two men in black, covering their eyes with their hands at the moment!

On the snow-white ground, the four eyeballs are very conspicuously embedded in the snow!

From the gaps between the fingers of the two men in black, blood kept coming out!

"Things that don't have eyes, don't have to look at things now."

Fan Jiang snorted coldly.

And the other two men in black who were fighting with Andrew, all rushed over after hearing the screams!

Andrew couldn't hold it anymore, and there were scars all over his body. At this moment, when the two men in black left, he breathed a sigh of relief!

When the other two men in black arrived, they saw that their two companions had empty eye sockets, and their eyeballs were gone!

This time, the two of them were instantly shocked!

The four of them know each other's strength like the back of their hands, and those who can instantly dig out the eyeballs of their two companions must be much stronger than them!

Thinking of this, the remaining two men in black, supporting their companions, turned around and ran.

"Want to run?"

Seeing this, Fan Jiang jumped up and instantly stopped the four men in black!

Immediately afterwards, both claws came out again, and the remaining two men in black also screamed, and the eyeballs of the two men in black were also gouged out.

This time, the four men in black became blind!

One by one screaming, colliding with each other, unable to find the direction!

Fan Jiang's skill made Anna and Andrew look at it for a while.

It wasn't until Fan Jiang came back that Anna couldn't help asking Kai: "Kai, what is your friend's strength? How can you be so powerful?"

Kai smiled: "He is just a peak of Marquis, the Marquis of Great Marquis. I can't even break through."

Fan Jiang was immediately embarrassed when he heard this.

He has not been able to break through the Great Marquis for twenty years.

If someone had said that to him before, Fan Jiang would have been angry long ago!

But now that Kai said this to him, Fan Jiang has no temper at all.

After all, it took Kai just over a year to break through to the realm of Marquis of Great Wu!

This kind of talent and the disparity in strength made Fan Jiang admire Kai's five bodies.

Hearing that Fan Jiang was the pinnacle of Marquis, Anna and Andrew were full of admiration and wonder in their eyes!

Although Andrew is also a Marquis, he is only a new Marquis. If he wants to reach the peak of Marquis, he doesn't know when it will be.

But soon, Anna seemed to feel that something was wrong, so she asked Kai: "You just said that he is a peak Wuhou, that's all? You don't seem to look down on this peak Wuhou, so what is your strength?"

" Me? I'm a fifth-rank Marquis of Great Martialism now."

Kai said with a slight smile.

"Just brag, you can reach the fifth-rank Great Marquis at your age? You must know that you were just a great master a year ago."

Anna didn't believe Kai's words at all.

After all, Kai was only a great master a year ago, so how could he have reached the fifth-rank Great Marquis in one year?

This is simply not possible!

Andrew, relying on his identity as a bear man, cultivated fast. It took a year to go from Wuzong to Wuhou, and he still ate an unknown amount of cultivation resources!

"It is said that you women have long hair and short knowledge, and that's true."

Kai finished, Looking at the four mourning men in black not far away, they raised their hands and waved gently!

And when they found out what happened to Anna, they were filled with righteous indignation and wanted to help Anna find the King of Medicine, and help Anna teach her brother by the way.

the next day.

Tang Dali came to the hotel early and waited for Kai!

Waiting to take Kai around and see if you can find the ruins!

Originally, Kai didn't intend to let the girls follow, but Anna was going to find Yaowang. If only Anna was allowed to follow, the other girls would definitely be unhappy, so they would all take it!

"Where's Master Hu?"

Kai saw that everyone had gathered, but he didn't see Hu Mazi!

Soon, the door opened, Hu Mazi yawned, his eyes were dull, and the circles under his eyes were dark.

And on the hotel bed, two blond girls are lying down!

Kai said to Hu Mazi.

"Ah, so fast?"

Hu Mazi was taken aback.

"If you don't hurry up, it is estimated that you will become a human in two days and die in this place."

Kai gave the hu Mazi a blank look!

Hu Mazi smiled: "This foreign girl is amazing, you wait for me, I will put on my clothes."

Soon, Hu Mazi came out with his clothes on. Seeing Hu Mazi's appearance, everyone knew that this guy would not go out for two days. what did you do.

"Damn it, Kai, you're such a cool kid, and you got a foreign girl in two days?"

After seeing Anna, Hu Mazi instantly admired Kai!

"Okay, okay, it's getting late, let's hurry up..."

Kai was afraid that Hu Mazi would be talking nonsense for a while, and hurriedly urged everyone to set off!

With Tang Dali leading the way, a minibus pulled everyone towards the foot of the snowy mountain!

When there were still more than ten kilometers away from the snow-capped mountains, the car stopped because there was no road ahead, so I needed to walk!

Tang Dali took some daily necessities and a simple tent from the car, and then said: "Mr. Chen, because the weather here changes quickly, so we need to bring some supplies, maybe we have to spend the night here."

"Okay. !"

Kai nodded, looked at the supplies, and then waved, all of them were put into the storage ring!

This time, Tang Dali looked envious.

A group of people stepped on the snow and kept approaching the snow-capped mountains. They were originally going to explore, but they were forced to play by these girls!

These girls are all playful and playful, throwing snowballs and playing snowball fights... so that

Kai is speechless for a while!

On the other hand, Tang Dali was speechless, because he found that these girls looked delicate, but they were much stronger than him.

Along the way, Kai and the others could also meet groups of three or five people, hurriedly heading towards the snow-capped mountains, and everyone's breath was not weak, obviously they were there to explore the ruins.

However, these people didn't pay attention to Kai and the others. After all, they brought so many girls and were slapsticking around. Obviously they were traveling, so they didn't take it to heart!

As it got closer and closer to the snow-capped mountain, the weather became more and more severe, and a cloud of mist rose up, spreading from the foot of the mountain, and soon covered the surrounding area, as if it was isolated.

Kai exuded consciousness, but was surprised to find that he couldn't even penetrate the thick fog. It was obvious that the fog did not form naturally.

"This fog is caused by the magic circle, everyone be careful..."

At this time, Hu Mazi changed his laughing appearance, and his face became solemn!

Those girls also became cautious and walked forward cautiously one by one!

"Sect Master Tang, can you still remember what you said?"

Kai said to Tang Dali.

He was afraid that such a thick fog would make Tang Dali no longer know the direction.

"Don't worry, Mr. Chen, I can know with my eyes closed..."

Tang Dali has a strong sense of direction. Although he has only been there twice, he can still find it.

Kai nodded and let Tang Dali lead the way!

After walking for more than an hour, the group found that the thick fog began to dissipate, and the towering snow-capped mountains were in front of them. Looking down from the sky at this moment, they would find that the thick fog actually formed a large circle, giving the snow-capped mountains to the ground. wrapped!

As far as this layer of fog is concerned, it is estimated that many people will get lost in it and can't tell the direction!

"Mr. Chen, those places where people often disappear are at the foot of the mountain on the edge of Xueshan Mountain..."

Tang Long pointed to the east and said.

"Okay, let's go!" Kai nodded, then looked at Gu Linger and said, "You girls stay, don't go forward, so as not to be in danger, give you tents and supplies, you are here Wait here!"

Originally, Ge Jiayi and Xiaolan were reluctant to wait, but Ji Ruxue and Gu Linger knew that this exploration of the ruins would be dangerous. They would distract Kai if they followed up, so they agreed to stay!

Kai asked Tang Dali to take it with him, and then called Hu Mazi, Fan Jiang, and Anna's master and servant to go to the place where the master had disappeared!

"Kai, I'll go with you. If I'm really in danger, I can resist..."

Ge Yuhan wanted to go with Kai!

After all, Ge Yuhan's strength is also the Marquis of Great Wu.

And Ge Yuhan must be well-informed, if he really encounters something very ancient, maybe Ge Yuhan can recognize it!

Thinking of this, Kai nodded and said: "Okay, you can follow..."

After arranging the accompanying people, Kai said to Zhao Chuang: "Zhao Chuang, you can take good care of them and only allow them to wait here. , don't go anywhere..."

"Brother Chen, don't worry, I won't let them run around..."

Zhao Chuang agreed!

Kai and the others set off, and as their direction changed, Kai felt that there was a big change in the spiritual energy of the world!

And that Ge Yuhan also seemed to feel it, and frowned slightly!

Soon, Kai and the others arrived at the place, but there were several big signs stuck around the place at this time!

Tang Dali also shook his head with a confused look: "I don't know either, when I came here two times, there was no such thing..."

"Some people have already come here, I guess this brand is trying to scare people."

At this time, Hu Mazi said.

"Don't care, let's go in..."

Kai took the lead and walked in.

But just as Kai continued to walk forward, there was a sudden burst of roars of beasts!

The roar was loud and it sounded terrifying!

"There are still monsters here?"

Kai was surprised!

You must know that in this extremely cold place, it is difficult for some wild animals to survive.

Hearing that roar, Tang Dali's face became a little ugly!

"Chen...Mr. Chen, let's not move forward..."

Tang Dali said with a trembling body.

"What's wrong? Did a few roars frighten you?"

Kai asked in confusion when he saw Tang Dali's appearance.

"Mr. Chen doesn't know. It is rumored that there used to be a tiger demon living here. It is so big that it can swallow a person with its mouth!"

"It's just that no one has seen the tiger demon for many years. It has been forgotten, and it is regarded as a legend!"

"But now, this roar is likely to be issued by the tiger demon, and the person who disappeared here is likely to die under the tiger demon's mouth."

"I think we should not be here . It's too dangerous to continue walking forward..."

Although Tang Dali knew that Kai was a great martial artist, he really wanted to meet the legendary tiger demon, and it was estimated that they would all become food for the tiger demon.

"Tiger demon? Is there such a thing here?"

Kai looked surprised!

"If there is a tiger demon, then there must be a medicine king. You must know that there must be spirit beasts guarding around a medicine king. Maybe that tiger demon is the guardian of medicine king."

Anna's face is excited, at least this means There must be a King of Medicine in this place!

Tang Dali saw that Kai and the others didn't seem to be afraid of tiger demons, and still had the heart to move forward, so he looked confused: "Mr. Chen, my strength is low. If you haven't been there, I probably won't be able to show you the way!"

Tang Dali's meaning was obvious, that is, he wanted to quit and then go back, he was scared!

"Sect Master Tang, thank you for taking us here. Be careful when you go back..."

Kai didn't blame Tang Dali. After all, Tang Dali was just a martial artist. If he was really in danger, he might not even have the ability to escape.

"Mr. Chen, then I'll be waiting in the city to pick up the dust for you..."

Tang Dali said.

After Tang Dali left, Kai and the others continued to move forward, but the road became more and more difficult to walk, and they were still walking towards the snow-capped mountains.

Fortunately, these people are masters. If they were ordinary people, they would not be able to get here at all!

"Master Hu, can you find out where the ruins are?"

Kai asked Hu Mazi.

"Nonsense, have you forgotten what I did?"

After Hu Mazi finished speaking, he took out a thin and bright metal rod that was only a few tens of centimeters long!

Hu Mazi glanced around casually, and then found a place to stick the metal rod on top of the snow!

I saw Hu Mazi standing in front of the metal rod and began to chant a spell.

"What do you mean?"

Kai frowned: "You mean, this ruin has already been entered?"

Hu Mazi nodded.

"Aren't we here in vain when someone came in?"

Fan Jiang said with a sigh.

"Not necessarily, these people can enter the ruins, but they may not be able to get the things in the ruins."

"Just like the ruins of Fuzong that day, although we went in many times, we almost didn't get anything."

"This search for the ruins follows the search. There are still differences between ancient tombs."

"If the ancient tombs are opened, they will basically be completely destroyed, and the ruins are protected by a formation, and the things inside the ruins cannot be touched by anyone."

Hu Mazi explained. .

"Are those guys who broke the ruins?" , still in the ruins?"

Anna said.

"It's very likely..."

Hu Mazi nodded!

"Could it be that the rumors of tiger demons and the disappearance of people are all related to this group of people. Are they doing this on purpose to scare those who are exploring the ruins?"

Ge Yuhan thought.

"Yes, there is also a possibility, but what about the specifics? Let's find the entrance to the ruins first..."

Kai is now eager to find the ruins as soon as possible.

Just when Kai was about to lead the crowd to continue heading towards the snow-capped mountain, suddenly there were auras behind them.

And these auras are not weak, the worst is the realm of the Great Martial Sect, and there are several auras of Marquis!

You don't have to think about it to know that these people must have come to the ruins.

glanced at Kai: "You kid, you are really bad..."

Kai smiled: " As the saying goes, soldiers never tire of deceit."

Tired look!

Soon, more than a dozen people walked over quickly, and one of them was a tall man with yellow hair and blue eyes who was obviously the leader!

And beside the man, there was a thin old man, and the old man seemed to be blind with a cane in his hand!

After the group of people saw Kai and the others, they all stopped, and the yellow-haired man looked at Kai and the others, and didn't say anything, but looked at the old man and said, "High priest, you just said Someone is using the technique of exploring the tomb to find the ruins, is it in this place?" The

old man did not speak, but took out a copper bell from his arms, and then shook the copper bell gently, and the copper bell made a crisp sound. The sound, the sound, quickly began to spread!

These sound waves seem to be full of magic, and they are constantly rushing towards Kai and their minds!

A golden light flashed in Kai's mind instantly, directly forcing the sound wave back!

A man like none other and the man decree (chinese) Chapter 1796

While the others controlled their minds one after another, they were not disturbed by the sound wave.

But Anna's strength is too low, it seems that the sound wave is not controlled by the sound wave, and the eyes begin to become absent!

Seeing this, Kai grabbed Anna's hand, and a spiritual force instantly penetrated into Anna's body, causing Anna to wake up instantly!

Anna laughed when she saw Kai grabbing her hand, her eyes kept teasing Kai!

Seeing this, Kai wanted to let go of her, but Anna held onto Kai's hand tightly!

Kai was speechless for a while, he didn't expect this Anna to have misunderstood!

"Don't get me wrong, I'm saving you..."

Kai explained in a low voice.

"I didn't misunderstand, isn't it good for us to hold hands like this? Why do you want to let go?"

"Is it because my hands are not white enough and tender enough?"

Anna's voice was full of teasing!

This scene made Hu Mazi envious: "Little girl, this guy Kai doesn't understand style, or I'll hold hands with you."

Anna rolled her eyes at Hu Mazi and ignored him!

But Hu Mazi doesn't care, if you want to pick up girls, you have to be thick-skinned!

Just when Kai and the others were whispering, and no one cared about the group, the old man who rattled the bell said, "Daniel, is there anyone on our left?"

"High priest, there are indeed six people, four males. The two women are probably traveling."

The yellow-haired man said.

"Tourism? Has anyone traveled here before?" The

high priest seemed a little angry.

"High Priest, the most powerful person in this group is just a Great Martial Sect. The rest are members of the Martial Sect, and they are not here to travel. Do you dare to come to train the ruins with this strength?"

Daniel hurriedly explained.

"It turns out that there is still the Great Wuzong, it seems that I have miscalculated..."

After speaking, the high priest started to ring the bell again, and this time, the bells came into Kai's ears with spiritual power, and then they started desperately. Attack the divine consciousness in Kai's mind!

This time, it was obviously much more powerful than the first time. Kai was about to force the sound wave back, but it stopped instantly!

If they now force the sound wave back without being controlled at all, then their true strength will definitely be doubted by the other party.

So Kai gave a wink, and everyone understood, and immediately pretended to be controlled, eyes blank!

And that Anna was really controlled, and there was no luster in her eyes!

This time, the high priest raised the corner of his mouth, and then said, "You all come here..." In

a word, Kai and the others all stood up obediently, and then walked to the high priest!

"I ask you, what are you doing here?" the

high priest asked.

"Travel, try your luck by the way, and see if you can find the legendary ruins..."

Kai replied!

The high priest sneered: "It seems that I really came here to travel, but I still have the idea of taking a chance. Are these people crazy now?"

"I really thought that if I found the ruins, I would make a fortune, but I don't know that the ruins are dangerous. Heavy, with the strength of these people, they will die if they enter."

After speaking, the high priest rang the bell, and Kai and the others instantly woke up!

"This... what's going on here? Who are you?"

Kai and the others pretended and asked in panic.

"You don't have to be afraid. We are from the Burning Heaven Sect. This is our high priest. This place is very dangerous. With your strength, you'd better go back to avoid losing your life in vain."

Daniel said.

"Burning Heaven Sect?" Suddenly, Anna screamed excitedly: "Are you the Burning Heaven Sect that is very good at divination and can predict the future and life and death?"

Daniel nodded and said, "Yes, I didn't expect this Miss knows us too."

Enchantment

"Of course I know, and I also know that in the royal family, there are many people from your cult, who are in charge of observing the heavens and detecting good and bad luck."

As the princess of the duke's residence, Anna knew about the Burning Heaven cult!

But for ordinary people, this religion is very unfamiliar, because ordinary people can't get in touch with it at all.

But just after Anna's words were finished, the high priest snorted coldly: "Hmph, don't mention those people, they are no longer from my Burning Heaven Sect. The Burning Heaven Sect has left."

"Ah..."

Anna's face was stunned, she didn't know yet that the people from the Burning Heaven Sect in the royal family had already been expelled.

"Several, you just saw someone casting a spell here, using the spell to find a cave and explore a tomb."

Daniel asked Kai and the others.

"Oh, I saw a few people wearing Taoist robes, but they have already left..."

Kai pointed and said.

"It seems that someone is going to get there first, let's go quickly..." After the

high priest finished speaking, he quickly ran forward.

Although he was blind, the high priest seemed to be able to see things!

Seeing this, Daniel hurriedly led someone to chase after him.

"Kai, what should we do?"

Anna asked Kai.

"Of course I followed..."

With that said, Kai followed directly!

Although the road up the mountain is very rough, it is nothing to them!

And when Daniel saw Kai and the others following, he couldn't help frowning: "You guys are not going down the mountain, what are you doing with us?"

"We just want to enjoy the beautiful scenery and see if you can find the entrance to the ruins."

"But please rest assured, we will never compete with you for the things in the ruins, just curious."

Kai said.

Daniel frowned slightly, then glanced in the direction of the high priest.

"Let them follow, maybe they can still be useful..." The

high priest said coldly. When Daniel saw this, he could only say to Kai: "Then you can follow. If there is any danger, don't blame

me."

The priest suddenly stopped!

"High Priest, what's wrong?"

Daniel asked.

"There are taboos ahead, you can't go now, you need to break the taboos." The

high priest said, his hands slammed into the ground, and then he muttered something like crazy!

Soon, a ray of light rushed forward from the ground, and after rushing out a dozen meters, it exploded!

Accompanied by the sound of the explosion, brilliance loomed out, which was obviously the enchantment of the magic circle!

If they crashed straight in, they might be trapped inside!

Seeing this scene, Daniel was quite surprised, and Kai also admired this blind high priest!

This guy, who can't see with his eyes, can actually judge the position of the magic circle so accurately.

"Breaking the formation..."

Daniel shouted loudly, and then a dozen people behind him instantly took on a strange shape!

Soon a dozen people burst out with auras, then gathered together, and rushed towards the enchantment!

Boom...

With a deafening sound, the surrounding snow was blown away.

But just when the huge breath hit the barrier, the barrier actually emitted a dazzling light, followed by one after another of the anti-shock force, like

a huge wave, continuous... Time, the huge pressure instantly caused the formation of a dozen people to start to disintegrate, and some people's faces became very ugly, and they insisted on gritting their teeth!

Boom.....

Like a heavy punch, it instantly knocked out a dozen people, although not life-threatening, but one by one was obviously injured internally.

"Hmph, a bunch of useless things..." The

high priest snorted coldly, then took out the copper bell, and then chanted words in his mouth, one after another sound wave like a monstrous wave, moving towards the enchantment, one wave higher than A wave!

Boom...

Boom...

Boom...

The sound waves continue to impact the barrier, and the barrier begins to shake violently, and the huge shock force also makes the high priest's face become extremely ugly!

"Secretly help them, otherwise these guys probably won't get in..."

Kai said quietly to Hu Mazi.

Hu Mazi smiled, then took out the spell, and randomly drew some grotesque patterns on it!

As soon as Hu Mazi let go, the talisman rose into the sky, and then was directly pasted onto the barrier!

For a time, the barrier seemed to be hit hard, and then began to shatter...

When the barrier collapsed, the high priest's forehead was already full of cold sweat!

"The high priest is still powerful..."

Daniel boasted to the high priest.

"I didn't expect this magic circle to be so powerful. It seems that there must be a lot of treasures in this ruin..."

said the high priest.

Kai couldn't help sneering when he heard the high priest's words!

This so-called mountain protection formation is actually not the formation left by Wen Jianzong.

Otherwise, it will not be destroyed so easily.

It's just the magic circle that someone re-arranged after entering the Sword Sect!

At this time, among the ruins inside the snow-capped mountains, there are many people in black busy.

On the main seat sits a foreign man with blond hair and blue eyes.

Next to the man sat an old man in a black robe.

At this time, a man in black hurriedly ran to report: "His Royal Highness, someone has broken through the barrier and is already approaching here."

The man frowned, and then glanced at the old man beside him!

The old man had a calm expression: "Release the tiger monsters, and send someone to intercept them secretly. They must not be allowed to enter here."

"As ordered..."

The man in black led the order and left!

"Second priest, who do you think can break through this barrier?"

the man asked with a strange expression.

"Prince Hal, you don't have to worry, even if these people break through the barrier, they won't be able to pass the tiger demon level. To get here, you have to go through more than a dozen formations, and no one can come in alive!"

Second Priest One Said confidently.

"That's good, we've been operating here for a few more months. I don't know when the sword grave will be able to enter?"

"As long as you get the sword inside, let alone a duke, it's even a king. What's the problem?"

Hal's eyes flashed with greedy desire!

"Prince Hal, rest assured, as long as there are enough spar, I will be able to break through the sword mound in a few months." The

second priest assured.

"That's good, I'll go back and urge the spar mining."

"And my sister is likely to come here to find some medicine king. When she sees her, kill her..."

Hal said.

"No problem..." The

second priest nodded!

Howl left, and the two priests walked to a high platform stacked with spar, with a sinister smile on their faces.

Kai and the others on the other side had already passed through the barrier at this time and continued to climb up the snowy mountain, but the more they walked, the steeper they were!

And it was accompanied by a burst of terror, and everyone had to be vigilant!

Suddenly, the high priest raised his hand, causing everyone to stop.

"High Priest, what's wrong?"

Daniel asked.

"It's dangerous, I smell the monster beast..." The

high priest frowned slightly!

"Monster?" Daniel's expression changed slightly: "Could it be that the tiger demon can't make it?"

Before the high priest could answer, suddenly a tiger's roar came!

This time, everyone became nervous, only Kai and the others showed excitement in their eyes.

You must know that the beast pill in this tiger demon is an excellent resource for cultivation. If you can encounter a few powerful demon beasts, it will be worthwhile.

Kai couldn't help but set his eyes on Ge Yuhan, because Ge Yuhan knew how to control animals. If they could subdue this tiger demon, then they would have another helper along the way!

At this moment, an incomparably huge tiger demon slowly appeared with steady steps. After seeing these people, the tiger demon opened its mouth and roared, as if it was threatening Kai and the others!

Seeing the appearance of the tiger demon, whether it was the high priest or everyone in Daniel, their expressions changed greatly, and they showed their weapons one by one, waiting for them!

"The tiger demon in the realm of Dawuhou, it seems that there are really good things here, otherwise there would not be such a powerful monster to guard..."

Seeing the cultivation of this tiger demon, Kai's eyes lit up!

On the other hand, Ge Yuhan frowned: "This is not a spirit beast protecting the mountains..."

Kai was stunned, then looked at Ge Yuhan: "What do you mean?"

"This tiger demon is not a spirit beast guarding the ruins, but raised by someone, not Wild beasts..."

Ge Yuhan explained.

"Raised?" Kai instantly thought of what Hu Mazi said just now, that the ruins were taken first.

It seems that this tiger demon was raised by people, and the people who raised it must be the first to enter the ruins.

In order to prevent others from entering the ruins again, the tiger demon was released, and then the news was spread to prevent everyone from approaching.

At this time, Kai became very curious about the person who entered the ruins first.

If you can raise pets with the strength of Dawuhou, how great the strength to deal with!

"Roar..." The

tiger demon saw that Kai and the others were motionless, so he grinned again and shouted again!

This roar contained an extremely terrifying aura. Several members of the Burning Heaven Divine Sect with low strength were instantly struck by this roar, causing their internal organs to churn in an instant, and blood kept gushing out from their mouths!

In the end, he died directly, and was roared to death by the roar of the tiger demon.

Daniel looked at his dead subordinates with an extremely ugly face!

And the rest, although holding weapons in their hands, their bodies are shaking like a sieve!

Only the high priest calmed down, but his forehead was covered in cold sweat.

"High Priest, this... This is the tiger demon with the strength of the Great Marquis. We... we are probably not opponents..."

Daniel said to the High Priest with a face full of panic.

These people are nothing but the Great Martial Sect, or the strength of Marquis Wu, none of them can reach the Marquis of Great Marquis!

The high priest is the strongest, but he is only the peak of Marquis Wu, and he is not the opponent of the tiger demon at all.

"The tiger demon with the strength of Marquis Dawu, we are indeed not our opponents..."
The

high priest knew that when the monster beast and the human were of the same level of strength, the monster beast was stronger than the human.

At this moment, the tiger demon with the strength of the Great Wuhou, they absolutely can't deal with it.

"High priest, what should I do? What should I do?"

Daniel panicked. Since the high priest said that they were not opponents, then they had to wait to die!

The high priest did not speak, feeling the terrifying aura of the tiger demon in front of him, and said after a while: "We can only bypass this tiger monster."

"Bypass, how to bypass? This tiger monster is probably faster than us. Hurry up..."

Daniel didn't understand how the high priest was going to bypass the tiger demon.

There was a sinister look on the high priest's face: "Isn't there someone still following us?"

Daniel was stunned, but instantly understood the meaning of the high priest.

"Does the high priest want these people to deal with the tiger demon?"

Daniel asked.

In this way, the high priest and the others can sneak around the tiger demon from one side when the tiger demon eats people!

"High Priest, this... it's not good to do this?"

Daniel said with an embarrassed face.

"Not good? What's wrong, now it's life and death, don't let them die, let us die?" The

high priest frowned and asked Daniel in a cold voice.

Daniel was speechless.

Seeing that Daniel was not moving, the high priest personally led people towards Kai and the others.

Kai was annoyed that this tiger demon was raised and could not be domesticated, but the high priest led people to surround them.

These people from the Burning Heaven Sect, holding weapons, stared at Kai and the others!

The high priest said with a cold face: "Now the tiger demon is blocking the way. Since you choose to follow, you will have to pay a price..."

"What do you mean?"

Kai asked in a puzzled way.

"What? Let's deal with the tiger demon?"

"The tiger demon looks very vicious at first sight. Our strength is so low, so if we go to deal with the tiger demon, wouldn't we kill it?"

Anna was shocked and asked the high priest.

The high priest took out the copper bell, and a breath-taking aura erupted from his body, which instantly enveloped Kai and the others.

"If you go to kill the tiger demon, there is still a chance of survival. If you don't go, you will die..."

After finishing speaking, those people from the Burning Heaven Sect, all of them showed killing intent, and aimed their weapons at Kai and the others!

As long as Kai and the others dare to say nothing, they will kill them immediately!

Anna got angry when she heard it, and was about to get angry, but was stopped by Kai!

"Master, our strength is lower than yours. Isn't it inappropriate for us to deal with the tiger demon?"

Kai asked cautiously.

"Hmph, there's nothing inappropriate, this is a society where the weak eat the strong, and it's better for you to die than ours..." The

high priest had a cold face, and the copper bell in his hand shook!

As a crisp bell rang, sound waves hit Kai and the others instantly!

"Master, please stop, can't we deal with the tiger demon?"

Kai quickly begged for mercy.

"Hmph, if you are acquainted, you guys will fight to the death to deal with the tiger monster. When we leave, you will be able to escape, so that you will still have a chance to survive..." The

high priest snorted coldly.

Anna's little face flushed with anger. She didn't expect this Burning Heaven Sect to be such a sect. It's a shame that they still promote it all day long to save the world!

Kai winked at everyone, and then walked towards the tiger demon!

With the strength of Kai and the others, it is only a matter of minutes to deal with the tiger demon.

When Kai and the others passed in front of Daniel, Daniel turned his head in shame and did not dare to look at Kai and them.

"Roar..."

Tiger Demon looked at Kai and the others who were walking in front of him, and suddenly roared!

The roar of tigers roared like a gust of wind!

Kai waved his palm lightly in front of him, and a barrier instantly blocked the breath!

"Daniel, let's go quickly..." the

high priest urged Daniel.

They have to take advantage of this time to escape from here, because the high priest knows that with Kai's strength, they can't resist the tiger demon for a long time.

Daniel was helpless, so he could only follow the high priest and leave quickly, and then chose another path to head towards the snowy mountain!
