A man like none other and the man decree (chinese) Chapter 1801 - 1820

A man like none other and the man decree (chinese) Chapter 1801

Seeing that the people from the Burning Heaven Sect are gone, Kai and the others don't have to hide their strength!

"Hmph, this Burning Heaven Sect is really trash. When I heal my father, I will give them a cult name for this trash Sect."

Anna roared angrily.

"Okay, don't be angry anymore, let's kill this tiger demon first!"

Kai persuaded Anna!

"Kai, this tiger demon can only be killed by you. I'm afraid others will fight for a while, or even get hurt!"

Hu Mazi said to Kai very interestingly.

"Okay, I'll come!"

Kai nodded, then took a step forward!

I saw Kai waved his right hand, and the Dragon Slaying Sword was instantly born from the heart and appeared in Kai's hand!

A bright light flickered on Kai's body.

Although Kai is sure to kill this tiger demon, he will not be careless!

After all, it is a monster in the Dawuhou realm. Although it is raised, its ferocity is weaker than that of wild monsters, but Kai is still waiting!

At this moment, there was a huge humming sound from the Dragon Slaying Sword, and it seemed that the whole snow-capped mountain was shaking.

And within the snow mountain, there seems to be a voice, responding to the Dragon Slaying Sword in Kai's hand!

This kind of response was sensed by Kai, which made Kai's face show incredible excitement.

The tiger demon felt the aura emanating from Kai's body, and in the originally fierce eyes, he showed fear at this moment!

The body of the tiger demon is slowly retreating, and it seems that he is unwilling to fight with Kai!

"It's okay to be raised by people, and it's so spiritual..."

Seeing the body of the tiger demon kept retreating, Kai smiled coldly!

But he wouldn't let go of this tiger demon easily, the beast pill in the tiger demon's body is the best cultivation resource!

But just as Kai was about to make his move, the tiger demon turned around and ran at an extreme speed!

Between a few jumps, the figure instantly disappeared into the snow-capped mountains!

This time, Kai was a little overwhelmed.

Hu Mazi and the others are also dumbfounded!

"Damn, this fucking beast, he ran away so fast..."

Hu Mazi couldn't help but exclaimed!

You must know that monsters are cruel by nature. No matter what kind of enemy they encounter, they will only attack, and rarely turn around and run away.

But this tiger demon can only turn around and run when it senses danger, it can be seen that the intelligence has been activated!

"This is a raised monster, so it has intelligence and it is normal to run away from a strong enemy."

Ge Yuhan explained.

"Raised?" Hu Mazi was stunned: "If I ever raised such a beast, it would be awesome."

Hu Mazi looked envious. After all, he raised a monster of the Great Marquis realm. It's majestic, and it can also be used as a mount!

Kai put away the Dragon Slaying Sword in his hand, and said helplessly: "It seems that this tiger demon will live a little longer, let's go..."

Kai took Hu Mazi and the others and continued to walk forward!

At this moment, in the ruins, the second priest felt the vibration in the ruins just now, and his face was full of surprise!

"The vibration just now came from the land of the sword tomb. Could it be that the land of the sword tomb is about to be opened?" The

second priest looked closely at the spar altar in front of him, his eyes full of anticipation!

"Sacrificing adults, the tiger demon is back..."

A man in black came to report!

"Well, this guy is probably full again this time." The second priest nodded: "Those who passed through the barrier, have you retired now?"

As soon as the second priest heard it, he said in an instant, "What? Did you see it clearly?"

"The distance is a bit far, but it looks like..."

The man in black couldn't guarantee it!

"I didn't expect this Anna to come..." The second priest had a chill in his eyes: "You take someone to kill them, you must bring that Princess Anna, and you can't hurt her life. As for the others, kill them."

"Understood..."

The man in black nodded, then turned and left!

With a gloomy smile on the face of the second priest, Hal asked the second priest to kill Anna, but the two priests wanted to capture him alive. It can be seen that these two priests may also be hiding their own conspiracy.

At this moment, Kai and the others did not know that someone intercepted and killed them, and they were still heading towards the top of the mountain.

The entrance to this ruin is likely to be on the top of the snow mountain!

"How long do we have to go?"

Anna asked out of breath, looking at the snow-capped mountain whose top could not be seen at all.

She has the lowest strength here, so the long time climbing, coupled with the harsh environment, made Anna a little unbearable.

"Why don't you rest here, wait for us to find the ruins, find the King of Medicine, and come here to find you..."

Kai knew that with Anna's strength, it was really difficult to move forward. If you insisted on following them Together, not only will it not help, but it will also become a burden!

Anna nodded, she also knew her strength, and she was afraid that she would not be able to continue to move up!

"Kai, I'll leave it to you..."

Anna said.

"Don't worry, let Andrew take care of you here..."

After Kai finished speaking, he took out some supplies from the storage ring, settled Anna well, and continued to climb up!

"Princess Anna, take a good rest..."

Andrew found a shelter for Anna and said to Anna.

Anna nodded, lay in the sleeping bag, and unknowingly fell asleep!

The high priest and others on the other side chose another direction and headed towards the top of the snowy mountain!

Daniel's face was a bit puzzled and angry!

Seemingly feeling the anger on Daniel, the high priest said: "Daniel, you seem to be very dissatisfied with me?"

"High priest, our Burning Heaven Sect has always adhered to the purpose of saving the world and helping people, but just now how could you use force to force others to die? ?"

Daniel was very puzzled, this is completely different from what he taught when he entered the Burning Heaven Sect!

"Daniel, don't be naive anymore, this is the society where the weak eat the strong, and the strong are respected. Put away your sympathy."

"Now that the two priests have entered the royal family, I am afraid that the Burning Heaven Sect in the future will only be the only ones. If he is alone, we will all die!"

"This time, the Pope sent us to look for the ruins. If we can find the ruins and find the legendary sword, we can eradicate the second priest. Even if the royal family comes forward, we will burn the heavens. You don't have to give face."

"As long as you follow me well, the position of my high priest will be yours in the future, and I can give you the inheritance of my whole body." The

high priest kept persuading Daniel!

Daniel stopped talking, but he still couldn't understand!

Soon, they encountered a cloud of fog blocking their way!

This fog is very strange, as if it was deliberately blocked here!

"High priest, there is a sudden fog in front of you..."

Daniel said, looking at the fog in front of him.

"I know!" The high priest frowned, and the copper bell in his hand shook gently!

"High priest, what should we do? Should we bypass this place?"

Daniel said.

"I'm afraid it's impossible to get around this fog, send someone to explore the way, don't go too deep..."

said the high priest.

Daniel nodded, then looked at the people of the Burning Heaven Sect behind him!

These people are very nervous, and no one wants to be the pioneer and enter this unknown fog!

"You, go in and explore..."

Daniel pointed to a believer and said.

The cleric's face instantly became extremely pale, and his whole body was trembling!

But since he was called, he didn't dare not obey!

The high priest felt that the believer had stopped, his brows wrinkled, his palm waved lightly, and a breath came in a flash, directly pushing the believer into the fog!

Everyone looked nervously at the mist in front of them, and then waited quietly!

Finally, after ten minutes, the cultist said, "High priest, it's alright, it's safe, come in..."

Hearing the cultist's voice, he breathed a sigh of relief, and then moved towards the mist. Go!

But when everyone just walked to the edge of the fog, they heard screams coming from inside!

Immediately after that, the cultivator who went in ran out, his whole body still burning with flames!

"Quick, put out the fire..."

Seeing this, Daniel quickly ordered someone to put out the fire, but it was too late!

That cultist was instantly burnt to ashes!

The faces of everyone changed greatly, and the high priest's face was extremely solemn!

"damn it....."

The high priest cursed, and then hit a cultist with a breath!

"Go in again and see what's going on inside?"

This time, the cultist carried a wisp of the high priest's breath, so that the high priest could sense the situation in the mist!

The cleric's face was extremely ugly, but he didn't dare to disobey the order, and walked into the mist trembling!

At this time, Kai and the others have been traveling in the fog for a while!

"Kai, I feel that this fog is very strange. We seem to be lost and can't get out at all!"

Hu Mazi said with a frown.

"I also feel that in this fog, I can't tell the direction at all."

Fan Jiang also said.

Kai stopped his body, and his consciousness continued to spread. Although he could spread out, no matter how he spread his consciousness, all he saw was foggy.

At this time, Hu Mazi took out a bronze-colored compass from his arms, and when he saw the pulp on the compass, he knew that it was very old!

I saw that when the compass was taken out, the pointer on it seemed to be disturbed and kept turning!

Hu Mazi bit his finger, dropped a drop of blood on the compass, and then chanted!

I saw that the pointer of the compass gradually stabilized, and then stopped!

"Damn, we walked for a long time, but we didn't go up at all, but circled around the snow-capped mountains..."

Hu Mazi burst out in foul language!

"You have this thing, don't take it out sooner..."

Kai was speechless for a while, they were all trapped in this fog for a long time, and this hu Mazi took out this treasure!

"What a joke, this is handed down from the ancestors, where can you use it casually!"

The man rushed in front of Kai and the others involuntarily, and then slashed with a knife!

Fan Jiang's eyes turned cold, and he immediately greeted him, and he knocked the man out of the air with one punch!

This punch directly spit blood out of the man's mouth, and he fell to the ground and couldn't get up!

Fan Jiang stepped up to get rid of this man, but was stopped by Kai.

"Don't kill him first, let's see who it is?"

Suddenly a person rushed out of the fog, Kai was very curious, who is in ambush here!

When Kai and the others approached and saw the person clearly, they realized that this person was actually a follower of the Burning Heaven Sect!

Ge Yuhan Looking at the Burning Heaven Sect cultist, he said.

Kai also saw that this man was mentally damaged, so he looked crazy.

Kai followed the Fentian Divine Sect with no relatives and no ancestors, so there was no need to save their people!

Besides, the high priest forced them to deal with the tiger demon just now, so it was obvious that this Burning Heaven Sect was not a good thing.

But Kai and the others walked a distance again, and found that the mist in front of them had changed, turning pink, and the pink mist was very beautiful!

But after seeing the pink mist, Hu Mazi's complexion changed greatly!

"Be careful, this fog can damage the mind and make people cruel..."

Hu Mazi reminded loudly.

Soon, several people held their breaths and tightly guarded their minds to avoid damage!

As soon as he stepped into the pink mist, Kai felt dizzy for a while.

However, with the golden light flashing in Kai's mind, he instantly woke up!

Hu Mazi and Fan Jiang had solemn expressions on their faces, their eyes fixed on the front, and they did not dare to be distracted in the slightest!

Ge Yuhan seemed much more relaxed. The soul in her body was the Holy Maiden of Guanghan Palace, a character who has been through thousands of years!

The mind is already indestructible!

As Kai and the others went deeper, Hu Mazi and Fan Jiang were covered in cold sweat on their foreheads. Although they did not dare to be distracted, their eyes began to change at this moment, and slowly turned red!

A raging aura is slowly rising from the body, but the two of them haven't noticed it yet!

Feeling the changes in the breaths of Hu Mazi and Fan Jiang, Kai knew that these two people might not last long, because he didn't know how long it would take to get out of here!

Suddenly, Kai remembered his own pure heart mantra, isn't this what restrains the fog?

"Master Hu, Fan Jiang, I will pass you a set of mantras, so that we can resist the erosion of this fog."

After speaking, Kai passed the Qingxin mantra to the two of them without reservation!

As the two recited the Heart Clearing Mantra, a cool and transparent feeling instantly filled the whole body, and the scarlet eyes of the two of them slowly recovered!

Just when Kai felt that he could easily pass through the fog, there was a sudden sound of fighting in front of him!

And the fighting was very fierce, accompanied by screams.

After Kai and the others glanced at each other, they immediately moved in the direction of the fight!

When Kai and the others arrived, they found that more than a dozen people were fighting, and all of them were members of the Burning Heaven Sect.

In the end, the high priest could only reluctantly put away the copper bell, while he himself quickly ran out of the fog.

As for these subordinates, he doesn't plan to take care of them!

"Mr. Chen, what should we do?"

Fan Jiang looked at Kai and asked.

Kai looked at Daniel with scarlet eyes, and finally his body was vertical, grabbing Daniel's wrist directly, and then a spiritual force entered Daniel's body!

Daniel woke up, and when he saw Kai and the others, he fell into shock.

"You... you guys are still alive?"

Daniel thought that Kai and the others should have been eaten by tiger demons long ago.

He escaped from the fog himself and didn't care about others. Now he suddenly sensed Daniel's breath, feeling a little strange, so he shouted.

"The High Priest..."

Daniel replied.

The high priest did not speak, but his brows were tightly wrinkled together.

"Daniel, who is there with you? Why is the breath so powerful?" The

high priest slowly took out the copper bell and made a defensive posture!

Because Kai and the others hid their breath at the beginning, the breath of Kai and the others that the high priest felt was completely different from now.

He couldn't have imagined that the people in front of him at this time were the same group of people he forced to face the tiger demon!

"High priest, they are the group of tourists we met on the way."

Daniel replied.

The high priest was shocked: "Impossible, how is it possible, how can the aura on them be so powerful?" The

high priest couldn't believe it at all. If these people had such a strong strength, how could they be threatened by him?

Daniel couldn't answer the high priest, he could only look at Kai.

But before Kai could speak, Hu Mazi spoke angrily.

"We all hid our breath, just to make fun of you, you blind man, you really think of yourself as a master."

"Holding a broken bell and babbling, the whole thing is quite mysterious!"

"If it weren't for Lao Tzu If you take action , you can't break the barrier, and you dare to threaten us."

"I think you're an old man who needs to be beaten..."

Hu Mazi was so angry that he stepped forward and slapped the high priest directly!

These two slaps directly blinded the high priest, and he found that he didn't even have the qualifications to hide.

Unless they are here very early, otherwise the layers of levels and magic circles are not so easy to break through.

As for the dozen or so men in black, after seeing the high priest raise the copper bell, a trace of panic flashed in their eyes, but they soon stabilized!

When Daniel saw these people and the high priest's order, he was indifferent, and his brows instantly wrinkled!

He seemed to understand something, so he said in the ear of the high priest: "High priest, these people should be in the imperial court and belong to the second priest."

"You traitors, I will kill you today..." The

Seeing this, Daniel jumped up with a weapon!

Kai did not expect that sects abroad would like to cast curses in the heads of the believers to prevent the betrayal of the believers!

"Fan Jiang, go catch another..."

Kai said.

Fan Jiang nodded and disappeared in a flash!

The high priest was still struggling with Daniel when he suddenly felt an aura coming, and then turned around in the crowd, and then left with a man in black!

At this time, only a few of the dozen or so men in black remained, fighting with the high priest and Daniel!

Although they saw their companions being carried away like chickens, they couldn't spare anyone to rescue them!

The panic in the eyes of the man in black who was just caught is even more obvious!

Kai didn't speak, but pressed a hand on the head of the man in black, and a spiritual force entered instantly, and immediately broke the curse in the head of the man in black.

At this time, Kai opened his mouth and asked, "Who are you? Why did you stop us? Have you found the ruins?"

This time, the man in black did not hesitate and said quickly, "We are the Burning Heaven Sect. We belong to the Second Priest's subordinates, and now all those who enter the snow-capped mountains to find the ruins, we must find a way to make them give up or disappear."

"Because the ruins have already been found by us, and we have stayed in the ruins for several times. It's been a month."

"What did you guys do after staying in the ruins for months?"

Kai didn't understand, these people just swept away the ruins, why did they stay in it for so long.

"Build the altar, and it's all made of spar." The man in

black didn't dare to hide it!

"The altar built by spar, what is the use of this altar?"

Kai was very curious.

The man in black shook his head: "Then I don't know, these can only be known by the priest..."

Kai saw that the man in black was a little kid, and he should really know a lot, so he stretched out his hand and slapped it. Dead...

Kai will not do anything about raising tigers!

"Fan Jiang, go and help and save that high priest, I guess we can use him."

Kai didn't understand what the altar was for, maybe the high priest knew.

At this time, the high priest followed Daniel to the brink of collapse and was struggling to support!

At this moment, Fan Jiang appeared and punched at random, and all those men in black went to see Hades!

Seeing Fan Jiang kill those men in black so easily, Daniel's face was full of gratitude!

"Thank you, thank you for helping..."

Daniel thanked Fan Jiang.

And although the high priest didn't speak, his face was full of embarrassment, and he was too embarrassed to speak!

"This is Mr. Chen's order, otherwise I won't save you..."

After Fan Jiang finished speaking, he turned and walked towards Kai!

Fan Jiang was also very dissatisfied with what the high priest did at the beginning!

Daniel and the high priest hurriedly followed. Now both of them are injured. If they don't follow Kai closely, it is estimated that the two of them will not be able to go very far at all.

"Mr. Chen, thank you for your righteous help, we...we..."

Daniel followed Kai to thank him, but he didn't know what to say!

After all, how the Burning Heaven Sect treated Kai and the others, everyone knew in their hearts!

Kai asked Daniel.

Daniel's face was blank. He was not very clear about some things about the Burning Heaven Sect. After all, the Burning Heaven Sect had a strict hierarchy, and it was impossible for him to know what he shouldn't have known!

It's just that after hearing that the altar was built with spar, the high priest who had been bowing his head suddenly raised his head with an incredible expression on his face!

"The spar to build the altar? Could it be that they want to summon demons?" The

high priest's voice was full of horror!

"Summon the devil? You make it clear, what's going on?"

Kai asked the high priest.

The high priest took a deep breath, and then said slowly: "Our Burning Heaven Sect has a legend that if anyone can build an altar with spar and add the magic power of a scepter, they can summon the demons underground.

"Summoning a demon, the demon's divine power will be exerted on the summoner, and the summoner will become a new demon, commanding the entire messenger of hell..."

"By that time, the whole world will be plunged into turmoil... "

When the high priest said, his body couldn't stop shaking!

As if to say something extremely terrifying!

"Summoning the devil? It's the same as the truth. Isn't that using the magic circle to absorb the souls of the underground? That altar should be a magic circle, and that scepter should be the opening mechanism of the magic circle!"

"Where are there any demons, nothing more than souls and yin qi buried deep in the ground..."

Hu Mazi said with a look of disdain.

"There are really demons. If you don't believe it, you will pay for it..." The

high priest had a firm look on his face. He was convinced that the altar could summon demons!

"Okay, if we can summon demons, we'll see if we go and see. Now that we know that they have built an altar, I think you can find out where they are?"

Kai said to the high priest.

The high priest nodded, and then he said something, and the copper bell in his hand suddenly shook by himself!

Every time he walked a certain distance, the copper bell would shake, and the high priest chose the direction of travel according to the frequency of the copper bell shaking!

Soon, the group will arrive at the top of the mountain.

At the same time, in the ruins, the second priest looked at the towering altar with excitement on his face!

At this time, the second priest was holding a scepter inlaid with gems, and holding a spar in the other hand!

Now this altar, just need to put the spar in his hand on it, even if the real construction is completed!

a man in black said to the second priest.

"Bring her in..." the

second priest said lightly.

Soon, Anna was brought in, but at this time, Anna's eyes were tightly closed, and she was obviously in a coma!

Andrew was beside Anna with a calm look on his face. He was not restrained, but he did not resist!

Looking at Anna who was in a coma, the second priest gently stroked Anna's face with his hands: "As expected of your Royal Highness, look at how attractive this face is, when she is possessed by a demon, she can become the queen of the whole country, And I'm the man behind the queen..." The

second priest's eyes were full of a strong desire for power, he would not be willing to be just a priest in the royal family, he wanted supreme power!

It's just that in this bear country, no matter how powerful you are, if you don't have royal blood, you can't rule the entire country.

So he needs to use Anna's noble blood to rule the entire bear country!

As for Prince Nahal, it's just one of his pawns. When Anna is possessed by a demon, Prince Howel will no longer need to exist!

When Anna becomes the queen, and he is the queen's man, the pinnacle of the whole power.

"Second priest, I have brought you Princess Anna. Should you let my wife and child go?"

Andrew asked the second priest with a blank expression.

"Andrew, you have done a good job. Not only did you trick Princess Anna into coming here, but you also prevented Prince Hal's assassination of her, so you have contributed a lot!"

"Don't worry, your wife and children are very good. , as long as you follow me obediently, you will be the captain of the entire royal guard in the future..." The

second priest said to Andrew with great satisfaction.

But Andrew didn't seem to care about being the chief of the guard, and continued: "I just want to take my wife and children away. I'm sorry for the trust Princess Anna and Duke Ross put in me. I can't stay by their side.

" You only need to let go of my wife and children, and I will fly away with them..."

Andrew is the most loyal guard of the Duke's Palace, so Duke Ross will let him protect Princess Anna closely.

It's just that the second priest captured Andrew's wife and children, and Andrew was forced to do so, so he could only lie that there was a medicine king here and could save Duke Ross!

He tricked Anna here and used it to exchange for his wife and children!

If it wasn't for meeting Kai and the others, Andrew would have brought Anna long ago!

"I said, don't worry, when my plan is completed, I will definitely let your wife and children go." The

second priest gently waved a hand on Anna's forehead, and Anna opened her eyes leisurely!

When she saw the second priest and the people in black around her, she was stunned!

Anna was a little panicked, because she knew that these two priests belonged to her brother Hal.

Now that Howl is chasing him, the two priests must also kill him.

But Andrew did not answer Anna, but lowered his head slightly and said nothing!

"Princess Anna, don't be afraid, I won't hurt you, I asked you to come here to make you a real queen, your brother Prince Hal wants me to kill you, but I won't listen to him. "

I am willing to follow Princess Anna's instructions, because only you can become the queen with the highest power in the entire Xiong Nation." The

second priest whispered to Anna. He was afraid that Anna would be afraid and act too radically!

"No, I don't want to be a queen, I just came to find the king of medicine, to save my father, I don't want to get any rights..."

Anna shook her head and said.

Anna heard what Andrew said, so she took the risk.

After all, Andrew is her most trusted guardian, she only believes in Andrew!

But now Andrew lowered his head, didn't dare to look at Anna, and didn't dare to make a sound!

Seeing Andrew like this, Anna seemed to understand something, and her whole body seemed to collapse.

"Andrew, are you lying to me? Are you lying to me?"

"Why, why are you lying to me?"

"You talk..."

Anna beat Andrew desperately.

Andrew knelt down in front of Anna with a thud: "Princess Anna, I'm sorry for you, but I can't help it. My wife and children are in the hands of the second priest, I can only listen to him..."

Anna trembled in anger. , The whole person's eyes were full of helplessness. Her brother chased and killed her, and now her most trusted guardian betrayed her. Anna suddenly felt that her life was meaningless!

"Princess Anna, remember, no one in this world can be trusted except your own strength, so you need to improve your strength, and now I will give you a chance to improve your strength..."

Said, the second priest envoy With a wink, the two men in black lifted Anna up and walked towards the altar!

The two priests, holding a spar, also slowly walked up to the altar.

There is a gap on the edge, where the spar in the second priest's hand is placed.

As long as this spar is placed, the entire altar is officially completed!

The second priest took the spar and gently placed it on it.

With a humming sound, the entire altar emitted a burst of dazzling light, followed by lightning-like rays of light, which began to flicker over the ruins.

The entire snow-capped mountain is shaking at this moment!

"Hahaha..."

"Successful, successful..."

"As long as the hour arrives, the devil will come to the world..." The

second priest was like a madman, laughing wildly!

Andrew looked at the bound Anna on the altar, and the whole person fell into deep guilt and self-blame!

But there was no turning back when the bow was drawn. The matter had come to this point, and he had no choice!

Boom.....

the snow mountain swayed again, and the snow on the snow began to collapse at this moment!

"What's the situation? Is there going to be an earthquake?"

Feeling the shaking of the snow-capped mountains, Daniel said in a panic.

If there is an earthquake here, none of them will want to live!

"Broken, the altar was successfully managed by the traitor. We must find the entrance to the ruins before midnight, otherwise he will summon the devil, and none of us will survive..."
The

high priest said solemnly!

But before they finished speaking, there was a loud bang, and they saw avalanches happening everywhere in the snow-capped mountains!

The snow that originally covered the mountain collapsed in a large area, and the brown rocks were exposed!

After a while, the mountain stopped shaking, but no snow could be seen on the entire top of the mountain, and large tracts of stones were all exposed!

"Now that the snow is gone, can you find the entrance to the ruins?"

Kai said to the high priest.

"Okay..." The

high priest nodded, and then the copper bell in his hand shook violently!

The sound waves spread out, covering the entire mountain top!

At this time, the second priest who was in the ruins suddenly frowned: "Why is this old blind man here?"

"Omar..." The

A man like none other and the man decree (chinese) Chapter 1811

Soon, a tall, muscular man appeared in front of the second priest.

This Omar has long hair all over his body, like a savage!

After Andrew saw this Omar, his face changed slightly.

Apparently he knew this Omar.

As a hero among the bears, Omar did not expect to obey the call of the two priests!

"Master Priest, what are your orders?"

Omar said, kneeling on one knee.

"Someone broke into the top of the mountain. You lead someone to block the entrance. Don't let anyone break through the last mountain protection formation..." The

second priest said to Omar.

"As ordered..."

After Omar finished speaking, he took the people away, and the second priest looked at Andrew and said, "Andrew, you also follow, can you let your wife and children go, it depends on whether you will be loyal to me..." "

Andrew was helpless and had to go out with Omar.

At this time, the high priest had brought Kai and the others to the entrance of the ruins, only to see a deep hole, all the way down!

If it weren't for the snow falling, it would be harder to find this entrance than to climb to the sky!

"Since we found the entrance, then we can go in..."

Fan Jiang who went to the entrance first!

But just approaching the entrance, a flash of brilliance suddenly appeared, and Fan Jiang's body was instantly bounced back by a huge anti-shock force!

Immediately afterwards, I saw something similar to a glass cover, which was constantly flashing with brilliance, and I could also see that runes were flashing continuously!

"Damn, how come there is still a formation?"

Fan Jiang got up and cursed angrily, but he didn't expect to be at the entrance, and there was even a formation blocking it!

And this time the formation is obviously much stronger, even Fan Jiang was directly shocked back!

"It seems to be really cautious, and there is a magic circle at the entrance..."

Kai narrowed his eyes slightly.

Just when Kai was about to break through the formation, a dozen people suddenly walked out from the entrance, and the leader was huge and covered in hair!

This person is Omar, the realm of Wuhou!

Seeing people walking out of the ruins, Kai felt a lot more at ease.

As long as these people are still in the ruins, none of them can escape!

But when Andrew walked out of the ruins entrance and saw Kai and the others, Andrew bowed his head in embarrassment.

And Kai was stunned for a moment, his eyes were full of incredible!

Kai took a few steps forward and asked that Andrew.

Although the two were close at hand, Kai could not pass through the formation!

Andrew lowered his head and didn't speak, because he didn't know how to explain it to Kai!

But Andrew's expression instantly made Kai guess something, and he said angrily: "Andrew, you betrayed Anna, didn't you? Was Anna arrested, was she in the ruins?"

"No, I didn't, I No..." Andrew shook his head in pain: "They captured my wife and children, I have no choice, I have no choice to do this."

Andrew shouted loudly, explaining through Kai!

But how could Kai listen to Andrew's explanation!

At this moment, Kai regretted it. He regretted letting Anna rest and leaving Andrew behind.

"If something happens to Anna, all of you will die..."

Kai's eyes narrowed slightly, and the terrifying murderous aura on his body instantly penetrated the magic circle and directly enveloped Andrew and the others.

Feeling the terrifying murderous aura on Kai, both Andrew and Omar were shocked and took two steps back!

"You dare to trespass the mountain gate, leave here quickly, you can spare you not to die, otherwise there will only be a dead end..."

Omar roared, and then the mountain protection formation exuded waves of terrifying coercion!

A man like none other and the man decree (chinese) Chapter 1812

Kai and the others felt a burst of pressure, and the high priest and Daniel fell to the ground in an instant. They couldn't bear the pressure of this formation at all!

Seeing the high priest lying on the ground with Daniel in an instant, Omar laughed wildly: "Hahaha, you blind old man, if you don't take good care of your life in the Burning Heaven Sect, you still dare to come here." The

high priest was insulted and angry. His whole body was trembling, but there was nothing he could do. He was directly crushed by the terrifying pressure and didn't even move!

Kai looked at Omar's arrogant appearance, and the corner of his mouth raised slightly: "Little magic circle, do you want to stop me too?"

After saying that, the Dragon Slaying Sword suddenly appeared in Kai's hand, and then he held the Dragon Slaying Sword aloft, terrifying. Spiritual power is skyrocketing!

"Break it for me..."

Kai roared, followed by a terrifying and ferocious breath that instantly emanated from Kai's body.

Even across the circle, Omar and Andrew felt the oppression.

Omar's eyes were a bit incredible. You must know that he is a bear man with Wuhou's strength. No matter in terms of physique or strength, they are stronger than ordinary people.

Moreover, it is still separated by the mountain protection formation, but the terrifying aura of Kai seems to be unobstructed!

Just when Omar was full of doubts, the Dragon Slaying Sword in Kai's hand had already been slashed with one sword!

There was a terrifying loud noise, and the whole mountain was shaking, and under Kai's sword, the array began to flicker, and the shield like a glass cover appeared a series of tiny cracks!

Under the bombardment of this sword, the coercion of the original mountain protection formation disappeared instantly, which also caused Daniel and the high priest who were lying on the ground to stand up slowly.

Looking at the cracked circle, Omar's eyes widened, his face full of disbelief. You must know that when this circle was set up, it took countless spar, and it took a month to set it up.

Omar's confidence when he first came out has been severely hit at this moment!

He didn't know if the array could hold on to a single blow, and he didn't even know if he would be the opponent of the young man in front of him.

Just when Omar was thinking wildly!

The Dragon Slaying Sword in Kai's hand was raised again, and a golden dragon was wrapped around the Dragon Slaying Sword. Immediately after Kai waved it, the golden dragon roared out!

Looking at the scene in front of him, Omar's mouth was round. Zhang, his face is full of surprise!

Kai ignored the surprised Omar, but walked towards Andrew with a face full of anger, then grabbed Andrew and lifted Andrew directly!

"Take me to Anna, if Anna makes a mistake, you know the consequences..."

After Kai finished speaking, he let go and let Andrew fall to the ground!

Andrew didn't speak, but silently got up, then turned and walked towards the entrance of the ruins!

Kai's ignorance of Omar instantly aroused Omar's anger.

As the bear's highest honor warrior, Omar has never been so ignored and humiliated!

"Boy, you dare to ignore me, do you think I'm afraid of you..." With

that, Omar slapped Kai angrily.

Omar knew that Kai's strength was good, so he used all his strength as soon as he shot. As a bear man's warrior, Omar's palm is afraid that it has ten thousand pounds of power.

Kai frowned slightly, and without looking at Omar, he waved his palm at will, and collided with Omar's palm.

Their strength is too low to resist such a collision between masters!

Even Andrew gritted his teeth at the moment, desperately resisting the terrifying aura, so as not to hurt himself!

This blow made Omar terrified. You must know that the bears are famous for their strength. He didn't expect Kai to dare to confront him, and Kai's strength seems to be stronger than him!

At this moment, Omar felt as if he had fallen into a torrent, his body was out of control at all, and he kept retreating!

It wasn't until after hitting the mountain wall that Omar's figure was restrained!

Omar looked at Kai in horror, and his heart began to panic!

Kai just glanced at Omar coldly, and didn't say anything. He turned to Andrew and said, "Lead the way..."

Andrew nodded, facing Kai, he didn't dare to make any changes!

And Omar looked at Kai's back with mixed feelings in his heart!

Kai had such terrifying power at such a young age. As a bear man warrior, he was kicked back by a punch!

But what Omar didn't know was that Kai's punch just now didn't use all his strength.

If Kai used his full strength to use the Holy Light Fist, it is estimated that Omar is already a corpse now, how could he still be alive.

It's just that Kai saw that Omar was not a member of the Burning Heaven Sect, and the hair on his body looked like a bear man, so he didn't kill him!

Hu Mazi and the others hurriedly followed, and the group walked towards the ruins!

Omar sighed, and in the end he could only go back with those men in black!

Now we can only wait for the second priest to deal with it.

Omar knew that he had no ability to deal with Kai and the others.

Soon, Andrew took Kai and the others into the ruins.

The ruins are huge, and almost the entire snow-capped mountain is empty.

Moreover, it was pitch-dark inside, with only a winding path that continued to extend downwards, with the abyss on both sides. If it fell, it would definitely be shattered.

However, this kind of road is difficult for ordinary people to walk, but it is much easier for Kai and the others.

Now Kai and the others are at the top of the mountain, so they keep going down the path, sometimes turning, and sometimes going up!

This path seems to be suspended inside the entire mountain.

But just after Kai and the others walked for a while, Kai stopped suddenly, and then frowned!

"Kai, what's wrong?"

Seeing this, Hu Mazi asked quickly.

"Mr. Chen, this is the road I took when I came in. I didn't go wrong. I won't lie to you."

Andrew explained quickly, afraid of Kai's misunderstanding.

After all, this kind of winding road, and on both sides there are dark bottomless abyss, it is normal to say that Kai is suspicious.

"I know you didn't lie to us..."

Kai affirmed and said to Andrew, then looked at Hu Mazi and said, "Master Hu, do you feel that there is something in the abyss on both sides?"

"Yes What?" Hu Mazi frowned slightly, and then a divine sense came out of the body, and instantly probed into the abyss.

It's a pity that it was cut off by a violent aura before it even reached the end.

"Damn it, is there something terrifying in this abyss? That aura is too terrifying..."

Hu Mazi said in shock after being cut off from his consciousness.

At this moment, Kai has slightly closed his eyes, feeling something quietly, suddenly Kai's body flashed light, and the Dragon Slaying Sword came out without being summoned!

Soon, Kai released his hand, and the Dragon Slaying Sword came out of his hand, and then kept buzzing in the air, as if responding to the sound in the abyss.

"I don't know either, but there should be something in this abyss that is attracting my Dragon Slaying Sword.

Dragon Slaying Sword exuded light, and Kai and the others felt that they were looking down with the help of the light on the Dragon Slaying Sword! It's a

Soon, in the abyss, there was a sound of metal collision, as if two people were fighting with weapons!

Slowly the sound disappeared, and the Dragon Slaying Sword returned to the air.

Kai waved his hand, and the Dragon Slaying Sword returned to Kai's hand.

Looking at the Dragon Slaying Sword in his hand, it was obvious that there were traces of the battle just now!

"Isn't there someone here?" Kai looked surprised, and then asked Andrew: "Andrew, do you know where this abyss is? Does anyone live there?"

Andrew quickly shook his head: "Mr. Chen, I do not I don't know this, it's my first time here..." As

he was talking, Omar brought someone over, and Andrew said quickly, "Then Omar must know..."

Kai looked back at Omar and felt Kai's eyes, Omar, the bear man warrior, actually began to tremble slightly at this moment.

"I ask you, where is the place under the abyss on both sides? Is there anyone living there?"

Although Kai's tone was very light, he had an unquestionable tone.

If Omar didn't answer, it was estimated that he would be punched immediately.

"I... I don't know very well. They won't tell me the secrets here, but there is a land of sword mounds. I heard that it was the swordsman who buried all the swords in that place."

"It seems that there is still a divine sword that suppresses the swords in the entire Sword Tomb to prevent those swords from escaping from the Sword Tomb and hurting people."

"But I don't know if this is the Sword Tomb!"

"Land of the Sword Tomb?" Kai frowned slightly. "Then you have been here for a few months, have you entered the land of the Sword Tomb?"

"No, the land of the Sword Tomb is full of killing energy. Dozens of people went in, but none of them came out alive, so the second priest planned to use the power of the altar to enter the land of the sword mound!"

Omar said.

"It seems that the place of the sword mound is what Mr. Shi said, and it is the place where my Dragon Slaying Sword can increase its strength..."

Kai looked at the Dragon Slaying Sword in his hand, and his eyes flashed.

Kai felt that within this abyss, there must be some kind of sword grave, otherwise his Dragon Slaying Sword would not have such a big reaction.

Putting away the Dragon Slaying Sword, Kai asked Andrew to lead the way, and the group continued to move forward along the path!

Soon, Kai and the others arrived at a wide area, where they saw bright lights and many people in black walking around.

But in the past, no one paid attention to Kai and the others!

In the middle position, an altar made of spar is shining, and on the middle pillar of the altar, Anna is tied there!

Directly above the altar, there is a round hole, and you can see the sky. It is already late at night, and the faint moonlight shines in from the round hole, just shining on Anna's body.

"Princess Anna is above..."

Andrew said to Kai.

At this moment, when Kai saw Anna who was bound, a strong killing intent instantly rose from his body!

This killing intent instantly enveloped the entire ruins!

The second priest also sensed that someone was breaking in, and immediately rushed over with someone in a hurry!

When the second priest saw that Andrew brought someone in, and Omar was still following, his anger burned instantly.

"Andrew, how dare you bring people in, don't you want your wife and children to live?" the second priest shouted at Andrew.

Seeing that Andrew didn't speak, the second priest looked at Omar: "Omar, I asked you to keep them out, how did they get in?"

"Second priest, my strength can't stop them at all..."

Omar Said truthfully.

"Hmph, I think you did it on purpose? Can you still deal with a blind man?"

In the eyes of the Second Priest, the High Priest is the strongest, but he is not an opponent of Omar at all!

As for Kai and the others, the Second Priest did not pay attention to it at all!

"You traitor, how dare you set up an altar privately and want to release demons, today I will clear the door for the Burning Heaven Sect..." The

high priest said, his aura began to rise, and the copper bell in his hand shook constantly !

The second priest smiled coldly and said: "You blind man, you still seem to kill me, it's just a dream..."

After speaking, the second priest pulled out a long sword. Go with the high priest!

The high priest did not dodge or dodge, shaking the copper bell desperately, and the sound waves collided with the sword light!

Soon there was a roar in the ruins!

The two forces collided continuously, and then spread around!

During this collision, the high priest swayed for a while, then took a few steps back, his throat was sweet, and a mouthful of blood spurted out!

The high priest was besieged outside and was injured himself, so he fell behind when he followed these two priests!

"Hmph, so vulnerable, I think you, the high priest, should give way. Since you broke in today, let your blood pay homage to the demon born..." The

second priest sneered, then With a wave of his hand, he said, "Encircle them all, be optimistic about them, one is not allowed to run away..."

Dozens of men in black immediately surrounded Kai and the others, but no one did anything!

And the two priests also focused their attention on the altar, looked up and saw that in the round hole, they could clearly see the moon in the sky.

The entire altar began to flicker under the soft moonlight, and rays of light shuttled around the altar, as if charging the altar!

"Time's up..." The

second priest's eyes flashed brightly, and he quickly ran towards the altar!

"Stop him, we can't let him succeed, otherwise the devil is born, and everyone will die..."
The

high priest roared, he hoped that Kai and the others could stop the second priest!

It's just that Kai stared blankly, as if he didn't mean to stop the two priests!

Fan Jiang glanced at Kai and saw that Kai didn't move, he didn't move, but Fan Jiang was a little puzzled, wondering why Kai didn't move!

"Mr. Chen, please save Princess Anna..."

Seeing that Kai was still, Andrew began to beg Kai.

"You bastard, you became a traitor and betrayed your princess, and now you want us to save you, you fucking want to be a b*tch and want to build a torii?"

Hu Mazi glanced at Andrew with disdain and said.

He despises this kind of traitor the most. Although he doesn't know if Andrew can know the meaning of the last sentence, Hu Mazi still wants to say it!

Andrew bowed his head in shame, he knew that if he made a wrong move, there would be no turning back!

At this time, the second priest was already standing on the altar, and then he chanted something, as if he was chanting some kind of spell.

Then he inserted the scepter in front of Anna.

The gem on the scepter instantly emitted a blue light that shot straight into the sky!

Rumbling...

The earth began to tremble, and the rays of light on the altar were rapidly revolving around the altar!

The terrifying breath began to emerge from the ground, and everyone's face became a little panic.

second priest laughed wildly.

Anna was tied to the stone pillar, no matter how hard she struggled, she finally looked at Kai with helpless eyes!

She didn't understand why Kai didn't save herself?

Soon, black mists emerged from the ground, and these black mists turned into terrifying faces with claws and claws!

They all gathered towards the altar, and soon the altar was shrouded in black mist, and the people below could no longer see what was going on above!

"The devil has come, the devil has come..." The high priest sat on the ground with a look of horror and kept muttering.

"It's really some souls and yin, you bastard demon..."

Hu Mazi looked at the black mist and said with disdain.

"It's really a good thing, then I will not refuse anyone who comes..."

After Kai finished speaking, he jumped up.

Those men in black were about to intercept Kai, but Fan Jiang slapped them away one by one!

Soon, Kai's figure rushed to the altar!

On the altar, Anna's face was hideous, and countless black mists were pouring into her body crazily!

At this time, Anna still had a sense of reason, and shouted to Kai: "Kai, kill me quickly, kill me quickly, I don't want to be a devil..."

Kai smiled: "You just want to be a devil, It can't be done, these are not demons at all..."

With that, Kai walked towards Anna!

Seeing that Kai was ignoring him, the second priest shouted angrily: "Boy, the devil is coming, you dare to be so arrogant and die..." The

second priest stabbed the long sword in his hand towards Kai!

Kai slapped it with his hand and instantly slapped it on the long swords of the two priests.

The sword in the second priest's hand was snapped off instantly, and the second priest's wrist also seemed to be subjected to a huge shock force, and the pain was unbearable!

The second priest looked at Kai in horror, but did not dare to take action for a while.

Kai walked up to Anna and put a hand on Anna's head!

The Heart Condensation Art in the body started to work quickly.

All the yin spirits in Anna's body were madly sucked out by Kai.

Soon, Anna's complexion began to turn rosy, and her whole body recovered!

Seeing this scene, the second priest was instantly dumbfounded. He couldn't understand what kind of sorcery Kai used, and he actually sucked out the demon in Anna's body!

And after Kai inhaled it, there was no change, as if nothing happened!

After untying Anna, Anna cried and threw herself into Kai's arms!

Anna, whose heart was ashes, only felt a trace of solace in her heart when she saw Kai.

"When I deal with this guy first, you are hugging me, you are hugging me like this, how can I kill him..."

Kai said helplessly.

When Anna heard this, she quickly released Kai. After all, they were not out of danger yet!

The surrounding area was still shrouded in black mist, and the two priests were still staring at Kai!

"It's just some underground yin and souls, it's worth so much trouble, ignorant guy..."

Kai looked at the second priest coldly, and then walked towards the second priest!

The second priest looked at Kai who was walking over, and couldn't help but tremble in his heart!

"This is a demon, you are ignorant..." The

second priest said, and began to read the magic formula in his mouth, and soon the clouds of mist condensed into a humanoid monster with a stature.

"The devil is coming, everyone will die..." The

second priest urged the condensed human figure to be weird, and was about to attack Kai!

A golden light flashed on Kai's body, followed by a slap in the face!

The humanoid monster that had just condensed was evacuated in an instant, and it turned into mist and drifted around.

Fan Jiang nodded.

To deal with these guys, Fan Jiang alone is enough, not to mention Hu Mazi and Ge Yuhan!

"You go down, someone will protect you, I have to refine these yin..."

Kai asked Anna to step down from the altar, while he himself sat cross-legged and began to refine those souls that emerged from the ground And Yin Qi!

Under the altar, there was a wailing sound, as well as the roar of the tiger demon.

Even if the tiger demon is released, the Second Priest and the others cannot escape the fate of death!

The difference in strength is too great.

Soon, the second priests and those who did not leave all died, and Hu Mazi put the tiger demon's beast pill in his pocket!

At this moment, only Andrew was left, with an ugly look on his face!

"Ann...Princess Anna..."

Andrew looked at Princess Anna who was walking towards him, embarrassed!

Anna looked at Andrew with grief and indignation, and finally turned around and waved her hand: "Andrew, let's go, never let me see you again, and you will never appear in the Duke's Mansion..."

Anna didn't kill Andrew , but she also knew that Andrew couldn't use it anymore!

Once betrayed once, whether coerced or voluntarily, such a guardian must never be used again.

Andrew was ashamed, and finally turned around and left, and he himself did not have the courage to beg Anna to stay!

Daniel and the high priest also left. Now that the second priest is dead, they go back and plan to clean up the accomplices of the second priest in the royal family.

Hu Mazi and the others were here to protect Kai, and Kai stayed on the altar for three days.

For three full days, Kai did not move!

Absorbing the yin qi that came out, the aura in Kai's body was constantly changing!

When these yin qi are really exhausted, Kai's strength will definitely be able to rise to the next level.

On the fourth day, the black mist on the altar was completely absorbed, and Kai opened his eyes, and his body was constantly rolling!

Kai clenched his fist tightly.

"The strength of the sixth-grade Dawuhou seems to be a worthwhile trip..."

Kai's face was full of joy.

And Hu Mazi covered his clothes and said, "Kai, I'll come to you with all my hard work. It's alright to ask for a beast pill. You don't want to take the beast pill away, do you?"

"Of course not. Thanks to Master Hu once, let alone one beast pill, even if it is ten, Master Hu can't take it away..."

Kai said with a smile.

"You kid still has a conscience..."

Hu Mazi felt very comfortable when he heard it!

"Mr. Chen, you'd better go and see that Princess Anna. She hasn't eaten or drunk these days, and she's gloomy..."

At this time, Fan Jiang whispered to Kai.

Only then did Kai see that Anna was curled up in the corner, and in a few days, she was a lot haggard.

Kai knew that Anna must be very sad after suffering such a blow, so she walked over.

"Princess Anna, people are unpredictable, you don't have to be so sad for someone who betrayed you..."

Kai persuaded Anna.

But Anna shook her head: "I'm not sad because of Andrew's betrayal, it's just that there is no Medicine King here, my father is afraid that there is no way to save..."

When Kai heard that Anna was sad about this, he said to himself: "Princess Anna, when I finish dealing with the ruins, I will accompany you back. I have the confidence to cure your father, don't worry."

"Really? Anna's eyes lit up, looking at Kai closely.

"Of course, how dare I joke around with the princess of the dignified Xiong Kingdom..."

Kai smiled slightly!

Anna's face was instantly refreshed, and she also had a smile on her face!

"Kai, shall we leave, or shall we go to explore the land of the sword mound?"

Hu Mazi came over and asked.

"Master Hu, I've been practicing these days, have you found the entrance to the sword mound? You can't jump directly into the abyss, right?"

Kai knew that Hu Mazi must have not been idle these days.

"I found it, but unfortunately we can't get in..."

Hu Mazi said a little embarrassedly.

"Why? Is there a magic circle blocking it?"

Kai asked.

"It's not a magic formation, it's a sword formation. You know, none of us know swordsmanship, and we can't break the sword formation at all..."

Hu Mazi and the others don't know swordsmanship, even if they do, It's just fur, so it's impossible to crack the sword array.

Hearing that it was a sword formation, Kai immediately became interested and said, "Take me to see..."

Hu Mazi nodded, and then took Kai to find a cave that was only over one meter high in the ruins.

The cave is pitch-black, and I don't even know where it leads!

"Through this cave, you can reach the land of the sword mound, but you have to be careful, there is a strong sword energy inside, and the sword formation is also murderous

. Let's go back, don't throw your life here!"

Hu Mazi persuaded Kai.

"I've come here, I always have to try it..."

After Kai finished speaking, he went in without hesitation!

In this small cave, if there is any accident, I am afraid there is no place to dodge!

However, Kai believed that Hu Mazi, since Hu Mazi had entered, there would definitely be no danger in this cave.

After drilling for more than ten minutes in the cave, Kai was suddenly bright!

I saw a large piece of virgin forest appearing in front of Kai, and the temperature here is very high, not as white as the snow outside!

And there is still a lot of spiritual energy here, and there is a faint mist on the ground constantly, like a fairyland!

"Shouldn't this land of sword graves be in ruins with piles of corpses?"

Kai looked surprised, but since he had already entered, Kai slowly walked into the woods!

But just after walking for a few minutes, Kai saw that the towering trees were dead and the ground was full of corpses. The scene here was obviously different from the shade of the green trees he had just seen, as if there was an enchantment. There are two different scenes here!

Kai continued to take a step forward. When he took this step, he immediately felt a burst of sword qi attacking, while Kai hurriedly activated his indestructible golden body to resist the burst of sword qi!

Kai continued to walk forward, but just after taking two steps, suddenly the mountain shook, and a dozen bright swords emerged from the ground!

I saw that these swords were all inserted into the soil, forming a wall, blocking Kai's face!

"Could this be the sword formation?"

Kai looked at the dozen or so swords inserted in the soil in front of him, feeling a little incredible!

But Kai didn't want to be entangled, so he wanted to go around from one side, but no matter how Kai went, the sword formation in front of him was still in front of Kai!

When Kai saw this, he could only stretch out his right hand and take out the Dragon Slaying Sword. At the moment when the Dragon Slaying Sword was taken out, more than a dozen swords in the sword formation began to shake violently!

And the Dragon Slaying Sword in Kai's hand also began to shake violently. If Kai hadn't held it hard, it is estimated that the Dragon Slaying Sword would have been thrown out of his hand.

At this moment, Kai can clearly feel the bloodthirsty aura of the Dragon Slaying Sword in his hand. It seems that this Dragon Slaying Sword is also a fighting spirit sword!

Seeing this, Kai hurriedly stepped forward to help Hu Mazi up: "Why are you here?"

"I was afraid that you were in danger, so I chased after you." Hu Mazi glared at Kai: "I don't want to, you If the guy comes up, give me a sword..."

Kai smiled: "Master Hu, I didn't do it on purpose, but you chased in. I'm afraid there are some treasures in here that I will swallow by myself?"

"Nonsense, I'm not The kind of person you're talking about..."

But when Hu Mazi said this again, his eyes kept looking away, obviously guilty!

Looking at Hu Mazi, Kai was really dumbfounded, so he said, "When I break this sword formation, let's go in and have a look together..."

"Kai, you have to be careful, this fucking sword formation is really powerful... .."

Hu Mazi said with lingering fears as he looked at the dozen long swords inserted into the soil in front of him.

The Dragon Slaying Sword emitted a humming sound, and the vertical and horizontal sword energy began to rage out!

At the same time, more than a dozen swords on the ground also broke out, instantly forming a barrier.

But just when Kai wanted to slash out, the Dragon Slaying Sword in his hand came out of his hand!

I saw the Dragon Slaying Sword flying directly towards the sword formation, and then I heard the sound of metal collision!

Seeing this, Kai could only retreat back, watching his own Dragon Slaying Sword, fighting with the dozen or so swords.

Hu Mazi's eyes were wide open, and he looked stupid!

"Damn, is your kid so awesome with a sword?"

Hu Mazi's face was full of disbelief!

I saw that the Dragon Slaying Sword kept attacking, and soon more than a dozen swords were cut off lazily, and some were directly shot down to the ground!

At this moment, the sword formation disappeared, and even the sword qi that erupted just now disappeared!

With Kai holding the Dragon Slaying Sword, he can clearly feel the excitement of the Dragon Slaying Sword, and the strength of the Dragon Slaying Sword has also increased significantly!

"Could it be that this Dragon Slaying Sword can increase its own strength by sucking the sword spirit?"

Kai looked at the Dragon Slaying Sword with unconcealed excitement on his face!

If it goes on like this, it is not difficult to upgrade the strength of the Dragon Slaying Sword to the level of the sacred weapon.

"Kai, can you show me your sword?"

Hu Mazi looked at the Dragon Slaying Sword in Kai's hand with envy in his eyes.

"Here..." Kai handed the Dragon Slaying Sword to Hu Mazi.

Hu Mazi held the Dragon Slaying Sword, but the Dragon Slaying Sword shook for a while, followed by a sword qi.

It made the man loose, and the Dragon Slaying Sword instantly returned to Kai's hand!

"Hahaha, Master Hu, I'm really sorry, it seems that this Dragon Slaying Sword doesn't like you very much..."

Kai laughed when he saw this.

"Hmph, a broken sword, and not a woman, I don't care..."

Hu Mazi snorted coldly.

The two continued to walk forward, and just after walking a distance, the sword qi that had disappeared began to appear again, and the more they went in, the more sword qi they went.

These sword qi will automatically attack the living creatures that walk in here, whether it is a human or an animal!

Kai and Hu Mazi can only rely on their own strength to resist the sword qi!

It's just that the sword qi is endless and endless, and Kai's spiritual power is limited. Kai can still rely on the strength of his physical body to resist this sword qi, but hemp can't, he can only rely on spiritual power to generate shield to protect yourself!

As Kai and the others deepened, the power of the sword qi became more and more powerful, and they continued to attack Kai and Hu Mazi!

At this time, Hu Mazi was already gritting his teeth and persevering, his forehead was full of cold sweat, but Kai's face was calm. After all, Kai's strength was several levels higher than that of Hu Mazi!

"Master Hu, can you still persevere?"

Kai looked at Hu Mazi and asked.

"Enough, this fucking sword qi is too powerful, where did so much sword qi come from?"

Hu Mazi was very puzzled. Apart from seeing a lot of corpses along the way, they didn't see the existence of a sword!

But where did so much sword energy come from?

When Kai saw this, the Dragon Slaying Sword in his hand shook slightly, and suddenly exuded a breath, helping Hu Mazi to block those sword qi!

But soon, Kai found that the Dragon Slaying Sword in his hand was shaking slightly, and then the sword energy around him seemed to be attracted, and all of them were swallowed into the Dragon Slaying Sword!

At this moment, the Dragon Slaying Sword is like a thirsty person, drinking water like crazy, the sword energy around it is swallowed up!

Hu Mazi felt the pressure lighten instantly, and let out a long breath.

With the Dragon Slaying Sword, Kai and the others moved forward significantly faster!

After walking for a while, the space in front of them obviously fluctuated, and then a woman in white appeared in front of Kai and them.

I saw this woman's oval face, thin eyebrows and moist nose, a pair of almond eyes, and a moon-white robe, which looked graceful.

The woman is carrying a long sword behind her back. The scabbard and hilt are sky blue, bright in color, and faintly flowing, and you can tell it is a sword at a glance.

"Who are you? You actually broke into the land of the sword grave and left quickly, otherwise don't blame me for being rude..." The

woman looked at Kai and Hu Mazi angrily.

Seeing the woman, Hu Mazi's eyes flashed, and then he smiled and said, "Such a beautiful woman is only a soul, it's not worth it..."

It was obvious that Hu Mazi had a pity on his face.
