## Chapter 4835

The first police officer held the arrest warrant and said to Georgina's eldest son:

"Hayden Mei! You are now officially arrested by the police on suspicion of money laundering!"

Hayden, who weighs more than 200 pounds, never dreamed that the police would come to his door one day.

He has always felt that her mother is a person with great ability.

She has a way to make a lot of money in the United States,

And she only needs to exchange her US dollars for Chinese coins here, and then they enjoy prosperity and wealth.

As for whether his mother's money came from the right way,

And whether it was illegal to exchange foreign currency in private, he didn't bother to worry about it.

So, he asked the police with a surprised look:

"What do you mean? Why suspected of money laundering? What money did I launder?"

The police said coldly: "We have sufficient evidence to prove that all the assets owned by you and your brother,"

"Are illegal gains obtained through illegal currency exchange!"

“And we also have evidence to prove that you are laundering money for an overseas criminal organization!”

“What?” Hayden said with a look of disdain:

“Every penny of our family is earned by my mother’s hard work.”

“How can it become illegal income in your mouth?”

The policeman frowned and asked him, “Don’t you know anything about the law?”

Hayden immediately said loudly: “Why don’t you understand? I’m a law-abiding citizen!”

“I don’t gamble, cheat, steal, or rob, why do you say I’m breaking the law?!”

Knowing that they couldn’t communicate with him, the officer said to his subordinates:

“Take the person away! Also, go in to see if Hector Mei and Patrick Zhang are there,”

“Arrest them too and bring them for trial!”

Several policemen rushed into the villa quickly and within five minutes,

They brought out the bewildered Hector and the shivering Patrick.

Patrick is Georgina’s husband. When he was very poor, Georgina went to the United States with others,

And he pulled two children back at home.

Later, Georgina made a lot of money and despised him more and more,

So she forced him to change the surnames of the two children from Zhang to Mei.

Patrick was useless and poor all his life. At that time, he had just lived a prosperous life with Georgina.

He deeply felt the benefits of being rich, so he didn't want to go back to living in poverty no matter what,

So in order to live a little easier, he agreed to Georgina's seemingly excessive orders.

Over the years, although Patrick and Georgina's marriage has already existed in name only,

But the wealth he earned with her has also passed the addiction of rich people.

He drives a BMW X7 when he goes out and in on weekdays.

Some middle-aged women of the same age or a few years younger than him hang out together,

And he is usually complimented and served by those middle-aged women, and his life is not uncomfortable.

The more so indulging, the more nervous he becomes to see the police.

Patrick's two daughters-in-law were shocked and frightened when they saw that,

Their husbands and father-in-law were arrested by the police,

And hurriedly chased them out to inquire about the situation.

The eldest daughter-in-law was a bit savage, and regardless of the nursing child in her arms,

She sat down on the ground and scoffed:

“Why do you come to our house to arrest us?”

“Do you feel unhappy when you see that our family is doing well? Tell me, who asked you to come?!”

The leading police officer said coldly: “I warn you, the three of them are all criminal suspects now,”

“And we will take them away for investigation.”

“You'd better not interfere with our law enforcement,”

“otherwise you will be obstructing public affairs, and you will be held legally responsible for that!”

The eldest daughter-in-law was unrelenting, crying and saying, “Don't bully me,”

“A woman who doesn't know anything! Today you want to hit me in my face and take my family away!”

## Chapter 4836

The leading police officer said with a serious expression:

“I tell you, the three of them are now suspected of money laundering, and according to the evidence we have,”

“They are involved in a very high amount of money transfer and the case is very serious.”

“According to the criminal law, they will be sentenced to at least 5 years imprisonment for not more than ten years!”

“Not only that, all the deposits, cash, houses, and cars in their names,”

“According to the evidence we have, are all illegally obtained, without exception,”

“And we will seize these assets in accordance with the law.”

“If the illegal income is transferred at this stage to you and their other family members,”

“According to the provisions of the Criminal Law, it belongs to knowingly concealing or transferring the proceeds of crime,”

“And shall be sentenced to fixed-term imprisonment of not more than three years, short-term detention or control!”

“If the circumstances are serious, you will be sentenced,”

“To fixed-term imprisonment of not less than three years but not more than seven years!”

“So I warn you, you must cooperate honestly with our investigation! Otherwise, you will harm yourself!”

As soon as the eldest daughter-in-law heard that she might be sentenced to imprisonment, she was terrified.

The second daughter-in-law has a weak personality.

When she heard this, she was paralyzed on the ground in fright.

At this time, the eldest daughter-in-law also lost the aggressive energy she had just now,

And hurriedly cried and asked the police: “Then what should we do now...”

“You have arrested all the elders of our family, and our orphans and widows are not limited to wait and die?”

The police immediately said: “Don’t worry, I will immediately notify your community neighborhood committee and pay attention to your situation,”

“If you have any needs in life, the neighborhood committee will definitely help you solve it,”

“But I still say that you must first Know what is legal and what is illegal,”

“You already have three criminal suspects in your family, so don’t push yourself down the road of breaking the law!”

After that, the police immediately waved to the people around him: “Close the team!”

Everyone responded immediately and took the father and son into three police cars to the police station.

Seeing multiple police cars roaring away,

The second daughter-in-law was crying so hard that she quickly asked the eldest daughter-in-law,

“Sister-in-law... What can we do now...”

The eldest daughter-in-law was also frightened and murmured,

“I don’t know either... I’ve grown up so much, and it’s the first time I’ve talked to the police so much...”

The second daughter-in-law hurriedly said, “Sister-in-law, hurry up and give mom a call,”

“We have to let her make up her mind about this...”

The eldest daughter-in-law came back to her senses and said quickly,

“You are right, we should hurry up and call Mom, I will call her now! “

After saying that, she immediately took out her mobile phone and called Georgina.

The mobile phone Georgina kept close to her body was used exclusively by her to communicate with her family members,

And only her family members knew this mobile phone number.

She thought it was another call from her eldest son,

But when she looked down, she found that the caller was actually the eldest daughter-in-law,

And she couldn't help frowning immediately.

She had never liked her eldest daughter-in-law very much.

She felt that this woman was pungent, strong, and even a little stupid.

However, she was also pregnant with a son at the time,

And she was eager to hold her grandson, so she acquiesced to the marriage.

But her dissatisfaction with her in her heart continued to increase as she transferred more and more money.

Just now, she wanted her eldest son to change his wife,

It was not just the talk. She really had this plan,

But she never spared her hands to interfere in this matter before.

And she originally planned that after she retired and returned to China,

The first thing she would do was to drive this eldest daughter-in-law away.

Now, when she saw her calling, she instinctively thought that,

This girl must have overheard what she said to her son. Now she is calling to ask her for help.

So, Georgina answered the phone and asked in a very unfriendly tone:

“Why are you calling me so early? Don’t you know it’s early in the morning here?”

The eldest daughter-in-law cried and said, “Mom... something terrible happened to our family...”

“Hayden, Hector, and Dad are all taken away by the police!”
