

Chapter 1866

However, at that moment, there was no way for her to escape anymore. Both Yvonne and Ruth had wanted to thoroughly teach this woman a lesson for a long time. In an hour, Lily's face was so swollen that she looked like a big red tomato.

"Parker, listen to me carefully! You did return from abroad! You are capable of kicking up a storm! However, we are not afraid of you either! Me, Yvonne, Sabrina, and my Aunt Jane, the four of us are like real sisters! Whoever dared to bully the four of us! We will obliterate them all at all costs!

Lily was beaten up so badly that she could not even say a complete sentence anymore. Blood dripped out of the corner of her lips. How unlucky was she? Ever since she returned to the country last time, the first ever beating she received was from these two women. They had

beaten her up into a pulp outside of Alex's summer house. Since then, she was not beaten up by Holden, then she was beaten up by Alex. After she was beaten up by Alex, she was once gain tortured by Holden. In the end, she was turned into a being that was neither a man nor a woman by Holden's tortures.

Later on, she finally returned to the country again! She even joined forces with the Kemp family, and she got the support from Sean and his wife. However, she was still beaten up into a pulp by these two shrew-like women. Her face was even more rotten than an overripe tomato. She had lost her right to be a mother earlier on, but at that moment, Lily had thoroughly lost what it takes to be a pretty woman. She could imagine that even if her face recovered, there would still be scars left behind.

"No!" Lily roared at the top of her lungs into the sky. "No! I'm not disfigured! I

certainly am not disfigured! No...it shouldn't be like this. It shouldn't be like this! I was supposed to succeed without fail today! I...Maysun! Maysun, you damned woman, where are you now? Look what you've done to me! You've caused me so much misery! Maysun Kemp, you damned woman, come out now!"

At that moment, Maysun was unable to hear that Lily was cursing her and screaming at her. She had just come out of the burger store with Aino. Aino was full and Maysun was also very satisfied. She had already made up her mind that she would find a place and throw this smart child away! After all, this child had run away from Holden before. After all, this child also acted very rebelliously and was very badly behaved when she was in the Ford Residence. She truly behaved like a naughty child. Just let her get lost on her own then!

After Maysun had made up her mind, she

go wherever you want. It's not a problem. My car has a full tank of gas. It's enough for you to play your heart out the entire day."

"Alright, Miss Maysun! I love you the most! Miss Maysun, I promise you, if someone were to fight you for my dad, I will definitely side with you! Don't worry! I will help you defeat those women!" Aino sincerely promised Maysun.

Maysun felt delighted. She could not help but to secretly and condescendingly say in her heart. 'Little brat! Don't you have a lot of ideas? Aren't you a cunning little dox? I'll see how cunning you can get in front of an adult like me! However, if you want to blame someone, you can only blame your grandparents!'

"That's why you were particularly unhappy, right?" Aino looked at Maysun with bright eyes. She was sending something to Maysun with her eyes. She was trying to tell her that she was more and more trusting of Maysun at that moment.

Maysun continued to persuade Aino patiently. "Aino, I drove today, so you can go wherever you want. It's not a problem. My car has a full tank of gas. It's enough for you to play your heart out the entire day."

After Maysun had made up her mind, she deliberately led Aino on. "Aino, I've already taken you out today. I really want to be your friend very much. Tell me, do you usually go to amusement parks? You've already grown tired of those fully indoors kind of places, and you don't want to go there anymore, right?"

Aino immediately blinked her eyes and asked in surprise, "Miss Maysun, how do you...know that? Miss Maysun, are you a worm in my head that could read my mind?"

What she said made Maysun instantly feel disgusted. However, she still pretended to be very amicable. "I am not a worm in your head. The reason I understood you so well was that I was once a six-year-old child as well. When I was a child, I wanted very badly to go to a place where I could play freely, but I always had people following me by my side."

"But that's impossible, right?"
