

Chapter 1834

Sebastian raised his hand and was about to slap Sean across the face. However, Gloria went in front of him and blocked him. “Sebastian, you can’t slap your father! He is your father!”

Sebastian was speechless. Both of his eyes were filled with raging fire. He clenched his fists so tightly that his knuckles cracked. However, because Gloria was in between him and Sean, Sebastian could not slap him. Alex was also there at that time. In fact, it was Alex who drove Sean over. Sean came up by himself when Alex was parking the car. Once Sean heard that Aino had safely run back home, he became incomparably excited.

Aino had safely returned back home, he became incomparably excited. He begged Alex to bring him over. Alex had wanted to ask Sean what exactly had happened and how he joined forces with Holden. This was because Alex wanted to find an entry point to rescue Sabrina from that perspective. That was why he brought Sean to Sebastian's house.

Alex looked at Sebastian apologetically. "Sebastian, Mister Ford is your father, after all. Besides, even if hit him to death, Sabrina would still not be rescued. The most urgent thing for us to do now is to think of a way to rescue Sabrina and bring her back." As he said that, Alex forced Sebastian's hand down.

At that moment, Sean saw a little

At that moment, Sean saw a little figure behind Sebastian's hand that was raised. Aino looked at her grandpa with an unfamiliar, bitter, sorrowful, and disappointed gaze. It was just two days ago when she had just acknowledged him as her grandpa in her heart. The little girl felt that it was truly great to have a grandpa and she was filled with happiness. Aino even told her classmates. "I have a grandpa now. Although he is a little old, he is a very handsome old man."

She had even made plans with her classmates to have them over her house as a group to meet her grandpa. Aino boasted in such an exaggerated manner

over her house as a group to meet her grandpa. Aino boasted in such an exaggerated manner that her classmates were very intrigued and wanted to meet her handsome grandpa as soon as they could. However, at that moment... ①

Aino began to tear up. The tears rolled in her eyes, and her tone of voice was very soft, so much so that she had lost the childish characteristic found particularly in children. “You are not my grandpa?”

Sean’s heart was immensely torn apart. That was his granddaughter! His only granddaughter! He choked up. “Baby, I am your grandpa. I really am your grandpa.”

“Sean Ford, get the hell out of

“Sean Ford, get the hell out of here! Get lost!” Sebastian suddenly roared angrily.

Sean was so frightened that he did not dare to say anything anymore. He just looked at Aino. Aino then raised her head and said faintly, “No! You are not my grandpa. You are the person who wanted to harm me! I know you are my dad’s dad, but you and I are not close. You hate me. You have also wanted to harm me. Mister Ford, if you wanted me dead, why didn’t you just tell me directly? If you told me directly, I may agree with you because I want to protect my mom. However, you didn’t tell me. Now, my mom has gone to rescue me and she fell into the hands of my Uncle Holden. My

even smaller compared to me, in

two people would have died.

Mister Ford, do we, my mother
and I, have any grudge with you?
Why do you keep harming us
time and time again? I am only
six years old. I have never seen
you before I came to South City. I
have never offended you. Why do
you keep wanting to harm me?"

Sean was speechless. The six-
year-old child seemed to have
suddenly grown up. That tone
was incomparably calm and
miserable. Sean felt a chill down
his spine when he heard that. He

“Don’t call my name! My name is not for you to call! Get lost! You monster! Devil! You’re the devil disguising as my grandpa! I don’t have a grandpa at all. You are my enemy! Go away! Get lost!” The little girl’s voice suddenly became sharp.
