The Return of the God of War [The Protector]

Chapter 3051 - 3052

Just when the three of them were about to leave, Cioza and others yelled frantically: "Dare you not leave! When my father comes, you will all die!"

"Dare you not leave?"

"Leave it all to me, wait for me, I immediately notify my father!"

...

No matter how Ciaosha and the others shouted, Levi Garrison and the others didn't even listen.

Just left.

"Hurry up and signal for help! Hurry up! Hurry up!"

Ceauza yelled quickly.

They used a special method to directly contact Julu Country and told them the situation here.

And asked Ceauza's father, the gods, to help.

Tell them that Levi Garrison and the three have run away.

"Bring me back, wait for me!!!"

Looking at the direction where Levi Garrison's trio disappeared, Ceausa shouted angrily.

"Son of God don't shout, they won't come back! They won't dare to come back!"

"Yeah, I really think they don't believe you are the son of a god? They believe it! They just beat you and can't save the situation anymore! They can only keep on pretending, in fact, they are afraid of the gods to die!"

"Now that the treasures of heaven, material and earth are obtained, they are afraid that the gods will die, so naturally they are going to escape! Are they waiting for the gods to kill them?"

"Hey, damn it, let them run!"

Someone shouted angrily.

A cold light flashed in Ceauza's eyes: "Don't worry! The power of the gods is unimaginable! They run away, the gods can catch up in an instant!"

"A group of ghosts who are afraid of death, really think you have the backbone and are not afraid of gods!"

Ceauza's eyes were full of contempt.

...

In a castle in the country of Julu.

"That's not good! The son of God Ceauza and the others went deep into the third-level forbidden area, and they clashed with people and were beaten, and they were also robbed of the treasures of heaven and earth!"

As soon as the message came, everyone was shocked.

"No, why do they break into the third-level forbidden land casually? Where can there be fierce beasts comparable to the gods!"

"Yeah, isn't this nonsense?"

Several senior executives shouted immediately.

“No, it is said in the help information! This three-level forbidden area evaluation failed. There are no beasts comparable to the gods in it!” The gods and the others have not encountered this danger after entering for so long, indicating that there are really no god-level fierce beasts!”

“Yeah, if there is, the fierce beast would have come out to make trouble. Everyone knows the fierce beasts in other forbidden areas!”

After everyone said so.

Several high-level officials in the Julu Nation stopped talking.

“But.....”

What else do they want to say.

Only one voice sounded: “What’s the matter! I will save my son myself!”

“God???”

I saw a tall body appear.

It was Ceauza’s father, Vannamek, who is now a god.

As soon as the god appeared, everyone stood up, half arched.

“Three-level forbidden land, right? I’m going!”

The god Vanamaker disappeared instantly.

Everyone marveled.

The gods do not lose are gods.

The means are amazing.

Three-level restricted area.

When the three of Levi Garrison left here.

This place seems to be alive.

Everything recovers, and all the beasts wake up together.

Of course this is a breath.

And there is no specific movement.

This group of fierce beasts are very clever.

Although he felt the aura on Levi Garrison's body disappeared.

But they didn't make a sound for the time being, what if they provoke Levi Garrison back again?

Isn't that just looking for death? ? ?

So they are cautiously, confirming little by little...

Confirm that Levi Garrison has not really left.

What is exaggerated is that this three-level forbidden area has thousands of beasts besides two fierce beasts that are comparable to the god level.

The Return of the God of War [The Protector] Chapter 3052

At this moment, all are active.

It's just that there is no movement.

But their every move was caught by Levi Garrison.

Levi Garrison deliberately exposed his breath to let the group of fierce beasts perceive it.

He has completely left this area.

They can move with confidence.

Feeling that Levi Garrison's breath has been far away.

All the fierce beasts and other unknown creatures have all begun to move.

Especially for those who come to their turf to stray wildly, they will never be merciless.

They are just afraid of Levi Garrison, not others.

Looking for treasures of heaven and earth on their territory is an act of looking for death.

Before the cliff.

Ceauza and the others were waiting anxiously.

"Why haven't the gods come yet? If they don't come, the three will run away! Can't catch up!"

Others are anxious.

At first, Ceauza was not in a hurry.

But now he is also very anxious.

In case it really escaped.

That's not easy to find...

I can only pray for my father to come early.

"Boom..."

At this time, accompanied by huge movements, a tall body descended from the sky, like a god.

The god Vanamaker is here.

Subsequently, a large number of strong men followed.

They are all loyal followers of Wanamaker.

“Father!!!”

Ceauza shouted immediately.

Everyone else crawled on the ground, shouting: “God!!!”

Vannamek ignored them, but looked around...

Then he faintly said: “It seems that the assessment is really wrong. This place really cannot be called a third-level forbidden area! There really is not even a beast comparable to the gods! The remaining group of beasts is too weak. You can deal with it yourself!”

Because of this time.

Although the group of fierce beasts had recovered, they were still cautious at this time, and there was no movement.

Vanamaker, the god may feel some of the weaker beasts.

Nothing else can be felt.

Especially the fierce beasts comparable to the gods.

They happened to be afraid of Levi Garrison too, and didn't exude a trace of breath.

In this way, Vannamek still couldn't notice it.

After observing here after.

Vannamek turned his gaze to Ceauza and others: "Can't even deal with three people? A bunch of trash!"

"Father, I admit that it is indeed not their opponent! But they don't put gods in their eyes! They don't even put you in their eyes!"

Cioza said.

"what???"

Hear here.

Vanamaker's face changed drastically: "What? Doesn't the gods pay attention?"

"That's wrong! After I mentioned you, he played more fiercely! He did it all!"

Cioza pointed to the wound on his face.

Others also pointed to their wounds.

"court death!"

"What about people?"

Wanamaker was angry.

He is a god recognized by the country of Julu, and even the whole world!

Who doesn't admire?

Is there anyone else to provoke?

Even hit his son, isn't this looking for death?

"They fled in this direction!"

Ceauza pointed to the southwest.

"I will chase them! No one can escape!"

Hear the words.

Cioza laughed at them.

Now Levi Garrison and the others couldn't escape.

Are going to die.
