The Return of the God of War [The Protector]

Chapter 3060 - 3061

The dark doctor received a message from the brain of God.

“Mr. Ye! Zhan Xiong Nation intends to protect Hydra! Not only will it not hand over them, but it will not even hand over the poison information! This is their secret!”

...

“Even the seventeen forces that went to avenge the Hydra slaughtered all of them!”

“This is to warn the whole world that no one can touch Hydra!”

...

Doctor Dark told Levi Garrison all the circumstances.

“In fact, the impact is not great, but we can’t get the information about the poison! But it’s okay! We can still analyze it slowly! The experts of the Sky Shield of the War Eagle Nation have been studying, as long as there is enough time, the composition of the poison It will be researched out!”

Doctor Dark comforted.

Levi Garrison looked calm: “Well, I know. It does have no influence, but it just allows them to live longer! Zhan Xiong Nation will do its best to protect them!”

Levi Garrison looked at Doctor Dark and said, “Your light angels and dark angels are actually people’s chess pieces. It’s just a fake name!”

“Hmm, I understand!”

“unimportant!”

“Hydra has no feasible way. I don’t need to go directly to them. Let them live longer for the time being! Their lives can be taken away at any time as long as I want them! No one can stop them!”

Levi Garrison said.

“Then shall we continue to look for it next?”

Doctor Dark asked.

“Let’s go to the East Island Royal Family!”

Levi Garrison said.

Doctor Dark looked questioned: “Huh? Todoro Royale? They have a way?”

Levi Garrison said: “My people have found a long-lost poison scripture hidden by the Dongdao royal family! It records all the poisons in the world!”

“Actually, this poison scripture came from Daxia! It just disappeared bizarrely afterwards! I didn’t even think of hiding it in the East Island imperial family!”

Doctor Dark’s eyes also lit up fiercely: “There is still such a thing? Covering all the poisons in the world? Isn’t the probability of detoxification high?”

“There should be a chance! This Poison Classic is what my poisonous evil god has always dreamed of! It is also his ultimate goal!

He has been searching for the poison scriptures, and it has been fruitless for many years. With good luck this time, the Dongdao imperial family damaged many buildings due to the rejuvenation of spiritual energy, and accidentally leaked the poison scriptures. “

“If such poison scriptures really exist, then there must be a corresponding solution! Hope is great!”

Doctor Dark was also excited.

Now he is not only aiming at the need to heal Levilia.

There is also a desire to win, and this poison must be eliminated.

After examining Levilia's physical condition, Levi Garrison put her to sleep, entering a state where all organs and body were stagnated.

In this way, the toxin will not continue to spread, and has a certain inhibitory effect.

After all this was done, the three went to the East Island.

East Island, like other places, suffered tremendous changes in the aura of rejuvenation.

Levi Garrison glanced at it, and it seemed that Dong Dao was much bigger.

The aura is gushing, like a fairy island.

However, many sea areas around the East Island have been isolated.

Obviously they are all restricted areas.

There are many mutant fierce beasts in the sea.

I dare not explore easily.

Levi Garrison glanced at it and said, "Dongdao has changed quite a bit!"

The Dark Doctor smiled and said, "Due to the small size of Dongdao, when the aura bursts, they can't avoid it. Most people face the aura radiation directly! Therefore, they have born a lot of strong people! Especially the number of gods! Someone guessed it was around one hundred!"

Levi Garrison sneered: "That's really a lot! I really didn't think that the projectile land would be good? Because there is no place to hide, I suffer the maximum aura radiation!"

"According to preliminary statistics! East Island is now ranked 11th in the world ranking!"

Said Doctor Dark.

Levi Garrison said calmly: "No matter how many gods they have, all those who stand in my way will be killed!"

Soon the three came to the streets of East Island.

To make things easier.

Both Levi Garrison and Doctor Dark dressed up.

Don't let you recognize it as soon as you see it.

Especially Doctor Dark is the black angel that everyone respects today.

It's easy to be recognized.

Then it is inconvenient to act.

The streets of the Imperial City on the East Island are crowded with people and the heat is extraordinary.

It is completely different from the previous cities.

The items that everyone trades are also animal skins and horns.

"Have you heard? The people from the Great Summer Policy House have come to the East Island!"

"You know, didn't they just come to ask my Dongdao god to take action to detoxify Levi Garrison's daughter? This matter has spread all over!"

“They asked for help from the Zhanxiong Nation at first, but the Zhanxiong Nation disregarded the feelings of the old allies and refused. They have no way to come here!”

“That’s not right, the war bear country has tried to protect the poisonous Hydra, how can it be detoxified?”

“Yeah, I heard that a group of people are kneeling down! Asking the gods to take action! If you want me to say, Levi Garrison will come and kneel down and ask the gods to take action!”

“What he did on the East Island back then, he wants to return one by one!”

...

After Levi Garrison and Doctor Dark heard this, their expressions changed.

Sure enough, Zoey Lopez didn’t listen to the group of people, asking gods everywhere.

Even Doctor Dark sighed.

That thing is useless at all.

“Go find them first!”

Levi Garrison said coldly.

He didn’t want Zoey Lopez to kneel down for Dong Dao.

No way!

This is a matter of dignity!

“Where are the Daxia people you just said? We want to see it too?”

Levi Garrison asked the person next to him.

“Those people are in the Black Dragon Dojo! There are four gods in the Black Dragon Dojo! They have gone to the right place!”

...

Later, Levi Garrison didn't want to listen to what these Dongdao people said.

Immediately go to the Black Dragon Dojo with Doctor Dark.

Black Dragon Dojo.

Originally the activity site of the East Island Black Dragon Group.

The Black Dragon Group has many ancient masters.

Benefiting from this aura recovery, four gods appeared at once.

Powers of other levels are like Chinese cabbage, everywhere.

at this time.

Zoey Lopez and his party were outside the Black Dragon Dojo.

Everyone is kneeling quietly!

There are so many people who come.

Several of Levilia's masters were also listed, and many other relatives of Zoey Lopez and Levi Garrison and Li Zhao's family came.

After experiencing a wall in the War Bear Kingdom, they set their target on Dong Dao.

Pray for help from the gods.

They understand that the Zhanxiong Nation will never make a move because of its stake.

Dong Dao would probably take action, but he would inevitably be insulted and let them kneel down and so on.

But they are willing to endure any shame in order to save the king.

As long as the gods of Dongdao are willing to take action, they will do everything.

Kneeling for help is just a routine operation.

A line of people are kneeling together, they have been kneeling for most of the day.

But in their eyes, it was a god who was kneeling.

It doesn't have much to do with Dongdao.

Even if there is any more humiliation, they will bear it for Levilia.

As long as Levilia's poison can be eliminated, they can do anything!

Kneeling for a long time without any response, but Zoey Lopez's faces were full of determination.

Must wait until the gods of the Black Dragon Dojo respond.

The people on the East Island who watched the heat from the back at least had a lot of fun.
