# One Night Stand With The Uninvited Wolf President Chapter 51

## Chapter 51 Coax Her Husband in Various Ways

Ceres suddenly felt tight. “Ah, yes.”

Johny asked while drinking soup, “What did he come to you for?”

“He...” Ceres licked her lips and suddenly smiled. “Nothing, when I was in the hospital, he came to greet.”

Johny suddenly placed soup on the table.

She was lying.

Johny did not tell anyone when she was hospitalized because of poisoning. Mike could not have known. She was lying to him!

The bowl was suddenly set aside on the table, which startled Ceres and made her wonder what she had said wrong. The air stagnated for a moment, and neither of them spoke, so they stayed awkwardly.

Ceres saw the document at Johnny's hand, and to break the embarrassment. "What are you looking at? Is it a company document?"

When her hand touched the document, Johnny suddenly waved his hand, and the bowl of soup suddenly fell to the ground. Ceres quickly took a step back.

She did not understand why Johnny suddenly started to lose his temper when he was only drinking soup. She did not say a word. Johnny stared hard at Ceres, and it seemed that she was still on Mike's side.

Johnny could guess that Mike had placed Ceres beside him and would undoubtedly make good use of her. It was most convenient to find out about it through Ceres. She could not believe he even found out what the file was in his hand!

"Get out!" Johnny roared.

"Oh." Ceres looked at the mess and said, "Let me clean up the place."

"Get out of my sight!" Johnny roared again, and Ceres trotted out immediately.

Ceres was out of the study room. She was also more and more annoyed. Johnny is too moody, isn't he? When he had a good mood, he was gentle. When he was pissed off, he was so fierce, and the key was that she did not know how did she piss him off.

Adam came up smiling. "So, how are you doing?"

Adam, the housekeeper, had watched Johnny grow up since childhood. He had never seen Johnny pay so much attention to anyone. Although the appearance of his wife was ugly, what he lacked was the woman who could lead a good life with him.

So, Adam was very optimistic about both of them.

"Mr. Smith, is there something wrong with Johnny? It is quite easy for him to lose his temper out of no reason, I just cared for him and made a soup for him, however, he turned it over and yelled at me!"

Ceres was fed up. If he wasn't confined to a wheelchair, she would probably scold him. Adam smiled awkwardly, and he did not expect this to happen.

"Mrs. Winsor, we cannot blame him for what he is right now. Come to think of it. Before, Mr. Johnny was a favored one full of potential. When he was twenty years old, he entered the Winsor Group. Everyone said that he was a business talent. In those years, he was all-powerful, and all the people believed in him. But a car accident completely changed his fate. After three years of lying in bed, he woke up and found that his legs could not walk. The higher he flew, the heavier he fell to the ground. Can Johnny feel any better in his heart? Therefore, it is normal for him to have some repetitive emotions."

Ceres thought of it and found that Adam had a point.

Johny's fate was initially like an emperor, but he was suddenly demoted and even ended up with a disability in his legs. If it were her, she would probably have a dead heart already.

"You should not take it to heart, Mrs. Winsor. Mr. Johny did not mean it to hurt you."

Adam did not know why Johny lost his temper, but he still had to straighten this out for him.

Ceres smiled at Adam. "Do not worry, as long as I'm here. I'll make him happy! It's on me!"

Adam looked at Ceres with a smile. "I knew that Mrs. Winsor would do it. He loves you and you love him!"

This remark suddenly flushed Ceres' face, "Who loved him? I am just..."

"Well, I'm kind of busy."

"Hey, hey!"

Adam went downstairs without waiting for Ceres to explain.

"Who loved him? I will not!" Ceres mumbled a sentence.

Johny was distraught because of Ceres' lies, and he did not have the heart to read any documents. The truth was, his time was pretty precious. Because he decided to announce that he woke up

temporarily, many things were not ready yet. If he woke up at once, nothing was in line with common sense, and it was easy to be suspected.

That was why he lied about his legs' disability to buy him some time. He had many things to do, but he could not do anything at that moment because all he could think about was Ceres.

He had told her that she was his woman, why didn't she trust him, and she even helped Mike. Johny could not do anything, so he went back to his bedroom.

Ceres changed her pajamas and waited for him. When he came back, she immediately ran up and said, "Are you going to bed? Shall I help you bathe?"

Johny looked at her flattering face and became more disgusted. He was so fierce to her, and instead of being angry, she came to please him, showing how much she wanted to find out news for Mike. He ignored her and went straight to the bathroom.

Ceres followed, the door was slammed shut, and it almost slammed to her face. Then, with a click, the door was locked.

"Gosh! I cannot afford to have my face hurt! With such a big temper, I still cannot believe it can cure you."

Ceres made a face and turned away.

Johny's wheelchair had the highest-end configuration and was waterproof.

However, as soon as he entered the bathroom, he stood up to take a shower and finally got wet in his wheelchair when he went out.

As soon as he went out, he saw Ceres seated on the floor, sitting cross-legged, holding the cock in her arms. He looked at her for a second and then looked away.

"The rooster is gorgeous, with a bright red crown, a coat, a bright neck, and golden feet. It is more beautiful than you!" Ceres murmured.

But Johny was still unmoved.

"No, you are the best rooster, and Johny's the best in all the men! He is the most handsome man in the whole world! He's handsome, charming, well-proportioned, and so on. There is no idiom in the world to describe him because he is perfect!"

Ceres looked at Johny out of the corner of his eye as she sang, "But I made him angry. What should I do if he ignored me, honey? He doesn't want to talk with me, and he's been ignoring me. What do you think I should do?"

## Chapter 52 My Third Leg Is Very Good

Johny blew his hair dry and because the hairdryer was not loud, he could hear Ceres.

“Alas...” Ceres sighed, “Husband, why did you say that Johny was angry? Didn’t I say that people who are so powerful like him will not be mad? It seems that I pissed him off, but I do not know where I went wrong. You said he was so wise. Should I be given a chance to turn over a new leaf?”

Ceres had been glancing at Johny. “I am to blame for everything. Everyone blames me for being too stupid and unable to speak. Mr. Johny is so generous and tolerant. He is the bigger person, and tolerant. In short, he will not haggle with me. Would he haggle with a girl nine years younger than him?”

Johny dried his hair as if he had not heard anything. He laboriously moved from his wheelchair to the bed. He took a book from the bedside and entirely regarded Ceres.

Ceres saw that everything she said was useless, so she had to snuffle and said to the cock once more.

“My Husband, do you think I’m miserable? When I first came out of the hospital, I was left alone. The man who promised to prepare delicious food for me did not keep his promise. But even if he did not keep his words, and left me alone, I am not angry with him at all because he is the best man in the world!”

Ceres bit her lip. "I have to live alone. Fortunately, I have you with me."

Ceres had been talking to the cock that way for a while. And just when she was ready to get up and go back to her old bedroom, Johny suddenly coughed softly, "Throw the cock and go to bed."

His words were still cold, without any tone, but also filled with dignity.

"Yes sir, long live my emperor!" Ceres held her hands high and went out with the cock in her arms.

Johny could not resist and just laughed. The girl was good at manipulating people. Her flattering made him feel better, just like that smart egg.

Ceres settled the cock and trotted back to the bedroom, but Johny was cold as ice again.

At that time, Ceres realized that the bed in the bedroom was a double quilt, which meant that she would sleep in the same quilt with Johny, and she suddenly became timid, but she could not refuse it. If she did not sleep with Johny, he would be angry again, and she had a hard time coaxing him.

Ceres had to bite the bullet and get into the quilt but kept a certain distance from Johny.

"Are you not angry with me anymore?"

After putting down the book, Johnny lay down. His handsome face enlarged in front of Ceres's eyes. Ceres's face suddenly turned red, and she moved to the side subconsciously.

It was too close, so accidents were likely to happen.

Her move made Johnny unhappy. "Are you afraid of me?"

"Hmm... Yeah, I'm afraid that you will get angry again."

"Then do not come closer to me."

Ceres had to move to him from her original position.

"Get a little closer!" Johnny's patience was on the verge of collapse. When he did not care about lying to her, he was very kind. He did not expect her to be so alienated from him.

Ceres had to get a little closer to him.

"Can you tell me why you are angry? I must pay attention next time, and I will never do it again."

There was an air of commitment in Ceres's face.

Johnny looked at Ceres with sincerity, and for a moment, he could not tell whether she was true or not. Did she please him to find out news for Mike, or did she truly meant every word she spoke?

There were some things he also hoped Ceres could confess to him instead of telling him under his pressure.

“I do not like to drink soup.”

“Oh ...”

Sure enough, as Adam said, he may be moody because of sudden changes, and a bowl of soup may also offend him. Ceres then remembered that she would be more careful in the future.

“Then I will do something else for you next time, and let me know what you want to eat, will you?”

“Good, this time, I want to punish you for taking charge of my three meals a day in the future.”

Ceres nodded like chicken pecking rice. “Okay, I will accept the penalty.”

“Also, what do you call the cock?” He seemed to hear an uncomfortable address just now.

“Husband.”

After Ceres finished blinking her eyes a few times, she did not think anything was wrong.

“Say again?!”

“Husband, what’s wrong? It is a rooster, I call it husband, and it was married to me.”

There seemed to be nothing wrong with it. Johnny was speechless.

“Stop calling it husband!”

Ceres curled her lips. “Okay, go to sleep. Good night!”

When Ceres turned off the lights on her side, Johnny also turned off the lights on his side, and the room suddenly got dark.

Ceres suddenly felt a hand on her waist, and she immediately grabbed the hand. She did not expect Johnny to kiss directly on her lips, and Ceres quickly covered her mouth.

“Isn’t this great?”

“What’s wrong? You are my woman, and do I need to emphasize it with you several times before you forget?”

When he was still lying in bed pretending to be unconscious, he could not hold her like the way he was holding her at that moment. He could not wait to have her.

“Wait! I am not mentally prepared.” Ceres huddled up with her arms in a defensive position.

“What kind of psychological preparation does this need?”

“No, it is your leg. It is not well yet!” Ceres clasped the quilt tightly.

She never wanted to have sex with Johnny.

“I am perfect,” Johnny said and held Ceres in his arms.

Ceres was scared to death. Johnny locked the little girl in his arms. They both look hilarious, and he could not help but feel funny. He thought how fierce she was to tidy up the servants who bullied her before, but now she was so helpless.

“It hurts...” Ceres suddenly took a gasp.

Johnny suddenly frowned. “What is the matter?”

He had not started yet, and she began to hurt?

“I have a stomachache...”

Johnny was very disappointed. “You are lying!”

“No, no, I swear it hurts! I think I need to go to the bathroom!” Ceres slipped out of bed and got into the bathroom while Johnny was not paying attention.

Johnny picked his eyebrows. Even if she was a liar, she could not escape the palm of his hand that night. That little woman, he must take her down that day! After a long time, the bathroom door finally opened.

Johny put down his cell phone. "Is it all right now?"

## **Chapter 53 Public Show of Love**

Ceres was embarrassed. "My period is coming!"

"What?" Johny replied.

"It is... menstruation, women's menstruation, do you understand?"

Johny suddenly had a headache splitting his head in two. Of course, he understood. He's with Bill around. Couldn't he know? He remembered what Bill told him before. He said that a woman's big aunt is a man's nemesis! That proved to be true.

"Are you sure?"

"Yeah, I will not lie to you. I did not bring sanitary napkins. Can you call the maid for me?"

Looking at the miserable little head sticking out of the bathroom, Johny was very helpless. He immediately called Adam and asked Adam to arrange for a maid to come over and bring a sanitary napkin to Ceres.

When she was ready, Ceres dawdled out of the bathroom.

She was too careless. Her belly had been a little painful for the past two days. She thought it was the effect of poisoning, but she did not expect it to be a sign of her period.

Out of the bathroom, she smiled at Johny, only to see Johny's face as black as the bottom of the pot!

"Why don't I go back to my room and sleep? I do not sleep honestly at night. If I get blood on you, how bad could it be?" Said Ceres clutching her stomach, and ready to leave with her pillow.

"Come to my bed."

Ceres did not dare to disobey Johny's orders. She climbed into bed timidly and did not move with her back to Johny.

The lower abdomen still had a dull pain, which kept her frowning.

Johny was annoyed. He finally got out of the hospital and could sleep together with Ceres. But this period came and messed it up. What could he do?

He turned around. "Does it still hurt?"

"Hmm."

"Where does it hurt?" Johny's big warm palm caressed Ceres's stomach, and Ceres shivered, but his hands were so friendly and

hot, just like a small stove, and it was very comfortable on her lower abdomen.

Johny gently rubbed Ceres's belly, and Ceres's lips slowly hooked up.

She was at menarche for fourteen years. At that time, she saw so much blood on her lower body and thought she would die. She could only ask her mother for help. After all, her mother was her only relative during that time.

But what she did not expect was that her mother did not talk much with her, she was just throwing her a pack of sanitary napkins and said nothing.

She learned about menstruation. A servant only told her back home.

Until then, her menstruation had been irregular, and she often suffered from dysmenorrhea. She gritted her teeth and carried it in those days every month.

For the first time in her life, someone treated her so gently on her most vulnerable day.

"Is it better now?" Johny asked.

"Hmm..."

Johnny did not listen to the sound quite right. She fell asleep, and he saw Ceres's lip pursed again! He felt angry and funny. For the first time, he thought that there was nothing he could do for her.

When Ceres woke up the next day, Johnny was no longer in the room, but she still remembered how it felt to be with Johnny in that big bed. Her whole heart was warm, and suddenly her floating heart felt a sense of belonging.

That kind of feeling is excellent and comfortable. Ceres stretched her arms to get up, and the servant hurriedly brought her breakfast on the table.

"Mrs. Winsor is up, have breakfast."

Ceres looked at the table and immediately curled her lips. "Why is it so light?" Are there no fried dough sticks? Scallion cake is ok."

The servant shook his head. "There was, but the young master said that Mrs. Winsor was not feeling well these days and wanted to eat light food. The young master also told us to prepare milk, and Mrs. Winsor should drink it while it's hot."

Although there was nothing there that she would like to eat, Johnny cared about her so much that Ceres readily accepted it all.

After breakfast, Ceres felt that she had nothing to do, and she met Adam as soon as he turned her head.

"Mr. Smith, where is Johnny?"

“Johnny’s friends are here, and they are talking about things in the study room.”

“Oh,” Ceres looked at the time, and it’s almost eleven o’clock. “Will you leave them for dinner today? I’ll cook. ”

Adam remembered Johnny just said the other day that she would be responsible for his three meals a day. Ceres began to be busy in the kitchen.

Johnny was in the study room with Bob and Bill.

“Okay, you two will do as I say. Eagle Group will arrange new products to go on the market. Bob, you have more snacks.”

“Don’t worry, Johnny, it’s on me.”

“And so on! Johnny, you just forget about the poisoning! If it were not for that ugly woman who ate it in advance, you would be lying in the hospital. Just let it go, will you?” Bill stood up for Johnny.

“Bill, do not call Ceres ugly in the future. I will not repeat it.” Johnny was very gloomy.

Bob slapped Bill on the back of the head. “Remember? I want to call her my sister-in-law later on.”

“Ah?” Bill’s mouth became “O” shape, in surprise. “Elder Johnny, are you alright? Did you take her in just because she can make that

smart egg? You should not have been with her, Johnny. You might be single for a long time.”

Johnny wanted to ignore this guy.

Three people came out of the study together. Johnny suddenly thought that it was almost time for dinner. Before he saw Ceres, he asked the servant, “Where’s my wife?”

“She is cooking in the kitchen.” The servant replied.

“Tell her to come out.” Johnny suddenly became unhappy.

Bob and Bill suddenly took a gasp. Isn’t it a shame for Johnny to let Mrs. Winsor cook in the kitchen?

Ceres heard the servant’s words and immediately ran out of the kitchen with a kitchen knife in her hand.

“Ooh-little sister-in-law, is this your hospitality?” Bill looked at the woman in front of him, and the spot on her face made him unable to look at her directly.

Ceres looked at the knife in her hand and immediately put it down. “Sorry, I was cooking!”

Johnny stared at her with a pair of black eyes. “What, you are cooking? Just go and rest.”

“Didn’t you ask me to take charge of your three meals a day?” Ceres mumbled a sentence.

“Except for these days, come out now.”

Ceres had to untie the apron and handed it to the servant along with the kitchen knife.

“Since the meal is ready, you two stay for dinner today,” Johnny said to Bob and Bill.

Johnny went to the bathroom to wash his hands, and Ceres hurried in. “I will not eat with you. I think I am ashamed of you.”

Ceres glanced at herself in the mirror.

“You are my wife, and today you are my guest. How can you not eat with me? They are my best friends. The taller and steady one is called Bob, and the one whose hair is dyed a little yellow and red is called Bill. His mouth is short, so ignore him.”

“Oh...” Ceres replied.

The atmosphere at the dinner table was a bit weird. It was the first time for Ceres to experience such a scene. She ate carefully. That day, she specially made a steak. Ceres appreciated it very much. She just stretched out her chopsticks when suddenly another one caught her chopsticks.

## **Chapter 54 Too Much Public Display of Affection**

Ceres looked up at the owner of chopsticks and saw Johny with a cold face.

“I do not know what these days are? You’re always greedy for cold, be careful not to have a stomachache again.”

Johny blamed while his chopsticks picked up a piece of bacon and stuffed it into Ceres’s bowl.

Bill was stunned. At that time, he and Bob probably understood that she was responsible for his three meals a day, except for those days when she should not be greedy for cold and be careful of stomach pain.

It should be that those days were the menstruation period of Ceres so that Johny would pay special attention to it.

Bill immediately covered his chest. “My little heart cannot stand it! They are showing off their love!”

Ceres had to take back the chopsticks and eat the bacon that Johny gave her.

“It turned out that little sister-in-law is in her period today, Johnny. I did not see it before. You are so intimate!”

At the dinner table, when a strange man mentioned that her period was coming, Ceres’s face suddenly turned red, and she could not wait to find a place to hide.

“Shut up!” Johnny shouted angrily, “Just go on and eat your food!”

“What? Please stop PDA, I still want to eat.” Bill shook his head. He really could not figure out how Johnny fell in love with this ugly woman.

He put a piece of bacon in his mouth, and his eyes suddenly enlightened. “Well! Delicious! This meat is delicious. It is delicious.”

Bill chewed up and ate ribs and chicken nuggets one after another. Even mushrooms and green vegetables he did not like before, he had a different taste.

He put the bowl on the table. “Give me another bowl of rice!”

The servant quickly took his bowl and gave him another bowl of rice.

“My gosh, it’s my third bowl of rice.” Bob picked up a paper towel and wiped his mouth. That day’s food was delicious. He ate more than usual.

Bill continued to eat spoon-fed. "I cannot help it. I want to eat more. Ceres, how did you cook this dish? It is delicious!"

Ceres was pleased that they like to eat what she had prepared. "If you like it, you can come again next time, and I will make it for you."

"This is great! How does the saying go? If you want to catch a man's heart, you must first catch a man's stomach!" Bill mumbled as he ate.

"No!" Johny had a straight face. His wife would not cook for others. He was the only one who could eat what she cooks! "Do not come in the future!"

Bill protested directly. "Elder Johny, come on now. Do you want little sister-in-law to cook only for you?"

"That's right."

Hearing Johny's answer, Bill almost choked.

The lunch ended after Bill ate four rice bowls, and then Bob and Bill left the villa.

—

The Winsor Group President's office.

Henry was sulking in the office, thinking he did not poison Johny. How could Johny be so lucky? Mary came to Henry again, because

it was not her first time she came and the secretary knew her, so she came inside directly.

Mary was dressed beautifully. Henry exploded into a furious rage. "Who told you to you come here?! Do you not have any idea of what this place is? How can you just turn up uninvited?"

Mary had not seen Henry for several days. She thought she could come to give him a surprise that day, but Mary was scolded before she spoke. She was naturally unhappy.

Meanwhile, she knew that Henry was in a foul mood those days due to the failure of his latest plan.

"I kind of miss you." Mary went to Henry and suddenly sat on his lap, leaning against him.

Mary's tangy aroma, coupled with the sound of her sweet voice, Henry's temper suddenly disappeared.

"Today we are no longer as we have been. Do not come to the office to find me in the future!"

Mary was allowed to come over the last time because Henry thought that the position of president was within reach, but from the moment Johny woke up, it was different. As president, he could be replaced at any time, so it was natural for him to be a man with his tail up.

“Is it that serious?” Mary caressed Henry’s chest back and forth.  
“This plan failed so that you can prepare for the next time. In any case, he has a disability.”

“What do you know? This plan failed. How can it be so easy to plan for another one? I would undoubtedly become more suspicious of him, and I would certainly be in worse shape!” His eyes were cruel, and he had no idea he would have such a difficult time dealing with Johny.

Mary curled her lips. “I do not think you need to worry so much. My father must be on your side. Now you have most of the Winsor Group’s shares. Johny has no shares, no power, and no support from his large company. So, the winner is still you.”

When Mary mentioned Mike, Henry suddenly grabbed her chin.

“Do you think I do not know what your father is doing? He ran over there to inquire about the situation. He just wanted to know what happened to my disabled Johny so that he could see whose side he would be on!”

Mary was frightened to disgrace. “You misunderstood. My father did not mean it like this. Of course, he was on my side! On my side, which is, on your side!”

Henry sneered. He knew Mike’s old fox too well.

But he really should do something. Otherwise, the old fox would take advantage of the loopholes.

“Well, go home. I’m going to see my disabled Johnny!”

Mary hurriedly made an oath, “Henry, I swear that my father and I will be loyal to you and will never betray you!”

Henry was very proud of Mary’s appearance. He pinched her little face conveniently. “Okay, remember what you said.”

---

When Johnny had spare time, he studied. Ceres occasionally sent him some fruits and soup, which will not disturb him easily.

Adam came with a plate of fruit. “Mrs. Winsor asked me to send you the fruit.”

“Why doesn’t she come by herself?” He did not see her for a while, but he missed her. Johnny never felt this way before.

Adam answered, “She is not feeling well.”

Johnny snorted angrily. “I told her not to overeat earlier, but she refused to listen. She must have a stomachache again. Ask someone to prepare her a cup of brown sugar water and put some ginger slices.”

Adam smiled and said, “Yes.”

Johnny suddenly coughed a few times, and Adam frowned at once. “Are you uncomfortable?”

“Nothing, you go to work now.”

Adam went out without saying anything.

Johny fixed his eyes on the calendar, calculated the days, and his younger Johny should come today.

Adam quickly ran up to report, “The second young master is here.

## **Chapter 55 Why Did She Become Ugly?**

They led Henry into the study room.

When Johny was in a vegetative state, he came to see him several times, and then suddenly he stopped visiting. It was the first time that Johny came to see him since he woke up.

Johny was in a wheelchair with a book in his hand.

“Johny, it’s been so long.” Henry looked around the study room carefully, especially the desk and the bookshelf behind Johny, and found that there was nothing related to the company, only some books.

“Yes, long time no see.” Johny turned a page of the book, put it on the table, and inserted a bookmark.

Henry saw that it was a novel. It seemed to be a martial arts novel. He suddenly laughed. "Johny, sometimes I have to envy you. You have been lying in bed for three years. You do not have to pay attention to anything in these three years. Now you wake up and have the leisure to read novels. My Johny, I do not have such a good blessing."

He leaned against the desk, picked up the book, and looked at it.

Johny smiled faintly. "I would like to thank you more for being a good Johny. Otherwise, I would not have a chance to lie down for three years, and I would not have a chance to read novels."

Henry's face froze. It seemed that Johny guessed that he had something to do with the accident.

"What?" Henry was stunned.

"All right, do not put it in. You and I know very well, why? Are you not tired?"

Henry heard Johny say the words and threw the book directly on the desk.

"Yes, that was what I did, so what? What can you do with me?" Henry swaggered through the bookshelf. "I just want you to die!"

Johny replied, "It's a pity that I am a big man."

Ceres slept, and brown sugar water had been prepared for her to drink. As her heart warmed up at the thought that it most likely was Johny's idea, she could not help but feel happy.

After drinking the brown sugar water, she felt that her whole body was getting hot. She stretched out and just happened to meet Adam.

"Mr. Smith, have you delivered the fruit I asked you earlier?"

"I was not able to do it? But..."

Seeing Adam spoke hesitatingly, Ceres immediately became nervous. "What is the matter, Mr. Smith?"

"Mr. Johny coughed a little as if he was not feeling well," Adam replied.

"What? He must have opened the window last night. He just woke up from sleeping over three years, his body is weak, and is still cold." Ceres was worried.

"Yes, but he does not like to take medicine. Why don't you show him?"

Ceres pondered. "I'll cook him a bowl of snow pear juice soup, it will moisten the lungs and relieve cough and dryness."

"Yeah, that would be great!"

Ceres thought and immediately ran to the kitchen.

Adam looked at Ceres with a smile, and Mrs. Winsor was so active that those two people were probably getting along very well.

Johny was still confronting Henry in the study room.

Henry pushed Johny's wheelchair around the study. "My dear Johny, I'm here today, and I have a secret to tell you. Do you know who your bride is?"

Johny knew it for a long time, but he still pretended to be blunt about the matter. "It's Mike's daughter."

Henry burst into laughter, "The daughter of the Morris? Ha-ha-ha! Do you think Mike, the old fox, will marry the apple of his eye to a vegetable like you? Do you think too highly of yourself?"

Henry squatted down to look at Johny. "Mike, the old fox, has a stepdaughter, born to his wife and ex-husband. So, he is reluctant to have his daughter marry, so he's supposed to give that woman to you, and the real Mary has long been mine."

"You..."

When Henry saw that Johny was angry, he became more arrogant. "Anyway, my Johny is in a vegetative state, and there is no happiness. Is it not unfortunate that ugly women have been sent to you? I know my Johny will not care about me."

“Henry, do not be cruel!”

“Oh, I want to tell you, Mary looks beautiful, and her body is beautiful as well. When she calls under me, she is beautiful as well.”

Henry fell into the joy of endless aftertaste.

Ceres came up with the juice, and just as she walked to the door, she heard Henry’s voice. She did not go in at once because she heard a stranger’s voice.

“People said that the woman around my Johnny is ugly, ha-ha! Anyway, you are also disabled. A man with a disability and a woman with an ugly face is very suitable. Isn’t that right, my Johnny?”

Johnny coughed violently.

Ceres was distressed by the cough. She knew that this person was probably Johnny’s younger brother, the man who wanted to kill Johnny. Because of her appearance, he would probably sneer at him.

Ceres suddenly felt guilty. Johnny was so kind to her, and what he brought to him was an insult and ridicule from others! Johnny was already weak, and if he got angry again, what would happen.

“Where’s my ugly sister-in-law? Why don’t you let her come out and greet her Johnny-in-law? And let me see how ugly she is. What kind of ugly person is worthy of my disabled Johnny? Ha-ha!”

Ceres immediately returned to her bedroom when she heard his words. She found her potion in her bag. She came to the bathroom and stood in front of the mirror, shaking the potion in her hand. She had maintained this ugly appearance for six years.

Ceres and Mary both look like Sally, and Sally is a gorgeous woman. Once, Mary listened to the servant and said that Ceres looked better than Mary. Mary was jealous of Ceres, so she wanted to ruin her appearance.

The servant who always defended Ceres always knew about this matter. She gave Ceres two bottles of liquid medicine, which was developed with traditional Chinese medicine and applied on her face. The color could not be washed clean with ordinary water.

Ceres was told that she would have to pick up her tail and be brave if she would like to live. Instead of waiting for Mary to do it, she should do it herself.

Ceres applied the potion to her face, claiming that she had been burned with chemical reagents in chemistry class. Over time, her face left a red spot, and she was crowned as ugly.

The servant gave Ceres another bottle of medicine, which could neutralize the liquid mixture on her face. But Ceres hadn't tried it, and she didn't know if it's true.

She used to give it a try, but the potion had some restrictions, so she didn't dare to try it yet. Sometimes she dreamed, even dreamed that the servant lied to her, and she couldn't get rid of it.

Ceres took a deep breath and spread the potion slowly on her face.

## **Chapter 56 The Most Beautiful Woman**

After she applied the potion, she noticed that her face had not changed at all!

She closed her eyes painfully, and waited for so long!

She thought to herself "If this potion is useless, then she will be ugly all her life."

In the study, Henry pushed Johny to the window. He suddenly pushed him really hard causing him and the wheelchair to slam into

the wall and bounce back, while Johnny crashed into the wall and collapsed to the ground.

Henry frowned. "It seems that he is not pretending, but he really can't walk with his legs." He thought. Which made him prouder.

"Henry, don't be so cruel!" Johnny, who collapsed to the ground, looked at his Johnny resentfully.

He came over and crouched down to him saying, "So what? Do you have the ability to fight back?"

He felt great when he saw him on the ground, knowing that his Johnny always looked at people like he was superior.

"In fact, it is not bad to give you to an ugly woman and also the fact that you cannot complain about what was given to you. How uncomfortable, you married an ugly woman, are you not interested in her?"

Johnny glanced at Henry and tried to stand up, but he could not. He coughed twice.

He saw how he struggled to stand up but could not and that made him prouder of what he did.

"Johnny, Johnny, I cannot believe that you used to be all-powerful! It was always you who trample on others, and now it is your turn to be trampled."

Henry raised his feet and was about to step on Johnny's head when a voice came from the door.

"Stop it!"

He dropped his feet immediately after looking at the beautiful woman who was at the door.

Henry suddenly froze.

He described the girl in his thoughts like, "her eyes are a pair of clear eyes, slightly flowing, like the stars in the sky, with red lips and white teeth, a small nose, a beautiful chin, and a white neck like velvet."

Such a delicate and beautiful little face, with a heroic spirit between her eyebrows, had inspired men's desire to conquer.

He had to admit that the girl was several times more beautiful than Mary, not only beautiful but also attractive from the inside out.

Even Johnny froze. What about the scar on her face? No!

"Who are you?"

She stared at Henry bitterly and walked to Johnny, helped him back to the wheelchair, tidied his clothes, and then looked at Henry.

"Do you want to see me? You did not even call me sister-in-law."

Henry realized that in front of him was the bride they called ugly because of the scar on her face, the bride!

“No, it’s impossible! It is said that ...”

Everyone said that she was ugly, even Mary, but in reality, she looked like a fairy! She walked up to him.

He watched the beautiful woman walk in his direction. His heartbeat increased.

When she was in front of him, she slapped him in the face without any remorse.

The slap was full of strength!

Henry was embarrassed. When he looked back at her, he immediately raised his arm and said, “Bitch, you dare to hit me!”

“Don’t you dare!” She shouted angrily, “There is a camera here. Everything you did to your Johnny was recorded. Go on. Run!”

His hands that were supposed to be used to slap her lost their strength and hung midair, and out of the corner of his eye, he immediately looked at the place where the camera might be installed. But he did not find any camera. “Bitch, you dare lie to me!”

Ceres immediately took a step back. “Your Johnny is smart, will he put the camera in a visible place? Fool!”

He was enraged by the thought that he was slapped and humiliated.

But he could not do anything, because if they have really installed a camera there, what he did was recorded. There was a chance that they would give the recorded video to their father. And it would give him a bad impression! That was the only thing that was running through his mind.

In the past, Jack had regarded him as the only son. So, he was free to do anything that he wanted, and his father would turn a blind eye. But since Johny was awake, his father became stricter with him.

He was once again slapped by her.

“You bitch, are you not finished?” He glared at her.

She snorted coldly. “The first slap is for the way you bully your Johny. This slap is for calling me a bitch.”

“It is not your responsibility to teach me a lesson!”

Henry was absolutely mad, but he did not dare do anything.

“Your eldest Johny is like a father and his wife is like a mother. Since no one teaches you at home, it is perfect for me to teach you here about the truth of being a man!”

Henry was so angry that he lost his temper. “You bitch, you wait for me! There will come a day that you will beg me.”

Henry was about to leave, when she spoke, "That's what you do best. Leaving, right? "

Henry shouted angrily at her, "I have been beaten and scolded. What else do you want?"

"You should apologize first for doing something wrong. If your mother did not teach you, then I will teach you today." She squinted her eyes at him.

Johny's eyes reflected his admiration for his wife. He knew she was not so easy to bully.

"You-" Henry's eyes were like daggers. But he still walked up to Johny and apologized.

"I'm sorry."

He said, "I'm sorry", but really, he wanted to pounce on his Johny.

He was clueless when she suddenly smacked his head. "Are you apologizing or scaring people? Speak louder and be sincere, otherwise, this video will be sent to your father. Let's see what he can do to you! "

Henry hated this woman. When this woman fell into his hands, he would definitely make her suffer. He thought to himself.

"Sorry." Henry's voice was obviously louder.

She was dissatisfied. When he was about to say something, he heard his husband say, "Forget it, let him go."

"Well, since he forgave you, then you can go!" She said dismissively.

Henry gave them both a look of scrutiny. But she was not afraid of him and stared back directly.

Henry left.

She immediately grinned and thought to herself. "There was no camera in this study. I am so witty."

"It was really fun!" As soon as she turned to see her husband's face, she saw that his face was gloomy and terrible, so she immediately took back her smile.

"I thought he would be happy, but I did not think he would give out such a horrible mood." She taught to herself.

Ceres brought the juice he had made and gave it to him. "Mr. Smith said you had a little cough and so, I made this for you."

But he just dropped the bowl on the floor!

Ceres got a fright. The juice was splashed on her leg. Fortunately, it was not boiling.

“Get out.” Johny turned his wheelchair back to his desk.

She did not know what she had done wrong. She figured that seeing her suddenly become beautiful, any man would be happy, but her husband.

She had to leave the room slowly.

Henry drove away from Evian Town. Mary just waited for him in the villa. Because it was inconvenient for her to go to the hotel. He simply gave Mary the key, and Mary often came over when she was free.

Mary greeted him at the door. “Why did you suddenly come back? Did ...”

Before the word “you” was uttered, he slapped Mary to the ground.

Mary was lying on the ground and looked at him in an incredible way. Her face swelled immediately, and her tears suddenly burst.

The servants in the villa could not even breathe.

“What happened to you? Why did you suddenly hit me?” She burst into tears.

“You still have the face to cry! I thought you said that woman was extremely ugly. She is even prettier than you. And the girl was eloquent.”

Henry has lost his face!

Not only did he get slapped twice, but he also apologized to Johnny and worried that they would show Jack the videotape. He made a mistake!

“What?” Mary got up from the ground. “It is impossible, it is impossible!”

Mary covered her face and ran to Henry, who was still furious. She leaned against him, but he pushed her aside.

After serving a cup of coffee, the servant quietly stepped down.

“You mean that Ceres was very beautiful?”

“Yes! Very beautiful!” Henry had to admit that the woman was really beautiful. When he first saw her, he was even hopelessly fascinated by her.

But when he remembered that he had been slapped, he really could eat that girl alive.

He calmed down and told her what happened in the study.

Mary could not believe what she heard. "Have you been cheated? My sister looks a bit like me, but she accidentally burned her face in chemistry class when she was at school. It took several months to recover, and then when it all healed it left a big red scar on her face. My mother also took her to the hospital, but I heard with my own ears that the erythema could not be removed even by cosmetic surgery. "

Henry recalled carefully that the woman was similar to Mary, but her skin was so smooth and flawless. There was no scar at all.

"She does look like you, but she does not have the scar as you said."

"Did your Johnny find a woman to play as his wife? This year's cosmetic surgery is so good, it is easy for him to make a flawless copy of his wife's face."

She seemed to make some sense. He soon found himself cheated by that sharp-tongued girl!

If there was a camera in that room, they did not have to say it at all. The more he went too far, the better it will be for them. Would it not be better if they secretly handed the video to Jack? Why threatened him with the video? If he did whatever it takes to get the videotape, wouldn't they be finished? He suddenly realized.

"She is a dead girl, let me catch her next time, she must be skinned alive!"

She became his enemy.

He went upstairs with her in his arms. He was so angry that he had to vent his anger.

“I hate it. Why did you scold me at the door?”

“I must repay you.” Henry pressed Mary under his body, but she suddenly resisted him. She pushed his chest “You told Johny about the switching of the bride, he will not marry me, will he?”

“He dares! If he dares to covet my woman, I will kill him!”

She put her arms around his neck. “I was born to be your woman, and death is your only chance to let go. You should treat me well.”

“Well, I will treat you and make you want to die right now!”

—

Ceres had not seen Johny since the confrontation happened. She cooked many delicious dishes for dinner but he did not eat them, which made her very sad.

She went back to her room without eating a few mouthfuls of rice.

Somehow, she seemed to feel the seriousness of the incident, so it was probably not easy to complain.

Ceres thought hard. “How can it be so difficult to coax a man?”

She never thought that she would have a hard time pursuing a man in her whole life. She was just thinking about it when suddenly the door opened, she saw her husband came back.

She suddenly burst into tears. It was a shocking cry.

He had already forgotten how to cry, so he could tell at a glance that she was pretending.

“Come on, do not pretend.” He glanced at her with a frown.

She immediately stopped pretending. “Did I make it obvious?”

He ignored her. She immediately got up and came to him. “Are you still angry with me?”

“Do you know where you went wrong?”

“I know.”

“Say it!”

“I should have not done that to your Johny. After all, he is your Johny. I should have not hit him. I should have not made things so ugly and made enemies with him. It will only intensify his revenge.”

She thought about it carefully and came up with those conclusions, but she could not guess the other reason as to why he was angry.

“Wrong!” Johny became angrier. She shivered.

“Am I wrong?”

“No!”

Johny stretched out his hand and pulled her. She did not expect his strength to be so great.

She looked at her husband with a shocked face. “What do you care about? What exactly did I do wrong? ”

“The fault lies in your concealment!”

Johny’s deep eyes seemed to devour her. “He told me about the bride switching today. You are not Mary, and here.”

While talking, his husband pointed to the scar on her face.

She looked at him in surprise. She did not expect Henry to say anything about the bride switching!

Johny already knew about the switching, but unfortunately, she never said it. That time, he just settled with her appearance.

## Chapter 58 Open Your Heart

She stared at her husband's eyes, it was a deep and charming vortex as if she could fall into it carelessly.

He pulled her up so she could sit comfortably on his lap. "Tell me everything. If you hide anything, I will break your leg!"

Ceres lowered her eyes. "I am really not Mary. My name is Ceres. Mary is my half-sister. Mike could not bear his daughter to married to you, so he married me to you."

"Why did you not say it when I woke up?"

Although Johnny realized that he was too hard on this little woman, he just could not hold his anger.

Is he not frank enough? Why did she just keep everything from him? Was it better to be with a bodyguard? Did she not trust him? He thought about it carefully.

"I dare not say it because I was afraid that you would drive me away."

"What about this one?" He pointed to the red spot on her face. "Why did you not say anything about your scar?"

She did not know how to answer. She never wanted to restore her appearance before.

“Do you still want to leave me? I’m sure you thought that I will not keep you for long because you are ugly, so you keep it from me!” He finally said what she actually had in her mind.

She realized that. She did have this idea at the beginning. She thought that she was so ugly that he would make her go away. And she was expecting that to happen.

“Am I right? Why did you not tell me?”

“Because I do not want to embarrass you. Your friends came that day. Although they did not say anything, I know I was embarrassing you. I also heard what your Johny had said. He laughed at you because of my face. I do not want you to be embarrassed just because of me. Mr. Smith said that you used to be a favored child, and you suddenly became like this. You cannot bear it psychologically, and you will inevitably lose your temper. I do not want to let you have any psychological burden because of me, so...”

Hearing these words, Johny wasn’t angry now. It seemed that she still had him in her heart.

“What happened to your face?”

“When I came to the Morris, Mary always disliked me and bullied me. Mary and I both looked like our mother. She heard the servants say that I looked good, so she was always jealous. When I was

fifteen years old, Mary prepared sulfuric acid to destroy my face. Fortunately, I knew about it in advance. An old servant told me that I could hide from the first day, but I could not hide forever, so she gave me the potion and let me ruin my face. Mary will not think about destroying me again in the future, so I have been like this all the time. Until today, there is another bottle of potion that can neutralize the color on my face. ”

He listened to her wife and caressed her long hair lovingly.

Mary was only one year younger than Ceres. She always wanted to destroy her face with sulfuric acid at an early age, which showed how she usually bullied Ceres.

She was good at cooking at a young age. She also worked hard during those years. God knows how she survived in the Morrises.

“From now on, you are my woman, and no one will bully you again.”

She smiled brightly at her husband. “Are you not angry?”

“This is two different things!” He immediately said. He wanted to know all her secrets, otherwise, she would not tell him anything in the future. “Do you have anything else to hide from me, tell me now, otherwise I will find out and let you taste my punishment!”

She had never panicked like that. She felt scared. She was never afraid of others saying that her father was a murderer, and she could even fight against those people. But facing her husband, she was really scared.

She realized that Johny was the first person to accept her ugly face. He was such a high-ranking man but he did not abandon her because of her humble status. He was so kind to her and he also loved her so much. If he knew that her father was a murderer, although she always believed that her father was not a murderer, would he still accept her?

“No more.” She smiled.

“Are you sure?” Johny reconfirmed.

She nodded her head.

He held her face with tenderness. He was relieved to know that she was not keeping any secret from him anymore. “It is good to know.”

He studied her face carefully. He thought that she was a beauty the first time he saw her. Indeed, she had an angelic face, charming eyes, and a fascinating heroic spirit.

She was a little shy when she saw him looking at her.

When he looked at her wife’s shy appearance, he realized that she was even more beautiful.

“You will retain your looks, like before.”

“Why?” She asked, feeling a little bit estranged. Didn’t he like the way she looks?

He thought that he was not willing to let others see the beauty of her wife. He will only be the one to appreciate the true beauty of.

“Henry is a cruel man. You slapped him twice, he will definitely find a way to get back at you. If you go back to your former appearance, he will not recognize you, and I am not ready to share you yet. I do not want to show my edge so quickly.”

They were one since then. Husband and wife.

She thought about what her husband had said and it was reasonable. For so long, she had become accustomed to her ugly face, and her ugly face was more like her shield. She could easily tell whether a person was good or bad.

“All right, but you really want to compete for the Winsor Group’s inheritance, right? You have been building up your strength.” She asked hesitantly.

Johny suddenly put a straight face. “Are you still asking for information for Mike?”

“No, no, no, no, how can I do that for him? I am just curious. He came over that day to ask me for your information, but I did not say a word. ”

He heard the word “my man” and narrowed his eyes slightly.

She immediately realized that she had said something wrong, and immediately covered her mouth.

“Well said, your man has an indomitable spirit!”

Ceres never thought that a man like him could be her own man.

They both smiled at each other.

In the Morrises.

Mike slapped Mary in the face, and the crisp sound made everyone shocked.

He was enraged when he learned that Henry had gone to Evian Town and told Johny about the bride's switch. And when Mary kept on telling him to take Henry's side.

Mary was beaten for the first time. She was the only daughter, and Mike treated her like a princess since childhood.

Her tears welled up and she threw herself into Sally's arms.

"Look at the good daughter you raised!"

Sally hurried and appeased her daughter. "Mike, why are you so angry? She is still young. She is not sensible. You can teach her. Okay, okay, my baby daughter, just stop crying."

Mike paced back and forth in the room. "It was all your fault! You ruined my good plan. What you said provoked Henry! Who do you think he is?"

"I forbid you to say that to him! Anyway, I have been with him for a long time. I gave him my innocent body, and I will marry him!" Mary covered her face and shouted.

Mike and Sally were shocked when they heard what their daughter had said. Mary was just twenty years old!

"You shameless thing!" Mike held his daughter in his hand. He never even allowed her to attend any banquet, for fear that she would be taken by some bad boy. He did not expect her to be so imprudent. She only knew Henry for a while yet she gave him her body.

“Baby, how can you be so casual? How long have you known him?”

Mary lifted her chin up as if she had done something great. “He is handsome and the future royal heir. I gave my body to the most powerful man. You should be proud of me! Mom, did you not give your body to my father when you first met him? ”

Her mother was shocked by what she said and could not speak.

His father stamped his foot hard. “Ungrateful child!”

“This is a fact anyway, and no one can change it!” Mary ran back to her room in fury.

He sat down on the sofa.

“Mike, what should I do now?”

“What can I do? I will follow Henry, of course. I hope he can take the position of heir, and I hope he will not mistreat our daughter. ”

Now he has no other way to go.

“I hope this is right,” Mike said silently.

At Evian Town

They also began to make rehabilitation plans for him, and his good wife kept on going with him at the rehabilitation.

They were getting closer every day.

Ceres made a meal and called her husband to eat in the study. When she found out that there was no one in the study, she thought that he was just in the bathroom, so she sat in the chair and waited for him for a while.

She looked down and saw an egg in the drawer that was half opened!

She immediately took out the egg. It turned out to be the smart egg she made. After careful consideration, the bodyguard never appeared again after that night.

But how can the smart egg she gave to the bodyguard be in her husband's hand?

"What are you looking at?" He came out of the bathroom and saw her sitting in the chair and looking at something, only to find that she was holding a smart egg in her hand.

She was always at his side recently, and he was worried that the smart egg will be found by her. So, he turned it off, but he accidentally dropped it on the floor. But luckily the egg did not make any sound.

He looked guilty. “It was given to me by the bodyguard.”

“It turned out that he gave it to you.” She gave a wry smile. The bodyguard gave others what she gave him so easily.

“Yes, but it was broken.”

“I have not seen the bodyguard for a long time. Where did he go?” she asked carefully.

In fact, her heart had always been very complicated for the bodyguard. Of course, she was furious that he almost harassed her with his drunkenness that day. It was the first time that she was stripped naked by a man, and she could not forget the humiliation until that moment.

But the bodyguard saved her life and helped her when she was the loneliest and helpless.

“Oh.” She grinned and resigned, so as not to embarrass everyone.

Johny looked at her unnatural smile and wondered what kind of emotion she had for the bodyguard.

“When I was still in a coma, did you have a good relationship with him?”

“I was assassinated on the first day when I came here. He saved me. All the servants bullied me here, but he was always watching over me, so I think he is a good man, so I talked to him. I often cook

for him. Anyway, it is boring to be idle. I was familiar with him after a while, but!”

She was very frank. “I never had that kind of feeling for him. Do not get me wrong.”

She said so frankly that Johnny understood her heart. “Well, lets us go eat.”

“Hmm.”

They went downstairs together.

“If you like that smart egg, I can fix it for you.”

He shook his head. “Make another one for me. I want the best one.”

She smiled and spoke, “In my case, there is no better, only best!”

She had always pursued higher goals and never stopped.

“Ok, then you can keep doing it until you feel the best.”

“Hey, hey.”

They were very sweet to each other when they were eating. But when they finished eating, someone coughed. They turned their heads only to see Adam.

When she heard Jack was coming, her face turned pale.

She only met Jack once. Only once, but she was afraid of him. In addition, her face was ugly again, so she was even more afraid.

“Are you scared?” Her husband asked. He then grabbed Ceres by the hand.

“Can I not see him?”

“Yes, you can go upstairs. I have to deal with him here.”

“Really? He is your father. I do not think it is appropriate.” She knew in her heart that Jack was his father-in-law, and it was rude for her to hide from him.

“I will call you, then you can greet him.”

She then ran upstairs.

Jack sat in the living room. Adam then pushed him to the living room, and he had to say that this father and son had the same expression.

“Johny, where is your wife?”

“She does not want to see us.” Johny was expressionless.

Jack had seen Ceres. Although he only looked at her once, he was impressed. Others are beautiful and impressive. She was ugly.

Such a woman was absolutely not allowed to set foot in the Winsors. If it is not for the sake of the stupid bride curse, he would not let her in. He thought.

Jack took a sip on his coffee and frowned, then he put it down. "This coffee is cold, make me a cup of hot coffee."

Johny immediately said, "Go and call my wife down and let her make your coffee."

Hearing what his son had said, he snorted coldly. "Is she the hostess here now?"

"If she is not then what do you call her?" Johny asked.

There was nothing wrong with that. Although she was used to dispelling the back luck, now that he was awake and the ceremony was held, she was naturally his son's wife.

He also heard that his son was very kind to his wife. He treated her as an equal and he also loved her very much. That was not a good sign. He always thought that women are Helen of Troy. How could his son be infatuated with a woman? Especially a woman who looked so ugly.

"Johny, men should aim in all directions and should not waste time on a woman."

Johny recognized what his father meant, and from the first few words that he said, he knew what his father was here for.

His father was very strict with him from childhood, and the four words he used most often were “playing with things and losing his mind”. Therefore, since childhood, he had no favorite toys and no personal hobbies, so he could only study according to his wishes.

Women were his father’s biggest taboo, and he knew that his father would never allow him to fall in love with any woman.

His future wife must also be his choice.

Ceres was very timid when she was suddenly called to brew coffee. However, thinking that her husband was there she felt relieved.

“Miss, the coffee was hot, please be careful.”

“I see.” Ceres went to the living room with the coffee tray on her both hands and she carefully placed the coffee in front of them. When she saw her father-in-law’s majestic expression, her heart trembled.

Johny first picked up the cup of coffee and took a sip on it. He spat out the coffee. He slammed the cup of coffee in front of her. The coffee splashed on her leg, causing burning pain.

“Do you want to burn me to death? How come you cannot even pour a coffee! Get out of here!”

She does not know why he was furious with her for a cup of coffee.

Jack saw this picture of his son. It seemed that the rumors are not true. He personally saw how his son treated the woman.

“Get out of here. Now!”

Ceres’ eyes were filled with tears, and he was very troubled when he looked at her. He had no choice but to do this to her for the time being, otherwise, his father would definitely dispose of her.

“Well, son, it was just a cup of coffee. Why are you so angry?”

“She has not done anything good!” Johny cursed.

“Come here.” Jack signaled to her.

She looked at her husband and did not know what to do.

“Don’t stand there like a log, did you not hear my father calling you?” Johny shouted angrily.

Ceres held her chest, she felt much wronged, but she still went to sit as his father-in-law said.

“Sit down.”

Ceres sat down timidly.

Jack gave his secretary behind him a wink, and the secretary quickly took a document.

“Although you are just an offered bride, I spent 500 million to invest in the Morris Group. Which was equivalent to what I bought, but my son has awakened. I will not treat you badly, here is 5% of the Winsor Group shares, you sign on it, and this share is yours.”

Ceres looked at her father-in-law in dismay.

The Winsor Group 5% shares, that’s a huge amount of property!

Jack would give her such a large share so easily? She pondered.

Johny immediately yelled, “If you are asked to sign, sign it. What are you doing? Are you a fool? ”

Seeing that she did not move, he directly pulled her over, grabbed her hand, and signed the document, but she was still stunned.

“But you are a woman, you do not know anything about business, and you are still so young, so this share is temporarily attached to my son.”

It was not until Jack finished talking that Ceres realized that the shares were apparently not for her, but actually for his son.

She realized that Johny had been in a coma for three years, during which the Winsor Group could not stay still, and for three years anything could change. In order to stabilize the whole board of directors, Henry’s shares were second only to Jack’s. That was to say, if her father-in-law abdicated, Henry would naturally become the master of the Winsor Group even if no heir was announced.

In order to help Johny enter the core of the Winsor Group as soon as possible, Jack had to help his son in that way.

“Don’t get in the way here, go back upstairs!” her husband shouted.

She squinted at him and quickly left the living room.

She just did not go back upstairs immediately but went to the bathroom first.

Jack looked at his son. “This one is disobedient and unacceptable. Why not look for another wife? ”

He picked up coffee and took a sip of it. “Johny, I know that your heart is higher than the sky, and you do not like this woman. If it were not for her birthdate, she could not get into the door of the Winsors with her appearance. Why do you not drive her away? ”

Jack thought that if his son woke up, the first thing he would do was to drive away from the ugly woman.

Johny was still as cold as ice. “As you said, she is just an offered bride. I just woke up and you wanted me to drive her out? What will people say about me? Or about our family?”

“It is true. That was so thoughtful of you.”

“Besides, is she not still useful?” He picked up the document on the desk and looked at it.

It said in black and white that the shares were owned by his wife, but all the disposal rights were in his hands.

Jack nodded his head, and he was happy to see his son who he taught.

“Well, since you know everything, I will go back first.”

Jack left. While Ceres, who was hiding in the bathroom, was eavesdropping, her heart slowly sank deep.
