The Divorced Billionaire Heiress Chapter 171

Chapter 171 As Long as You Both Remarry

"Satisfied now?" Nicole glanced at Eric and inadvertently saw the caller ID on his phone.

She suddenly felt breathless as if she had been hit hard by something.

A dense pain flooded her chest. Nicole immediately turned away, stepped on the gas pedal, and drove away without waiting for Eric to respond.

She felt a little soreness in her eyes and a forced out a cold laugh.

'So, this is how he named me? Missus? I was his missus, but not anymore. I no longer fit this title.' Eric watched as Nicole's car faded away and looked down at the caller ID.

'Missus?' Those memories from before their divorce felt like a dream, and they came flooding out at once.

Eric felt a dull pain in his chest as if a hand was ruthlessly squeezing his heart, so much so that his breathing became a little heavier. He was to blame for losing Nicole, who used to love him so much.

Now, he had to try and win her back slowly. It was simply retribution! His phone suddenly rang again. It was a call from Ingrid.

"Brother, Grandpa asked you to hurry back...") "Got it." Before Ingrid could finish her sentence, Eric hung up on her. He took a deep breath and tried hard to divert his attention, but that did not make him feel any better.

Ingrid reluctantly hung up the phone. She had intended to gloat at Eric, but he did not give her the opportunity. Eric had sold off his shares in Gemini.

Entertainment to Nicole, which helped her to become the actual controlling shareholder.

Old Master Ferguson was furious when he found out and was so angry that he almost fell ill. Ingrid had been reprimanded by her grandfather since she failed to apologize to Nicole last time.

Now that her grandfather's target changed to Eric, Ingrid was finally able to breathe a sigh of relief. Once Eric's car appeared at the Ferguson Villa, the low and heavy air pressure inside the house lifted slightly.

As soon as Eric opened the door, the butler immediately welcomed him. Young Master, the old Master is waiting for you in the study.' Eric nodded and went upstairs without an expression. Just as he reached the door, a teacup was thrown at him. Eric dodged sideways with a cold gaze.

"You still have the cheek to come home?!" Old Master Ferguson sat inside the study. The atmosphere inside was extremely oppressive.

"What's the matter?" Eric asked with a frown. Old Master Ferguson gritted his teeth in anger.

"Hmph! Nicole wants to deal with Ines Xavier, so you gave up your shares in Gemini Entertainment to her? Why are you so obedient? Stanton Corporation is now targeting us at every turn.

Don't you know how to use this opportunity to negotiate with them?" He had always been most proud of this grandson that was a business wiz.

Recently, Ferguson Corporation's image had been on a decline especially on the internet. Since Nicole needed their help, they should seize this opportunity to make good use of it.

However, Eric actually gave up on such a good opportunity this time. How could old Master Ferguson not be angry? Eric's face was indifferent and did not care about the old man's wrath.

"There's no need to negotiate. We owe Nicole, so it's right to just give it to her." His voice was deep and cold. "Moreover, Gemini Entertainment has already started to lose money internally, so holding too many shares is useless.

I don't intend to clean up their mess. .") No matter how good or bad Gemini Entertainment's prospects were, Eric did not want to be a part of it.

He did not care for this company. Since Nicole wanted it, she could have it. Old Master Ferguson was originally furious, but when he heard the last part of Eric's explanation, he was stunned and came back to his senses.

If that was the reason, he could accept it. His expression eased slightly before he added, "To be honest, Floyd Stanton won't forgive us so easily, but a tit-for-tat won't benefit anyone, so he's not making any obvious and big moves for now.

However, this won't do in the long run. I have a solution to this...") Eric frowned.

The old man grunted and continued, "Based on family background, talent, and capability, both you and Nicole are very compatible with each other.

If she hadn't concealed her identity to marry you before, Floyd Stanton's daughter would've been your wife."

Seemingly anticipating what his grandfather wanted to say, Eric jerked his head up. Old Master Ferguson swept a glance at him and said in an imposing voice, "Since she liked you before, she'll definitely be able to like you again, so you should put in some effort too.

As long as you both remarry, everything will be solved!" A marriage alliance between Stanton Corporation and Ferguson Corporation was a strong union and a perfect match.

It would undoubtedly be a boost for both companies. a This was the best result. Eric's face was gloomy. He raised his eyes to look at his grandfather. "She won't agree to a marriage of convenience.") 'Especially if I'm the groom.'

The Divorced Billionaire Heiress Chapter 172

Chapter 172 Marry Another Person

If Nicole was willing to get into a marriage of convenience, she would not have concealed her identity in the first place. What she wanted was never just a marriage.

Old Master Ferguson snorted coldly, "Do you want to watch her get together with someone else? How big a loss would that be to our family?" There was no other person better suited for Nicole than Eric.

No matter who Nicole chose to be with in the future, the Ferguson family would become a laughing stock. To the Fergusons, it was more harm than good.

Although Old Master Ferguson did not like Nicole as a person, he was willing to disregard his past prejudices and accept this woman because of her powerful family that was a force to reckon with.

When Eric heard this, his expression stiffened and became complicated. 'Watch her get together with someone else?' Eric had never thought about that.

Although there were many men around Nicole, he never felt that Nicole would marry any of them. 'What if Nicole married someone else...' Once he thought of this, Eric's eyebrows knitted together.

His face instantly became tense. The resistance and gloom in his heart were very apparent. 'No way!' Old Master Ferguson stared at Eric with an austere expression.

"If Nicole is unwilling to remarry you, then we can only replace her with someone else. You can marry another daughter from an affluent family who can rival Nicole.

Only then can we counter the threat posed by the Stanton family." Eric's eyebrows furrowed tighter. His complexion turned glum and extremely upset.

He subconsciously loathed this terrible proposal. Eric looked at his grandfather with deep coldness and resistance in his eyes. "No, I don't need a marriage of convenience.

You don't need to meddle in my matters with the Stantons. I'll see to it." His relationship with Nicole was at a deadlock, and he would not even consider other women.

After he said that, Eric turned to leave without waiting for his grandfather to react. Ingrid had been waiting downstairs for the good show, but besides the sound of glass breaking when Eric first went in, there were surprisingly no other movements.

She did not dare to go upstairs and eavesdrop either. As soon as Eric came down, Ingrid hurriedly greeted him. "Brother, Nicole's such a jinx.

She's the reason you got scolded, right? You shouldn't be too nice to her. Otherwise, she'll get so arrogant and think that our family is easy to bully Eric narrowed his eyes dangerously and had an inexplicable chill.

"Ingrid Ferguson, I've warned you so many times not to provoke her. It seems that you still can't get that into your head, huh?" Ingrid was startled and frightened by Eric's gaze.

Suddenly, she did not know what to do." I... I didn't..."), "I asked you to apologize. Did you?" At the mention of this, Ingrid was too scared to make a sound.

Eric coldly swept a glance at Ingrid and said in a grim tone, "If I find out that you dare to provoke Nicole again, you can get the hell out of the Ferguson family!" He did not show her any mercy.

After that, he walked out of the Ferguson Villa. Ingrid stood frozen in place and unconsciously broke out in cold sweat.

Eric got into the car and recalled his grandfather's words. He could not imagine Nicole being with someone else. He felt like a boulder was pressing on his heart, which made him gasp for air.

It felt incredibly heavy and suffocating. Somehow, he found Nicole's number and could not help but call her.

He stared at the word "Missus" that was displayed on his phone screen and was in a slight trance. Eric was waiting for the call to be connected. Fortunately, he was not blocked again.

He actually felt relieved because of this minor detail, and the dull pain earlier dissipated. In a few seconds, Nicole picked up. She seemed to be asleep because her voice was hoarse.

"Hello, who is it?" There was no tension between them like when they met during the day, which was very rare.) "It's me," Eric replied.

Nicole seemed to be awake as soon as she heard that. Her voice suddenly turned cold. "Is the repair cost calculated? How much should I pay you now?" She seemed so eager to cut off all ties with him. Eric's eyes darkened slightly.

His voice was cold as he said, "Wrong number, sorry." Nicole took a deep breath and cursed through clenched teeth. "Are you nuts?!" " She then hung up the phone in anger.

'He sounds so righteous when he called the wrong number? Did he do this on purpose? How annoying!' After being hung up on, Eric laughed lightly and was not mad.

The President of Ferguson Corporation, a revered man in the business circle, was actually happy that a woman hung up on him? No one would believe it if word got out.

Chapter 173 Mr. Ferguson Paying for a Trending Topic

Early in the morning, daylight spilled in through the curtains and cast a soft glow on the floor.

Nicole ate a simple breakfast and went to the office. J&L Corporation's project was already on track, so there was no need for daily progress checks.

Nicole had to start preparing for another real estate development project. When she arrived at the office, she browsed the internet for the latest trending topics.

The netizens were split into two camps. One camp was shipping Nicole and Kai, while the other camp supported Nicole and Fabian. It was surprising that people were so eager to participate in this poll.

While a small number of people forcefully added Nicole and Eric to the poll, this pairing was lagging way behind the other two pairings.

'Haha! The netizens are perceptive enough to know that my name and Eric Ferguson's name are incompatible and absolutely should not be put together!' Logan watched from the side and carefully proposed.

"President, should we take down these trending topics?" Nicole chuckled. "Nah, it's just a harmless game. It's not like I'll have to be with whoever the masses like most..." 'How can I be a couple with Kai anyway? If we disclose our real relationship, I'm afraid it'll cause a stir!' Logan nodded and left after reporting his work.

Ferguson Corporation.

Mitchell glanced at Eric out of the corner of his eye. He had never seen any president pay attention to online gossip amidst their busy schedules.

Recently, Eric was extremely keen to read all of the comments online. From time to time, he would even reply to them... 'Does he not know that he doesn't have a good image online...?' Mitchell thought to himself and dared not say it out loud.

Eric sneered at the two other pairings with Nicole and was incredibly vexed. 'How are Kai and Fabian even worthy to be compared to me?! Their popularity is even higher than mine? The netizens' tastes this time round are horrible!' Eric fiercely threw the tablet he was holding on the desk.

His body was emitting a terrifying chill. Mitchell caught a glimpse of that webpage and instantly understood. 'It's related to Nicole again... No wonder...') "President, should I get them to remove this trending topic? It's such a shame..." Mitchell suggested. Eric stared at him coldly for a few seconds.

"The face of Ferguson Corporation can't lag behind those two people. Understand?" His voice was extremely cold, and his eyes were dark. Mitchell froze for a few seconds. His brain seemed to be stuck for a moment before he finally answered, "Yes, I understand."

"I'll immediately hire people to push up the popularity of your pairing with Ms. Stanton!"
3 After working for Eric for so long, it was not difficult for Mitchell to understand what Eric wanted.

Eric opened a document in silence, signed his name smoothly, then handed it to Scanned with CamScanner Mitchell "Go and get to work." "Yes, sir." 'He agreed?! What in the world? Is he paying too much attention to Ms. Stanton ...?' Mitchell thought. In less than an hour, the poll online turned into a three-way battle.

It was really surprising. Nicole and Eric's pairing surprisingly skyrocketed in popularity and soon surpassed Kai and Fabian. In Nicole's group chat.

Yvette could not wait to share the tidbits of information she got. (Yvette Quimbey: I heard from an influencer that Nicole and Eric's pairing is actually bought out by Ferguson Corporation! Hahaha! Is Eric Ferguson sick in the head?) (Julie Nixon: Wow... I've really seen everything now...) [Ian Carter: OMG!!! Why is my name not on there?! Don't I deserve a slot?!] (Nicole Stanton: He's defos on crack.) 'Eric Ferguson must be crazy!' Nicole thought.

She originally did not want to participate in this little fun, but once Eric intervened, she could not let it go on. (Nicole called Logan and instructed," Remove that trending topic. I don't care how much Eric Ferguson paid.

"We'll pay double." Logan did as instructed and did not dare to delay for another second.

Just as it came out of the blue, this online buzz inexplicably disappeared. Some people wanted to talk about it, but they could no longer find any traces of the Eric heard this and did not have any reaction.

He just said expressionlessly, "Alright."

The Divorced Billionaire Heiress Chapter 174

Chapter 174 Make Another Appointment

Nicole had a lot on her plate. The development of the real estate project was not going well.

The developer changed their mind at the last minute about the price they originally negotiated for.

The developer wanted to raise the price by 30% on top of the original price. Of course, Nicole would not agree to it. This project was a top priority in the real estate arm of Stanton Corporation, so it was of great importance.

The people sent to negotiate terms with the developer returned without success because the developer was adamant.

With the stalemate, Stanton Corporation incurred a daily loss of up to ten million dollars. Scanned with CamScanner Grant was abroad for an inspection, so this problem fell on Nicole.

Looking at the records of their previous negotiations, Nicole felt that the developer's attitude was somewhat surprising.

What was the reason for their sudden assertiveness? Logan saw Nicole's puzzled eyes and explained, "I've inquired about this.

It seems that someone has contacted this developer, Tobias Stone, promising him new projects and high commission.

I think he wants to use this opportunity to make more demands with us." Nicole frowned. "Did you find out who it was?" Logan shook his head. "No, he's very tight-lipped about it.

If we look for developers abroad, the cost of a round trip is very high, so it isn't worth it." That was why they still did not finish him Scanned with CamScanner *** M. the 19th Appominent off. Nicole paused.

"Make an appointment with him." She would not let others take the upper hand. "Yes, ma'am." Tobias Stone agreed quite quickly as if he had expected it.

Nicole arrived at the appointed place on time, but Tobias was a few minutes late. Her face was already gloomy because of the wait. Once Tobias arrived, he apologized repeatedly. "I'm sorry, Ms. Stanton.

I got delayed by something." Although he apologized, his attitude was not apologetic but rather smug. Nicole hooked the corner of her lips. "Mr. Stone, since you're so busy, we can make another appointment for next time."

With that, she glanced at Logan and stood up to leave.

Tobias panicked and hurriedly stopped her. "Ms. Stanton, let's talk properly. It's my fault for being late, so please just let me off the hook this time.")) Nicole paused in her footsteps and coldly swept a glance at him.

"Mr. Stone, I'll be frank with you. Stanton Corporation won't agree to the request you made. We value honesty in a person and in business. If you don't even have that, there's no need for cooperation."

Tobias Stone's face changed slightly. His lips twitched and inevitably revealed his trump card. "Ms. Stanton, it's best if you reconsider.

There's another boss who offered 30% higher than Stanton Corporation's price. If you can match his price, of course, I'll choose Stanton Corporation."

Tobias was confident in the beginning. He looked down on a woman's negotiating power and thought that as long as he was insistent, Nicole would eventually compromise. Moreover, Stanton Corporation's project had been delayed for a long time.

If they dragged this on, they would surely lose money. Nicole lowered her eyes and hooked up her lips into a cold smile. a "Mr. Stone, you don't need to feel torn about this.

'Since business is all about profit, I can only wish you all the best with the new proprietor.') Tobias was not given the chance to bargain at all.

If that so-called "boss" could really offer such a high price, would Tobias still be bouncing between sides? Nicole did not believe him. She was just curious who this person behind Tobias was.

After wishing him luck, Nicole did not even look at Tobias and left the room. Logan followed after her. When she reached the entrance, Nicole paused in her footsteps and turned to Logan.

"Follow him and see where he goes.") Logan instantly understood what Nicole meant. Not long after, Nicole received a call from Logan.

"President, Tobias Stone went to a club. I saw him with the Chairman of HS Corporation and Mr. Ferguson..." > There was instant silence over the phone.

Their most glorious time was in the past and they were now hanging by a thin thread. Even so, they still had a reputation and were still better off than other companies.

Nicole did not expect that the person behind Tobias Stone was actually HS Corporation. It turned out that Eric Ferguson was also involved...

In the evening, Julie invited Nicole to a high-society reception, so Nicole attended as promised.

Nicole was not in a good mood today, so she just sat in front of the bar and drank quietly by herself.

It was difficult for Nicole not to attract attention as she was so beautiful and striking with her long legs and slender waist. Every move she made felt like art.

No one noticed that someone had secretly taken a photo of her and sent it to a particular person. When Eric looked at his phone, he frowned slightly. It was Keith calling.

He impatiently picked it up. "What?" Keith snorted. "Well, I told you to come to the reception, but you didn't want to. Guess who's here?" He was being mysterious, so Eric got even more impatient. » "Just spit it out."

Keith sighed. 'He's no fun...' "Look at the picture I sent you." Eric hung up the phone and saw the photo.

Nicole was sitting under the light and looked like she was going to merge with it. The hazy feeling of this photo seemed extremely surreal. Her thin legs were crossed elegantly.

She held half a glass of wine and gazed into space. Her delicate features were deadly attractive. She was so elegant and valiant.

Her temperament was so intoxicating yet she was unaware of it. Eric frowned slightly, picked up his jacket, and left. Nicole was a little tipsy and decided to leave after a while.

She never expected someone to be calling her from not far away. Nicole paused in her movements and Scanned with glanced sideways.

'I don't know them...' She ignored that person. That person was angered and came over to question Nicole. "Nicole, are you deaf? I was just calling you.

Didn't you hear me?" Nicole sized up the woman in front of her. She was arrogant, snobby, and just average in looks. She gently hooked her lips.

"Who are you and why should I listen to you?" Nicole's disregard and contempt made the woman in front of her even more infuriated. "I'm Luna, the daughter of KXY Group's Chairman from Korea.

I just debuted in Mediania and sang many songs. You don't know me? I have over 300,000 fans now!" It was much easier to make money in Scanned with Mediania's showbiz than it was in Korea.

Thus, Luna made her debut in a talent show, gained many fans, and skyrocketed in popularity. Luna had heard about Nicole from Jenny Lynch, the daughter of HS Corporation's Chairman.

'Nicole's family only has some money, yet she dares to be so arrogant and hook up with so many men. How shameless! Hmph!' Luna thought.

KXY Group had some business dealings with HS Corporation, so Luna had been friends with Jenny Lynch for a long time.

Once Jenny heard that Luna wanted to be a celebrity, Jenny was quick to bring Luna to Mediania and introduced Luna to a lot of directors.

Jenny promised Luna that she would help her to get more jobs and resources for her in the entertainment industry, which was important to Luna.

More importantly, Jenny also said that she would introduce Luna to the big movie star, Kai! Kai was not just popular in Mediania.

In Korea, Kai was an idol that everyone loved. Luna decided to debut in Mediania so that she could get closer to this man.

However, when she came to Mediania, Luna found out that Kai was involved in scandals with this divorced woman.

Since that was the case, Luna decided to teach Nicole a lesson, which would somehow be of help to Jenny Lynch. 1 Nicole looked at Luna and shook her head seriously.

"I don't know you." Even though Luna is Korean, she spoke English well. Nicole was not interested in getting to know Luna and had never heard of her songs.

'What a shameless statement!' Luna bit her lower lip and felt like she was being humiliated. She suppressed her anger and snorted."

Ms. Stanton, you're more popular than any artist in Mediania's entertainment circle, so it's normal not to have heard of me.

However, there is one thing that I hope you will keep in mind.") No one had spoken to Nicole like this in a long time. 'This new artist is pretty ballsy, huh?' Nicole thought. She raised her eyebrows.

"Oh?" 2 "I don't care what your family does. Since you're rich, you can have anyone you want, but don't get Kai involved in your private life.

Are you even worthy of being with Kai?" 'So... She's Kai's staunch admirer?' Nicole frowned. "What does it have to do with you? He doesn't care..."

'Kai himself didn't even object to it, so why should this clown of a woman jump out and accuse me?' "Who said he doesn't care? Kai's annoyed and doesn't like women like with you!" Nicole hooked up her lips and let out a light laugh.

"It sounds as if you heard him say it yourself?" She did not believe it at all. The woman in front of her was just putting up another one-man show.

"Of course, I heard him say it. He's just forced to play along with you and forced to say those words online because of that popular pairing. Nicole, if you know what's good for you, you should just hurry up and clarify those scandalous rumors.

Don't shamelessly ride on Kai's popularity!" Luna gnashed her teeth in anger. 'How could Kai be involved with such a woman? What a disgrace! No wonder Jenny's also badmouthing Nicole...'

Nicole's eyes were slightly cold as she hooked the corners of her lips. "He said so? I'll have to ask him personally..." She then took out her phone and called Kai. "Lil N, what's up?"

"I've been drinking, so I can't drive. Come and pick me up. Also, bring me a pair of flats while you're at it.")) After that, she did not wait for Kai to reply and hung up the phone.

Luna sneered. "Do you think I'll believe what you said? You didn't turn on your phone just now, right? Do you think Kai is someone you can just summon as you please? You should take a look at yourself in the mirror!"

Luna grunted coldly and walked over to take the woman's arm. She looked at Nicole with raised eyebrows and said in a smug tone, "Nicole, does she still need to be introduced? She's that big-name celebrity who completely relies on reality shows and her persona to squeeze into the ranks of first-tier actresses, whose sh*tty acting skills are criticized... That Jenny Lynch?' However, Nicole was focused on her other identity.

'Daughter of HS Corporation's Chairman?' Nicole's slightly inebriated brain suddenly became sober. 'So... That's her other identity?')) "Hello, Ms. Stanton."

Moreover, since Jenny was friends with Scanned with CamScanner Luna, she must not be that great of a person either. Nicole sized up Jenny Lynch and hooked her lips.

“Big movie star, eh?” Jenny smiled and withdrew her hand, pretending not to mind that rejection. “Ms. Stanton, don’t mind her. Luna’s a foreigner and the daughter of KXY Group’s Chairman.

She’s only been in Mediania for less than a month, so there are some things that she still hasn’t gotten used to yet.” Jenny turned to look at Luna with a smile.

“Don’t tell everyone about my identity and keep a low profile. I don’t want people to misunderstand that I’m at my current status only because of my family.”

Luna smiled and looked at Jenny with envy and adoration, then glared at Nicole with disgust and hatred. “Of course, Jenny’s different from an I’m kind Powell’s just too straightforward.

She has no malice towards you.” Nicole let out a cold laugh. “Being too straightforward just means that she doesn’t have manners. It doesn’t mean that she has no malice.”

‘What a dumb loyal friend...’ Nicole thought. Nicole knew that the person with real malice towards her was actually Jenny Lynch.

Luna had just moved to Mediania not long ago, so it was understandable that she did not know about Nicole’s background.

However, how could Jenny Lynch not be aware? Perhaps, Jenny just never told her “close friend”, Luna, about Nicole’s identity. When Luna heard Nicole’s words, her face turned red with anger.

Luna wanted to see Nicole look disappointed, so she intentionally told Nicole about Jenny’s affairs. “Nicole, why are you so smug? Jenny’s not just a big movie star, she’s also Eric Ferguson’s childhood sweetheart.

HS Corporation will soon join hands with Ferguson Corporation in a marriage alliance, so you don’t stand a chance!” “Luna, we’re not engaged yet, so don’t spread this around...” Jenny did not deny it and shyly raised her head to look at Nicole, as if to confirm what Luna said was true.

'Marriage alliance?' Nicole laughed lightly. No wonder they're so ballsy... No wonder Logan saw Tobias Stone with HS Corporation's Chairman and Eric Ferguson earlier.

I guess... It's true then. "What are you afraid of? It's pretty much confirmed anyway.

Ferguson Corporation is a giant in the industry, and Nicole's family just owns a small company, right? She's not worthy of Eric Ferguson, but you, Jenny, will soon be Mrs. Ferguson.

Who will dare to undermine you in the future?" Luna glared at Nicole with cold eyes.

She lifted her chin and wanted to see Nicole panicking "I know that you're just buying out those trending topics to make yourself look popular.

Do you really think that you're so likable? You shamelessly pair yourself with Mr. Ferguson and Kai. How thick-skinned can you be?" Nicole narrowed her eyes and was just about to speak when Julie Nixon came over.

"Which b*tch has such a foul mouth?" Julie was very straightforward. Jenny and Luna both recognized Julie Nixon as a big shot in the fashion circle.

If they offended her, their futures would be bleak. Even Luna had heard a lot about Julie Nixon in Korea. After all, none of the artists in Korea had yet to receive an invitation to Julie's fashion shows.

"Ms. Nixon, it's a misunderstanding. Luna didn't mean that...") Jenny had just started to give an explanation when she was interrupted by Julie.

"So, she's your b*tch? Put her on a leash so she won't go around biting others!" Jenny explained, "She's a foreigner and doesn't yet understand Medianian culture...? "Oh? A foreign b*tch? Then all the more reason for you to train her properly.

You should teach her some manners first.")) Jenny was in an awkward position and did not know how to retort. She always had a gentle and elegant person, so she did not want to risk it all just to defend Luna because that would also offend Julie Nixon.

It was more harm than good for Jenny. Luna's face flushed red and was just about to curse when she saw someone in the crowd.

It was Kai! Luna was instantly dumbfounded. His perfect features were simply a gift from God. Kai approached them slowly with a nonchalant and doting expression.

He was walking towards Nicole. "Milady, how much did you drink..." Kai completely ignored the others. He looked straight at Nicole and looked down at her heels, then frowned slightly and got down on one knee in front of her.

Kai opened the bag he brought and took out the latest Celine ladies flats he prepared for Nicole, then gently held Nicole's ankle, and helped her to change her shoes in full view of the public.

This scene completely shocked the people in front of him.

Luna's face turned pale as she looked on with disbelief.

'How could Kai treat Nicole like this?! He's an international superstar! How is Nicole worthy of this treatment?!' Nicole heard a soft grunt and swept a glance at Luna.

Her voice was indifferent and a little playful as she said, "Kai, I heard that you were badmouthing me?" "Huh?" Kai did not know what Nicole was talking about and was just focused on changing her shoes.

He looked like there was nothing more important than helping Nicole with her shoes. Kai wrapped his fingers around her heel to make sure that no bump would cause any friction with her foot before he felt relieved.

1 This scene was visible to everyone who looked their way. Likewise, Eric Ferguson, who had just rushed over, stood among the crowd and saw this scene. His complexion became very unsightly.

The Divorced Billionaire Heiress Chapter 177

Chapter 177 You're Her Manstress

Keith Ludwig snorted and thought, 'Nicole 's really unaware of the impact she's causing, huh?' After Nicole got a divorce, she really let loose.

Before Nicole said anything else, Luna got agitated and stepped forward. She looked at Kai with righteous indignation and questioned him.

"Kai, you should make it clear to everyone now. Did Nicole force you to do this? Did she threaten you? Is it because you're- her manstress and she's been supporting you financially?" Luna said the word "manstress" with (difficulty through gritted teeth.

"Don't worry, we won't judge! Kai, as long as you admit it, we'll all find a way to help you... We'll definitely help you escape from Nicole's claws!" Luna spoke as if Nicole was some sort of beast with giant claws.

Kai's back stiffened slightly. He sneered and suddenly stood up, then looked at Luna with a burning gaze.

His tone was cold and unceremonious as he said, "Who the hell are you?! Are you sick in the head? If you are, go back home and take your meds.

Don't find trouble here!" Nicole raised her eyebrows and looked at Julie. Both of them were silently watching this drama unfold. After all, it was rare to see Kai this angry.

To Kai, being a manstress was simply an insult to him! Luna was scolded by her idol, so she looked disheartened and was obviously not as brazen as before.

Seeing this, Jenny Lynch went forward to pull Luna, then apologized on her behalf. "Kai, don't be mad. Jenny's a newcomer in Mediania, so she doesn't know much about our circle.

She's just worried for you Kai expressionlessly swept a glance at Jenny. "And who are you?!" Jenny's face was completely taut. She felt embarrassed. She relied on her connections in showbiz to "win" the film awards.

Jenny originally thought that she had a firm status as an A-lister, but such a superstar like Kai bluntly said that he did not recognize her.

This meant that Jenny's work was not worthy of remembrance. She had no advantage compared to the internationally renowned Kai.

Originally, Jenny wanted to use Luna to pull Nicole off her high horse, but now, she even dragged herself down. Jenny felt so embarrassed for a while. "I..." She inadvertently swept a glance at the reserved and aloof man standing in the crowd that had such outstanding temperament.

Jenny looked at Eric Ferguson and took a step forward as if she had seen her savior. She looked at him with a warm and friendly smile.

"Mr. Ferguson, you're here ... Keith nudged Eric. Seeing his grim face, Keith could not help but ask, "You know Jenny Lynch?" Everyone's attention instantly turned to Eric Ferguson Eric frowned. His face was sullen.

His voice was clear and cold as he replied, "No." His gaze did not even linger on Jenny's face for more than a second. He was just staring intently at Nicole's expression the entire time, Nicole was so bright and beautiful.

Her temperament was so noble and cool that wherever she went, she became the focal point. That so-called superstar Jenny Lynch did not have the slightest advantage standing next to Nicole.

Nicole could easily beat Jenny in any aspect. When Eric saw how much Nicole had changed after their divorce, he felt an unpleasant and complicated emotion in his heart.

Enough said. For a moment, the atmosphere seemed stagnant. Jenny's body stiffened. The gentle and decent fake smile on Jenny's face almost collapsed.

Jenny's body stiffened. The gentle and decent fake smile on Jenny's face almost collapsed.

Nicole finally broke the silence. She had a nonchalant smile as she mocked them.

"Mr. Ferguson, you don't even recognize your own fiancée?" Earlier, Luna and Jenny bragged about it, so if they denied it now, they would just be slapping themselves in the face.

Nicole looked at Jenny with a meaningful smile. Kai could not help but add fuel to the fire from the side. He snorted lightly.

"I was just wondering who's so daring to insult us. Turns out it's Mr. Ferguson's fiancée?" Eric's face turned glum. He frowned slightly and glared at Nicole.

"What fiancée?" His voice was deep. 'Since when did I have a fiancée that I didn't even know existed?' Everyone could not help but look at Jenny Lynch.

'Would a superstar lie about this?' At this time, Jenny felt so embarrassed that she did not know what to say.

Her father had the intention to set up a marriage alliance with the Ferguson family and was quite close to the Fergusons lately, so she thought that the Fergusons also had this intention. Naturally, Jenny was happy about it.

If she married Eric Ferguson, her status in showbiz would be unmatched! However, she did not expect that Eric himself was still in the dark about it.

Eric walked over in big strides and did not take his eyes off Nicole for a moment. a His voice was deep and charming.”

Nicole, since when did I have a fiancée?” ‘Also... How close are you and Kai?!’ The tacit understanding between Kai and Nicole as well as Kai’s excessive concern for Nicole made Eric very upset.

Nicole gently swept a glance at Eric Ferguson, then looked at Luna and Jenny.

“You’ll have to ask Ms. Lynch and her friend...”))

Chapter 178 You Got Dumped

Luna was still overwhelmed by Kai’s sudden outburst and had not returned to her senses. Hearing Nicole’s words, she looked up, dumbfounded. Everyone was staring at her.

The silence was intense and very strange. Even if she was slow-witted, she could realize that something was wrong. “Jenny told me about their marriage alliance and even showed me a photo of her father and Mr. Ferguson together...

Isn’t that solid evidence?’ Luna looked to Jenny for help. “Jenny...” >) At this moment, Jenny looked at Eric Ferguson and saw that he did not have any intention to help her.

Eric even let Nicole question her like this in front of so many people.

This crowd was not the same as gossip columnists and need not press for questions.

Their silence was already humiliating enough. Jenny bit her lower lip and tried to make up an excuse to alleviate the awkwardness.

“Perhaps... It’s a misunderstanding between the elders. It’s just a joke, so please don’t take it seriously, Ms. Stanton and Mr. Ferguson Kai could not help but let out a cold laugh. He sneered unceremoniously.

“So, it’s a fake? People nowadays even impersonate other people’s fiancée, huh? The standard for liars these days is really getting lower)) Jenny’s face turned pale as she was called a liar.

She was a celebrity, so if this got out to the media, it would be troublesome. Before Jenny could defend herself, Nicole yawned. Kai saw this and immediately took over her purse.

He then wrapped his arm around her shoulders and cast a sidelong glance at the people around him. “Let’s go home. We shouldn’t meddle in these people’s affairs...”) Nicole nodded and looked at Julie.

“Are you coming with me?” “Of course.” Julie took her things and followed them out. After the trio left, Jenny wanted to salvage her impression in Eric’s mind.

She walked over and spoke hesitantly, “Mr. Ferguson, I only heard my family talking about our marriage. I wanted to wait for things to settle down...”)) Before she could finish her sentence, Eric Scanned with CamScanner Serdec coldly interrupted her.

“There’s no such thing. Don’t overthink it.” These words were like a bucket of cold water that landed on Jenny’s head. It completely doused her fantasies.

Their marriage alliance would never happen. Jenny’s face was ashen as she watched Eric chase after Nicole without the slightest expression.

"Nicole..." "Jenny, what are you afraid of? Why would Eric care so much about that woman?" Luna could not help but ask. Luna was vexed.

The revered Kai personally changed Nicole's shoes for her? I hate her!!! Hearing Luna's words, Jenny instantly clenched her fingers.

She laughed and explained to Jenny with a deliberately amplified voice, "I'm not afraid. In fact, I have the same thoughts as Mr. Ferguson and don't want to get married yet.

My career's still on the rise, and so many directors are asking me to act in their films. There's just too much pressure from our families about the marriage alliance.

At least now I don't have to worry about offending Mr. Ferguson...") Keith could hear the hypocrisy and exaggeration in the actress' words.

He let out a light laugh but did not expose her and turned to leave. » "Nicole..." Eric caught up to them, just in time to watch Nicole get into the passenger seat of Kai's car, ready to leave.

He walked over with a sullen face and cast a sidelong glance at Kai. "I'll send you back." Nicole knitted her brows and looked away. > "No need." She did not even want to say another word to him.

"I want to talk to you about the repair fees," Eric added. Nicole propped her head on the car window with one hand. The cool breeze came in and sobered her up.

It felt refreshing She lifted her eyelids insouciantly. "Mr. Ferguson, I'll just get you a new car." Then, there was no need for him to repair the old one.

If she compensated him with a new car, he would stop pestering her about this over and over again. Eric stood there with a cold gaze and said resolutely, "No, I only want this car."

He thought, 'I must repair this one!' Nicole laughed in exasperation. 'I know that he's just deliberately making things difficult for me!') "Then just state your price." Eric stood there.

His gaze was dark and deep like the bottomless ocean. He hesitated to speak and did not want to because once he told her the price, he would have no reason to contact her again.

At this moment, Kai impatiently honked and looked sideways at Eric. "Mr. Ferguson, you got dumped and still want to find trouble?" Eric's eyes had a chill in them.

He had not forgotten the scene where Kai was half-naked at Nicole's apartment. Every time he thought about it, he felt a dull pain in his chest. Coupled with Kai's behavior earlier, Eric could hardly restrain his wrath.

He glared at Kai with an undisguised chill. "Kai, don't meddle in our matters." His voice was extremely cold.

Otherwise, he would find a way to make Kai lose everything regardless of how high his status was in the entertainment industry. 2 Nicole impatiently interrupted Eric.

"Mr. Ferguson, just send me the bill later and I'll transfer the money to you."

After that, she looked at Kai. "Drive." Kai snapped his fingers. "At your command, milady." They completely ignored Eric's coldness and drove off into the night.

"How is that possible? Do you think that Jenny Lynch's talk of a marriage alliance is groundless? If someone hadn't mentioned it, how would she have the guts to present herself as Eric Ferguson's fiancée?" Julie frowned.

"Right... But... The Fergusons don't need a marriage alliance with HS Corporation, right?")
"Whatever..." Kai sneered. Kai sent Julie back and drove Nicole back to the Stanton mansion.

The next morning, Nicole heard a noise downstairs before she got out of bed. She walked downstairs with squinted eyes and heard her father cursing at Kai with a resounding voice.

"You're the worst! Even Tigger is better than you! Look how you got your sister into trouble!" Nicole rubbed his eyes and arrived downstairs. "What's wrong?" Mr. Anderson showed them the morning headlines.

It was very eye-catching indeed. "Kai is Nicole's manstress! These two are suspected to be in an illicit relationship!" "Superstar Kai's fall from the throne.

Ditching his career to be in the arms of a rich lady!" Floyd's face was glum with a stern murderous gaze.

"Look at him! If he doesn't become an actor, no one's gonna pay attention to who he is!" Kai curled up aggrievedly and pounded his fist on the edge of the sofa.

He shouted without a care for his image. My dearest daddy, I'm the one who's being defamed right now..." 'What is wrong with Dad?! Why am I the one being scolded?' Kai thought.

"You dragged your sister into this mess, and you still have the cheek to talk back to me?!" Floyd coldly snorted.

"You'd better find out who's behind this! We can't let them get away with this!" Nicole sighed and said, "Looking at the situation now, I think the best way to clear up the rumors is to announce Kai's real identity...") Floyd was reluctant and said, "But he paid for his title... What a disgrace..."

Nicole and Kai were speechless. 'So... That's the reason Dad doesn't want to publicize my identity? I won those titles and awards with my ability, okay?!' Kai thought.

Kai suddenly realized his status in the Stanton family. 1 To the public, Kai was simply unparalleled and unattainable.

However, to Floyd Stanton, Kai was just a disgrace to the family. 1 Inside the studio. Luna looked at Jenny worriedly. The online farce was getting bigger.

Kai suddenly became the most hated person that was criticized by everyone. She only wanted to teach Nicole a lesson and defame Nicole so that Nicole would lose her reputation.

Then, Kai would stay away from Nicole. Luna did not expect that this would become such a big deal that implicated Kai. "Jenny, will this be detrimental to Kai? I'm worried..."

Jenny smiled and comforted her. "Luna, don't worry. That platform's owner is an old partner of ours and knows what to do. They'll target Nicole, not Kai.

She's forced Kai to be her slave, so we must help him..." Fortunately, there were photos taken of Kai kneeling on one knee to change Nicole's shoes for her last night at that reception.

That stance was so lowly and humiliating in the eyes of outsiders. As expected, this photo caused a huge reaction online as soon as it was posted.

How could the esteemed and revered superstar Kai bend down to change Nicole's shoes? It was a shocking sight to many.

(This is too much, right? Does Nicole not have hands?) 1 (Why is she so high and mighty? Does she think that she's the Queen?!) (I feel bad for Kai...) [Fortunately, my baby Fabian isn't the one kneeling before her.

Otherwise, I'll fight her to death!) Just when Jenny thought that she could make a dent in Nicole's perfect image with this fatal blow, the heat only lasted for less than two hours before the situation took a shocking turn.

Stanton Corporation suddenly issued a clarification and lawyer's letter intending to pursue the responsible party for defamation.

It was a simple statement that was the same as the original announcement of Nicole's identity. (Kai Stanton is the older brother of Stanton Corporation's CEO and Floyd Stanton's son.

The relationship between our CEO, Nicole Stanton, and Mr. Kai Stanton has been completely misunderstood by the public.)

Nicole forwarded this statement on her social media with the caption: "My brother is a movie star!" Kai retweeted her post and replied, "My sister is a CEO!" At once, this statement became the number one trending topic and caused more of a stir than the gossip from earlier, so much so that the platform's server was overloaded.

[Kai hid his identity as a son to a business magnate to get into the entertainment industry!) (OMG! These siblings are so loving. I'm jealous!) (Turns out, Kai is Nicole's older brother?! The Stanton family really has it all – Grant Stanton the domineering president, Kai Stanton the famous movie star, and Nicole Stanton the internet's favorite.

How do I reincarnate to become Nicole?] a [Fortunately, I didn't take a stance earlier. So now it's fine for a brother to change shoes for his sister? You guys are just a bunch of sour grapes!] [This pairing is officially broken. Luckily, we still have Fabian! President Nicole, please consider our Fabian...] [I like how none of Nicole's brothers colluded to seize power and let Nicole become the successor to Stanton Corporation. I'm such a fan of the Stanton family!]

The Divorced Billionaire Heiress Chapter 180

Chapter 180 I Can't Get Arrested

Ferguson Corporation. Eric Ferguson looked at the latest gossip on the internet with furrowed brows. Even Mitchell did not expect this turn of events.

This time, Eric should be happy because he had one less opponent, right? However, Mitchell did not see a hint of joy on Eric's face.

"Mr. Ferguson?" Eric's face was sullen. 'I should've thought of this... Kai didn't have any scandal with anyone in the entertainment industry before... He was just nice to Nicole alone, so openly at that.

Turns out Kai's also Floyd Stanton's son! If we didn't get a divorce, Kai would've been my brother-in-law! It was pretty surprising.

Eric felt much better about this. However, when he recalled his attitude towards Kai yesterday, he felt a little regretful.

If only Mitchell could read Eric's thoughts. Mitchell would probably choke on his water.

Eric's eyebrows sank coldly. "What else?" "Edmund Lynch, the Chairman of HS Corporation, is here saying that he has something to discuss with you."

"Let him in." "Yes, sir." Mitchell went out to invite the man in Although Edmund Lynch was older than Eric Ferguson, he was still respectful and restrained in front of Eric.

“Eric, I came here this time to ask if you’ve thought about the West Coast Project yet?” As long as HIS Corporation could take that project, the profits would be enough to sustain their expenses for one year.

Eric looked indifferent and expressionless. He did not rush to answer Edmund “I’ve had people look into it. Stanton Corporation has been eyeing that West Coast Project.

HS Corporation doesn’t have an investment in it, so what’s the point of you asking me if I’m interested in it?” Edmund Lynch smiled slyly and straightened his clothes. He was very confident.

“Eric, as long as you’re willing to join, I can surely get it for you. It’s a done deal, so you don’t have to worry about the rest.

“Mr. Lynch, I must ask, where’d you get the confidence to say this?” Eric’s gaze was affixed to the man in front of him.

Edmund was slightly stunned. It seemed like Eric would not believe him if he did not reveal his trump card. “Well, I approached the developer of this project, Tobias Stone.

Stanton Corporation has been working with him, but I bought him out at a high price. As long as he stops work, Stanton Corporation’s West Coast Project won’t be able to proceed further.

When the time comes, they can only abandon the project or sell it off at a cheap price...))
Edmund smiled with a glint in his eyes.

“Eric, since Grant Stanton is abroad now, a woman like Nicole won’t be able to hold up Stanton Corporation. This is a good opportunity to attack them. Don’t forget how ruthless she was when she dealt with your family.

You can take advantage of this opportunity to regain your family’s reputation.” Eric’s face turned glum and the air around him became colder.

Edmund saw that Eric did not respond and thought that Eric was considering this. Thus, he continued to persuade Eric. “If our companies work together, others can step aside.

I'm sure Old Master Ferguson has mentioned the marriage alliance.

To fight Stanton Corporation, HS Corporation will surely have your back. My daughter...)) >
"Mr. Lynch... Before Edmund could finish his sentence, Eric interrupted him with a cold tone.

"You should know that whatever Old)) Master Ferguson says now is useless." For a moment, Edmund seemed to feel Eric's bitter coldness.

The coldness and ruthlessness in Eric's eyes were undisguised. The fact that he could even say such disrespectful words about Old Master Ferguson in front of Edmund proved that Eric had the strength and confidence to do so.

"The Ferguson family is still not at the point of needing to rely on a marriage alliance for sustenance. Back then, I could marry a penniless Nicole, so in the future, I won't care who will become the matron of the Ferguson family.

However, it's definitely not going to be Jenny Lynch.") Every word Eric said carried a cold intent. In a few short sentences, Eric managed to crush Edmund Lynch's beautiful daydream. Back then, Old Master Ferguson praised his daughter several times in front of him

. Thus, Edmund Lunch thought that old Master Ferguson intended to set up the young couple. Edmund was so excited as if he had caught a big slice of pie falling from the sky.

However, Eric Ferguson just stated loud and clear that this marriage was absolutely impossible. "Also, Ferguson Corporation won't participate in the West Coast Project.

Mr. Lynch, you can go ahead with your plans." Eric was chasing Edmund away. Edmund thought that he could be in the Fergusons' good graces, but he did not expect to return empty-handed this time.

"Mr. Lynch, this way, please..." Mitchell stood on the side to send off the guest. Edmund Lynch could not hide his disappointment.

As soon as he walked out, he received a call from Jenny. "Dad, Stanton Corporation has hired a lawyer to sue me. Please help me..."
