Chapter 1054 Running Away From the Venue

Nicole looked up at her. Yvette's eyes were slightly red, but she was not really that emotional.

As soon as their gaze met, Yvette winked at Nicole.

Nicole smiled.

After a long time, the only sound in the silence was Julie's deliberately suppressed sobs.

Julie's heart seemed to be clenched tightly. The heart-wrenching suffocation came rushing in.

After a long time, no one said anything.

Nicole's phone rang.

She looked at it and saw that it was a video request from Kai.

"Quick, pass it to Jules..."

Nicole was speechless. 'Where are his manners?'

She handed the phone to Julie.

Julie wiped her tears and took a deep breath to ease her emotions.

Yvette hurriedly helped her to sit up.

Julie took the phone and looked at the person on the screen.

The dazzling Kai was extraordinarily handsome.

Kai seemed that he was born to be in the highest place so that he could be sought after by all. He was really favored by the heavens.

Julie did not know what to say. Kai looked at her seriously.

"Why are your eyes red? Do you have a headache? Ask Lil N to get you a doctor!"

Julie curled her lips and shook her head.

Kai hurriedly stopped her. "Don't shake your head! You still have a head injury!"

Julie was stunned. Perhaps his concerned tone was so natural that her heart felt like it was wrapped in a warm blanket, protecting her heart that had just been stabbed.

Tears flowed out uncontrollably again, so Julie hastily shoved the phone to Nicole and covered her face with the quilt.

Nicole paused and picked up the phone.

"I'm hanging up."

After that, Nicole ignored Kai's opinion and hung up on him.

Ten minutes later.

Nicole saw that the information online about Julie was pretty much controlled.

Those photos also disappeared without any trace.

When she refreshed her feed, she saw the latest headline and froze.

[Kai runs away from the premiere!]

When Nicole saw this, she felt an oncoming headache.

Yvette obviously saw it too.

"No way!"

Nicole looked at Julie, who did not know anything, and pursed her lips as she handed the phone to Julie.

"Jules, you've only been separated for less than two hours..."

Julie was also very confused when she looked at the trending topic.

The netizens were in a frenzy.

[Kai took a five-year break from filming and ran away after appearing for five minutes?]

[I was there! Kai seems to have taken a phone call and ran away. It must be an important person. I recall some paparazzi mentioning Julie Nixon...)

(The real version of the movie's male lead running away. I'm in tears without you at the premiere! I was looking forward to this, but this is all I got?)

[We fans are used to it! Hahaha... If he doesn't run, that's not him!]

[Is it because of Julie Nixon?]

The paparazzi squatted for so long in front of Julie's house but did not get any dirt on her. Instead, they saw Kai coming in and out of Julie's house, so they naturally would not let go of it.

Although there was no concrete evidence, the rumors were enough for the netizens to relish on.

When Dominic suppressed the news, he did not deliberately try to hide Kai and Julie's relationship

Thus, the netizens were a little curious about this mysterious relationship.

Half an hour later.

Kai appeared at the ward in a hurry.

Under her two besties' gaze, Julie's face gradually flushed red. She did not dare to look up.

Kai ran away from the premiere just for her.

"Are you feeling uncomfortable?"

Kai did not even catch his breath before he looked at Julie eagerly.

Yvette could not help but snicker.

"K, you're still worried even with the two of us watching over Jules? Do you know that you're in the trending topics again?"

Chapter 1055 The Secret That No One Knows About

Kai touched his nose and coughed.

“How can I feel at ease when you guys do things? The trending topic is for today’s premiere!”

He blatantly found excuses for himself.

Yvette was speechless.

Nicole smiled and stood up. “Well, then you can keep watch here by yourself. We won’t bother you.”

Yvette immediately stood up.

“That’s right. We won’t disturb you then!”

Julie still kept her head down because her face was red as hell.

If she had been firm in her refusal, she would not have cared at all.

However, her heart was no longer firm.

As Yvette said, Julie was lucky to be able to get requited love, so she wanted to be selfish this time.

Nicole and Yvette left the hospital.

Once they got outside, Nicole saw a familiar car.

Clayton got out of the car with a light smile hanging on his face. He looked at Nicole deeply.

Nicole smiled, then quickly jogged over. The two of them embraced each other briefly, and Clayton’s smile deepened.

It had only been a short time since Nicole saw Clayton, yet she seemed to miss him a bit.

Yvette looked at this scene in shock and walked over speechlessly.

“Do you guys have to show off your love at the entrance? Are you rubbing it in my face?”

Nicole held back her laughter and discreetly let go of Clayton. She paused for a moment before she said, “Let’s go, we’ll send you back.”

Yvette rolled her eyes at Nicole and thought, ‘At least she still has a good sense.’

Clayton smiled. "Ms. Quimbey, that car seems to be waiting over there for a long time."

He turned around and looked at a white *Maserati* not far away.

Yvette's face changed slightly.

Nicole was puzzled and looked at Clayton inquiringly.

Clayton gently squeezed Nicole's hand and looked back at Yvette.

"If you don't want to go over, why don't you come with us?"

Clayton was just kindly reminding her.

Yvette's expression was complicated for a moment.

"Nevermind. I still have things to do, so I won't be your third wheel."

With that, Yvette carried her bag and walked towards the white *Maserati* in big strides.

Clayton calmly turned around to open the car door for Nicole, who smiled and got in. He got into the car and instructed the driver, "Drive."

Nicole asked, "Who came to pick up Yvette? Did you see it?"

Clayton nodded. "Sean Moore."

Nicole's expression changed dramatically, and she was about to get out of the car.

"Stop the car!"

How could she stand by and watch Yvette jump into the fire?

Clayton helplessly and carefully held Nicole's arm and tugged on her hand.

"Nicole..."

"How could you remind her? Don't you know what happened to them before? Sean *Moore* hurt Yvette so badly, and he still has the nerve to come to her?"

Nicole vented out her anger on Clayton.

Clayton smiled gently and was not angry at all.

“That’s Yvette’s own choice to make. Plus, they’ve been in contact with each other for a long time.”

Nicole blinked in shock.

Clayton explained, “I bumped into them once before at the bar when I was with a client, then I saw them twice more at the club. Earlier, I was just reminding her.”

Nicole did not say anything and froze for a few seconds.

“Why didn’t you say so earlier?”

Clayton pursed his lips. “I didn’t know that she didn’t tell you. Maybe she didn’t want people to know about it.”

Yvette really did not want anyone to know about it.

Initially, their breakup was bad enough, so how could they still be together?

Nicole was a little confused.

She did not understand why Yvette did not say anything.

Clayton saw that Nicole was in a bad mood and paused for a moment.

“You didn’t rest well all night, right? Do you want to go back and rest for a while?”

Nicole nodded and was still sullen.

Clayton sent her to the door and took off her coat, moving very skillfully.

Before Nicole could take two steps inside, Clayton went up to her and could not help but hug her from behind, then gently kissed her hair.

Chapter 1056 Sweetheart

Clayton’s voice was deep and husky as he comforted Nicole.

“Don’t be upset. Why don’t you think about what gift you want to prepare for Kai?”

“Gift?”

“He’s with Ms. Nixon, so don’t you want to congratulate them?”

Nicole was blushing as her heart pounded.

“It’s not certain yet...”

Julie’s attitude was ambiguous. It was not at all clear what Julie was thinking.

Clayton laughed. “After this incident, it’s pretty certain.”

Nicole looked at him suspiciously.

“How are you so sure?”

“Shall we make a bet?”

Nicole asked, “Bet on what?”

Clayton lowered his head to look at Nicole with a smile.

“If you lose, can you cook a meal for me personally?”

Nicole was stunned. “That simple?”

Clayton chuckled.

Nicole suddenly felt a little guilty. She did not seem to have done such a simple request before.

From the moment they met until now, Nicole had only made Clayton a bowl of soup when he had a fever.

She nodded without even thinking about it.

“It’s a deal!”

Kai chased after Julie for so long without getting a response. Could it be that this time, Julie had finally thought it through?

Julie had always been the more rational one.

Clayton tucked a strand of hair behind Nicole’s ear and looked at her with a smile.

“Go take a nap. I’ll make something for you to eat.”

Nicole nodded and looked at the time. “Remember to wake me up. I’ll go to the hospital again at night.”

Seeing that Clayton nodded, Nicole yawned and lazily walked to the bedroom.

The day’s fatigue suddenly surged. Nicole felt exhausted after a full day of continuous fear.

As soon as her head hit the pillow, she fell asleep.

Nicole woke up again from an aroma.

In a daze, Nicole felt her stomach growling.

She froze when she heard the lightened movements coming from her kitchen. ‘Has Clayton been cooking here?’

Nicole quietly walked over and looked at the tall man who was wearing an exquisite black shirt. His gentle demeanor was tinged with a noble asceticism.

His movements were slow but fluid, and he seemed to be checking the recipe from time to time, converging his eyebrows in serious thought. He also deliberately lightened his movements.

Clayton was also wearing a cute apron that formed a huge contrast for a moment.

His body seemed to be glowing, which lit up her life.

Nicole was momentarily dumbstruck.

She just stood there until Clayton was blocked from the light. He looked up at her and smiled.

“Why are you up?”

Nicole snapped back to her senses. She simply answered as if she had not heard his

question.

Clayton’s hand movements paused as he raised his eyes to look at her.

“Were you peeking at me over there?”

Nicole immediately denied it. “Of course not!”

The man curled his lips into a smile.

“It doesn’t matter. You can peek or look at me openly. Anyway, I’m yours, so you can look at me however you want!”

Nicole’s heart jumped. She suddenly felt like her face was burning.

Clayton was really a seducer!

Nicole looked up and saw that the sky was dark.

She immediately got anxious.

“I still have to go to the hospital!”

Clayton helplessly called out to her.

“Ms. Nixon has been discharged from the hospital this afternoon.”

Nicole froze.

Why did things always develop one step faster than her?

Clayton washed his hands, poured her a glass of milk, and walked over to hand her the glass.

“Look at the trending topics. The whole country knows about it.”

Nicole was even more amazed.

She inexplicably took her phone and looked at the trending topics. The top three trending topics were the following:

[Kai’s sweetheart exposed!]

(Kai Stanton and Julie Nixon!)

[Kai is not gay!]

Chapter 1057 Treat Money Like Dirt

Nicole was shocked. She held back her laughter and clicked into the trending topics to take a look.

It was at dusk when Kai carefully shielded Julie in his arms as they walked out of the hospital and were photographed.

In the photo, the two of them did not wear masks and sunglasses. They appeared in the public eye openly.

Julie was very calm and gently put her hand on Kai's arm.

Her expression was clear and cold.

Kai had a look of caution. The heartbreak and protectiveness in his eyes were pretty much written on his face.

This was the superstar Kai that mere mortals could not approach.

The reason why the word "sweetheart" appeared was that everyone saw the couple's ring that they were wearing.

For a moment, the online discussion could not be suppressed, and this incident shot up to the trending topics.

The servers were even down for a while.

Forty minutes later when the servers were back up, countless netizens' comments came flooding in.

[Kai is married?! I always thought he was gay! I'd rather he was gay!]

[It's true that Kai and Julie are together... Thousands of single women collectively lost their love today!]

[No wonder that matter with Julie Nixon was suppressed so quickly. I guess they didn't expect Julie to be Kai's woman?]

(What's up with those nudes though? Kai, don't get cheated!)

(Julie Nixon was framed! The police even released a statement. Roman is just an *ss!)

(As long as Kai is happy, we'll support you in tears!)

(Isn't Kai usually arrogant? He looks so humble here that we haven't even seen this side of him in movies. I've really seen it all now!)

Nicole was shocked as she looked at the following netizens' comments for a while.

There were mixed comments, but none of it matters.

Since Kai dared to take Julie out openly, he would not bother about what others say.

Moreover, if Julie dared to go out with Kai, that meant that she must have thought it through

Nicole laughed. 'Isn't this too sudden?'

Clayton brought out the dishes to the table and went over to remind her.

"If you don't eat soon, the food will get cold..."

Nicole quickly went over. "They're really together now? How did you guess it so accurately?!"

Before Nicole went to bed, Clayton made a bet with her and won just like that.

Clayton chuckled. His face was gentle.

"How could any girl refuse Kai's conditions? Even if Ms. Nixon had her concerns, after this life and death situation, she'll still think clearly."

Nicole still felt incredulous.

She was thinking if she should message Julie to confirm.

Clayton reached out and took Nicole's phone. He said with a doting voice, "Let's eat first?"

Nicole smiled and nodded. There were three dishes and a soup on the table, which was very common.

The pineapple fried rice dish in the middle looked very tempting.

Her gaze flickered. "Were you making this pineapple fried rice all afternoon?"

Otherwise, how could Clayton only make three dishes in one afternoon?

The most complicated dish here was the pineapple fried rice.

Clayton pursed his lips.

"Well, it took an hour to buy the pineapple, an hour to peel it, and the subsequent process is very troublesome!"

Nicole seriously suggested, "But ordering takeout only takes fifteen minutes!"

Clayton looked at her helplessly.

Nicole carefully redeemed herself.

"I was just thinking of how precious your time is, so don't waste it on something like this. I'll be just as happy if you order takeout for me."

She would be happy from the bottom of her heart!

Clayton's gentle eyes were smiling.

"I don't feel that it's wasted. Every minute spent on you makes me happier than the millions I earn."

Nicole paused. 'There are really people who treat money like dirt, and I've met him!'

Chapter 1058 Hurry and Hang Up Now

As a woman who was serious about her career, Nicole would love to persuade Clayton to be calm in his feelings.

However, on second thought, Clayton was only not calm when it involved Nicole, so it did not seem so bad.

Moreover, the feeling of being taken seriously felt very nice.

Nicole nodded at the thought and smiled at Clayton.'

"I can relate."

I can relate to how happy he is. The happiness and wholesome feeling when I make millions of dollars is simply too addictive!

Clayton froze, and his smile deepened.

Just as he was about to say something, Nicole lowered her head and started to eat.

He swallowed back his words.

A moment later, Clayton's phone rang several times.

The cost of delaying an afternoon of work was to prioritize the most urgent matters.

Thus, Clayton had no choice but to leave first.

Nicole sent him out and finished her portion.

She then hurriedly tried to call Kai.

His line was busy.

Nicole paused and called Julie.

Coincidentally, her line was also busy.

She simply sent a message to Julie. [Is it real?]

In less than half a minute, Julie's phone call came through.

Her best friend was really much more reliable than her own brother.

"You saw it?" Julie asked.

Nicole laughed. "How can I not see it? You guys... This is too sudden! Your body hasn't even recovered yet..."

Julie said, "It's all the same if I rest at home, but I just want to take this opportunity to settle everything, lest I live in fear."

"Live in fear?"

Nicole did not understand Julie. What was there to be scared of?

"You saw how those photos traumatized me. Whether it's today or a few years later, as long as my relationship with Kai is exposed, those photos will always be taken out as a joke..."

Nicole heard that Julie's voice was getting lower and felt suffocated for a moment. She instantly understood.

"Jules, the photo incident has been solved. It's not your fault, so don't blame yourself for this matter."

"I know, if it was someone else, I wouldn't have this concern, but Kai is a public figure, so my scandal is considered a stain on his image..."

Nicole frowned. She did not expect this incident to be so traumatizing to Julie.

"Jules, you don't need to care about what those people that you don't even know think of you. As long as Kai is with you, no one else matters!"

There was a burst of soft laughter from the phone.

"Mm, that's what K said too. Thanks, Nicole."

"I want to thank you for taking in my lonely third brother. No matter what happens, I will always be on your side...".

Halfway through their conversation, Nicole received Kai's message.

[Why are you still not hanging up? You've been talking to her for so long! Hurry and hang up now!]

Nicole was so angry that she choked and secretly rolled her eyes.

However, Nicole could also understand Kai's excitement of finally being a couple with Julie. She stopped talking at an appropriate time and hung up the phone.

Nicole was also very happy and could not wait to meet the two of them to express her

excitement.

One was her third brother who loved her since she was born, and the other was her best friend. It was simply the most wonderful thing that they ended up together.

Nicole happily went to put on a face mask when her phone suddenly rang again.

She thought that it was Kai.

When she picked it up and took a look, it was Yvette.

Nicole's hand paused for a moment.

She was in a very complicated mood, especially after she heard what Clayton said in the

car.

Yvette and Sean Moore were together again.

Yvette was obviously not such a person, but she was the one who was capable of doing such things – to defy the world and break free from social norms.
