Chapter 962

Yu Lou looked at her in surprise.

Su Nan's tone was extremely light, "Since it was cleaned up, the deeper one is only known by the merchant's people. When Shangqian wants to say, he will naturally say."

She is not blindly confident of how important she is to Shang Qian, waiting for him to tell everything himself without reservation.

It's just that it's not very good to probe into other people's private secrets.

It didn't matter much to her after all.

Yu Lou sensed that she was in a somewhat low mood and took over and nodded.

"Okay, Mr. Su."

Su Nan stood up and went over to get the coffee.

Yu Lou looked at her schedule.

“There is an event party in the evening, originally invited Su Jin, but Mr. Su said to let you go.”

Su Nan raised her eyebrows, “Didn’t give it to me directly?”

Yu Lou nodded confusedly, indicating that he didn’t know what was going on either.

Since Su Nan got a firm foothold in the Su Group after her divorce, how many business functions would name Su Nan a copy.

How come someone suddenly doesn’t know the rules anymore?

“I heard that Yun Yun will also be there, and this banquet is for her.”

There is always some tacit understanding between high level assistants, Yu Lou did not spend too much effort to ask out.

Hearing that.

Su Nan smiled.

The last time she was sent to the mental hospital, this woman 80% began to hold a grudge.

Deserved!

She had warned.

Su Nan was in a good mood, and her mind was active.

Didn't want to let herself go, that's why she gave Su Jin on purpose?

Didn't she not want to see her?

She just had to go and give Yun Yun a hard time!

"I'll go after I change my clothes, by the way, ask Sun Hao Yang to go with me."

Su Group's new product spokesman, have to earn back with interest to do so!

Yu Lou nodded, turned around and went to find Sun Hao Yang's agent to bring the person over.

The moment Sun Hao Yang's agent heard that Su Nan wanted him as a male companion, he didn't hesitate to call Sun Hao Yang, who was busy, away.

The first thing you need to do is to ask your agent to bring him over.

The agent was originally trembling with fear that Su's group would terminate the contract, after all, the black material of Sun Hao Yang now has no

There are no more business endorsement activities.

Twenty minutes later.

Su Nan saw Sun Hao Yang downstairs, a suit squared, looks tall and thin, slender, long and

He is also very good-looking, with good proportions of features and a good temperament.

Although the same period as Yu Fei debut, the age than Yu Fei older than just two or three years, but Yu Fei in the entertainment industry

It is the existence of the group's favorite, always with an innocent smile on his face.

But Sun Hao Yang's eyes deep decadence, perennial marginalization, the circle of people are so snobbish, unlucky things one after another, so he has no expectations of anything.

Seeing Su Nan, he also did not have much expression, just nodded.

The agent next to him nudged discontentedly and with a shy smile.

"Thank you, Mr. Su appreciate your face, our Hao Yang is a bit introverted, but he looks good, take out times have face, this endorsement activities, we must be a million valued ....."

Yu Lou looked at Su Nan some impatience, so he stepped forward to stop him from continuing.

“Time is almost too late, Hao Yang get in the car.”

The broker snapped and gave way to the car door, Sun Hao Yang nodded and bent over to get in.

The driver took one look at Su Nan and started the car straight away.

The car was quiet and it was her favorite scent.

When the car arrived at the clubhouse, her ringtone suddenly rang inside the car.

Su Nan was drawn away from the ipad page, but the phone accidentally touched off when she raised her hand.

She frowned, and before she could bend down, someone had already picked it up before her.

Sun Hao Yang handed it to her, expressionless.

Su Nan: "Thank you."

"You're welcome."

It was Shang Qian's phone, and Su Nan picked it up.

"Pretty sister, are you working overtime? Do you want me to pick you up?"

Soft and sticky voice, little Mike a pampered, the king of heaven can not top.

She smiled gently with her eyebrows.

"I have to go to an event, temporarily can not return, Mike have you eaten?"

"What to do? No see beautiful sister, people can not eat!" Little Mike muttered sadly.

Su Nan was heartbroken, just to persuade him to eat properly, another mature and gentle voice came out of the phone.

"Don't listen to his nonsense, he didn't eat, but he ate all the snacks you asked Assistant Yu to send."

In his tone, Shang Qian was helpless.

Little Mike muttered a retort, "People are still growing, what's wrong with eating some snacks!"

Su Nan tone gentle, "Little Mike, listen to daddy ah, snacks can not eat too much, I gave let Yu assistant bought you a lot of practice problems, you remember to revise your homework ....."

The low, mellow laughter of Shang Qian came over the phone, and she realized that it was Shang Qian who was now answering the phone.

"Don't worry, not a single question will be wasted."

Fortunately, not in person, otherwise Su Nan coaxing children's tone, hate to find a crack for themselves into the ground.

Shang Qian's voice changed, "Is it to the 'Today's Dynasty' club?"

The most important thing is that you can get a good idea of what you're doing.

Su Nan gave a hint, "Are you coming too?"

The company's headache, "Nanny and bodyguard went to the hotel to pack things, I'm afraid I can not go."

"It's not an important event, no need to take it to heart."

“Are you alone?”

This was the question he wanted to ask the most.

Su Nan silently hooked her lips, “How can my side lack a male companion?”

Shang Qian sighed, “Wait, I still think you’re more important, I’ll change my clothes and go over.”

“Daddy, you’re hurting my pride too much!”

Little Mike came in protest.

Su Nan couldn’t help but laugh, “It’s the spokesperson for the company’s new product, bring it out to shine, you don’t come out to steal the limelight.”

Shang Qian was silent: “Listen to you.”

The two people said a few more words and hung up the phone.

The atmosphere in the car was quiet for a while.

The driver has seen the strange, but Sun Hao Yang is the first time to hear so much secret news.

After all, the distance in the car is not far, and the contents of the phone call can be heard clearly.

Su Nan realized that a third person existed and already had some regrets.

This black material of domestic violence man will not go around talking nonsense, right?

She glanced at him sideways.

Sun Hao Yang pursed his lips and his tone was cold.

"I didn't hear anything."

Su Nan snorted.

That means you heard everything?

"What's your relationship with Yun Yun?"

She should have asked long ago, if it was okay, how could Yun Yun Yun digging a pit be cheap for him?

Sun Hao Yang's eyebrows twisted, and the hand hanging in his lap clenched up.

“Who is Yun Yun?”

This small action is really too obvious.

This domestic violence man, can't even act?

Su Nan's eyes were faintly cold, and his smile gradually tightened.

No one in the car spoke anymore, but Sun Hao Yang felt more nervous.

The car stopped at the door of the club.

Immediately another porter came over to open the door.

Su Nan's face with a sparse cold indifferent smile, bright with an unparalleled beauty, so that people feel a fatal attraction, but uneasy to approach.

Looking at Yun Yun who was chilling inside, she walked over in style .....

Chapter 964

When Yun Yun saw Su Nan, her face faintly stiffened.

She was surprised and amazed at her arrival.

The invitation wasn't for her, she actually came too?

Su Nan looked at the old man standing next to Yun Yun, this time holding the event, was organized by this long silent old man, some status and power in earlier years, but gradually replaced by new forces.

But the thin camel is bigger than a horse, his contacts and resources accumulated clear, the mall people more or less still have to give some face, so this banquet came a lot of familiar old bosses.

Su Nan smiled, the old man naturally knows Su Nan, a circle watching her grow up as a child.

He stepped forward, "Miss Su, welcome, now you should be called Mr. Su, right?"

Su Nan raised her eyebrows, "Uncle really welcome me? I thought I had offended uncle somewhere?"

The old man frowned, "How do you say that?"

Su Nan glanced at Yun Yun, who was standing beside the old man, and her expression clearly tensed up.

"How come you only sent invitations to my brother and forgot to give them to me? It's obvious that I was the best relationship with you when I was a child!"

The old man smiled helplessly, "How could I forget you ....."

He sounded a beat, suddenly remembered something, glanced at Yun Yun, silent for a few seconds.

Seems to be thinking about something.

Yun Yun froze, smiled stiffly and apologized.

"It's my bad, when the people below showed me the list, I didn't review it carefully, so Miss Su misunderstood."

The old man's brow loosened and his tone was slightly sunken: "Doing something so out of order, don't stay."

Su Nan smiled, with a delicate voice: "Forget it.

"Forget it, thought I came to sue on purpose, my brother asked me to come lively, not to pick a fight."

The old man pointed at her, "You, you haven't seen me for a few years, you're still just like your father, just like a little fox!"

Su Nan smiled and greeted Sun Hao Yang backwards, "My male companion, Sun Hao Yang, the famous actor!"

Once the old man heard that it was an actor, he didn't care much, even after the pleasantries.

After all, actors in the eyes of ordinary people, is a sacred existence.

But in their business nature circle, really is not a meat and potatoes.

“All right, go in and play, Cheng Er is also in.”

Su Nan smiled, in fact, she was more interested in knowing why Yun Yun was by the old man's side?

But guess, soon we will know.

She said a couple of words and took Sun Hao Yang directly to the inside.

At a glance, the president of Xinhai Group was also there, and his daughter, who had just celebrated her birthday, was also there.

What a lively party!

That daughter was bored and scanned the whole room, and when she saw Su Nan, she walked straight over.

“Miss Su, it's been a long time.”

She smiled at her in the way adults greet each other, holding a glass of orange juice in her hand, wearing a very decent dress, a pampered celebrity at first glance.

There were many celebrities around, and she came to greet Su Nan by preference.

Even the president of Xinhai Group was surprised, when did his daughter get so familiar with Su Nan?

Fearing that she would cause trouble, he hurriedly followed her over.

“Mr. Su, little daughter Hai Ye, rebellious period, no rules, you must not be offended.”

Su Nan smiled, hooked her lips and looked at the girl, seemed extraordinarily forgiving.

“Why, last time I even attended your daughter’s birthday party, my gift, do you like it?”

The little girl smiled and raised her eyebrows.

“Very much, it even has my name engraved inside.”

This little thought, is the designer added, Su Nan just know it .....

Chapter 965

I did not expect the Xinhai Group's daughter Haiye really pay attention to, and looks very satisfied.

The president of Xinhai Group was relieved to see that Su Nan had no intention of blaming her.

The banquet officially began.

The old man trembled and walked onto the stage, full of joy.

"It is a great honor for you all to be here today, in fact, I have a great joy to share with you."

This line of banquet was held for no reason, even Su Nan thought it was just an ordinary social gathering.

I didn't think there was any big happy event?

Yun Yun stood aside, her posture was elegant and delicate, she gave up her advantage today, did not wear any sexy and revealing dress, instead, she played nice and dressed conservatively and decently.

The old man pointed at Yun Yun, obviously a little excited, eyes even contained hot tears: "Thirty years ago, I got the

"Thirty years ago, I lost my little daughter, thirty years later, I found my little daughter, Yun Yun."

There was a great shock in the field.

How many people were about to drop their jaws in shock.

Even Su Nan was no exception, she looked at the old man's excited look, and Yun Yun's deliberately moved expression.

All this, very surprised?

Earlier years just heard that the old man in order to do business, put his daughter at the door of the customer, out when the person is gone.

Looking for so many years, has long since lost hope.

When the old man had a good relationship with Su Yi Feng, looking at the small Su Nan, like to hug her.

Later, Su Yi Feng felt that he was going crazy, so he did not let Su Nan play with him, after which he gradually distanced himself.

Su Nan knows that although the old man has a son and a daughter, he still misses his daughter who was lost.

I didn't expect that it was Yun Yun?

Behind her quietly appeared a person, her voice childish indignant: "That woman dreamed of.

“That woman dreamed of reaching the sky in one step, and now she has achieved it, but she is not the only daughter in their family, her brother and sister have long since secretly divided the family fortune.”

Su Nan inclined her head and looked at Hai Ye, a thousand-year-old lady, her clear eyes, at this time, were all gloomy and disgusted.

Light voice spoke: “You know about this?”

Hai Ye raised her chin, disdainful and arrogant: “Of course I know.

“Of course I know, I also know that she will soon be my stepmother!”

Su Nan’s eyes flashed with a trace of surprise.

If it was out of desperation to be a lover to the president of Xinhai Group, why would she want to be involved with the president of Xinhai now that she has a reliable family history?

Don’t say what real feelings, on the Xinhai Group president that bald half of the hair, can produce emotions are difficult.

“This old man is really hypocritical, can the daughter who has been looking for years as a bargaining chip to marry out, how much affection can there be? Surprisingly, he still speaks with true feelings?”

Hai Ye lowered her voice and spoke in front of Su Nan.

Su Nan is actually quite helpless, a minor girl in her ears to say bad things about others, making himself laugh and cry.

One can see through what she is thinking with one glance.

She hates Yun Yun, is it because of this, let this little girl think that they are a gang?

But it's better than one more woman like Yun Yun.

She did not want to answer, she patiently explained.

"He cried not for affection, how much love can there be when you haven't seen him for more than 30 years? Probably because of guilt and self-blame, but looking at Miss Yun living a good life, guilt and self-blame is estimated to soon be gone ....."

If this were in an ordinary family, the sky may have collapsed without a child.

But this kind of luxury family, the least shortage of children, especially the sweet-talking children.

The old man would have had a son and a daughter, the affection that should be less, the lack of a top is just self-blame.
